AN/"igus GmbH"

PAT. NO.	Title
1 11,333,563	System for position and/or line monitoring in an energy guide chain
2 D949,941	Machine tool robot
3 11,300,182	Side portion, chain link and energy guiding chain
4 11,235,947	Line guiding system for at least one supply line which can be coiled and uncoiled and rotary guide therefor
5 11,227,707	Strain relief, end fastening part having strain relief, and clamping part therefor
6 11,217,973	Guide device for a line
7 11,189,995	Connection arrangement and line routing device
8 11,156,310	Line guide device, in particular for clean room applications, shell portions and support rib structure for same
9 11,143,270	Line guide device with electrical detection of deterioration and radio circuit for same
10 11,047,212	Assembly with two energy guide chains and adjustable fixed point
11 10,862,290	Line guide device having a movement sensor as well as a drive arrangement and winding apparatus having such a line guide device
12 10,786,897	Robot arm
13 10,723,594	Coupling unit
14 10,693,285	Guide device
15 10,622,793	Energy chain comprising a holder for an external cable, receiving element and corresponding side plate
16 10,591,089	Line guide device, in particular for clean room applications, shell portions and support rib structure for same
17 10,584,746	Linear guide with self-adjusting play reduction
18 10,570,993	Chain link and handling chain having a chain link
19 10,378,610	Line guide device
20 10,294,084	System and coupling device for automatically coupling a mobile machine, in particular a container-stacking crane, to a mobile consumer supply system, and a coupling therefor
21 10,247,328	Guide system for supply lines and robot having a guide system
22 10,175,124	Monitoring system for tractive and compressive forces in an energy guiding chain and

- [corresponding force sensor](#)
- 23 [10,088,097](#)  [Retainer for laterally fastening a guide groove for energy supply chains and retaining system having said retainer](#)
- 24 [10,088,015](#)  [Chain link and circular chain having a chain link](#)
- 25 [9,991,688](#)  [Opening aid](#)
- 26 [9,920,815](#)  [Energy guiding chain and monitoring system for protecting against line breaks](#)
- 27 [9,897,163](#)  [Energy guiding chain](#)
- 28 [9,797,473](#)  [Line guide](#)
- 29 [9,685,773](#)  [Guiding device](#)
- 30 [9,599,157](#)  [Axial-radial slide bearing having polymer slide elements and corresponding slide element](#)
- 31 [9,494,215](#)  [Energy guiding chain](#)
- 32 [9,476,480](#)  [Energy guiding chain](#)
- 33 [9,464,689](#)  [Energy chain, particularly for clean room applications](#)
- 34 [9,435,464](#)  [Line guide made of multi-axially angle-adjustable links](#)
- 35 [9,435,398](#)  [Energy guiding device](#)
- 36 [9,399,299](#)  [Guide system for supply lines and a robot with a guide system](#)
- 37 [9,328,795](#)  [Energy guide chain with deformable joint elements](#)
- 38 [9,287,694](#)  [Line guiding system](#)
- 39 [9,188,194](#)  [Energy guiding chain with rollers](#)
- 40 [9,163,699](#)  [Energy guiding chain with rollers](#)
- 41 [9,163,667](#)  [Slide bearing, slide bearing system and assembly of a slide bearing system](#)
- 42 [9,132,959](#)  [Endlessly circulating link conveyor with energy supply](#)
- 43 [8,806,847](#)  [Energy guiding chain](#)
- 44 [8,575,486](#)  [Guide conduit](#)
- 45 [8,397,480](#)  [Energy guiding chain](#)
- 46 [8,266,882](#)  [Cable guide](#)
- 47 [7,992,921](#)  [Energy guide chain system and sliding door system](#)
- 48 [7,882,690](#)  [Transverse limb and member of a line guide device with a transverse limb](#)
- 49 [7,849,667](#)  [Cable drag system comprising a cable drag device and a retaining device receiving the same](#)
- 50 [7,845,155](#)  [Side wall segment for a line guiding device, line guiding device with side wall segment, and method for manufacturing the side wall segment](#)
-
