Report on the Audits of the Consolidated Financial Statements

Opinion

We have audited the consolidated financial statements of Ada S. McKinley Community Services, Inc. and Subsidiary (the "Organizations"), which comprise the consolidated statement of financial position as of June 30, 2022 and 2021 and the related consolidated statements of activities and changes in net assets, functional expenses, and cash flows for the years then ended, and the related notes to the consolidated financial statements.

In our opinion, the accompanying consolidated financial statements present fairly, in all material respects, the financial position of the Organizations as of June 30, 2022 and 2021 and the changes in their net assets, functional expense, and cash flows for the years then ended in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS) and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audits of the Consolidated Financial Statements* section of our report. We are required to be independent of the Organizations and to meet our ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Consolidated Financial Statements

Management is responsible for the preparation and fair presentation of the consolidated financial statements in accordance with accounting principles generally accepted in the United States of America and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of consolidated financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the consolidated financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Organizations' ability to continue as a going concern within one year after the date that the consolidated financial statements are issued or available to be issued.

Auditor's Responsibilities for the Audits of the Consolidated Financial Statements

Our objectives are to obtain reasonable assurance about whether the consolidated financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and, therefore, is not a guarantee that audits conducted in accordance with GAAS and *Government Auditing Standards* will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the consolidated financial statements.

To the Board of Directors
Ada S. McKinley Community Services, Inc.
and Subsidiary

In performing audits in accordance with GAAS and *Government Auditing Standards*, we:

- Exercise professional judgment and maintain professional skepticism throughout the audits.
- Identify and assess the risks of material misstatement of the consolidated financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the consolidated financial statements.
- Obtain an understanding of internal control relevant to the audits in order to design audit procedures that are appropriate in the circumstances but not for the purpose of expressing an opinion on the effectiveness of the Organizations' internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the consolidated financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Organizations' ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audits, significant audit findings, and certain internal control-related matters that we identified during the audits.

Other Reporting Required by *Government Auditing Standards*

In accordance with *Government Auditing Standards*, we have also issued our report dated December 18, 2022 on our consideration of the Organizations' internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, grant agreements, and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the Organizations' internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Organizations' internal control over financial reporting and compliance.

Note 1 - Nature of Business

Ada S. McKinley Community Services, Inc. (McKinley) is an Illinois not-for-profit corporation established to maintain a full range of educational, residential, vocational, recreational, and welfare services; to improve the environmental conditions of the areas in which it operates; to serve people without regard to race, creed, or national origin; and to seek to encourage the highest standards of responsible citizenship among all residents of its service areas.

During 1980, McKinley incorporated Samaritas, Inc. (Samaritas) under the Illinois General Not For Profit Corporation Act. The purpose of Samaritas is "to own, acquire, buy, sell, mortgage, lease, and manage real estate and other related property and to maintain, operate, and manage the same as a not-for-profit organization." Samaritas is exempt from income taxes under Section 501(c)(2) of the Internal Revenue Code. McKinley is the sole member of the corporation. Samaritas has been consolidated into these consolidated financial statements.

Affiliates

McKinley II, Inc.

During 1995, McKinley incorporated McKinley II, Inc. (affiliate) under the Illinois General Not For Profit Corporation Act. The purpose of the affiliate is to comply with the U.S. Department of Housing and Urban Development's (HUD) requirements for participation in its Section 811 project (the development of adult residential facilities for individuals with a developmental disability). HUD required McKinley to establish a single-purpose, not-for-profit corporation (McKinley II, Inc.), which serves as sole owner and borrower for the project.

McKinley III, Inc.

During 1996, McKinley incorporated McKinley III, Inc. (affiliate) under the Illinois General Not For Profit Corporation Act. The purpose of the affiliate is to comply with the U.S. Department of Housing and Urban Development's requirements for participation in its Section 811 project (the development of adult residential facilities for individuals with a developmental disability). HUD required McKinley to establish a single-purpose, not-for-profit corporation (McKinley III, Inc.), which serves as sole owner and borrower for the project.

McKinley IV, Inc.

During 1999, McKinley incorporated McKinley IV, Inc. (affiliate) under the Illinois General Not For Profit Corporation Act. The purpose of the affiliate is to comply with the U.S. Department of Housing and Urban Development's requirements for participation in its Section 811 project (the development of adult residential facilities for individuals with a developmental disability). HUD required McKinley to establish a single-purpose, not-for-profit corporation (McKinley IV, Inc.), which serves as sole owner and borrower for the project.

The boards of directors of these affiliates are separate from that of McKinley. The operations of the affiliates are not included in these consolidated financial statements. See Note 17 for additional transactions between McKinley and the affiliates.

Note 2 - Significant Accounting Policies

Basis of Presentation

The consolidated financial statements of Ada S. McKinley Community Services, Inc. and Subsidiary (the "Organizations") have been prepared on the accrual basis in accordance with accounting principles generally accepted in the United States of America.

Net assets of the Organizations are classified based on the presence or absence of donor-imposed restrictions.

Notes to Consolidated Financial Statements

June 30, 2022 and 2021

Note 2 - Significant Accounting Policies (Continued)

Net assets without donor restrictions: Net assets that are not subject to donor-imposed restrictions or for which the donor-imposed restrictions have expired or been fulfilled. Net assets in this category may be expended for any purpose in performing the primary objectives of the Organizations.

Net assets with donor restrictions: Net assets subject to stipulations imposed by donors and grantors. Some restrictions are temporary in nature; those restrictions will be met by actions of the Organizations or by the passage of time. When a donor restriction is accomplished, net assets with donor restrictions are reclassified to net assets without donor restrictions and reported in the consolidated statement of activities and changes in net assets (deficiency in net assets) as net assets released from restrictions. Additionally, net assets subject to donor-imposed stipulations stating that they may be maintained in perpetuity are contributions made toward their endowment.

Cash Equivalents

The Organizations consider all highly liquid investments with a maturity of three months or less when purchased to be cash equivalents. They maintain their cash and cash equivalents in bank deposit accounts that at times may exceed federally insured limits. The Organizations have not experienced any losses in such accounts. They believe they are not exposed to any significant credit risk on cash and cash equivalents.

Funds Held in Trust

The Organizations maintain various custodial bank accounts for deposits received on behalf of residents. These funds are owed to the members and are available for their benefit and are payable to them on demand. At June 30, 2022 and 2021, the funds totaled \$552,058 and \$546,704, respectively, and the corresponding liability accounts totaled \$552,058 and \$546,704, respectively, which are included in settlement payable and other liabilities.

Accounts Receivable

Accounts receivable are stated at invoice amounts. An allowance for doubtful accounts is established based on a general valuation allowance based on historical loss experience. All amounts deemed uncollectible are charged against the allowance for doubtful accounts in the period that determination is made.

Investments

Investments in mutual funds and exchange-traded funds with readily determinable fair values are valued at their fair values in the consolidated statement of financial position. Interest and dividend income and unrealized and realized gains are reported as income on the consolidated statement of activities and changes in net assets and as an increase in net assets. Interest and dividend income is recorded on the accrual basis. Realized gains and losses are recognized on a specific identification basis of cost.

Property and Equipment

Property and equipment are recorded at cost when purchased or at fair value at the date of donation and are being depreciated on a straight-line basis over their estimated useful lives. Assets are depreciated over their estimated useful lives. Costs of maintenance and repairs are charged to expense when incurred. The Organizations capitalize expenditures of \$1,000 or more for property, equipment, repairs, and maintenance that improve or extend the life of an existing asset.

The Organizations report gifts of property, plant, and equipment as support without donor restrictions, and such gifts are excluded from the excess of revenue over expenses unless explicit donor stipulations specify how the donated asset must be used. Gifts of property, plant, and equipment with explicit restrictions that specify how the assets are to be used and gifts of cash or other assets that must be used to acquire property, plant, and equipment must be maintained. Expirations of donor restrictions are reported when the donated or acquired property, plant, and equipment are placed in service.

Notes to Consolidated Financial Statements

June 30, 2022 and 2021

Note 2 - Significant Accounting Policies (Continued)

Impairment of Property and Equipment

The Organizations recognize impairment of long-lived assets used in operations when indicators of impairment are present and the undiscounted cash flows estimated to be generated by those assets are less than the assets' carrying amount.

There was no impairment loss recorded as of June 30, 2022 and 2021.

Revenue Recognition

Revenue is recognized when control of the promised goods or services is transferred to the customer in an amount that reflects the consideration to which the Organizations expect to be entitled in exchange for those goods and services. The Organizations maintain legally enforceable contracts with most of their customers that establish general terms. At contract inception, the Organizations assess the goods and services promised in their contracts and identify a performance obligation for each promise that is distinct. The amount of consideration received and revenue recognized is based upon the terms stated in the contracts. The economic factors that impact the nature, timing, and uncertainty of revenue and cash flow do not vary significantly between the Organizations' customers and geographical regions in which they serve.

The Organizations' revenue streams under contracts with customers are composed of environmental services, I-Pass transponder processing and inventory management services, and rehabilitation workshops. These streams are included in contract revenue in the consolidated statement of activities and changes in net assets. Net revenue from customer contracts from environmental services revenue totaled \$12,296,685 and \$11,514,340 for the years ended June 30, 2022 and 2021, respectively. Revenue from customer contracts from I-Pass transponder processing and inventory management services totaled \$1,835,685 and \$1,925,274 for the years ended June 30, 2022 and 2021, respectively. Revenue from customer contracts from rehabilitation workshops totaled \$194,026 and \$72,894 for the years ended June 30, 2022 and 2021, respectively.

For environmental services, the Organizations have performance obligations related to providing cleaning and other custodial services over the agreed-upon contract term. Customers simultaneously receive and consume the benefit of these services as the contract is completed and revenue is recognized based on the right to invoice practical expedient. The transaction price is calculated as the amount of consideration to which the Organizations expect to be entitled and based on fixed monthly fees.

For I-Pass transponder processing and inventory management services, the primary performance obligations are processing of new and replacement transponder orders and testing and disposal of returned transponders. The customer simultaneously receives and consumes the benefit of these services as the contract is completed, and revenue is recognized based on the right to invoice practical expedient. The transaction price is calculated as the amount of consideration to which the Organizations expect to be entitled and is based on fixed per unit fees.

For rehabilitation workshops, the Organizations have performance obligations to provide kitting and assembly services for customer-owned materials. The customer simultaneously receives and consumes the benefit of these services as they are performed, and revenue is recognized based on the right to invoice practical expedient. The transaction price is calculated as the amount of consideration to which the Organizations expect to be entitled and is determined based on fixed per unit fees.

Accounts receivable from contracts with customers as of June 30, 2022, 2021, and 2020 totaled approximately \$1.1 million, \$1.4 million, and \$0.9 million, respectively. No contract assets or contract liabilities resulted from contracts with customers as of June 30, 2022, 2021, and 2020.

Note 2 - Significant Accounting Policies (Continued)

Grant Revenue

Revenue from grants from governmental agencies designated for use in specific activities is recognized in the period that expenditures have been incurred in compliance with the grantor's restrictions. Grant money received in excess of that earned is recorded as deferred revenue.

Contributions

Contributions of cash and other assets, including unconditional promises to give in the future, are reported as revenue when received, measured at fair value. Donor promises to give in the future are recorded at the present value of estimated future cash flows.

Contributions without donor-imposed restrictions and contributions with donor-imposed time or purpose restrictions that are met in the period in which the gift is received are both reported as contributions without donor restrictions. Other restricted gifts are reported as restricted support and net assets with donor restrictions.

Donated Services and Assets

Donated services are recognized as contributions if the services (a) create or enhance nonfinancial assets or (b) require specialized skills, are performed by people with those skills, and would otherwise be purchased by McKinley. McKinley also had volunteers performing a variety of tasks at its day care facilities; those services are not recognized as contributions in the consolidated financial statements since the recognition criteria were not met.

Donated services and materials, which are a normal part of the programs over which McKinley exercises control, are recorded where there is a clearly measurable basis for their valuation (e.g., rent, supplies, etc.).

Functional Allocation of Expenses

Costs of providing the program and support services have been reported on a functional basis in the consolidated statement of functional expenses. Costs are charged to program services and support services on an actual basis when available. Allocations for personnel expenses are based on estimates of time and effort of personnel involved in each function. Expenses deemed to be indirect, such as professional services, depreciation, insurance, and supplies, are considered to be management and general unless used specifically by a program. Expenses related to occupancy, such as utilities and depreciation, are allocated based on square footage occupied by each function. Other indirect costs are allocated primarily based on ratio of total expenses or ratio of total salaries. Although the methods of allocation used are considered reasonable, other methods could be used that would produce a different amount.

Federal Income Taxes

McKinley is exempt from income tax under provisions of Internal Revenue Code Section 501(c)(3). Samaritas is exempt from income tax under provisions of Internal Revenue Code Section 501(c)(2).

Use of Estimates

The preparation of consolidated financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the consolidated financial statements and the reported amounts of revenue, expenses, and other changes in net assets during the reporting period. Actual results could differ from those estimates.

Note 2 - Significant Accounting Policies (Continued)

Upcoming Accounting Pronouncement

The Financial Accounting Standards Board (FASB) issued Accounting Standards Update (ASU) No. 2016-02, *Leases*, which will supersede the current lease requirements in ASC 840. The ASU requires lessees to recognize a right-to-use asset and related lease liability for all leases, with a limited exception for short-term leases. Leases will be classified as either finance or operating, with the classification affecting the pattern of expense recognition in the statement of operations. Currently, leases are classified as either capital or operating, with only capital leases recognized on the balance sheet. The reporting of lease-related expenses in the statements of operations and cash flows will be generally consistent with the current guidance. The new lease guidance will be effective for the Organizations' year ending June 30, 2023 and will be applied using a modified retrospective transition method to the beginning of the year of adoption. The effect of applying the new lease guidance on the consolidated financial statements would be to capitalize the value and obligations related to the leases identified in Note 16.

Subsequent Events

The consolidated financial statements and related disclosures include evaluation of events up through and including December 18, 2022, which is the date the consolidated financial statements were available to be issued.

Note 3 - Accounts Receivable

Accounts receivable include the following as of June 30:

	<u>2022</u>	<u>2021</u>
Illinois Department of Healthcare and Family Services	\$ 168,498	\$ 227,769
Illinois Department of Human Services	572,455	357,000
Chicago Department of Family and Support Services	1,384,835	918,690
Illinois Department of Children and Family Services	489,962	440,709
Various rehabilitation workshops, contract revenue	1,138,590	1,429,008
Other receivables	<u>833,254</u>	<u>1,400,307</u>
Total accounts receivable - Net	<u>\$ 4,587,594</u>	<u>\$ 4,773,483</u>

The allowance for doubtful accounts on the accounts receivable balances was \$717,623 and \$410,568 as of June 30, 2022 and 2021, respectively.

Note 4 - Investments

McKinley's investments are recorded at fair value as of June 30, 2022 and 2021.

The Organizations' investments are exposed to various risks, such as interest rate, credit, and overall market volatility. Due to these risk factors, it is reasonably possible that changes in the value of investments will occur in the near term and could materially affect the amounts reported in the consolidated statement of financial position.

Investments consisted of the following at June 30:

	<u>2022</u>	<u>2021</u>
Mutual funds	\$ 736,407	\$ 953,520
Exchange-traded funds	<u>203,304</u>	<u>158,382</u>
Total	<u>\$ 939,711</u>	<u>\$ 1,111,902</u>

Notes to Consolidated Financial Statements

June 30, 2022 and 2021

Note 4 - Investments (Continued)

Not included in the table above is \$13,065 and \$12,600 of investments that is included in cash and cash equivalents in the consolidated statement of financial position as of June 30, 2022 and 2021, respectively.

Note 5 - Fair Value Measurements

Accounting standards require certain assets and liabilities be reported at fair value in the financial statements and provide a framework for establishing that fair value. The framework for determining fair value is based on a hierarchy that prioritizes the inputs and valuation techniques used to measure fair value.

Fair values determined by Level 1 inputs use quoted prices in active markets for identical assets that the Organizations have the ability to access.

Fair values determined by Level 2 inputs use other inputs that are observable, either directly or indirectly. These Level 2 inputs include quoted prices for similar assets in active markets and other inputs, such as interest rates and yield curves, that are observable at commonly quoted intervals.

Level 3 inputs are unobservable inputs, including inputs that are available in situations where there is little, if any, market activity for the related asset. These Level 3 fair value measurements are based primarily on management's own estimates using pricing models, discounted cash flow methodologies, or similar techniques taking into account the characteristics of the asset.

In instances where inputs used to measure fair value fall into different levels in the above fair value hierarchy, fair value measurements in their entirety are categorized based on the lowest level input that is significant to the valuation. The Organizations' assessment of the significance of particular inputs to these fair value measurements requires judgment and considers factors specific to each asset.

The Organizations measure their investments at fair value on a recurring basis. The fair value of their investments, as described in Note 4, is based primarily on Level 1 inputs, as described above.

The Organizations currently have no assets or liabilities required to follow the fair value guidance, which utilizes Level 2 inputs.

The Organizations also had assets that, under certain conditions, are subject to measurement at fair value on a nonrecurring basis. These assets included the assets held for sale, which were assessed annually for impairment. The Organizations had estimated the fair values of these assets based primarily on Level 3 inputs, as described above. Significant Level 3 inputs included comparable properties in the same geographic area. The fair value of these assets was \$19,211 at June 30, 2021. There were no Level 3 assets held at June 30, 2022.

Net property and equipment	<u>\$ 6,054,833</u>	<u>\$ 6,326,122</u>	

Depreciation expense was \$524,977 for 2022 and \$468,923 for 2021.

Note 7 - Deposits Held in Escrow

A total of \$283,035 and \$207,723 held in various escrow accounts as of June 30, 2022 and 2021, respectively, is restricted to specific expenditures and requires prior approval by the U.S. Department of Housing and Urban Development.

Note 8 - Line of Credit

McKinley has an available line of credit of \$4,000,000 at June 30, 2022 and 2021, which is used to bridge funding during periods when receipts from funding sources fall below cash disbursement requirements. The line of credit currently has an expiration date of May 31, 2024. Borrowings under the line of credit in 2022 and 2021 are payable on demand and bear interest at a rate of 2.35 and 2.50 percent, respectively, over the federal funds rate in 2022 and the London Interbank Offered Rate in 2021. The effective rate as of June 30, 2022 and 2021 was 4.03 and 2.59 percent, respectively. The line is secured by McKinley's receivables, excluding federal government contracts, and is cross-collateralized with the first mortgage on three properties. McKinley must comply with certain financial covenants. As of June 30, 2022 and 2021, the covenant states that the Organizations must have a minimum liquidity of \$2,500,000 measured on a quarterly basis. There were no outstanding borrowings on the line of credit at June 30, 2022 or 2021.

Note 9 - Long-term Debt

Long-term debt at June 30 is as follows:

	2022	2021
<i>McKinley</i> - Section 202 (Direct Loan Program) award from the Department of Housing and Urban Development, payable in monthly installments of \$13,284, including interest at 9.25 percent based on a 454-month amortization schedule, with the final payment due in October 2024. Under this commitment, McKinley constructed five residential care facilities for the developmentally disabled on Chicago's South Side. Note 10 - Settlement Payable and Other Liabilities

McKinley has agreements with third-party payors that provide for payments to McKinley for services at established rates, but amounts could be different from the third-party payors' payment amounts. Payment arrangements include prospectively determined reimbursed cost rates. Management has recorded settlements payable under certain programs and has included the estimates of these settlements, including estimated retroactive adjustments under reimbursement agreements with third-party payors in revenue. Retroactive adjustments are accrued on an estimated basis in the period the related services are rendered and adjusted in future periods as final settlements are determined.

Note 11 - Pension Plan

McKinley has a pension plan covering all employees who have attained age 21 and worked at least 1,000 hours of service during a 12-month period and who are not part of the Agency Federal Contract Employees program. The plan provides defined benefits based on years of credited service. McKinley's policy is to fund pension costs in an amount not less than the amount required by the Employee Retirement Income Security Act of 1974 (ERISA). On March 29, 2013, the plan was amended, changing the benefit formula for employees who are not part of the Service Employees International Union Illinois and Indiana chapters to incorporate a cash balance formula for all service beyond that date.

Obligations and Funded Status

	Pension Benefits	
	2022	2021
Projected benefit obligation	\$ 32,655,391	\$ 36,630,911
Fair value of plan	27,190,825	31,818,603

Note 11 - Pension Plan (Continued)

Assumptions

The following assumptions were used to determine the benefit obligation and the net periodic benefit costs as of June 30:

	Pension Benefits	
	2022	2021
Discount rate - Benefit obligation	4.43 %	2.73 %
Discount rate - Net periodic benefit cost	2.73	2.56
Expected long-term return on plan assets	5.36	4.96
Expected rate of compensation increase	2.00	2.00

The expected return on plan assets is based on McKinley's expectation of the long-term average rate of return of the capital markets in which the plan invests. The average market returns are adjusted, where appropriate, for active asset management returns. The expected return reflects the investment policy target asset mix and considers the historical returns earned for each asset category.

Actuarial assumptions utilized in determining the actuarial present value of accumulated plan benefits were changed since the prior valuation date. The interest and discount rate for the obligation were 2.73 percent. The mortality tables were updated to the Pri-2012 Mortality Table projected to 2022 for employees and healthy annuitants with Mortality Improvement Scale MP-2021.

Pension Plan Assets

McKinley's investment policies employ an approach where a mix of equities and fixed-income investments are used to maximize the long-term return of plan assets for a prudent level of risk. The investment portfolio primarily contains a diversified blend of equity and fixed-income investments. Investment and market risks are measured and monitored on an ongoing basis through regular investment portfolio reviews and annual liability measurements. McKinley's actual asset allocations are in line with target allocations in order to stay within a range of allocation for each asset category.

The target allocation of plan assets is 77 percent equity securities, 20 percent debt securities, and 3 percent cash equivalents as of June 30, 2022 and 2021.

The tables above present information about the pension plan assets measured at fair value at June 30, 2022 and 2021 and the valuation techniques used by the Organizations to determine those fair values.

Fair values determined by Level 1 inputs use quoted prices in active markets for identical assets that the Plan has the ability to access.

Fair values determined by Level 2 inputs use other inputs that are observable, either directly or indirectly. These Level 2 inputs include quoted prices for similar assets in active markets and other inputs, such as interest rates and yield curves, that are observable at commonly quoted intervals. The fair values of money market funds; U.S. government obligations; corporate bonds; foreign bonds; notes and debentures; and rights, warrants, and derivatives were determined primarily by Level 2 inputs.

The Organizations estimate fair values for the money market funds; U.S. government obligations; mortgage-backed securities; collateralized mortgage obligations; corporate bonds; foreign bonds; notes and debentures; and rights, warrants, and derivatives based on similar investments that are traded on the secondary market.

Level 3 inputs are unobservable inputs, including inputs that are available in situations where there is little, if any, market activity for the related asset.

The plan currently has no assets or liabilities that utilize Level 3 inputs.

In instances where inputs used to measure fair value fall into different levels in the above fair value hierarchy, fair value measurements in their entirety are categorized based on the lowest level input that is significant to the valuation. The Organizations' assessment of the significance of particular inputs to these fair value measurements requires judgment and considers factors specific to each plan asset.

Note 11 - Pension Plan (Continued)

Cash Flow

Contributions

The Organizations expect to contribute \$900,000 to the pension plan in 2023.

Estimated Future Benefit Payments

Projected benefit payments to retired employees from the plan as of June 30, 2022 are estimated as follows:

<u>Years Ending</u>	<u>Pension Benefits</u>
2023	\$ 4,742,379
2024	2,039,505
2025	2,093,831
2026	2,157,812
2027	1,986,096
2028-2031	9,483,028

Note 12 - Retirement Plan

McKinley sponsors a 403(b) plan for substantially all employees. The plan does not require McKinley to make profit-sharing contributions. Accordingly, there were no contributions in 2022 and 2021.

Note 13 - Net Assets with Donor Restrictions

Net assets with donor restrictions at June 30, 2022 and 2021 are available for the following purposes:

	<u>2022</u>	<u>2021</u>
Donor-restricted endowment (Note 14)	\$ 952,950	\$ 1,124,676

Note 14 - Donor-restricted Endowment

McKinley's endowment includes only donor-restricted endowment funds. Net assets associated with endowment funds are classified and reported based on the existence or absence of donor-imposed restrictions.

McKinley's endowment fund provides support for McKinley's mission to assist individuals and families who, because of disabilities or other limiting conditions, need help in finding and pursuing paths leading to healthy, productive, and fulfilling lives.

Note 14 - Donor-restricted Endowment (Continued)

Interpretation of Relevant Law

The Organizations are subject to the State Prudent Management of Institutional Funds Act (SPMIFA) and, thus, classify amounts in their donor-restricted endowment funds as net assets with donor restrictions because those net assets are time restricted until the board of directors appropriates such amounts for expenditures. Most of those net assets also are subject to purpose restrictions that must be met before reclassifying those net assets to net assets without donor restrictions. The board of directors of the Organizations had interpreted SPMIFA as not requiring the maintenance of purchasing power of the original gift amount contributed to an endowment fund, unless a donor stipulates the contrary. As a result of this interpretation, when reviewing their donor-restricted endowment funds, the Organizations consider a fund to be underwater if the fair value of the fund is less than the sum of (a) the original value of initial and subsequent gift amounts donated to the fund and (b) any accumulations to the fund that are required to be maintained in perpetuity in accordance with the direction of the applicable donor gift instrument. The Organizations had interpreted SPMIFA to permit spending from underwater funds in accordance with the prudent measures required under the law. Additionally, in accordance with SPMIFA, the Organizations consider the following factors in making a determination to appropriate or accumulate donor-restricted endowment funds:

- The duration and preservation of the fund
- The purpose of the Organizations and the donor-restricted endowment fund
- General economic conditions
- The possible effect of inflation and deflation
- The expected total return from income and the appreciation of investments
- Other resources of the Organizations
- The investment policies of the Organizations

Funds with Deficiencies

From time to time, the fair value of assets associated with individual donor-restricted endowment funds may fall below the level that the donor or SPMIFA requires the Organizations to retain as a fund of perpetual duration. Deficiencies of this nature exist in one donor-restricted endowment fund, which has an original gift value of \$1,000,000, a current fair value of \$952,950, and a deficiency of \$47,050 as of June 30, 2022. These deficiencies resulted from unfavorable market fluctuations for donor-restricted endowment funds.

There were no such deficiencies as of June 30, 2021.

Notes to Consolidated Financial Statements

June 30, 2022 and 2021

Note 14 - Donor-restricted Endowment (Continued)

Return Objectives and Risk Parameters

McKinley has adopted investment and spending policies for endowment assets that attempt to provide a predictable stream of funding to programs supported by its endowment. Endowment assets include those assets of donor-restricted funds that the Organizations must hold in perpetuity. Under this policy, as approved by the board of directors, the endowment assets are invested in a manner that is intended to produce an average rate of return of approximately 6 percent annually. Actual returns in any given year may vary from this amount.

Strategies Employed for Achieving Objectives

To satisfy its long-term rate-of-return objectives, McKinley relies on a total return strategy in which investment returns are achieved through both capital appreciation (realized and unrealized) and current yield (interest and dividends). McKinley targets a diversified asset allocation that places a greater emphasis on equity-based investments to achieve its long-term return objectives within prudent risk constraints.

Spending Policy and How the Investment Objectives Relate to Spending Policy

As stated above, the Organizations are restricted from making any distributions until the endowment maintains a balance of \$1 million. This is consistent with McKinley's objective to maintain the purchasing power of the endowment assets held in perpetuity, as well as to provide additional real growth through new gifts and investment return.

Note 17 - Related Party Transactions

McKinley provides various services to the affiliates that are described in Note 1. Revenue related to these services is reported in rehabilitation workshops, contract revenue, and other revenue in the consolidated statement of activities and changes in net assets. Receivables related to these various services are periodically evaluated for collectibility based on current financial condition. Provisions for losses on receivables are determined based on current financial condition. The Organizations consider a receivable to be impaired when, based upon current information and events, it is probable that the Organizations will be unable to collect all amounts due to them. The Organizations do not have any receivables considered to be impaired as of June 30, 2022 and 2021. McKinley had the following balances due to/from its affiliates:

	2022	2021
McKinley II, Inc.	\$ 117,300	\$ 142,022
McKinley III, Inc.	152,209	129,045
McKinley IV, Inc.	153,103	152,201
Total advances to affiliates	\$ 422,612	\$ 423,268

The related party transactions McKinley has with its affiliates, McKinley II, Inc.; McKinley III, Inc.; and McKinley IV, Inc., are as follows:

Note 18 - Assets Held for Resale and Discontinued Operations

In October 2019, one property was classified as held for sale. The net carrying value of the building (cost less accumulated depreciation) had been classified as assets held for resale as of June 30, 2021. While the building is classified as held for sale, any related revenue or expenses are classified as discontinued operations within the consolidated statement of activities and changes in net assets (deficiency in net assets). During November 2021, this asset held for sale was sold at a gain of \$135,586. The discontinued operations are made up of the following expenses during 2022 and 2021:

	2022	2021
Expenses:		
Maintenance and utilities	\$ (2,373)	\$ (7,394)
Insurance	(1,227)	(1,119)
Total	<u>\$ (3,600)</u>	<u>\$ (8,513)</u>

Note 19 - Liquidity and Availability of Resources

The Organizations have \$13,751,774 and \$13,440,375 of financial assets available within one year of June 30, 2022 and 2021, respectively, to meet cash needs for general expenditures consisting of cash and cash equivalents of \$9,164,180 and receivables of \$4,587,594 in 2022 and cash and cash equivalents of \$8,666,892 and receivables of \$4,773,483 in 2021. None of the financial assets are subject to donor or other contractual restrictions that make them unavailable for general expenditure within one year of the consolidated statement of financial position date. The Organizations have a goal to maintain financial assets, which consist of cash and short-term investments, on hand to meet normal operating expenses. The Organizations have a policy to structure their financial assets to be available as their general expenditures, liabilities, and other obligations come due. The Organizations also have the ability to draw on the line of credit disclosed in Note 8 in the event of an unanticipated liquidity need.

Report on Schedule of Expenditures of Federal Awards Required by the Uniform Guidance

Independent Auditor's Report

To the Board of Directors
Ada S. McKinley Community Services, Inc.
and Subsidiary

We have audited the consolidated financial statements of Ada S. McKinley Community Services, Inc. and Subsidiary (the "Organization") as of and for the year ended June 30, 2022 and have issued our report thereon dated December 18, 2022, which contained an unmodified opinion on those consolidated financial statements. Our audit was conducted for the purpose of forming an opinion on the consolidated financial statements as a whole. We have not performed any procedures with respect to the audited consolidated financial statements subsequent to December 18, 2022.

The accompanying schedule of expenditures of federal awards is presented for the purpose of additional analysis, as required by the Uniform Guidance, and is not a required part of the consolidated financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the consolidated financial statements. The information has been subjected to the auditing procedures applied in the audit of the consolidated financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the consolidated financial statements or to the consolidated financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the schedule of expenditures of federal awards is fairly stated in all material respects in relation to the consolidated financial statements as a whole.

Report on Internal Control Over Financial Reporting and on Compliance and Other Matters Based on an Audit of
Financial Statements Performed in Accordance with *Government Auditing Standards*

Independent Auditor's Report

To Management and the Board of Directors
Ada S. McKinley Community Services, Inc.
and Subsidiary

We have audited, in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the consolidated financial statements of Ada S. McKinley Community Services, Inc. and Subsidiary (the "Organization"), which comprise the consolidated statement of financial position as of June 30, 2022 and the related consolidated statements of activities and changes in net assets, functional expenses, and cash flows for the year then ended, and the related notes to the consolidated financial statements and have issued our report thereon dated December 18, 2022. The financial statements of Samaritas, Inc. were not audited in accordance with *Government Auditing Standards*.

Report on Internal Control Over Financial Reporting

In planning and performing our audit of the consolidated financial statements, we considered the Organization's internal control over financial reporting (internal control) as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing our opinion on the consolidated financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Organization's internal control. Accordingly, we do not express an opinion on the effectiveness of the Organization's internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A material weakness is a deficiency, or a combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the Organization's consolidated financial statements will not be prevented, or detected and corrected, on a timely basis. A significant deficiency is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses or significant deficiencies may exist that have not been identified.

Report on Compliance and Other Matters

As part of obtaining reasonable assurance about whether the Organization's consolidated financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the consolidated financial statements. However, providing an opinion on compliance with those provisions was not an objective of our audit, and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

To Management and the Board of Directors
Ada S. McKinley Community Services, Inc.
and Subsidiary

Purpose of This Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the Organization's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Organization's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

Report on Compliance for Each Major Federal Program and Report on Internal Control Over Compliance
Required by the Uniform Guidance

Independent Auditor's Report

To the Board of Directors
Ada S. McKinley Community Services, Inc.
and Subsidiary

Report on Compliance for Each Major Federal Program

Opinion on Each Major Federal Program

We have audited Ada S. McKinley Community Services, Inc. and Subsidiary's (the "Organization") compliance with the types of compliance requirements identified as subject to audit in the Office of Management and Budget (OMB) Compliance Supplement that could have a direct and material effect on each of the Organization's major federal programs for the year ended June 30, 2022. The Organization's major federal programs are identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs.

The Organization's consolidated financial statements include the operations of Ada S. McKinley Community Services, Inc. Group Homes, which received \$969,634 in federal awards that is not included in the schedule during the year ended June 30, 2022. Our audit, described below, did not include the operations of Ada S. McKinley Community Services, Inc. Group Homes because separate financial statements and a separate schedule of expenditures of federal awards were prepared.

In our opinion, the Organization complied, in all material respects, with the compliance requirements referred to above that could have a direct and material effect on each of the major federal programs for the year ended June 30, 2022.

Basis for Opinion on Each Major Federal Program

We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America (GAAS); the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and the audit requirements of Title 2 U.S. Code of Federal Regulations Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (the "Uniform Guidance"). Our responsibilities under those standards and the Uniform Guidance are further described in the *Auditor's Responsibilities for the Audit of Compliance* section of our report.

We are required to be independent of the Organization and to meet our other ethical responsibilities in accordance with relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion on compliance for each major federal program. Our audit does not provide a legal determination of the Organization's compliance with the compliance requirements referred to above.

Responsibilities of Management for Compliance

Management is responsible for compliance with the requirements referred to above and for the design, implementation, and maintenance of effective internal control over compliance with the requirements of laws, statutes, regulations, rules, and provisions of contracts or grant agreements applicable to the Organization's federal programs.

To the Board of Directors
Ada S. McKinley Community Services, Inc.
and Subsidiary

Auditor's Responsibilities for the Audit of Compliance

Our objectives are to obtain reasonable assurance about whether material noncompliance with the compliance requirements referred to above occurred, whether due to fraud or error, and express an opinion on the Organization's compliance based on our audit. Reasonable assurance is a high level of assurance but is not absolute assurance and, therefore, is not a guarantee that an audit conducted in accordance with GAAS, *Government Auditing Standards*, and the Uniform Guidance will always detect material noncompliance when it exists. The risk of not detecting material noncompliance resulting from fraud is higher than for that resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Noncompliance with the compliance requirements referred to above is considered material if there is a substantial likelihood that, individually or in the aggregate, it would influence the judgment made by a reasonable user of the report on compliance about the Organization's compliance with the requirements of each major federal program as a whole.

In performing an audit in accordance with GAAS, *Government Auditing Standards*, and the Uniform Guidance, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material noncompliance, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the Organization's compliance with the compliance requirements referred to above and performing such other procedures as we considered necessary in the circumstances.
- Obtain an understanding of the Organization's internal control over compliance relevant to the audit in order to design audit procedures that are appropriate in the circumstances and to test and report on internal control over compliance in accordance with the Uniform Guidance, but not for the purpose of expressing an opinion on the effectiveness of the Organization's internal control over compliance. Accordingly, no such opinion is expressed.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and any significant deficiencies and material weaknesses in internal control over compliance that we identified during the audit.

Report on Internal Control Over Compliance

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. A material weakness in internal control over compliance is a deficiency, or a combination of deficiencies, in internal control over compliance such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. A significant deficiency in internal control over compliance is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the *Auditor's Responsibilities for the Audit of Compliance* section above and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies in internal control over compliance. Given these limitations, during our audit we did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses, as defined above. However, material weaknesses or significant deficiencies in internal control over compliance may exist that were not identified.

Our audit was not designed for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, no such opinion is expressed.

To the Board of Directors
Ada S. McKinley Community Services, Inc.
and Subsidiary

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance. Accordingly, this report is not suitable for any other purpose.

Notes to Schedule of Expenditures of Federal Awards

Year Ended June 30, 2022

Note 1 - Basis of Presentation

The accompanying schedule of expenditures of federal awards (the "Schedule") includes the federal grant activity of Ada S. McKinley Community Services, Inc. and Subsidiary (the "Organization") under programs of the federal government for the year ended June 30, 2022. The information in the Schedule is presented in accordance with the requirements of Title 2 U.S. Code of Federal Regulations Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (the "Uniform Guidance"). Because the Schedule presents only a selected portion of the operations of the Organization, it is not intended to and does not present the financial position, changes in net assets, functional expenses, or cash flows of the Organization. Ada S. McKinley Community Services, Inc. Group Homes, which received \$969,634 in federal awards, is not included in the Schedule during the year ended June 30, 2022 because it is not included in our audit, and a separate schedule of expenditures of federal awards was prepared.

Note 2 - Summary of Significant Accounting Policies

Expenditures reported in the Schedule are reported on the accrual basis of accounting. Such expenditures are recognized following the cost principles contained in Title 2 U.S. Code of Federal Regulations Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards*, wherein certain types of expenditures are not allowable or are limited as to reimbursement. The pass-through entity identifying numbers are presented where available.
