ALTARO UK LIMITED

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 DECEMBER 2021

1. General information

Altaro UK Limited is a private company limited by shares, registered in England & Wales. The principal activity of the company is that of providing software backup and support. The address of its registered office is disclosed on the company information page, the company has no principal place of business.

2. Accounting policies

2.1 Basis of preparation of financial statements

The financial statements have been prepared under the historical cost convention unless otherwise specified within these accounting policies and in accordance with Section 1A of Financial Reporting Standard 102, the Financial Reporting Standard applicable in the UK and the Republic of Ireland and the Companies Act 2006.

The following principal accounting policies have been applied:

2.2 Going concern

The coronavirus pandemic created significant uncertainty globally and the company was not immune to this. However Management have worked to ensure the continued safety of their employees and have maintained the continuity of their operations as much as possible, whilst adhering to Government advice.

As Management we created various contingency measures to safeguard the Company and its stakeholders, however the Company has not had to impose those measures as the Company has continued to operate well during the COVID-19 pandemic.

As a result of the actions described above, the directors have a reasonable expectation that the Company has adequate resources to continue in operational existence for the foreseeable future. Accordingly, they continue to adopt the going concern basis in preparing the annual report and accounts with no material uncertainty.

2.3 Foreign currency translation

Functional and presentation currency

The Company's functional and presentational currency is GBP.

Transactions and balances

Foreign currency transactions are translated into the functional currency using the spot exchange rates at the dates of the transactions.

At each period end foreign currency monetary items are translated using the closing rate. Non-monetary items measured at historical cost are translated using the exchange rate at the date of the transaction and non-monetary items measured at fair value are measured using the exchange rate when fair value was determined.

Foreign exchange gains and losses resulting from the settlement of transactions and from the translation at period-end exchange rates of monetary assets and liabilities denominated in foreign currencies are recognised in profit or loss except when deferred in other comprehensive income as qualifying cash flow hedges.

2.4 Revenue

Revenue is recognised to the extent that it is probable that the economic benefits will flow to the Company and the revenue can be reliably measured. Revenue is measured as the fair value of the consideration received or receivable, excluding value added tax and other sales taxes.

The company provides a service to a fellow subsidiary within the group, the costs for which are recharged including a margin.
