PAT. NO.	Title
1 11,225,997	Cable end fitting and cable abutment and method of securement
2 11,180,934	Cinch override mechanism for latch assembly
3 11,148,573	Deployable footrest for vehicle interior with a storage compartment
4 11,135,904	Door presenter with hold open and power cinching function
5 11,118,380	Linkage system for vehicle door latch
6 11,098,505	Electrical release for interior compartment (glove box)
7 11,066,853	Electric door lock mechanism and method to override
8 11,057,568	Deployable side shark fin with integrated side view camera and sensing device
9 11,008,785	Dual pull latch assembly
10 11,002,056	Cable pulley fastener and method of fastening a cable pulley for a window lifter of a vehicle
11 10,987,837	Method and apparatus for nonwoven trim panels
12 10,982,470	Self cancelling lock mechanism
13 10,920,463	Side door occupant latch with manual release and power lock
14 10,858,866	Housing for a latch with water drain opening and method of draining water from a latch
15 10,822,861	Glove box actuator for power cinching and power release
16 10,822,844	Latch with linearly operated lock lever
17 10,815,700	Release actuator for latch
18 10,808,435	Vehicle latch
19 10,730,263	Method for multi-color vehicle interior components and components formed from the method
20 10,704,691	Mechanical seal between an actuator housing and cover and method for providing a seal between an actuator housing and cover
21 10,669,750	Latch with hold open lever
22 10,641,018	Latch with spring for bell crank lever
23 10,637,190	Cable end fitting and cable abutment and method of securement
24 10,598,263	Actuator for vehicle latch and vehicle latch with actuator
