Who we are

**Distributing new
possibilities**

We are committed to bringing fresh, innovative services and business models to the channel. Today, our patent-pending, innovative technology offers the industry's first digital, intelligent distribution platform, Ingram Micro Xvantage™. Our unique approach is redefining what we're capable of in distribution, emphasizing partnership with mutual growth, new levels of efficiency, meaningful customer connections and infinite possibilities. Together, with our partners, we're redefining the possibilities of distribution.

The Tenets of Our Success

Our dedication to a shared set of principles unites and guides us to better decisions and behaviors, enabling us to focus on the success of our business partners and associates.

Results

Delivering successful outcomes and a superior experience for everyone,

Courage

Embracing change and making difficult decisions delivers better

Integrity

We exemplify the highest ethical standards, led by honesty, fairness

every time, matters for our business partners, ourselves and our teams.

results to our customers, suppliers and fellow associates. We encourage innovation and a culture of always doing what's best for our partner ecosystem.

and dignity in every action we take, everywhere, every time, with everyone.

Responsibility

We say what we do, and we do what we say. We are responsible for our individual and team actions, meeting our customer and financial commitments, and recognizing our social, community and environmental responsibilities.

Imagination

Creativity, agility and resourcefulness reinforce a competitive, entrepreneurial spirit. There is no substitute for forward-looking actions and the desire to achieve more.

Talent

Our people and their diverse talents define us. We are committed to learning, collaboration, transparency and innovation. Attracting, inspiring, retaining and celebrating our best individuals is the foundation of our success.
