Purepromoter Limited

Strategic Report For the Year Ended 31 March 2019

The directors present their strategic report together with the audited financial statements for the year ended 31 March 2019.

Fair review and performance

Recognised revenue fell from £6,745k to £5,701k and represents a challenging period for the business. The business has suffered by execution challenges on strategy and project delivery over the preceding year coupled with market events that have had a significant impact on trading performance.

In July 2018 A new CEO joined and a number of management changes were made to the leadership team. Technology teams were reorganised and processes simplified which has helped to realise an increase production velocity. Improvements were made to our infrastructure which, together with a re-definition of our service delivery model and a more impactful update to our product roadmap has led to a number of new and forthcoming platform features.

Losses increased from (£407k) to (£1.449m) following increased investment in the development of our core platform and the further development of our service organisation. In FY19 we spent over £1m supporting the development of the latest version of the platform (v8) as well as a number of forthcoming new features due for release in the summer. Gross Margin is now 73.4% representing a more diverse partner product mix as we continue to build out sales in our integrated suite of marketing solutions. We will continue the process of supporting and developing new partnerships that add value to our customers marketing efforts and broaden the capability of our platform.

In FY19, we continued the optimisation of our customer success model to drive improved customer service and tailored strategic support. Our mission is to help our customers get the most from our technology and be the best marketers they can and to support this, we launched Pure Academy, a training initiative providing our customers access to a range of training courses, workshops and materials to support best practice and knowledge development. As a result of our single minded focus on serving our customers, retention has more than doubled over the last six months.

During the year Scottish Equity Partners demonstrated their continued support of the business with cash injection of £2.2m into the parent company to support the further development of the business.

Principal risks and uncertainties

The impact of GDPR led initially to a small decline of email volumes before stabilising and now increasing as our customers continue to enjoy the benefits of the email channel whilst adapting to the new GDPR regime by delivering more measured email communications. As a business, we continue to monitor the impact and to provide marketing support and guidance to customers wishing to rebuild customer databases.

The new GDPR regime also provided for stricter governance of data systems and security. The business undertook an internal audit to satisfy itself of its compliance with the conditions outlined by the ICO in adherence to the GDPR principles. An ongoing programme of infrastructure improvement and a database optimisation activity is planned over the course of the year to improve system stability further still and which should help to reduce the ever present risk to data intensive businesses such as ours from the ongoing threat to security and system stability.

The impact continuing uncertainty over Brexit was addressed through an audit conducted early in FY19 with quarterly updates provided thereafter. As a result of the very limited impact associated with our largely UK based business, the directors deem the risk to be very low.

Purepromoter Limited

Strategic Report (continued)
For the Year Ended 31 March 2019

Future developments of the business

We will continue to focus on providing quality support to our customers and will look to enhance our services offering through FY19 leveraging the experienced resources in our Customer Success team to deliver a wider array of services. We will also be looking to expand the Pure Academy programme.

Alongside the improvement of our Customer Service delivery, we will be launching a number of new exciting additions to our platform over FY20.

Key performance indicators

We continue to focus on customer retention metrics, internal customer health scores and non-recurring and annualised recurring revenues as key performance indicators. All new customers join on either a 12 or 24 month contract and we continue to convert our existing customers to this more service orientated contract. We now have 66% of our revenue under contract.

This report was approved by the board on 1 July 2019 and signed on its behalf.

M Ash
Director

Purepromoter Limited

Directors' Report For the Year Ended 31 March 2019

The directors present their report and the financial statements for the year ended 31 March 2019.

Principal activity

The principal activity of the company during the year was the provision of software and consultancy services to digital marketing professionals.

Business review

A review of the business and its principal risks and uncertainties is set out in the strategic report on pages 2 and 3 of the financial statements.

Results and dividends

The loss for the year, after taxation, amounted to £1,449,100 (2018 - loss £406,981).

Directors

The directors who served during the year were:

D Sneddon
D T Kelly (appointed 29 June 2018)
P M Neeson (appointed 29 June 2018)
M Ash (appointed 17 July 2018)
S Dawson (resigned 1 August 2018)

Financial risk management objectives and policies

The company has adequate controls in place over expenditure and revenue recognition to adequately manage financial risk.

Research and development

In FY19 we invested £1,043k (2018 - £862k) behind our product.

Disclosure of information to auditor

Each of the persons who are directors at the time when this directors' report is approved has confirmed that:

- so far as the director is aware, there is no relevant audit information of which the company's auditor is unaware, and
- the director has taken all the steps that ought to have been taken as a director in order to be aware of any relevant audit information and to establish that the company's auditor is aware of that information.

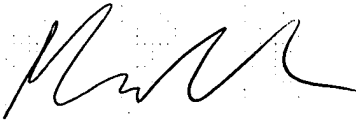

Purepromoter Limited

Directors' Report (continued) For the Year Ended 31 March 2019

Auditor

The auditor, BDO LLP, will be proposed for reappointment in accordance with section 485 of the Companies Act 2006.

This report was approved by the board on 1 July 2019 and signed on its behalf.

M Ash
Director

Purepromoter Limited

Directors' Responsibilities Statement For the Year Ended 31 March 2019

The directors are responsible for preparing the strategic report, the directors' report and the financial statements in accordance with applicable law and regulations.

Company law requires the directors to prepare financial statements for each financial year. Under that law the director has elected to prepare the financial statements in accordance with United Kingdom Generally Accepted Accounting Practice (United Kingdom Accounting Standards and applicable law). Under company law the directors must not approve the financial statements unless they are satisfied that they give a true and fair view of the state of affairs of the company and of the profit or loss of the company for that period.

In preparing these financial statements, the directors are required to:

- select suitable accounting policies for the company's financial statements and then apply them consistently;
- make judgments and accounting estimates that are reasonable and prudent;
- prepare the financial statements on the going concern basis unless it is inappropriate to presume that the company will continue in business.

The directors are responsible for keeping adequate accounting records that are sufficient to show and explain the company's transactions and disclose with reasonable accuracy at any time the financial position of the company and to enable them to ensure that the financial statements comply with the Companies Act 2006. They are also responsible for safeguarding the assets of the company and hence for taking reasonable steps for the prevention and detection of fraud and other irregularities.

Purepromoter Limited

Independent Auditor's report to the member of Purepromoter Ltd

Opinion

We have audited the financial statements of Purepromoter Ltd ("the Company") for the year ended 31 March 2019 which comprise the Statement of Comprehensive Income, Statement of Financial Position, Statement of Changes in Equity and notes to the financial statements, including a summary of significant accounting policies. The financial reporting framework that has been applied in their preparation is applicable law and United Kingdom Accounting Standards, including Financial Reporting Standard 102 The Financial Reporting Standard applicable in the UK and Republic of Ireland (United Kingdom Generally Accepted Accounting Practice).

In our opinion, the financial statements:

- give a true and fair view of the state of the Company's affairs as at 31 March 2019 and of its loss for the year then ended;
- have been properly prepared in accordance with United Kingdom Generally Accepted Accounting Practice; and
- have been prepared in accordance with the requirements of the Companies Act 2006.

Basis for opinion

We conducted our audit in accordance with International Standards on Auditing (UK) (ISAs (UK)) and applicable law. Our responsibilities under those standards are further described in the Auditor's responsibilities for the audit of the financial statements section of our report. We are independent of the Company in accordance with the ethical requirements that are relevant to our audit of the financial statements in the UK, including the FRC's Ethical Standard, and we have fulfilled our other ethical responsibilities in accordance with these requirements. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Conclusions relating to going concern

We have nothing to report in respect of the following matters in relation to which the ISAs (UK) require us to report to you where:

- the Directors' use of the going concern basis of accounting in the preparation of the financial statements is not appropriate; or
- the Directors have not disclosed in the financial statements any identified material uncertainties that may cast significant doubt about the Company's ability to continue to adopt the going concern basis of accounting for a period of at least twelve months from the date when the financial statements are authorised for issue.

Other information

The Directors are responsible for the other information. The other information comprises the information included in the Annual Report and Financial Statements, other than the financial statements and our auditor's report thereon. Our opinion on the financial statements does not cover the other information and, except to the extent otherwise explicitly stated in our report, we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. If we identify such material inconsistencies or apparent material misstatements, we are required to determine whether there is a material misstatement in the financial statements or a material misstatement of the other information. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact.

We have nothing to report in this regard.

Purepromoter Limited

Independent Auditor's report to the member of Purepromoter Ltd (continued)

Opinions on other matters prescribed by the Companies Act 2006

In our opinion, based on the work undertaken in the course of the audit

- the information given in the Strategic report and Directors' report for the financial year for which the financial statements are prepared is consistent with the financial statements; and
- the Strategic report and Directors' report have been prepared in accordance with applicable legal requirements.

Matters on which we are required to report by exception

In the light of the knowledge and understanding of the Company and its environment obtained in the course of the audit, we have not identified material misstatements in the Strategic report and Director's report.

We have nothing to report in respect of the following matters in relation to which the Companies Act 2006 requires us to report to you if, in our opinion;

- adequate accounting records have not been kept, or returns adequate for our audit have not been received from branches not visited by us; or
- the financial statements are not in agreement with the accounting records and returns; or
- certain disclosures of Directors' remuneration specified by law are not made; or
- we have not received all the information and explanations we require for our audit.

Responsibilities of directors

As explained more fully in the Directors' responsibilities statement, the Directors are responsible for the preparation of the financial statements and for being satisfied that they give a true and fair view, and for such internal control as the Directors determine is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, the Directors are responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the Directors either intend to liquidate the Company or to cease operations, or have no realistic alternative but to do so.

Auditor's responsibilities for the audit of the financial statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with ISAs (UK) will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

A further description of our responsibilities for the audit of the financial statements is located at the Financial Reporting Council's website at:

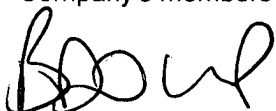

<https://www.frc.org.uk/auditorsresponsibilities>. This description forms part of our auditor's report.

Purepromoter Limited

Independent Auditor's report to the member of Purepromoter Ltd (continued)

Use of our report

This report is made solely to the Company's members, as a body, in accordance with Chapter 3 of Part 16 of the Companies Act 2006. Our audit work has been undertaken so that we might state to the Company's members those matters we are required to state to them in an auditor's report and for no other purpose. To the fullest extent permitted by law, we do not accept or assume responsibility to anyone other than the Company and the Company's members as a body, for our audit work, for this report, or for the opinions we have formed.

Purepromoter Limited

Notes to the Financial Statements For the Year Ended 31 March 2019

1. Going concern

The financial statements have been prepared on the going concern basis following a review by the directors of the forecast cash position and the financial facilities available to the business, including the fact that the ultimate shareholders have confirmed their current intention to continue to provide financial support to the company.

2. General information

Purepromoter Limited is a private company limited by shares incorporated in England and Wales under the Companies Act 2006. The address of the registered office is given on the company information page and the nature of the company's operations and its principal activities is disclosed in the director's report.

3. Accounting policies

3.1 Basis of preparation of financial statements

The financial statements have been prepared under the historical cost convention unless otherwise specified within these accounting policies and in accordance with Financial Reporting Standard 102, the Financial Reporting Standard applicable in the UK and the Republic of Ireland and the Companies Act 2006.

The preparation of financial statements in compliance with FRS 102 requires the use of certain critical accounting estimates. It also requires management to exercise judgment in applying the company's accounting policies (see note 4).

The following principal accounting policies have been applied:

3.2 Financial reporting standard 102 - reduced disclosure exemptions

The company has taken advantage of the following disclosure exemptions in preparing these financial statements, as permitted by the FRS 102 "The Financial Reporting Standard applicable in the UK and Republic of Ireland":

- the requirements of Section 4 Statement of Financial Position paragraph 4.12(a)(iv);
- the requirements of Section 7 Statement of Cash Flows;
- the requirements of Section 3 Financial Statement Presentation paragraph 3.17(d);
- the requirements of Section 11 Financial Instruments paragraphs 11.41(b), 11.41(c), 11.41(e), 11.41(f), 11.42, 11.44 to 11.45, 11.47, 11.48(a)(iii), 11.48(a)(iv), 11.48(b) and 11.48(c);
- the requirements of Section 12 Other Financial Instruments paragraphs 12.26 to 12.27, 12.29(a), 12.29(b) and 12.29A;
- the requirements of Section 33 Related Party Disclosures paragraph 33.7.

This information is included in the consolidated financial statements of Purepromoter Group (Holdings) Limited as at 31 March 2019 and these financial statements may be obtained from the company's registered office.

Purepromoter Limited

Notes to the Financial Statements For the Year Ended 31 March 2019

3. Accounting policies (continued)

3.3 Revenue

Turnover principally comprises revenue recognised by the company in respect of e-mail and SMS credits, software services and professional services. Revenue is recognised to the extent that it is probable that the economic benefits will flow to the company and the revenue can be reliably measured. Revenue is measured at the fair value of the consideration received, excluding discounts, rebates, VAT and other sales related taxes. The following specific policies exist across our various revenue streams:

E-mail and SMS credits

Revenue from the sale of e-mail and SMS credits is recognised as the credits are consumed by the customer. Unused credits are carried forward in the statement of financial position as deferred income.

Software Service Fees

Revenue from software services is recognised on a straight-line basis over the contracted period. Unearned amounts are carried forward in the statement of financial position as deferred income.

Professional Services - Short Term Contracts

Revenue and profits derived from short term professional service contracts are recognised on completion of the performance obligations, and customer acceptance of the work performed.

Professional Services - Long Term Contracts

Revenue and profits from the provision of professional services, such as installation, implementation, technical consultancy and training, are recognised on a straight line basis, as costs incurred relate to total costs for the contract, when the outcome of a contract can be estimated reliably.

Determining whether a contract's outcome can be estimated reliably requires management to exercise judgement, whilst calculation of the contract's profit requires estimates of the total contract costs to completion. Cost estimates and judgements are continually reviewed and updated as determined by events or circumstances.

Purepromoter Limited

Notes to the Financial Statements For the Year Ended 31 March 2019

3. Accounting policies (continued)

3.4 Tangible fixed assets

Tangible fixed assets under the cost model are stated at historical cost less accumulated depreciation and any accumulated impairment losses. Historical cost includes expenditure that is directly attributable to bringing the asset to the location and condition necessary for it to be capable of operating in the manner intended by management.

Depreciation is charged so as to allocate the cost of assets less their residual value over their estimated useful lives, using the straight-line method.

Depreciation is provided on the following basis:

Long-term leasehold property	- over the remaining lease term
Fixtures and fittings	- 20 - 33.33% per annum

The assets' residual values, useful lives and depreciation methods are reviewed, and adjusted prospectively if appropriate, or if there is an indication of a significant change since the last reporting date.

Gains and losses on disposals are determined by comparing the proceeds with the carrying amount and are recognised in the statement of comprehensive income.

3.5 Debtors

Short term debtors are measured at transaction price, less any impairment. Loans receivable are measured initially at fair value, net of transaction costs, and are measured subsequently at amortised cost using the effective interest method, less any impairment.

3.6 Cash and cash equivalents

Cash is represented by cash in hand and deposits with financial institutions repayable without penalty on notice of not more than 24 hours. Cash equivalents are highly liquid investments that mature in no more than three months from the date of acquisition and that are readily convertible to known amounts of cash with insignificant risk of change in value.

3.7 Financial instruments

The company only enters into basic financial instruments transactions that result in the recognition of financial assets and liabilities like trade and other debtors and creditors, loans from banks and other third parties, loans to related parties and investments in non-puttable ordinary shares.

Debt instruments (other than those wholly repayable or receivable within one year), including loans and other accounts receivable and payable, are initially measured at present value of the future cash flows and subsequently at amortised cost using the effective interest method. Debt instruments that are payable or receivable within one year, typically trade debtors and creditors, are measured, initially and subsequently, at the undiscounted amount of the cash or other consideration expected to be paid or received. However, if the arrangements of a short-term instrument constitute a financing transaction, like the payment of a trade debt deferred beyond normal business terms or financed at a rate of interest that is not a market rate or in case of an out-right short-term loan not at market rate, the financial asset or liability is measured, initially, at the present value of the future cash flow discounted at a market rate of interest for a similar debt instrument and subsequently at amortised cost.

Purepromoter Limited

Notes to the Financial Statements For the Year Ended 31 March 2019

3. Accounting policies (continued)

3.7 Financial instruments (continued)

Financial assets that are measured at cost and amortised cost are assessed at the end of each reporting period for objective evidence of impairment. If objective evidence of impairment is found, an impairment loss is recognised in the statement of comprehensive income.

For financial assets measured at amortised cost, the impairment loss is measured as the difference between an asset's carrying amount and the present value of estimated cash flows discounted at the asset's original effective interest rate. If a financial asset has a variable interest rate, the discount rate for measuring any impairment loss is the current effective interest rate determined under the contract.

For financial assets measured at cost less impairment, the impairment loss is measured as the difference between an asset's carrying amount and best estimate of the recoverable amount, which is an approximation of the amount that the company would receive for the asset if it were to be sold at the reporting date.

Financial assets and liabilities are offset and the net amount reported in the statement of financial position when there is an enforceable right to set off the recognised amounts and there is an intention to settle on a net basis or to realise the asset and settle the liability simultaneously.

3.8 Creditors

Short term creditors are measured at the transaction price. Other financial liabilities, including bank loans, are measured initially at fair value, net of transaction costs, and are measured subsequently at amortised cost using the effective interest method.

3.9 Foreign currency translation

Functional and presentation currency

The company's functional and presentational currency is GBP.

Transactions and balances

Foreign currency transactions are translated into the functional currency using the spot exchange rates at the dates of the transactions.

At each period end foreign currency monetary items are translated using the closing rate. Non-monetary items measured at historical cost are translated using the exchange rate at the date of the transaction and non-monetary items measured at fair value are measured using the exchange rate when fair value was determined.

Foreign exchange gains and losses resulting from the settlement of transactions and from the translation at period-end exchange rates of monetary assets and liabilities denominated in foreign currencies are recognised in the statement of comprehensive income except when deferred in other comprehensive income as qualifying cash flow hedges.

Foreign exchange gains and losses that relate to borrowings and cash and cash equivalents are presented in the statement of comprehensive income within 'finance income or costs'. All other foreign exchange gains and losses are presented in the statement of comprehensive income within 'other operating income'.

Purepromoter Limited

Notes to the Financial Statements For the Year Ended 31 March 2019

3. Accounting policies (continued)

3.10 Finance costs

Finance costs are charged to the statement of comprehensive income over the term of the debt using the effective interest method so that the amount charged is at a constant rate on the carrying amount. Issue costs are initially recognised as a reduction in the proceeds of the associated capital instrument.

3.11 Operating leases: the company as lessee

Rentals paid under operating leases are charged to the statement of comprehensive income on a straight line basis over the lease term.

Benefits received and receivable as an incentive to sign an operating lease are recognised on a straight line basis over the lease term, unless another systematic basis is representative of the time pattern of the lessee's benefit from the use of the leased asset.

3.12 Research and development

Expenditure on pure and applied research is charged to the statement of comprehensive income in the year in which it is incurred. Development costs are also charged to the statement of comprehensive income in the year of expenditure, unless individual projects satisfy all of the following criteria:

- the project is clearly defined and related expenditure is separately identifiable;
- the project is technically feasible and commercially viable;
- current and future costs are expected to be exceeded by future sales; and
- adequate resources exist for the project to be completed.

In such circumstances the costs are carried forward and amortised over a period not exceeding five years commencing in the year the company starts to benefit from the expenditure.

During the year ended 31 March 2019, the company has deducted the research and development credit of £310,170 (2018 - £255,620) from administrative expenses.

In the research phase of an internal project it is not possible to demonstrate that the project will generate future economic benefits and hence all expenditure on research shall be recognised as an expense when it is incurred. Intangible assets are recognised from the development phase of a project if and only if certain specific criteria are met in order to demonstrate the asset will generate probable future economic benefits and that its cost can be reliably measured. The capitalised development costs are subsequently amortised on a straight line basis over their useful economic lives, which range from 3 to 6 years.

If it is not possible to distinguish between the research phase and the development phase of an internal project, the expenditure is treated as if it were all incurred in the research phase only.

Purepromoter Limited

Notes to the Financial Statements For the Year Ended 31 March 2019

3. Accounting policies (continued)

3.13 Pensions

Defined contribution pension plan

The company operates a defined contribution plan for its employees. A defined contribution plan is a pension plan under which the company pays fixed contributions into a separate entity. Once the contributions have been paid the company has no further payment obligations.

The contributions are recognised as an expense in the statement of comprehensive income when they fall due. Amounts not paid are shown in accruals as a liability in the statement of financial position. The assets of the plan are held separately from the company in independently administered funds.

3.14 Interest income

Interest income is recognised in the statement of comprehensive income using the effective interest method.

3.15 Taxation

Tax is recognised in the statement of comprehensive income, except that a charge attributable to an item of income and expense recognised as other comprehensive income or to an item recognised directly in equity is also recognised in other comprehensive income or directly in equity respectively.

The current income tax charge is calculated on the basis of tax rates and laws that have been enacted or substantively enacted by the reporting date in the countries where the company operates and generates income.

4. Judgements in applying accounting policies and key sources of estimation uncertainty

In preparing these financial statements, the directors have had to make the following:

Determine whether leases entered into by the company either as a lessor or a lessee are operating or lease or finance leases. These decisions depend on an assessment of whether the risks and rewards of ownership have been transferred from the lessor to the lessee on a lease by lease basis.

Determine whether there are indicators of impairment of the company's tangible. Factors taken into consideration in reaching such a decision include the economic viability and expected future financial performance of the asset and where it is a component of a larger cash-generating unit, the viability and expected future performance of that unit.

Other key sources of estimation uncertainty:

Tangible fixed assets (see note 11)

Tangible fixed assets are depreciated over their useful lives taking into account residual values, where appropriate. The actual lives of the assets and residual values are assessed annually and may vary depending on the number of factors. In re-assessing asset lives, factors such as technological innovation, product life cycles and maintenance programmes are taken into account. Residual value assessments consider issues such as future market conditions, the remaining life of the asset and projected disposal values.
