(1) All buyers who successfully closed a transaction within the previous 12-month period on our Marketplace and StubHub platforms. Buyers may register more than once, and as a result, may have more than one account. In Q3'17, prior period Active Buyers and GMV were adjusted and related growth rates recalculated to exclude the impact of the sale of our eBay India business. Starting in the second quarter of 2018, year-over-year growth rate is on a pro-forma basis, which includes Giosis' Japan business active buyers in both current and prior year periods.

(2) Total value of all successfully closed transactions between users on our Marketplace and StubHub platforms during the period regardless of whether the buyer and seller actually consummated the transaction.
