For the year ended 30 September 2019, the company was entitled to exemption from audit under subsection 1 of section 477 of the Companies Act 2006. The shareholders have not required the company to obtain an audit of its accounts for the year under section 476.

The directors acknowledge their responsibility for complying with the requirements of the Act with respect to accounting records and preparation of accounts.

The accounts have been prepared in compliance with the provisions applicable to companies subject to the small companies regime and Financial Reporting Standard 102 Section 1A. The accounts omit the directors' report and profit and loss account as allowed under the said provisions.

Approved by the Board on 20-06-2020

and signed on their behalf by 
W F Bloomfield, Director

INDUSTRIAL PLASTIC FABRICATIONS LTD

NOTES TO THE ACCOUNTS for the year ended 30 September 2019

1 COMPANY REGISTRATION DETAILS

The company is a private company limited by shares and is registered in England and Wales. Its company number is 2211232. The address of its registered office is Unit 28, Hillgrove Business Park, Nazeing Road, Nazeing, Essex, EN9 2HB.

2 ACCOUNTING POLICIES

a) Accounting convention

The accounts have been prepared under the historical cost convention and in compliance with the provisions of the Small Companies and Groups (Accounts and Directors' Report) Regulations 2008 (SI2008/409) and Financial Reporting Standard 102 Section 1A.

b) Turnover

Turnover represents the value, net of value added tax and discounts, of goods provided to customers and work carried out in respect of services provided to customers.

c) Goodwill

Purchased goodwill arising on business acquisitions is capitalised and amortised on a straight line basis over its estimated useful economic life. Amortisation of goodwill is charged to the profit and loss account.

d) Tangible fixed assets and depreciation

Fixed assets are stated at cost less a provision for accumulated depreciation.

Depreciation is provided at the following annual rates in order to write each asset down to its residual value over its estimated useful life:

- Property improvements – straight line, over the period of the lease
- Plant and machinery – 15% and 20% reducing balance (see following paragraph)
- Assets held under finance leases – straight line, over the period of the lease

Capital grants received toward the cost of acquiring fixed assets are not deducted from the cost of the assets but are credited to the profit and loss account over the life of the assets on a systematic basis.

e) Stock

Stocks are stated at the lower of cost and net realisable value, after making due allowance for obsolete and slow-moving items.

INDUSTRIAL PLASTIC FABRICATIONS LTD

NOTES TO THE ACCOUNTS, continued for the year ended 30 September 2019

2 ACCOUNTING POLICIES, continued

f) Deferred taxation

Full provision is made for deferred tax liabilities resulting from timing differences between the recognition of gain and losses in the accounts and their recognition for tax purposes. Deferred taxation is calculated on an un-discounted basis at the tax rates which are expected to apply in the periods when the timing differences will reverse. Deferred tax assets are only recognised where there is reasonable certainty that those assets will crystallise into tax savings in future periods.

g) Foreign currencies

Transactions in foreign currencies are recorded at the rate ruling at the date of the transaction. Monetary assets and liabilities denominated in foreign currencies are translated at the rate of exchange ruling at the balance sheet date. All exchange differences are taken to the profit and loss account.

h) Leasing and hire purchase

Assets acquired under finance leases and hire purchase contracts, which are those where substantially all the risks and rewards of ownership of the asset have passed to the company, are capitalised in the balance sheet and depreciated over their useful lives in accordance with the policy under (d) above. The corresponding lease or hire purchase obligation is treated in the balance sheet as a liability. The interest element of the rental obligations is charged to the profit and loss account over the period of the lease and represents a constant proportion of the balance of capital repayments outstanding.

Rentals paid under operating leases are charged to the profit and loss account on a straight line basis over the lease term.

i) Pensions

The company operates a defined contribution pension scheme. Contributions are charged to the profit and loss account as they become payable in accordance with the rules of the scheme.
