

# **doxo's mission is to provide simple, secure, all-in-one household bill management that boosts financial health.**

Since its inception, doxo has been on a mission to simplify and reduce the anxiety of staying on top of bills, empowering consumers to improve their financial health. Our company was founded on the simple idea that there should be an easy and more secure way for consumers to pay all of their bills through a single account, with any payment method, on any device.

## **Without doxo — Bill Pay Chaos**

## With doxo — Bill Pay Peace of Mind

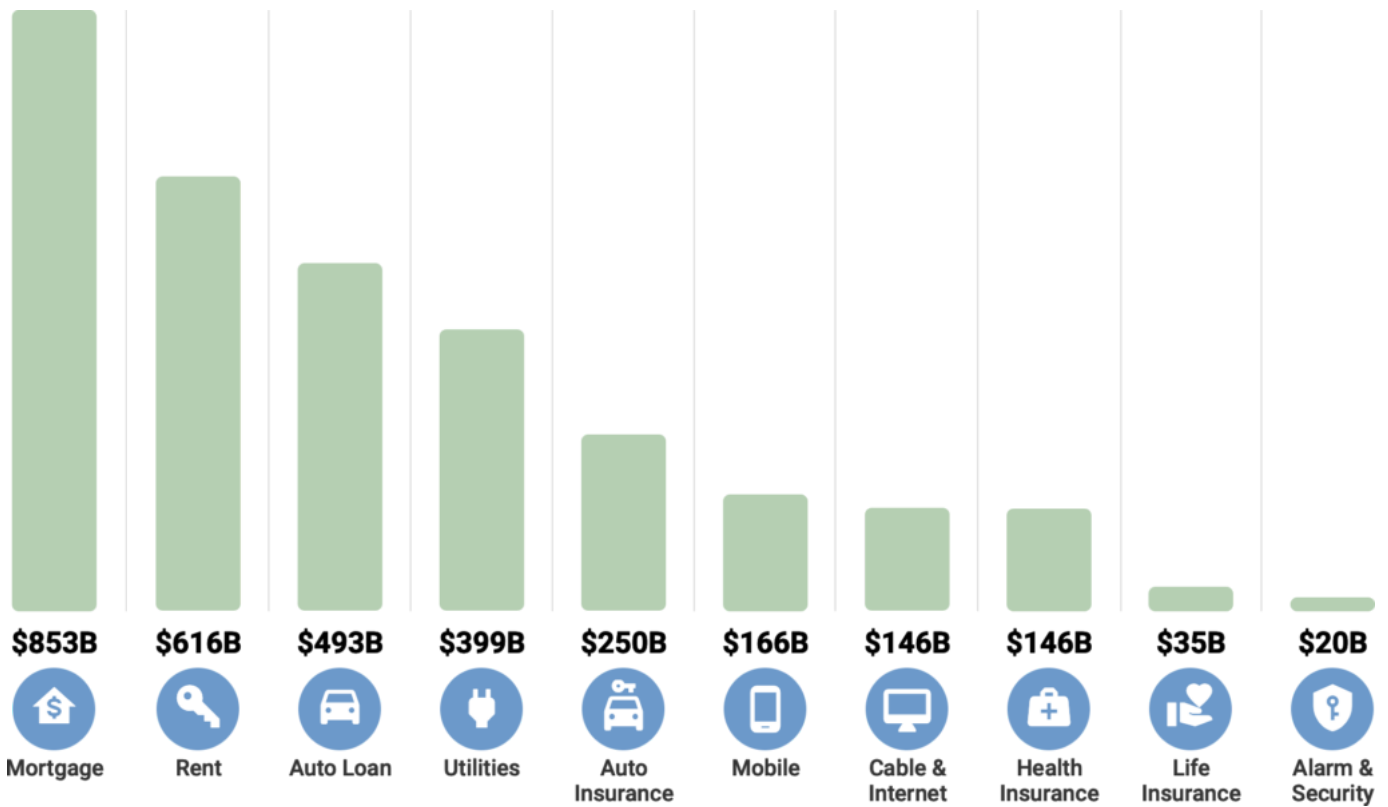

## Household bill pay is a \$4.6 trillion opportunity.

Each year U.S. households spend over \$4.6 trillion – about one third of all consumer spending – on recurring bill payments. Further, through statistical analysis of actual household payments, doxo found that Americans spend \$3.12 trillion annually across ten primary bill payment categories. To date, doxo has helped more than 7 million

people manage all their bills and due dates in one place, and pay their bills anytime, on any device, with free payment delivery options.

## **About us: consumer demand has fueled rapid growth.**

As consumers shift more bill payments online and to mobile, doxo continues to experience rapid growth. To date, over seven million doxo users across 97% of U.S. zip codes have paid bills through the payment network, across more than 45 different service categories. With more than 120,000 payable billers, doxo's proprietary, crowd sourced provider directory is the largest in the nation. In 2021, doxo was named by both BuiltIn and Comparably as a best place to work in Seattle, and was also

recognized by both Inc. Magazine and Deloitte as one of the fastest-growing companies in North America.

## Learn more about doxo.

With access to more than 120,000 billers across the nation, doxo's products and services help over seven million people break free from bill burden, protect their financial health, and accomplish their financial goals. doxo also aims to bring transparency to the U.S. bill pay market by bringing together the broadest available data set for analyzing actual household payment activity, and making it available to the public.

doxo and doxoPLUS for people

**doxo** helps people break free from their bill burden and protect their financial health. They can manage all their bills and due dates in one place, pay anytime on any device, free of delivery fees (when paid with a linked bank account), and accomplish their financial goals.

## doxoDIRECT for businesses

While most service providers have bill pay on their website, the vast majority of customers don't visit the websites of each and every one of their billers each month. As a result, most bill payments still come through other channels — mail, bank payments, cash payments and others. Providers join doxoDIRECT to address this gap and extend customer engagement and payment convenience beyond what can be achieved through their websites alone.

## The doxo network

The **doxo** network provides the most comprehensive coverage of household bill pay in the United States. All doxo users are able to pay any of the 120,000+ service providers in the network and to suggest additional providers and

services they need to pay. This crowd-sourced approach is vital to providing comprehensive coverage of local and regional providers — often overlooked by traditional enterprise payment networks.

## doxoINSIGHTS

doxoINSIGHTS provides analysis of U.S. bill pay statistics and bill payer behavior, leveraging doxo's unique aggregate, anonymized bill pay data comprised of actual bill payment activity to confirmed household service providers. This foundation of validated payment behavior provides greater insight and reliability and brings together the broadest available data set for analyzing actual household payment activity.
