## Notes to the Financial Statements for the year ended 31 December 2020

### 1. STATUTORY INFORMATION

The company is a private company limited by shares and registered in England and Wales. The company's registered number and registered office address can be found on the Company Information page.

### 2. COMPLIANCE WITH APPLICABLE REPORTING FRAMEWORK

The financial statements have been prepared in compliance with FRS 102 Section 1A as it applies to the financial statements for the period and there were no material departures from the reporting standard.

### 3. ACCOUNTING POLICIES

#### Property, plant and equipment policy

Tangible fixed assets are stated at cost or valuation less depreciation. Depreciation is provided on all tangible fixed assets as follows:

	<b>Reducing balance (%)</b>
Plant and machinery	20
Fixtures and fittings	10
Vehicles	25
Office Equipment	20

#### Intangible assets policy

Intangible assets are initially measured at cost. After initial recognition, intangible assets are measured at cost less any accumulated amortisation and any accumulated impairment losses.

The Murrayfield Debenture is being amortised evenly over its estimated useful life of 50 years.

#### Inventories policy

Inventories are valued at the lower of cost and estimated selling price (less any associated costs to enable such sales to complete).

## **Revenue recognition policy**

Turnover from the sale of goods is recognised when the significant risks and rewards of ownership of the goods have transferred to the buyer. Turnover from the rendering of services is recognised by reference to the stage of completion of the contract. The stage of completion of a contract is measured by comparing the costs incurred for work performed to date to the total estimated contract costs.

## **Foreign currency translation and operations policy**

Transactions in foreign currencies are initially recognised at the rate of exchange ruling at the date of the transaction. At the end of each reporting period foreign currency monetary items are translated at the closing rate of exchange. Non-monetary items that are measured at historical cost are translated at the rate ruling at the date of the transaction. All differences are charged to profit or loss.

## **Government grants and other government assistance policy**

Government grants are recognised at the fair value of the asset received or receivable. Grants are not recognised until there is reasonable assurance that the company will comply with the conditions attaching to them and the grants will be received.

## **Employee benefits policy**

Contributions to defined contribution plans are expensed in the period to which they relate.
