The Committee follows the procedures set forth in the IRS regulations under Section 4958 in making compensation decisions. In particular, the Committee annually conducts a review of executive compensation based on independent compensation survey information. At least every other year, the Committee engages an independent consultant to collect comparative compensation data and provide a written opinion on the reasonableness of the proposed compensation for executives. In 2019, the Committee based its review and approval of proposed compensation on independent data and a reasonableness opinion provided by an independent compensation expert during the year, as well as employee performance assessments and market trend information. The Committee documented its compensation decision in contemporaneous written minutes.
