On August 22, 2019, the Company, through a newly formed subsidiary, Q-Vio Corp. ("Q-Vio"), purchased substantially all the assets and certain liabilities of Q-Vio, LLC, a manufacturer of LCD displays located in San Diego CA. The purchase price consisted almost entirely of an earn-out to Q-Vio, LLC based on the attainment of certain revenue and gross profit benchmarks through December 31, 2022. Q-Vio closed its operations in San Diego, CA and all manufacturing was moved to the Company's Hauppauge, NY facility. Q-Vio has become part of the Company's Orbit Electronics Group.

3) Issuance History

The goal of this section is to provide disclosure with respect to each event that resulted in any direct changes to the total shares outstanding of any class of the issuer's securities in the past two completed fiscal years and any subsequent interim period.

Disclosure under this item shall include, in chronological order, all offerings and issuances of securities, including debt convertible into equity securities, whether private or public, and all shares or any other securities or options to acquire such securities issued for services. 4) Financial Statements

☐ IFRS

A.	The following financial statements were prepared in accordance with:
	☑ U.S. GAAP

B. The financial statements for this reporting period were prepared by (name of individual)⁴:

Name: **David Goldman**

Title: CFO
Relationship to Issuer: Employee

Provide the financial statements described below for the most recent fiscal year or quarter. For the initial disclosure statement (qualifying for Pink Current Information for the first time) please provide reports for the two previous fiscal years and any subsequent interim periods.

- C. Balance sheet;
- D. Statement of income;
- E. Statement of cash flows;
- F. Financial notes; and
- G. Audit letter, if audited

You may either (i) attach/append the financial statements to this disclosure statement or (ii) file the financial statements through OTCIQ as a separate report using the appropriate report name for the applicable period end. ("Annual Report," "Quarterly Report" or "Interim Report").

If you choose to publish the financial statements in a separate report as described above, you must state in the accompanying disclosure statement that such financial statements are incorporated by reference. You may reference the document(s) containing the required financial statements by indicating the document name, period end date, and the date that it was posted to OTCIQ in the field below.

Financial statement information is considered current until the due date for the subsequent report (as set forth in the qualifications section above). To remain qualified for Current Information, a company must post its Annual Report within 90 days from its fiscal year-end date and Quarterly Reports within 45 days of each fiscal quarter-end date.

5) Issuer's Business, Products and Services

The purpose of this section is to provide a clear description of the issuer's current operations. In answering this item, please include the following:

⁴ The financial statements requested pursuant to this item must be prepared in accordance with US GAAP or IFRS by persons with sufficient financial skills.

A. Summarize the issuer's business operations (If the issuer does not have current operations, state "no operations")

Orbit International Corp. ("Orbit" or the "Company") conducts its operations through its Electronics and Power Groups. The Company's Electronics Group ("OEG") is comprised of its Orbit Instrument and Tulip Development Laboratory ("TDL") Divisions and its Q-Vio subsidiary. The OEG is engaged in the design, manufacture and sale of customized electronic components and subsystems. The Power Group ("OPG") is comprised of the Company's subsidiary, Behlman Electronics Inc. ("Behlman"), and is engaged in the design and manufacture of VPX/VME power supplies, high quality commercial power units, AC power supplies, frequency converters, uninterruptible power supplies and commercial-off-the-shelf ("COTS") power solutions. The Company and its divisions and subsidiaries are all located at 80 Cabot Court, Hauppauge, NY 11788 and can be contacted at 631-435-8300.

B. Describe any subsidiaries, parents, or affiliated companies, if applicable, and a description of their business contact information for the business, officers, directors, managers or control persons. Subsidiary information may be included by reference

See 5) A. above for a description of the Company's subsidiaries and divisions and their contact information. Mitchell Binder, the Company's President and CEO, David Goldman, the Company's CFO and Karl Schmidt, the Company's COO, comprise all of the Directors and Officers of the Company's two subsidiaries-Behlman Electronics Inc. and Q-Vio Corp.

C. Describe the issuers' principal products or services, and their markets

The OEG's principal products include remote control units ("RCU"), intercommunication panels, displays, keyboards, keypads and pointing devices, operator control trays, command display units ("CDUs") and the design and enhancement of LCD display modules. These products are used primarily in support of military programs. The OPG's principal products include power supplies, frequency converters, uninterruptible power supply products, armament systems and inverters. These products are primarily used in commercial applications and in support of military programs.

6) Issuer's Facilities

The goal of this section is to provide a potential investor with a clear understanding of all assets, properties or facilities owned, used or leased by the issuer.

In responding to this item, please clearly describe the assets, properties or facilities of the issuer, give the location of the principal plants and other property of the issuer and describe the condition of the properties. If the issuer does not have complete ownership or control of the property (for example, if others also own the property or if there is a mortgage on the property), describe the limitations on the ownership.

If the issuer leases any assets, properties or facilities, clearly describe them as above and the terms of their leases.

Our plant and executive offices are located at 80 Cabot Court, Hauppauge, New York. This facility, which consists of approximately 60,000 square feet (of which approximately 50,000 square feet are available for manufacturing operations) in a two-story, brick building, was completed in October 1982 and expanded in 1985. We are currently operating this facility at approximately 75% of capacity. In March 2001, we completed a sale-leaseback transaction whereby we sold our land and building for \$3,000,000 and entered into a twelve-year net lease with the buyer of the property. Effective January 1, 2011, we entered into an amendment to the lease. The amendment extended the lease expiration date to December 31, 2021 and modified the lease payments as follows: approximately \$32,500 per month for January 2011 through December 2013, approximately \$35,400 per month for January 2014 through December 2016, and approximately \$38,600 per month for January 2017 through December 2021. In connection with the lease amendment, our landlord agreed, at its sole expense, to make certain improvements to the facility.

In March 2017, we entered into a one-year lease for a 503 square foot facility located at 199 W. Hillcrest Drive, Thousand Oaks, California which was used as a selling office for the Electronics Group. The monthly lease payment

was \$2,300 through March 31, 2018 and was renewed for another thirteen months at a monthly lease payment of \$2,530. The lease was subject to an automatic one-year renewal, at prevailing market rates, assuming no prior notification of termination from the tenant. We notified the landlord of our intent to not renew the lease for another year and the lease expired April 30, 2019. During April 2019, we entered into an eighteen-month lease for a 1,264 square foot facility located at 5207 26th Street West, Unit #104, Bradenton, FL. The monthly lease payment is \$1,250 through October 31, 2020. The lease contains a one-year renewal option, at the lessee's discretion, at the same monthly lease payment.

7) Officers, Directors, and Control Persons

The goal of this section is to provide an investor with a clear understanding of the identity of all the persons or entities that are involved in managing, controlling or advising the operations, business development and disclosure of the issuer, as well as the identity of any significant or beneficial shareholders.

Using the tabular format below, please provide information regarding any person or entity owning 5% or more of the issuer, as well as any officer, and any director of the company, regardless of the number of shares they own. If any listed are corporate shareholders or entities, provide the name and address of the person(s) beneficially owning or controlling such corporate shareholders, or the name and contact information of an individual representing the corporation or entity in the note section.

Independent Auditor's Report

To the Board of Directors and Stockholders Orbit International Corp.

We have audited the accompanying consolidated financial statements of Orbit International Corp. and Subsidiaries (the "Company"), which comprise the consolidated balance sheets as of December 31, 2019 and 2018, and the related consolidated statements of income and comprehensive income, stockholders' equity and cash flows for the years then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these consolidated financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of consolidated financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these consolidated financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the consolidated financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the consolidated financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the consolidated financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the consolidated financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the consolidated financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the consolidated financial statements referred to above present fairly, in all material respects, the financial position of Orbit International Corp. and Subsidiaries as of December 31, 2019 and 2018, and the results of their operations and their cash flows for the years then ended in accordance with accounting principles generally accepted in the United States of America.

Change in Accounting Principle

As discussed in Note 2 to the consolidated financial statements, the Company has changed its method of accounting for leases as of January 1, 2019 due to the adoption of Accounting Standards Codification Topic 842, Leases.

In August 2019, the Company purchased substantially all the assets and certain liabilities of Q-Vio LLC. The purchase price did not involve cash, but instead consisted of a contingent liability based on the attainment of certain revenue and gross profit benchmarks through December 31, 2022. See footnote #17-Acquisition.

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

1. ORGANIZATION AND BUSINESS:

The consolidated financial statements include the accounts of Orbit International Corp. and its wholly owned subsidiaries (collectively, the "Company"). All significant intercompany transactions have been eliminated in consolidation.

The Company currently operates in two reporting segments, the Electronics Group and the Power Group. The Electronics Group is comprised of the Company's Orbit Instrument ("Orbit") and Tulip Development Laboratory ("TDL") divisions and Q-Vio Corp. ("Q-Vio") subsidiary. Orbit and TDL are engaged in the design and manufacture of electronic components and subsystems and Q-Vio is engaged in the design and enhancement of LCD display modules. The Power Group is comprised of the Company's Behlman Electronics Inc. subsidiary and is engaged in the design and manufacture of commercial and custom power units. The Electronics Group and the Power Group both conduct their operations in the United States. The majority of the Company's customers are comprised of various agencies and prime and lower tier subcontractors of the U.S. government.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES:

General

The preparation of consolidated financial statements in conformity with accounting principles generally accepted in the United States of America ("GAAP") requires management to make estimates and assumptions that affect the consolidated financial statements and accompanying notes. Actual results could differ from those estimates. On an ongoing basis, the Company re-evaluates its judgments and estimates including those related to inventory valuation, the valuation allowance on its deferred tax assets, goodwill impairment and valuation of share-based compensation.

Cash Equivalents

The Company considers all highly liquid investments with a maturity of three months or less when purchased to be cash equivalents. The Company maintains cash in bank deposit accounts, which, at times, exceed federally insured limits. The Company has not experienced any losses on these accounts.

Allowance for Doubtful Accounts

Accounts receivable are reported at their outstanding unpaid principal balances reduced by an allowance for doubtful accounts. The Company estimates doubtful accounts based on historical bad debts, factors related to specific customers' ability to pay and current economic trends. The Company writes off accounts receivable against the allowance when a balance is determined to be uncollectible.

Inventories

Inventories, which consist of raw materials, work-in-process, and finished goods, are recorded at the lower of cost (average cost method) or net realizable value. Inventories are shown net of any reserves relating to any potential slow moving or obsolete inventory.

Property and Equipment

Property and equipment is recorded at cost. Depreciation and amortization of the respective assets are computed using the straight-line method over their estimated useful lives ranging from 3 to 10 years. Leasehold improvements are amortized using the straight-line method over the remaining term of the lease or the estimated useful life of the improvement, whichever is less.

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

Long-Lived Assets

When impairment indicators are present, the Company reviews the carrying value of its long-lived assets in determining the ultimate recoverability of their unamortized values using future undiscounted cash flow analyses. In the event the future undiscounted cash flows of the long-lived asset are less than the carrying value, the Company will record an impairment charge for the difference between the carrying value and the fair value of the long-lived asset.

Goodwill

The Company records goodwill as the excess of purchase price over the fair value of identifiable net assets acquired. In accordance with Accounting Standards Codification ("ASC") 350, *Intangibles - Goodwill and Other*, goodwill is not amortized but instead tested for impairment on at least an annual basis. The Company, where appropriate, will utilize Accounting Standards Update ("ASU") 2011-08, *Intangible - Goodwill and Other*, which allows the Company to not perform the two-step goodwill impairment test if it determines that it is not more likely than not that the fair value of the reporting unit is less than the carrying amount based on a qualitative assessment of the reporting unit. The Company's annual goodwill impairment test is performed in the fourth quarter each year or sooner when impairment indicators are present. If the goodwill is deemed to be impaired, the difference between the carrying amount reflected in the consolidated financial statements and the estimated fair value is recognized as an expense in the period in which the impairment occurs. In determining the recoverability of goodwill, assumptions are made regarding estimated future cash flows and other factors to determine the fair value of the assets.

Income Taxes

The Company recognizes deferred tax assets and liabilities in accordance with ASC 740, *Income Taxes*, based on the expected future tax consequences of events that have been included in the consolidated financial statements or tax returns. Under this method, deferred tax assets and liabilities are determined based on the difference between the consolidated financial statements and tax bases of assets and liabilities using enacted tax rates in effect for the year in which the differences are expected to reverse. Valuation allowances have been established to reduce deferred tax assets to the amount expected to be realized. The Company evaluates uncertain tax positions and accounts for such items in accordance with ASC 740-10, *Income Taxes – Overall*. The Company is subject to federal income taxes and files a consolidated U.S. federal income tax return. In addition to the federal tax return, the Company files income tax returns in various state jurisdictions on both an unconsolidated and consolidated basis depending on the respective state. The Company is subject to routine income tax audits in various jurisdictions and tax returns remain open to examination by such taxing authorities in accordance with their respective statutes.

Revenue and Cost Recognition

On January 1, 2018, the Company began accounting for its revenue in accordance with ASC Topic 606, Revenue from Contracts with Customers. The core principle of this Topic is that an entity recognizes revenue to depict the transfer of promised goods or services to customers in an amount that reflects the consideration to which the entity expects to be entitled in exchange for those goods or services.

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

When adopting the new guidance, the Company elected to use the modified retrospective (cumulative effect) transition method which was applied only to contracts that were not completed at the date of initial application. The Company recorded an increase to opening retained earnings of \$330,000 for the cumulative effect of adopting the new guidance which also resulted in an increase to contract assets of \$1,255,000 and a decrease to inventory of \$925,000.

The Company recognizes revenue when control transfers to its customer. The Company has determined that control transfers to its customers over time when a contract contains an enforceable right to payment for performance completed to date, such as a termination for convenience provision, and when the manufactured product has no alternative use. The Company has determined that it has no alternative use for its product when it reaches the finished good/top assembly stage. Before that point, the product is considered inventory. The Company recognizes revenue over time using an output method based on units shipped with an adjustment to revenue and ending inventory for any product where control has deemed to transfer to the customer. The adjustment to revenue is based on the standalone selling price of the unit multiplied by the equivalent number of units in ending inventory. The adjustment to ending inventory and cost of sales is based on the estimated material, direct labor and overhead costs associated with the units in ending inventory. The Company recognizes revenue at a point in time (when shipped) for all other contracts that either do not contain an enforceable right to payment for performance completed to date or where the top assembly/finished good has alternative use. The timing of revenue recognition for all of the Company's contracts, which include revenue recognized at a point in time as well as over time, is primarily related to the customer delivery schedules outlined in its contracts. Revenue may be recognized sooner on contracts accounted for over time since product may be in the finished goods or top assembly stage for a short period of time before shipment is made. This may overlap a financial reporting period causing revenue to be recognized, if certain conditions are met, on certain finished goods or top assembly inventory.

A performance obligation is a promise in a contract to transfer a distinct good or service to the customer. A contract's transaction price is allocated to each distinct performance obligation and recognized as revenue as of a point in time or over time. The Company's remaining performance obligations, which it refers to as its backlog, was \$20,834,000 at December 31, 2019. The period of performance for its backlog, pursuant to current delivery schedules, is estimated to be approximately \$19,279,000 in 2020 and \$1,555,000 in 2021.

The Company's contract liabilities at December 31, 2019 and 2018 consist of advance payments from customers in the amount of \$225,000 and \$171,000, respectively. The Company's contract assets account represents revenue that it has recognized but has not yet shipped or billed its customer for. This account will be reversed, and accounts receivable will be increased when the Company ships its product and invoices its customer. The Company's payment terms with its customers are typically net 30 days. All contracts are for products made to customer specifications with no right of return. All units are shipped with a one-year warranty.

The following table summarizes the Company's contract assets balances:

Contract Assets-January 1, 2019	\$ 296,000
Contract Assets-December 31, 2019	\$ 632,000
Change	\$ 336,000

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

The increase from January 1, 2019 to December 31, 2019 was primarily the result of an increase in revenue recognized on finished good/top assembly inventory at December 31, 2019. The increase in finished good/top assembly inventory at December 31, 2019 was primarily related to an effort to meet customer delivery schedules in the first quarter of 2020.

Comprehensive Income

Comprehensive income consists of net income and unrealized gains and losses on marketable debt securities, net of tax. The Company has elected to present the components of net income, the components of other comprehensive income and total comprehensive income as a single continuous statement.

Advertising

The Company elects to expense advertising as incurred. The Company recorded \$113,000 and \$98,000 of advertising expense during the years ended December 31, 2019 and 2018, respectively.

Stock-Based Compensation

The Company accounts for stock-based compensation awards based on the fair value of the awards on the date of grant and expenses such compensation over the vesting periods of the awards.

Earnings Per Share

Basic earnings per share is computed by dividing net earnings by the weighted average number of shares of common stock outstanding. Diluted earnings per share is computed by dividing net earnings by the sum of the weighted average number of shares of common stock and the dilutive effect of unexercised stock options and the unearned portion of restricted stock awards.

Freight and Delivery Costs

The Company's freight out and delivery costs were \$42,000 and \$66,000 for the years ended December 31, 2019 and 2018, respectively. These costs are included in selling, general and administrative expenses.

Research and Development Expenses

Research and development expenses are expensed when incurred. The Company expensed approximately \$1,436,000 and \$1,464,000 for research and development during the years ended December 31, 2019 and 2018, respectively, which is included in selling, general and administrative expenses.

Leases

On January 1, 2019, the Company began accounting for its leases in accordance with ASC Topic 842, Leases. The initial adoption of this standard had no effect on the Company's income statement or beginning accumulated deficit but created accounts for right of use assets and lease liabilities.

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

3. INVENTORIES: Inventories consist of the following:

December 31,	2019	2018
Raw materials Work-in-process	\$ 6,852,000 3,473,000	\$ 6,319,000 3,293,000
Finished goods	\$10,542,000	\$15,000

4. GOODWILL:

At December 31, 2019 and 2018, the Company's goodwill was \$905,000 and \$868,000, respectively.

At December 31, 2019 and 2018, in connection with the annual impairment testing pursuant to ASC 350, the Company performed a qualitative assessment of Behlman's goodwill. Based on the assessment, the Company concluded at December 31, 2019 and 2018 that the fair value of Behlman was more likely than not greater than its carrying amount. The Company's conclusion was based on certain factors, such as: i) Behlman's bookings and revenue in 2019 and 2018, (ii) Behlman's net income in 2019 and 2018 (iii) Behlman's backlog at December 31, 2019 and 2018 and (iv) Behlman's projected bookings, revenue and net income in 2020.

In August 2019, the Company purchased substantially all the assets and certain liabilities of Q-Vio, LLC. Goodwill of \$37,000 was recorded and will be evaluated for impairment on an annual basis beginning in the fourth quarter of 2020.

5. LEASES:

The Company accounts for its operating leases under ASC 842. As a practical expedient, the Company has determined that certain leases are immaterial if, at lease commencement the term is less than one (1) year and/or the present value of the lease payments are under a certain threshold considered to be material to our balance sheet.

The Company's leases include its manufacturing facility located in Hauppauge, NY, certain office equipment and certain other leases deemed immaterial.

The Company's weighted average lease term was 2.20 years at December 31, 2019 and the Company's weighted average discount rate was 5.50%. The discount rate within the Company's leases are not generally determinable, therefore the Company uses its incremental borrowing rate which was 5.50% as of January 1, 2019.

The Company's lease expense for all operating leases for the years ending December 31, 2019 and 2018 were \$493,000 and \$517,000, respectively.

Future minimum lease payments as of December 31, 2019 under all operating lease agreements are as follows:

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

Year	Minimum Lease Payments
2020	\$ 515,000
2021	502,000
2022	33,000
2023	25,000
Total minimum lease	
payments-undiscounted	\$ 1,075,000

Reconciliation of the undiscounted cash flows in the maturity analysis above and the lease liabilities recognized in the consolidated balance sheet as of December 31, 2019, is as follows:

Total minimum lease	\$1,075,000
payments-undiscounted	
Immaterial leases	(28,000)
Discount effect of cash flows	(63,000)
Lease liabilities	\$ 984,000

6. PROPERTY AND EQUIPMENT:

Property and equipment, at cost, consist of the following:

December 31,	2019	2018
Leasehold improvements	\$ 222,000	\$ 205,000
Computer equipment	732,000	1,061,000
Machinery and equipment	1,763,000	1,836,000
Autos	21,000	21,000
Furniture and fixtures	734,000	771,000
	3,472,000	3,894,000
Accumulated depreciation and amortization	(3,199,000)	(3,628,000)
	\$ 273,000	\$ 266,000

The Company recognized, on a straight-line basis, depreciation and amortization expense of \$87,000 and \$105,000 for the years ended December 31, 2019 and 2018, respectively.

7. DEBT:

On November 8, 2012, the Company entered into a credit agreement ("Credit Agreement") with a commercial lender pursuant to which the Company established a committed line of credit of up to \$6,000,000. This line of credit was used to pay off, in full, all of the Company's obligations to its former primary lender and to provide for its general working capital needs. In March 2015, the Credit Agreement was amended whereby the line of credit was reduced to \$4,000,000 from \$6,000,000. In January 2018, the Company's Credit Agreement was further amended whereby the expiration date on its credit facility was extended to August 1, 2020. In May 2019, the Company's Credit Agreement was amended again to extend the expiration date on its credit facility to August 1, 2022.

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

Payment of interest on the line of credit is due at a rate per annum as follows: either (i) variable at the lender's prime lending rate (4.75% at December 31, 2019) and/or (ii) 2% over LIBOR for 30, 60 and 90 day LIBOR maturities, at the Company's sole discretion. The line of credit is collateralized by a first priority security interest in all of the Company's tangible and intangible assets. The Company had no borrowings under the line of credit at December 31, 2019. The Company had \$4,000,000 of availability under its line of credit at December 31, 2019.

The Credit Agreement contains customary affirmative and negative covenants and certain financial covenants. Additionally, available borrowings under the line of credit are subject to a borrowing base of eligible accounts receivable and inventory. All outstanding borrowings under the line of credit are accelerated and become immediately due and payable (and the line of credit terminates) in the event of a default, as defined, under the Credit Agreement. The Company was in compliance with the financial covenants contained in its Credit Agreement at December 31, 2019.

8. STOCK-BASED COMPENSATION PLANS:

The Company had stock-based employee compensation plans, which provided for the granting of nonqualified and incentive stock options, as well as restricted stock awards and stock appreciation rights to officers, employees and key persons. The plans granted options at the market value of the Company's stock on the date of such grant and all options expired ten years after grant. The terms and vesting schedules for stock-based awards varied by type of grant and generally the awards vested based upon time-based conditions. Stock-based compensation expense for the years ended December 31, 2019 and 2018 was \$44,000 and \$38,000, respectively.

There are currently no stock-based compensation plans in effect that provide for the granting of stock options, restricted shares or stock appreciation rights.

The following table summarizes the Company's nonvested restricted stock activity for the year ended December 31, 2019:

	Number of Shares	Weighted Average <u>Grant-Date Fair Value</u>
Nonvested restricted stock at December 31, 2018	26,000	\$3.23
Granted	-	-
Vested	(12,000)	3.23
Forfeited		
Nonvested restricted stock at December 31, 2019	<u>14,000</u>	<u>\$3.23</u>

The Company's stock-based employee compensation plans allowed for the issuance of restricted stock awards that may not be sold or otherwise transferred until certain restrictions have lapsed. The unearned stock-based compensation related to restricted stock granted was being amortized to compensation expense over the vesting period, which was seven years. The share-based expense for these awards was determined based on the market price of the Company's stock at the date of grant applied to the total number of shares that were anticipated to vest. As of December 31, 2019, the Company had no unearned compensation associated with its restricted stock awards.

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

9. EMPLOYEE BENEFIT PLAN:

A defined contribution plan provides benefits to certain employees who meet specified minimum service and age requirements. The plan provides for contributions by the Company equal to 1/2 of employee contributions (but not more than 2% of eligible compensation) and the Company may make additional contributions out of current or accumulated net earnings at the sole discretion of the Company's management.

The Company contributed approximately \$99,000 and \$125,000 to the plan during the years ended December 31, 2019 and 2018, respectively.

10. INCOME TAXES:

The Company is subject to federal income taxes and files a consolidated U.S. federal income tax return. In addition to the federal tax return, the Company files income tax returns in various state jurisdictions on a combined or separate basis.

During 2018, the Company recorded a \$573,000 deferred tax benefit relating to the full reduction of the valuation allowance placed on its Alternative Minimum Tax ("AMT") credit. This reduction was a result of the Tax Cuts and Jobs Act of 2017 which eliminated the corporate AMT credit but allows for refunds of credits not utilized. During February 2020, the Company received a federal tax refund for approximately \$287,000, which represented a refund of 50% of its AMT credit. On March 27, 2020, the Coronavirus Aid, Relief and Economic Security Act ("CARES Act") was signed into law. The CARES Act will allow the Company to accelerate the refund of its remaining \$289,000 AMT credit to 2020 instead of 50% equally in 2021 and 2022. The Company's pre-tax effected federal net operating loss carryforwards amounted to approximately \$8,300,000 at December 31, 2019.

The reconciliation of income tax computed at the U.S. federal statutory tax rates to income tax expense is as follows:

December 31,		2019	2018
Tax at U.S. statutory rates		21.0%	21.0%
State income and federal minimum taxes		8.0%	2.0%
Change in valuation allowance		(21.0)%	(54.0)%

Net deferred tax assets		\$ 834,000	\$ 1,123,000

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

The provision for (benefit from) income taxes consists of the following:

	<u>2019</u>	<u>2018</u>
Current income tax expense (benefit): Federal State Total	\$ - 43,000 43,000	\$ - 41,000 41,000

Total	\$ 43,000	\$ (532,000)

As of December 31, 2019 and 2018, the Company has no material uncertain tax positions. The Company is subject to routine income tax audits in various jurisdictions and tax returns from December 31, 2016 remain open to examination by such taxing authorities. The Company did not record any tax related penalties but did record \$7,000 of interest income relating to its Federal tax refund which was recorded in Other income (expense), net in the Consolidated Statements of Income. If the Company had any penalties relating to taxes, they would be recorded in income tax expense (benefit).

11. SIGNIFICANT **CUSTOMERS AND OF CREDIT RISK:**

Sales to a significant customer accounted for approximately 42% of the Company's consolidated net sales for the year ended December 31, 2019 and sales to two customers **CONCENTRATIONS** accounted for 51% (33% and 18%) for the comparable 2018 period. At December 31, 2019, the Company had approximately 20% of its accounts receivable balance due from one customer. The majority of the Company's consolidated sales are related to programs procured by the Department of Defense.

> For the years ended December 31, 2019 and 2018, significant customers of the Company's Electronics Group accounted for approximately 58% (22%, 13%, 13%, and 10%) and 72% (35%, 13%, and 13% and 11%), respectively, of the Electronics Group's net sales. At December 31, 2019, the Company's Electronics Group had approximately 44% (34% and 10%) of its accounts receivable balance due from two customers.

> A significant customer of the Company's Power Group accounted for approximately 61% and 52% of the Power Group's net sales for the years ended December 31, 2019 and 2018, respectively. At December 31, 2019, the Company's Power Group had approximately 26% (16% and 10%) of its accounts receivable balance due from two customers.

> A substantial portion of the net sales is subject to audit by agencies of the U.S. government. In the opinion of management, adjustments to such sales, if any, will not have a material effect on the Company's consolidated financial position or results of operations.

> Financial instruments which potentially subject the Company to concentrations of credit risk consist principally of cash and trade receivables from its customers.

> The Company performs credit evaluations on its customers and collateral is generally not required. Credit losses are provided for in the consolidated financial statements during the period in which an impairment has been determined.

From time-to-time, the Company may become a party to litigation or other legal proceedings that it considers to be a part of the ordinary course of business. The Company is not currently involved in any legal proceedings that could reasonably be expected to have a material adverse effect on its business, prospects, financial condition or results of operations.

13. BUSINESS SEGMENTS:

The Company conducts its operations through two business segments, the Electronics Segment (or "Electronics Group") and the Power Units Segment (or "Power Group"). The Electronics Group is comprised of the Company's Orbit Instrument and Tulip Development Laboratory ("TDL") Divisions and Q-Vio Corp. ("Q-Vio") subsidiary. Through its Orbit Instrument and TDL Divisions, the Company is engaged in the design, manufacture and sale of customized electronic components and subsystems. Through its Q-Vio subsidiary, the Company is engaged in the design and enhancement of LCD display modules. The Power Group is comprised of Behlman and is engaged in the design and manufacture of high-quality commercial power units, AC power, frequency converters, uninterruptible power supplies, armament systems and commercial-off-the-shelf ("COTS") power solutions.

The Company's reportable segments are business units that offer different products with each segment utilizing its own direct labor personnel. The Company's reportable segments are each managed separately as they manufacture and distribute distinct products with different production processes. Management and the Company's Chief Executive Officer evaluate performance of the Company's reportable segments based on each segment's revenue and profitability.

The following is the Company's reporting segment information as of and for the years ended December 31, 2019 and 2018:

17. ACQUISITION:

On August 22, 2019, the Company, through a newly formed subsidiary, Q-Vio Corp. ("Q-Vio"), purchased substantially all the assets and certain liabilities of Q-Vio, LLC, a manufacturer of LCD displays located in San Diego, CA. The reason for the acquisition was principally to attain accretion to earnings, cross-marketing opportunities and the expansion of both customer and product bases. The acquisition was accounted for as a business combination in accordance with ASC Topic 805, Business Combinations. Accordingly, the Company is required to determine and record the fair value of the assets acquired, including any potential intangible assets, and liabilities assumed at the date of acquisition.

The purchase price for the acquisition was estimated at \$388,000, which consists of an earn-out to Q-Vio, LLC based on the projected attainment of certain revenue and gross profit benchmarks through December 31, 2022. The measurement dates for the earnout are as follows: i) August 23, 2019 through December 31, 2020 ii) the twelve months ending December 31, 2021 and (iii) the twelve months ending December 31, 2022. This amount is recorded as a contingent liability and appears under that caption in the Company's Consolidated Balance Sheets as of December 31, 2019. The assets purchased and liabilities assumed are included in the Consolidated Balance Sheets as of December 31, 2019.

In accordance with ASC 805, the purchase price was allocated to the tangible and intangible assets acquired and liabilities assumed based on their estimated fair values. The excess purchase price over those fair values is recorded as goodwill. The fair values assigned to tangible and intangible assets acquired and liabilities assumed are based on estimates and assumptions made by management. These estimates are expected to be finalized within the measurement period which is one year after the acquisition date. The total estimated purchase price has been allocated as follows:

Tangible assets and liabilities:

Total purchase price

Accounts Receivable	\$ 478,000
Inventory	482,000
Other current assets	59,000
Accounts payable	(49,000)
Accrued expenses	(518,000)
Customer deposits	(101,000)
Total net tangible assets and liabilities	351,000
Goodwill	37,000

Included in accrued expenses were two loan payable amounts totaling \$99,000 and an accrued interest payable amount of \$29,000, which the Company agreed to pay at the acquisition date. Direct costs associated with the acquisition totaled \$131,000 for the year ended December 31, 2019 and are included as a separate line item entitled Acquisition Costs in the Consolidated Statements of Income. The direct acquisition costs consisted of legal and professional fees, and general and administrative expenses. For the year ended December 31, 2019, Q-Vio recorded revenue and earnings (loss) of \$618,000 and \$(82,000), respectively, which amounts are included in the Consolidated Statements of Operations.

\$388,000
