16th Annual Report for the period of 2020 - 2021

CORPORATE DETAILS

BOARD OF DIRECTORS*		
Sr. No.	**NAME OF THE DIRECTOR'S**	**DESIGNATION**
1.	Shri. Dinesh T. Waghmare, IAS	Chairman & Managing Director
2.	Shri. Ashok Phalnikar	Director (Finance)
3.	Shri. Anil V. Kolap	Director (Operations)
4.	Shri. Quadri Nasir Syed Mazhar	Director (Projects)
5.	Shri. Sugat Gamare	Director (Human Resources)
6.	Smt. Trupti Nitin Mudholkar	Director

COMPANY SECRETARY	**STATUTORY AUDITORS**
Ms. Vineeta Shriwani	M/s Khimji Kunverji & Co. LLP. Chartered Accountants

REGISTERED OFFICE
Prakashganga, Plot No. C-19, "E" Block, Bandra-Kurla Complex, Bandra (E), Mumbai-400 051. Website: www.mahatransco.in (CIN No. U40109MH2005SGC153646)

**As on 24.02.2022*

DIRECTORS BRIEF PROFILE

Shri. Dinesh T. Waghmare-, IAS
Chairman and Managing Director

Shri. Dinesh Waghmare (IAS) is a senior IAS officer of 1994 batch. He is holding the post of Principal Secretary (Energy), Government of Maharashtra since 29.01.2021 and holding the additional charge of Chairman and Managing Director of Maharashtra State Electricity Transmission Co. Ltd. (MSETCL). In the capacity of PS(Energy) he is also acting as Managing Director, MSEB Holding Company Limited. Prior to this he took charge of CMD, MSETCL from Shri Parrag Jaiin Nainutia, IAS since 23.01.2020. Prior to joining of MSETCL, Shri Waghmare was posted as Principal Secretary, Social Justice and Special Assistance Department, Government of Maharashtra.

Shri. Waghmare is B.E. (Electronics) from Visvesvaraya National Institute of Technology, (VNIT) Nagpur and M. Tech from IIT Kharagpur in Computer Science. He has also done M.Sc. in Development & Project Planning, Bradford University, England, UK. He possesses more than 26 years of experience in responsible roles in spheres of Management and Administration. He brings in rich expertise in team, project leadership, administration and management.

Shri. Ashok Phalnikar
Director (Finance)

Shri. Ashok A. Phalnikar has joined as Director (Finance) at Maharashtra State Electricity Transmission Company Limited (MSETCL) on 05.10.2020. He is from director cadre of Finance and Audit Services of Government of Maharashtra. Prior to joining at MSETCL, he worked as Financial Advisor and Chief Account Officer at Maharashtra State Road Transport Corporation, Mumbai. Before that, he has served in various distinguished offices including Hon'ble Bombay High Court, Mumbai, Hon'ble Chief Minister's Office and University of Mumbai, etc.

Shri. Phalnikar has done Masters in Commerce from Mumbai University. He has worked at various Government and Semi-Government Institutions as Financial Advisor and Account Officer. Shri. Phalnikar has more than 25 years of work experience of key posts of Finance and Audit functions. His experience will be beneficial to MSETCL. On behalf of MSETCL we wish him good wishes for his future endeavors.

Shri. Anil V. Kolap
Director (Operations)

Shri. Anil Vilas Kolap have been appointed as Director (Operations), MSETCL w.e.f. 05.10. 2021.

Shri. Kolap is a B.E. (Electrical) graduate from Walchand College of Engineering, Sangli from Shivaji University, Kolhapur. He completed D.C.M.(Diploma in Computer Management) from Bharati Veedyapeeth Institute of Management (Shivaji University), Kolhapur.

After graduation in 1991 he joined in erstwhile MSEB as Junior Engineer and posted at 132kV SS Sangamner (EHV O&M Div. Babhaleswar) Nasik Zone. Under Direct recruitment in Aug. 2003 he was selected as "Additional Executive Engineer" and in Dec. 2009 selected as "Superintending Engineer" and was posted at Energy Accounting Section, SLDC, Kalwa.

In 2018 got promoted as Chief Engineer and was posted at SLDC, Kalwa. At SLDC took major assignments like streamlining of visibility, replacement of Video Wall, Commissioning of REMC, in house preparation of REDSM regulation codes and procedure, DSM codes and procedure, Metering code and procedure, outage management standardisation. Thereafter he was appointed as CE, Karad Zone.

Shri. Quadri Nasir Syed Mazhar
Director (Projects)

Shri Quadri Nasir Syed Mazhar has joined as Director (Projects) at Maharashtra State Electricity Transmission Company Limited (MSETCL) on 05.10.2021.

He is a Gold Medalist from Govt. College of Engineering, Aurangabad, Dr. Babasaheb Marathwada University in Electrical Engineering in 1991.

1992-1994 he worked as lecturer in MIT Engineering College, Aurangabad during 1992-1994. Thereafter, he started his career as Junior Engineer, in erstwhile MSEB in 1994.

He was appointed as Executive Engineer under direct recruitment drive in the 2006 and has worked in different locations and handled various operational activities of MSETCL.

While working as EE Project Dn, Aurangabad, he was awarded with 1st Rank in Maharashtra towards completion of highest no. of EHV SS & Lines in a FY 2009-10.

In Jul-2012 he got promoted as Superintending Engineering (Trans) under direct recruitment drive and joined at Design & Engineering Department, CO, Mumbai.

He worked at the level of SE in different departments of MSETCL till September 2019 and thereafter was promoted as Chief Engineer and worked as CE EHV PC O&M Zone, Vashi.

He led the teams which got prestigious SKOCH GOLD AWARD-2018 for Digital Substation at Kekatnimbhora and SKOCH Gold Award-2020 for MTCIL OPGW works. He was part of team that visited Goldman School of Public Policy at University of California, Berkely, USA for 'Maharashtra: Powering towards a sustainable future University of Berkely, California towards'

Shri. Sugat Gamare
Director (Human Resource)

Shri. Sugat Gamare is appointed as Director, Human Resources in MSETCL w.e.f. 10.01.2022. Prior to joining as Director (Human Resources), he was working as Chief General Manager (Human Resources) since 03.08.2016. He was holding additional charge of the post of Executive Director (Human Resources) since 03.01.2018.

Shri. Gamare has done Post Graduation in Personnel Management & Industrial Relations from Tata Institute of Social & Science (TISS) in the year 1996 and possesses 25 years of experience. Prior to MSETCL, he worked with Mukund Ltd., University of Mumbai, National Bank of Agricultural & Rural Development (NABARD), Videsh Sanchar Nigam Limited (VSNL) & Gharda Chemicals. Shri. Gamare possesses rich experience in shaping Human Resources Policies, Administration, Learning & Development, Organization Development and Change Management (ODCM) and Management.

Smt. Trupti Nitin Mudholkar
Director

Smt. Trupti N. Mudholkar have been appointed as a Director in the capacity of Finance expert in MSETCL w e f 22.01.2021.

Mrs Mudholkar is a Chartered Accountant by profession with a wide experience of 25 years in MAHAGENCO and is currently working as a General Manager (F&A),Koradi Thermal power station ,MAHAGENCO.

MAHARASHTRA STATE ELECTRICITY TRANSMISSION COMPANY LIMITED

Directors' Report

To,
The Members,
We are delighted to present the report on our business and operations for the Financial Year ended March 31, 2021.

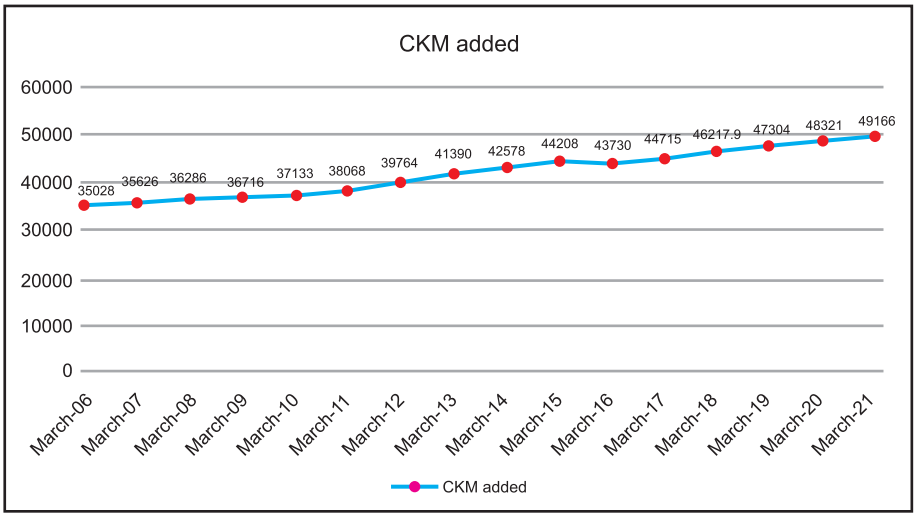

I. STATE OF COMPANY'S AFFAIRS AND FUTURE OUTLOOK

(A) Overview of Journey from formation of Company till March 2021

We have built and own 694 number of substation as on 31st March 2021 in comparison to 468 Nos of substations in March, 2006 showing a compounded annual growth rate (CAGR) of 2.66 %. Each new substation is being added not only to cater the demand but to give reliable & quality power on 24 x 7 basis along with stability of network as well as reducing the losses. With the addition of each new substation, one can understand the growth of transmission utility commensurate with additional generation capacity matching with demand and requirements of the transmission system.

Similarly we own a vast network of EHV transmission lines ranging from 66kV to 400kV & 500 kV HVDC. As on March-2006, we had 35028 Ckm of transmission lines, which is expanded to 49166 Ckm as on 31st March 2021, ranging from 66kV to 400 kV and 500kV HVDC lines with CAGR of 2.28 %.

The voltage levelwise growth from 2005-2006 till March 2021 is as under:

Sr. No.	Voltage Class	Substations as on (Nos.)		EHV network as on (Ckm)	
		March-2006	March-2021	March-2006	March-2021
1	500 kV HVDC	2	2	1504	1504
2	765KV	0	1	0	0
3	400 kV	17	31	6375.74	8415
4	220 kV	134	238	11478.28	18763
5	132 kV	217	340	10084.61	17420
6	110 kV	31	37	1637	1764
7	100 kV	25	38	678	704
8	66 kV	42	7	3270	595
	TOTAL	**468**	**694**	**35027.61**	**49166**

Note:- It is policy of MSETCL to eliminate the 66KV level in stages, hence existing 66KV substations and lines are either being upgraded to higher level or eliminated.

Present transmission network and related data (as on 31.03.2021)

Sr. No.	Voltage Class	EHV Substations (Nos.)	Transformation Capacity(MVA)	Transmission Lines (Ckm)
1	500 kV HVDC	2	3582	1504
2	765KV	1	3000	0
3	400 kV	31	31545	8415
4	220 kV	238	57215	18763
5	132kV	340	29854.5	17420
6	110 kV	37	2455	1764
7	100 kV	38	2823	701
8	66 kV	7	170.5	595
	TOTAL	**694**	**130645**	**49166**

Achievement against planned for the year 2020-21

Sr. No.	Voltage Class	Substations(Nos.)			Transmission Lines (Ckm)	
		Planned	Actual	MVA	Planned	Actual
1	**500 kV HVDC**	0	0	0	0	0
2	**765KV**	0	0	0	0	0
3	**400 kV**	0	0	500	0	0
4	**220 kV**	4	5	680	431.21	298.55
5	**132kV**	4	8	325	443	543.87
6	**110 kV**	0	1	125	0	0
7	**100 kV**	0	0	25	0	3
8	**66 kV**	0	0	0	0	0
	TOTAL	**8**	**14**	**1655**	**874.04**	**845.42**

- This shows that we have achieved an incremental growth rate in adding number of substations as well as Ckm of transmission lines.
- Against the targets of 08 Nos. of various voltage level substations, the actual achievement is 13 nos. which is 162.5%.
- Against the targets of 874.04 Ckm of various voltage level lines, the actual achievement is 845.42 Ckm, which is 96.72%
- The EHV new substations commissioned during year 2020-21: List attached as ANNEXURE 'A'.
- The EHV transmission lines commissioned during year 2020-21: List attached as ANNEXURE 'B'.

Comparison of last five years							
Sr. no.	Particulars	2016-17 (Actual)	2017-18 (Actual)	2018-19 (Actual)	2019-20 (Actual)	2020-21	Total
1	New Substations	19	12	12	9	13	76
	A. MVA addition due to New substations	2750	1250	775	200	475	5450
	B. MVA addition due to Additional transformers	4985	3575	3050	775	740	13125
	C. MVA addition due to Replacement of transformers	663	535	343.5	0	440	1981.1
	Total MVA addition	8398	5360	4168.5	975	1655	20556.5
2	EHV lines (Ckm)	985	1600.15	1086.2	1016.92	845.426	5533.83
3	Capital Expenditure (Rs. in Crores)	1190	1025.21	1388	1499	1235 (Provisional)	6337.21

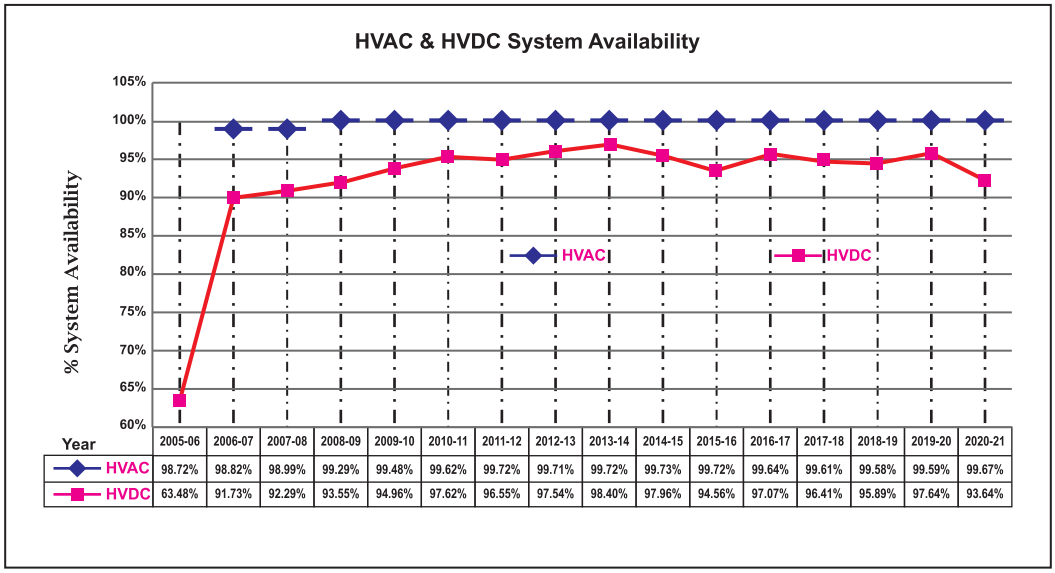

Future Road Map

The state has very high growth rate of development and power being vital engine for accelerating the growth, MSETCL has planned to construct 11 Nos of new substations and 597.87 CkM of transmission lines for the period 2021-22, the voltage level-wise targets are tabulated below:

Sr. No.	Voltage Class	Substations(Nos.)	Tr. lines (CkM)
1	765 kV	0	0
2	400 kV	1	26.47
3	220 kV	6	346.25
4	132 kV	4	225.14
5	110 kV	0	0
6	100 kV	0	0
7	66 kV	0	0
	Total	**11**	**597.87**

(B) Transmission Licensee

(1) HVAC and HVDC System availability from 2005-06 to 2020-21

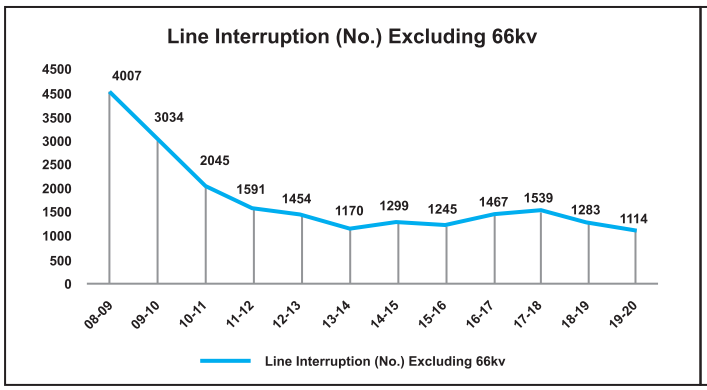

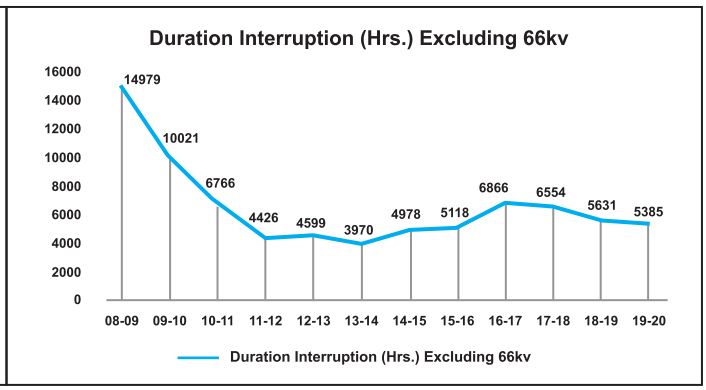

Year	2005-06	2006-07	2007-08	2008-09	2009-10	2010-11	2011-12	2012-13	2013-14	2014-15	2015-16	2016-17	2017-18	2018-19	2019-20	2020-21
HVAC	98.72%	98.82%	98.99%	99.29%	99.48%	99.62%	99.72%	99.71%	99.72%	99.73%	99.72%	99.64%	99.61%	99.58%	99.59%	99.67%
HVDC	63.48%	91.73%	92.29%	93.55%	94.96%	97.62%	96.55%	97.54%	98.40%	97.96%	94.56%	97.07%	96.41%	95.89%	97.64%	93.64%

HVAC (High Voltage Alternate Current System) & HVDC (High Voltage Direct Current System) Availability Achievement from FY 2005-06 to 2020-21

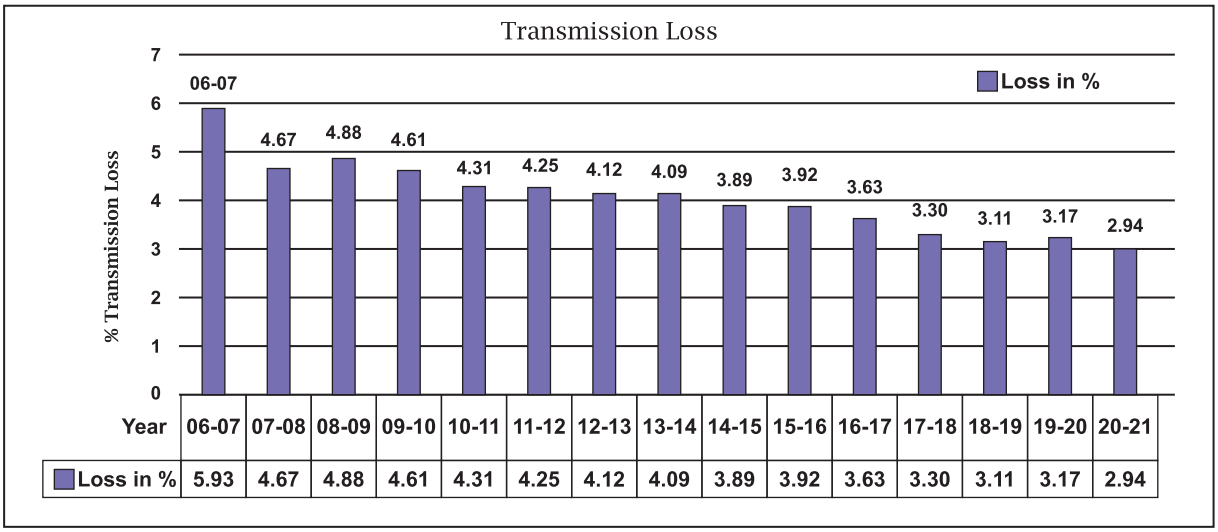

F.Y.	HVAC	HVDC
2005-06	98.72%	63.48%
2006-07	98.82%	91.73%
2007-08	98.99%	92.29%
2008-09	99.29%	93.55%
2009-10	99.48%	94.96%
2010-11	99.62%	97.62%
2011-12	99.72%	96.55%
2012-13	99.71%	97.54%
2013-14	99.72%	98.40%
2014-15	99.73%	97.96%
2015-16	99.72%	94.56%
2016-17	99.64%	97.07%
2017-18	99.61%	96.41%
2018-19	99.58%	95.89%
2019-20	99.59%	97.64%
2020-21	99.67%	93.64%

(B)(1)(a) Year wise EHV Lines Interruptions (Numbers & Duration)

(B) (2) Transmission Loss

Sr. No.	Year	Transmission Loss in %
1	2006-07	5.93
2	2007-08	4.67
3	2008-09	4.88
4	2009-10	4.61
5	2010-11	4.31
6	2011-12	4.25
7	2012-13	4.12
8	2013-14	4.09
9	2014-15	3.89
1	2015-16	3.92
11	2016-17	3.63
12	2017-18	3.30
13	2018-19	3.11
14	2019-20	3.17
15	2020-21	2.94

The Transmission loss of 2.94% in the year 2020-21 and it is one of the best among utilities across the country.

(B) (3) Present Transmission Network and Related Data

(As on 31/03/2021)

Voltage level	EHV Substation	Transformation Capacity (MVA)	EHV Lines (CKT KM.)
765 kV	1	3000	0
500 kV HVDC	2	3582	1504
400 kV	31	31545	8415.497
220 kV	238	57165	18763.433
132 kV	340	29854.5	17420.332
110 kV	37	2455	1763.965
100 kV	38	2823	704.403
66 kV	7	170.5	594.8
Total	**694**	**130595**	**49166.43**

Present Transmission System Availability as against MERC benchmark

Year	16-17	17-18	18-19	19-20	20-21
EHV AC	(MERC Benchmark 98%)				
Avail. %	99.64%	99.61%	99.58%	99.59%	99.67%
HVDC	(MERC Benchmark 95%)				
Avail. %	97.07%	96.41%	95.89%	97.64%	93.64%

(B) (4) Challenges before Transmission Licensee

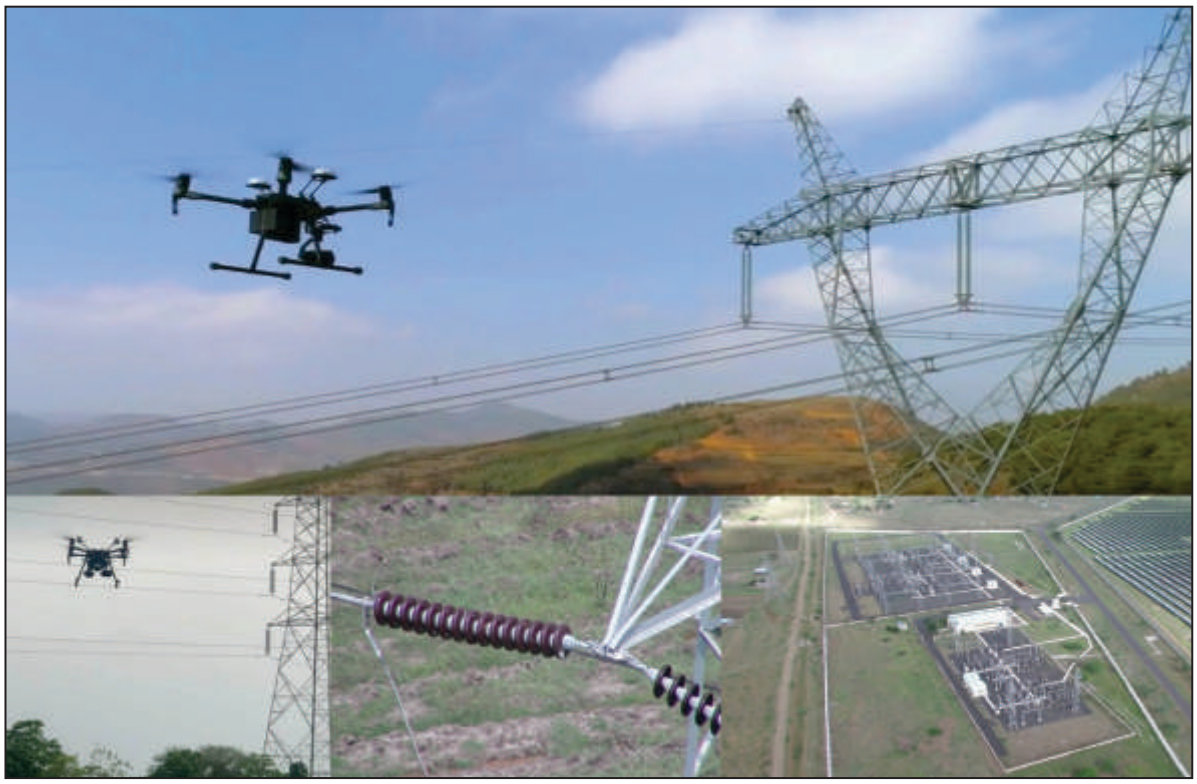

1) **Transmission System Availability:** To maintain & improve further the HVAC & HVDC System Availability.
2) **Transmission Losses:** Reduction in Transmission Losses.
3) **In time Project Completion:** To complete the projects to avoid Time & Cost overrun.
4) **Cyber Security:** To improve the system for securing crucial system data from cyber attacks and ensuring Cyber security.
5) **Adoption of new technologies:** To improve pace for adoption of new technologies.
6) **Accelerate the business processes:** To avoid the delay in statutory approvals, land acquisition, resolving ROW issues etc.
7) **Optimized cost of Operations & Maintenance:** To maintain the infrastructure without sacrificing the reliability, safety, quality with least cost of operation and maintenance and move towards Automation.
8) Optimum utilization of Network & Manpower.
9) Development of Fiber Optic communication network and exploring business options thereof.
10) Reduction in accidents & ensuring zero accidents.

(B) (5) Adoption of Innovative Ideas & New Technologies:

1) Remote Airborne Inspection and Scanning System (Remote Control Drone):

MSETCL is operating and maintaining vast EHV network spread across the state of Maharashtra. For smooth functioning of such a vast EHV network & maintaining the availability and reliability of transmission system, MSETCL has to take necessary precautionary measures to minimize occurrences due to the problems on the transmission lines. This can be achieved by periodical Survey/ Patrolling for checking the healthiness of Transmission Lines. Previously, conventional methods such as Ground patrolling/ Monkey patrolling were used for observing the damages to the conductor/ hardware/ earth wire. However, these conventional methods of line patrolling are time consuming and inefficient operating procedures. Therefore, MSETCL has adopted the latest technology in line patrolling and introduced Remote Airborne Inspection and Scanning Systems which are Remote Controlled Drones. The use of Drones helps in cost and time savings in line patrolling and maintenance thereof.

MSETCL has procured 24 nos. of Remote Airborne Inspection and Scanning Systems (Remote Controlled Drones) for closer inspection of EHV lines to observe any breakage of conductor/ insulators, missing/ damaged hardware, damages to conductor or earth wire, hot spot etc. These Remote Controlled Drones have pre-installed Thermovision & highly sensitive Visual Cameras along with GPS for precise monitoring of any possible defects/lacunae and also infringement/encroachment issues along the ROW etc. Further, all these digitally recorded details are being monitored/ analyzed to ensure the healthiness of EHV lines. Thus, monitoring Transmission line, towers through Remote Controlled Drone gives the inputs about present condition of the transmission line and suitable corrective/ remedial action/ measures can be taken before any major occurrence/ breakdown takes place.

2) Insulated Type Aerial Work Platforms for Hot-Line maintenance works:

To operate & maintain a wide-spread EHV network with high normative performance standards, new techniques & technologies need to be adopted to cope-up with the technological developments in the field of power sector. MSETCL has adopted Hot Line Maintenance practices through which live line maintenance of equipments is possible. It improves system availability and reduces interruptions on EHV lines. MSETCL has established special Hot Line Maintenance units to carry out works on live system helping in reduction of downtime of a system without availing outages.

Furthermore, MSETCL has procured two Insulated Type Aerial Work Platforms (Articulating Boom lift) one for each Nagpur & Pune zones to carry out Hot Line maintenance works effectively at a height of upto 23 meters. It is a mechanical device used to provide temporary access for people or equipment to inaccessible areas, usually at a height. Such work platforms are able to drive themselves around a site while the maintenance work is in progress.

3) Hot-Line Washing:

Various EHV lines of MSETCL pass through the industrial and foggy area which causes more number of trippings on these lines. To reduce these trippings, the Hot Line Units have to carry out the activity of Hot line washing on these lines regularly. MSETCL has procured two numbers of Hot-Line washing equipments one for each Karad & Nashik zones and also procurement of five numbers of Hot-Line washing equipments is under process.

4) Hotline Maintenance / Puncture Insulator Detection (PID):

Puncture Insulator Detector is lightweight tool that record defects and dangerous conditions on energized suspension insulators, station posts, bushings and lightning arresters. They measure the electric field along the insulators, record the electrical field and all conductive insulator defects viz. Leaking insulators, Punctured insulators, Surface contamination, Carbon tracking, Captive moisture.

5) Digital Substation & Digital Bay:

MSETCL is planning to undertake digitalization and remote operation of substations. It will improve the reliability, efficiency and safety of the system with the use fiber optic cables rather than traditional copper connections. Presently, 220/33kV Kekat Nimbhora digital substation is in service under Nashik zone and the work of 1 no. of 220kV Digital Bay is under execution at existing 400/220kV Loniknad-II S/s.

6) Implementation of Rapid Restoration System (RRS):

Failure of any ICT unit at EHV substation results in loss to the system as a whole and forced load shedding becomes inevitable till the failed ICT bank comes in operation. Therefore, Rapid Restoration Schemes (RRS) are being implemented as an effective solution to minimize the delay in restoration of normalcy in case of failure of any of the single phase unit of ICT banks at 400 kV substations in MSETCL's system. This gives more flexibility for EHV operation & maintenance and thereby increasing the reliability of system.

7) Automated Meter Reading (AMR) project for interface energy meters:

Automated Meter Reading (AMR) project is implemented for transmission & sub-transmission system throughout the geographical domain of MSETCL and in Mumbai utilities like Adani, BEST & TATA in a phased manner for better granularity and ramp monitoring. This project enabled automated, transparent and reliable process of interface energy meter data collection without manual intervention. It provides actual energy data for effective implementation of Deviation Settlement Mechanism (DSM) in the state of Maharashtra, in line with SAMAST guideline. DSM is a need of GRID discipline and through AMR ABT system it can be achieved in precise and faster manner. Old Interface Energy Meter (IEM) meter data was uploaded manually for DSM. After implementation of this project about 80% IEM data is available through AMR. AMR project also help in scheduling and billing activity at SLDC level.

8) Maharashtra Transmission Asset Management Center (MTAMC)

Maharashtra Transmission Asset Management Center (MTAMC) with associated telecommunication system and adapted substations for enabling remote centralized operation, monitoring and control of MSETCL Transmission system has been proposed. MSETCL is planning for establishment of automation of 22 nos. EHV substations monitored & controlled by a Control Center with OPGW connectivity. It will help in centralized monitoring and control of MSETCL substations through a Control Center at Airoli. Automation of substations can be possible such that Remote Protection Management and Relay Parameterization (RAS), Automatic DR Fetching & Analysis (AFAS), Video surveillance of substations through VMS & PIDS, Transformer Monitoring System (TMS- Online Bushing Monitoiring, Online DGA, Auxillary System). It will also help in establishment of Corporate Data Warehouse System (CDWS).

9) Emergency Restoration System (ERS):

The outage of transmission system due to natural/ manmade disasters is a matter of concern of utilities/transmission licensees as the outages not only restrict the evacuation of power but also causes serious problem in meeting power demand. The restoration of transmission line in shortest possible time is a challenging and a difficult task for most of the utilities/transmission licensees. To mitigate the natural/ manmade disasters immediate restoration of transmission system on temporary Emergency Restoration System (ERS) is essential to support essential services like hospitals/railways and carrying out other activities during such period.

At present, MSETCL is having 2nos. of ERS, one is kept at Kalwa (Mumbai) and the other one at Murtizapur (Akola district). These are capable of meeting restoration works upto 400kV level. Available two ERS are strategically located to meet requirement in case of emergency. Further, these systems are being used as and when required and found to be very useful. Further considering vast EHV network of MSETCL spread over the large geographical area of Maharashtra state, procurement of additional two numbers of the ERS suitable for works from 132KV to 400KV class transmission lines is under consideration to meet the emergency/ crisis situations effectively.

B. State Grid Operations

State Load Dispatch Centre

The state load dispatch centre is the Apex body to ensure integrated operation of the power system in the State.

The functions of State Load Dispatch Centre are as under:

(a) Responsible for optimum scheduling and dispatch of electricity within a State, in accordance with the contracts entered into with the licensees or the generating companies operating in that State;

(b) Monitor grid operations;

(c) Keep accounts of the quantity of electricity transmitted through the State grid;

(d) Exercise supervision and control over the intra-State transmission system; and

(e) Responsible for carrying out real time operations for grid control and dispatch of electricity within the State through secure and economic operation of the State grid in accordance with the Grid Standards and the State Grid Code.

SLDC is carrying out real time operations such as monitoring & control of grid parameters, outages, contingency management & disturbance handling in coordination with WRLDC and Intra-state generation companies, transmission licensees, distribution utilities and open access users so as to ensure healthiness of the state grid and ensure economical power to the state of Maharashtra. SLDC is carrying out state energy accounting, transmission loss computation, deviation settlement under intra-state ABT Mechanism (FBSM) and issuing Energy injection reports for REC certification to Renewable Energy Generators in the State. SLDC is nodal agency for Short Term Open Access approval for Maharashtra.

(B) (1) Highlights for the FY 2020-21 are as under:

1. Max State Demand Catered was 25513 MW in the month of March 2021.
2. System Frequency remained in permissible range of 49.90 Hz - 50.05 Hz for 77.50% of time. (Max. frequency noted in March' 2021 as 50.31 Hz and Min. Frequency was noted in August 2020 as 49.53 Hz, Average frequency was 50.00 Hz)
3. Total 154939 MUs energy Demand was catered.

(All Figures are operational and based on SCADA data)

(B) (2) Major Achievements

1. Web - based Emergency Outage Management System developed and implemented at MSLDC w.e.f. 08th March 2021.
2. Renewable Energy Management Centre (REMC) Commissioned at MSLDC in April'2020 and the Scheduling activities were initiated w.e.f. 00:00 hrs of 01.07.2019 as mandated by Hon'ble MERC.
3. The MERC (Forecasting, Scheduling & Deviation Settlement of Solar & Wind Generation) Regulation, 2018 was commercially implemented in the State w.e.f. 00:00 hrs. of 06.01.2020, as mandated by Hon'ble MERC. Monthly (4 weekly) Energy Deviation Account Statements & bills thereof were issued to the Qualified Co-ordinating Agencies (QCAs) from Jan'2020 in accordance with the provisions.
4. Directives of Hon'ble Commission post commercial implementation of MERC (F&S) Regulations, 2018 viz., keeping in abeyance the State Periphery Impact on RE-DSM; Adjustment of State Periphery charges paid prior to the directives of the Commission, etc., were successfully incorporated by making necessary modifications in the software.
5. The MERC (Deviation Settlement Mechanism and related matters) Regulations, 2019, the DSM software for the same was developed and made available with readiness of all the core modules viz, State Entity Registration, MDM, Scheduling, DSM, Fees and Charges considering the Go-Live Date as 28 December 2020. This date was subsequently deferred by the Commission and the software was finally made commercially operational from 11 October 2021.
6. Despite strict lockdown due to Covid-19 pandemic and working restrictions along with reduced manpower, SLDC successfully complied to the Commission's directives in case no 297 of 2018 as regards FCR bills. In house VBA Macro based software was developed for the FCR bills by the SLDC IT.
7. In view of Cyber security, assessment of IT/OT systems done and Cyber Security posture of MSLDC is Strengthened by taking action on the recommendations and advisories received from the agencies such as CERT-IN, CERT-GO, NCIIPC, CSK.
8. During the period of Lockdown to facilitate the Work From Home to the employees of SLDC for smooth functioning of the SLDC, secured remote access has been provided through VPN.
9. Deployed Multiple Application Servers for Parallel working on FBSM Bills to speed up / clear the pending FBSM Bills.

(B) (3) Generation capacity addition during FY 2020-21 in MW:

Particulars	Unit No.	Addition in MW.	Remarks
State Sector			
MAHAGENCO	NIL		
IPPs	NIL		

Central Sector Units declared COD in FY 2020-21

Unit	Capacity in MW	MSEDCL share in MW	Date of COD
Gadarwara STPP (Unit - 1)	800 MW	50	COD on 01.03.2021
LARA STPP (Stage - 1)	800 MW	231	COD on 07.11.2020
Khargone STPP (Stage-1)	660 MW	50	COD on 04.04.2020

(B) (4) Short Term Open Access Granted during the FY 2020-21:-

According to Open Access Regulation for intra-state, SLDC is a nodal agency for providing Short term open access within Maharashtra. The procedure for reservation of transmission capacity under STOA is formulated and SLDC has processed Open access applications during the period as below:-

A) Intra/Inter State STOA:

FY	Firm Power	Day Ahead/Same Day Power	Total No of Applications
2019-20	1661	1071	2732
2020-21	1288	608	1896

B) Inter State STOA through Power exchange :

FY	Standing clearance NOC's through IEX Applications	Standing clearance NOC's through PXIL Applications	Total Nos. of Standing clearance NOC's processed
2019-20	384	0	384
2020-21	277	0	277

C) Energy Transaction through STOA:-

FY	Total Quantum (Mus)
2019-20	16819
2020-21	22745

Average Annual Composite Loss				
Sr. No.	Year	Loss	Wheeling Units In Mus	
			Energy I/P	Energy O/P
1	Annual' 06-07	5.93 %	93666	88749
2	Annual' 07-08	4.67 %	93557	89189
3	Annual' 08-09	4.88 %	95477	90815
4	Annual' 09-10	4.61 %	101879	97178
5	Annual' 10-11	4.31 %	107810	103163
6	Annual' 11-12	4.25 %	117555	112562
7	Annual' 12-13	4.12 %	120311	115350
8	Annual' 13-14	4.09 %	122291	117289
9	Annual' 14-15	3.89 %	135373	130107
10	Annual' 15-16	3.92 %	141766	136215
11	Annual' 16-17	3.63 %	143828	138613
12	Annual' 17-18	3.30 %	150340	145385
13	Annual' 18-19	3.11 %	158797	153865
14	Annual' 19-20	3.17 %	155174	150261
15	Annual' 20-21	2.94 %	151779	147322

(B) (5) Challenges before State Load Despatch Centre

1) **Grid Operational challenges:** Management of Deviation limits, increased complexity in CTU/STU system, Demand forecasting & management, ramp up/down capability for balancing variations with impact of RE injection. 100% visibility is required for reliable and secure grid operation.

2) **Technology up-gradation:** Enhancement of SCADA/Communication system for data visibility and controllability, Real time Reliability/dynamic security assessment using (WAMS) and development of Decision support tools for control action.

   Development of remaining modules of DSM software viz, Reactive Energy Accounting, MIS Reports and Big Data Analytics.

3) **Renewable Energy - Large scale integration issues and REMC:** Forecasting and scheduling of RE, Establishment of Renewable Energy Management Centre & its operational framework and Ancillary services operation.

4) **Energy Accounting, Commercial or Market Related Challenges:** Automated Meter reading System, Finalization of weekly UI bills under DSM Mechanism, Up gradation of Billing and Commercial software, and Switchover to national level mechanism for deviation settlement.

   AMR project is successfully implemented and now the AMR Data is being utilized for DSM Billing.

5) **Training and Capacity Development:** Capacity development, training, attitude, domain knowledge, competence & skill and redefine process for selection and placement of personnel in SLDC.

6) Strict lockdown on account of Covid-19 pandemic imposed severe challenges to maintain the Grid throughout 2020-21. Further natural calamities viz, two cyclones namely, Nisarg and Tauktea also projected challenges to maintain the grid which was successfully dealt with.

7) **Increasing Cyber Threats:** In recent past significant increase in Cyber Security threats are being observed in Power Sector. To address the challenge of increased Cyber Threat certain infrastructure along with the dedicated Cyber Security Team is required.

C. State Transmission Utility

(1) Regulatory and Commercial Activity for the Year 2020-21:

- Petition before CARE Case No. 266/TT/2019Determination of Transmission tariff for inclusion of 132 kV Nepangar (M.P.) (from 220KV Nepangar Substation, MP) to - Dharni (132/33KV Dharni ,MSETCL substation Amravati Zone, M.S.) line in computation of Point of connection transmission charges in accordance with the CERC(terms & condition of tariff) Regulation.
- Petition before Supreme Court C.A.No.003354-/ 2020 Diary No. 21137/2020 Filed by MSETCL against NCLAT order against Shri City and Sai Wardha.
- CERC Petition No. 178/MP/2020 Petition under Section 79 of the Electricity Act, 2003 to adjudicate upon the dispute between the Petition and the Respondent, Electricity Department of Union Territory of Daman & Diu in accordance to the Bulk Power Transmission Agreement entered into between the parties on 6.9.2011.

(c) (2) Open Access& Grid Connectivity related Activities for the year 2020-21:

- Open Access
  - Long Term Open Access: Nil
  - Medium Term Open Access: Nil
- Grid Connectivity
  - **Independent power project/CPP:**
    Nil Grid connectivity is issued.
  - **Co-generation power project:**
    Final Grid Connectivity issued to 02 nos. of Co-generation power plant with total capacity of 90.5 MW & Grid Connectivity issued to 02 nos. of Co-gen projects with total capacity of 193MW.
  - **Wind power project:**
    Final Grid Connectivity issued to 01 nos. of projects with total capacity of 50MW. Grid Connectivity issued to 1 nos. of projects of capacity of 25MW.
  - **Solar power project:**
    Final grid connectivity issued to 05 nos. of projects with total capacity 245MW. Grid connectivity issued to 05 nos. of projects with total capacity 245MW.
  - **Small Hydro Power Plant:**
    Final Grid Connectivity issued to 01 no. project with capacity 1.0MW.
  - **Municipal Solid /Industrial Waste Grid Connectivity:**
    Grid Connectivity issued to 01 nos. of Municipal Solid /Industrial Waste project with capacity of 14 MW.
  - **EHV Consumers:**
    Final grid connectivity issued to 10 nos. of EHV consumers with power demand of 284 MVA. Intimation of Grid connectivity issued to 27 nos. of EHV consumers with power demand of 891 MVA.
  - **Railway EHV TSS:**
    Final grid connectivity issued to 07 nos. of EHV Railway consumers with power demand of 69 MVA. Intimation of Grid connectivity issued to 11 nos. of EHV Railway TSS with power demand of 186 MVA.

(C) (3) STU Five year Transmission plan for the period 2019-20 to 2024-25

- STU Five year plan for the F.Y. 2019-20 to 2024-25 has been approved by Board. The technical abstract for the same is a below:

Sr. No.	Particulars	Maharashtra State Abstract						Total
		2019-20	2020-21	2021-22	2022-23	2023-24	2024-25	
1.	New substations							
	400 KV	0	0	3	1	1	1	6
	220 KV	7	12	6	8	12	5	50
	132 KV	5	4	6	6	6	0	27
	110 KV	0	0				1	1
	100 KV	0	0	1		1	1	3
	Sub Total	12	16	16	15	20	8	87

2.	EHV Lines							
i)	Lines associated with new s/s in ckt-km							
	400 kV	0	0	544	6	0	40	590
	220 kV	587	853.5	375.4	400.6	356	116	2688.5
	132 kV	461.13	309.5	193	396	217.5	0	1577.13
	110 kV	0	0	0	0	1	10	11
	100 kV	0	0	3	0	0	90	93
	Sub Total	1048.13	1163	1115.4	802.6	574.5	256	4959.63
ii)	Link Line in ckt - km							
	765 KV	0	0	0	0	0	0	0
	400 KV	0	1	0	54	6	0	61
	220 KV	40	483.5	634	114	7	0	1278.5
	132 KV	361.5	653.5	346.4	182	220	0	1763.4

(C) (4) Challenges before STU

1) **Lack of Reliable data:** There is a lacuna in availability of important system parameters for all locations in STU network resulting into difficulties of carrying out of growth projection, likely congestion, utilization assessment & other studies. A reliable IT mechanism needs to be created for this purpose.

2) **Evacuation of Renewable Generation and integration:** There is considerable renewable generation targets in the Govt. policy. There is no detailed areawise study available for realizable potential of RE in Maharashtra. Hence, difficulties are faced to plan transmission backbone network accordingly.

3) The Time gap in transmission plan and its realization in some area has created challenges in transmission network for the region.

4) **Capacity building of STU personnel:** There is a need of expertise staff to handle system planning. It is a need of the hour to develop such expertise with assistance of technical institution like IIT, Mumbai and companies providing such services.

D. JOINT VENTURES OF MSETCL

(D) (1) MSETCL and JSW: Jaigad Power Transco Limited (JPTL)

JPTL is a pioneering example of Public-Private Partnership between Maharashtra State Electricity Transmission Company Limited (MSETCL) and JSW Energy Limited (JSWEL) to develop transmission system in Maharashtra. This has been done with a view to leverage the respective strengths of the Joint Venture (JV) partners; MSETCL (holding 26% equity) and JSWEL (holding 74% equity).

JPTL was formed to take up development of transmission system as an integral part of Intra State Transmission System for evacuation of power from the 1,200 MW Jaigad Thermal Power Project of JSWEL as well as evacuation of power generated from other proposed power projects in Ratnagiri region.

JPTL was awarded transmission license dated 8th February, 2009 by Hon'ble Maharashtra Electricity Regulatory Commission (MERC) under Section 14 of the Electricity Act, 2003. The license authorizes the Company to establish, operate and maintain transmission system consisting of 400 kV Jaigad - New Koyna and Jaigad - Karad transmission lines for 25 years.

The entire transmission project was constructed in record time considering the difficult terrain through which the transmission lines were passing. The transmission project became fully operational on 2nd December 2011 and JPTL entered into full-fledged operation and maintenance phase.

This transmission system is presently evacuating power from 1,200 MW Ratnagiri Power Plant as well as transmitting intra-state power between New Koyna and Karad regions.

The ongoing COVID-19 related issues and the lock-down of all non-essential services led to a stark compression in the economic activity in the country. However, being an essential service, the supply of power continues uninterrupted albeit at lower PLFs across the plants in the country. The disruption in the supply chain and logistics and the imposition of travel restrictions have impacted the supply of key inputs to the power sector, and have also led to disruptions in billing and collections at the discom level.

For JTPL, the transmission charges are recovered through a 'cost-plus' mechanism. This mechanism of fixing transmission charges ensures recovery of O&M expenses, interest expense, depreciation etc. and a post-tax return on equity of 15.5%. However, a temporary cash flow impact is expected due to the expected collection weakness at the discom level.

For the Financial Year 2020-21, the transmission system availability achieved was 99.77% against the normative availability of 98%.

JPTL has complied with all regulatory requirements during the Financial Year under the transmission license granted by MERC.

(D) (2) MSETCL and Sterlite Technologies Limited: Maharashtra Transmission Communication Infrastructure Limited (MTCIL)

The Company (MTCIL) is a Joint Venture between Sterlite Technologies Limited ("STL") and Maharashtra State Electricity Transmission Company Limited ("MSETCL"). It was formed to develop 2,801 Kms Optical Passive Ground Wire ("OPGW") based tele communication network and monetize subsequently with a provision to add 500 route Kms over MSETCL's Extra-High Voltage ("EHV") transmission infrastructure in the State of Maharashtra, connecting major cities like Navi Mumbai, Pune, Nasik, Nagpur, Aurangabad, Kolhapur and several other cities, semi-urban and rural areas. MTCIL received the required Infrastructure Provider Category-1 registration certificate from Govt. of India, Ministry of Communications & IT, Department of Telecommunications, in the month of April, 2014.

During the year under review, MTCIL has achieved 68 Km (cumulative 2,985 Km) live line installation) and commissioning of 48 Fiber OPGW on EHV transmission lines. MTCIL has also installed and commissioned 8 nodes (cumulative 43 nodes) (FOTE - active equipment) of SDH and PDH with STM-1 capacity for MSETCL's internal applications like ABT metering, RTU connectivity, VOIP, etc. MTCIL has also constructed 8 numbers (cumulative 32

numbers) of collocations to provide the space and power for installation of customers' equipment.

All the 32 collocations with equipment, e.g., grid power 440 V AC, battery bank, temperature, security, emergency alarms, etc. are monitored through a remote monitoring system. A cloud-based Network Operation Centre has been established to support the remote monitoring. Also, MTCIL has successfully carried out 8 numbers (6 Km) Out Right Contribution activities at different locations on MTCIL's 48 Fiber OPGW network during the year under review. The complete network has successfully maintained 100% network uptime during the year under review.

DATA GROWTH AND FIBER REQUIREMENT

The market of data consumption in the country has been described here through the prism of mobile data consumption. Several reports released in the recent past have highlighted the exponential growth being witnessed in the mobility data market. According to the Nokia MBiT 020 report, the total data traffic in India has increased by 44 times in the last four years and the year 2020 saw an increase of 65% in overall data traffic. The average data usage per month surpassed 13GB in December, 2020. Rising smartphone users, falling data tariff and the changing video viewing habits (OTT consumption) of the population have become harbingers of growth for 4G consumption. As the broadband penetration in India (currently at 55%) expands further, the mobile data usage can be expected to follow the trend.

Consumption of video, which is the driver of data usage is likely to enhance the engagement level of the consumers as these videos get embedded in all types of online content. The Ericsson Mobility Report released in the year 2019 envisages that the adoption of 5G in India is expected to be swift, with the demand being fueled by the consumers themselves.

In addition to mobility, a synchronous enhancement in data traffic is anticipated to pivot from data centres. The steady rise in cloud computing, virtualization and Govt of India's Digital India Initiative is likely to result in proliferation of the data centre connectivity market. The market is pegged to touch US Dollars 2 billion by the year 2022 and further grow in capacity across Mumbai, Chennai, Delhi, Hyderabad which would require OPGW connectivity as a stable medium to connect.

This ever increasing and multifaceted demand for data, will require a robust fiber backhaul. As uninterrupted services become a necessity, uptimes and superior SLAs that are characteristic of OPGW fiber infrastructure will gain more and more traction, thereby benefitting the OPGW infrastructure providers.

BUSINESS OUTLOOK

MTCIL continues to be a preferred choice for large telecom service providers, ISPs and MSOs who are wanting OPGW fiber connectivity to boost their network performance and have near 100% uptime to provide superior services to their end customers. MTCIL has an active customer base of 19 leading Telecom and Internet services providers including Reliance Jio Infocomm Ltd., Vodafone Idea Ltd, TATA Communications Ltd. and Bharti Airtel Ltd as of March 31, 2021. In addition to these marquee names, MTCIL also takes pride in mentioning of the association with PGCIL which has signed MSA for finalization of a fiber pair between Kalwa and Padghe route. The financial year 2020-21 has been a milestone year for your Company with an INR 140 Crores order booking from Airtel for 5 fiber pairs on a 2,500 Km network of MTCIL. This resulted in a cash flow IRU billing of INR 47 Crores in March, 2021. The outlook of OPGW fiber demand from OTTs like Google and Amazon for connecting data centres in Navi Mumbai will be main source of revenue in coming years apart from inter- city links of Mumbai -Pune and Mumbai -Nagpur. Business growth of MTCIL is promising in the next 2-3 years owing to demand for superior fiber from all these customer segments

E. Human Resource Department

(E) (1) The MSETCL takes pride in its highly motivated and competent Human Resource that has contributed its best to bring the Company to its present heights. The productivity of employees is demonstrated by increase in efficiency of transmission capabilities and reduction in transmission losses. MSETCL believes that, the Employees are the driving force behind the sustained performance of the company.

Our employees are committed towards Company's Core Values, and Objectives of the Company. Employees' Participation in Management was made effective based on mutual respect, trust and a feeling of being a progressive partner in growth and success.

Reply to the Statutory Auditors qualification on the Audit Report for the financial year 2020-21
(Ref. Basis for qualified opinion on Audit Report page no.2)

REPLIES TO THE STATUTORY AUDITOR OBSERVATIONS FOR THE STANDALONE FINANCIALS YEAR 2020-21		
Sr. No.	**STATUTORY AUDITOR'S REPORT**	**MSETCL's Reply**
	OPINION	
1	We have audited the accompanying Standalone Ind AS financial statements of Maharashtra State Electricity Transmission Company Limited ('the Company'), which comprise the Balance Sheet as at 31st March 2021, the Statement of Profit and Loss (including Other Comprehensive Income), the Statement of Changes in Equity and the Statement of Cash Flows for the year then ended, and notes to the financial statements, including a summary of significant accounting policies and other explanatory information.	Factual
	In our opinion and to the best of our information and according to the explanations given, subject to the deficiencies noted in internal controls pertaining to preparation and presentation of standalone Ind AS financial statements, coupled with non-compliances and audit observations noted in "Basis for modified opinion" paragraph below, the aggregate impact whereof is not quantified/ascertained, the stand alone Ind AS financial statements read with the notes thereto, in our opinion, give the information required by the Act in the manner so required and give a true fair view in conformity with the accounting principles generally accepted in India of the financial position of the Company as at 31st March 2021 and its profit (including other comprehensive income), changes in equity and cashflows for the year ended on that date.	Factual
	We have not been able to obtain sufficient and appropriate audit evidences to ascertain the combined impact of the items noted in "Basis for modified opinion" paragraph, hence unable to comment thereon.	
	Basis for Modified Opinion	
2	The following items form the basis for our modified opinion:	
2.1	Attention is invited to note no. 44 of Standalone Ind AS Financial Statement giving details about accumulated Delayed Payment Charges ('DPC') as at 31st March 2021 amounting to Rs. 85,499 Lakhs (with reference to 10 distribution licensees) relating to Financial Year 2015-16 under the head **'Other Income'.** The Company had then taken reference of the order No. 31 of 2016 of Maharashtra Electricity Regulatory Commission ('MERC'), wherein MERC had reduced the Aggregate Revenue Requirement ("ARR") of the Company for F.Y. 2015-16 by the said amount, and classifying it as 'Non-Tariff Income'. Data/ details pertaining to the certainty over the realiability of such income (i.e. Trade Receivable) are not available with the Company. The accounting of such DPC as 'Other Income' in FY 2015-16 is in contravention to the applicable Accounting Standard as also Company's Accounting Policy, which in note No. 2.15 states that "Other Income is recognised on accrual basis except when ultimate realization of such income is uncertain". Had the Company not recognized such income of Rs. 85,499 Lakhs in the said earlier year, its balance of the retained earnings in the Statement of Profit & Loss and balance of Trade Receivable Account would have been lesser to that extent.	The fact has been disclosed in the Financial Statements vide Note No 44. STU raises the Monthly Tariff Charges Invoice to Distribution Licensees including the accumulated amount of DPC.
2.2	In terms of Provisions of section 143(12) of the Companies Act, 2013 ('the Act') reporting of fraudulent practice noted in course of our audit during FY 2019-20, was made to the Central Government (CG), Secretary, Ministry of Corporate Affairs on April 24, 2020 pertaining to excessive claims getting reimbursed towards leave encashment of several employees being in non-compliance with Company's laid down policy. The controls pertaining to processing and payment of such claims were not observed to be appropriate, including the records like 'Service Book' of employee remaining blank for years, the	1. On the basis of extract submitted by auditor, 717 employees' have received excess leave encashment. However, on investigation, it is revealed that there were only 74 instances of multiple leave encashment.

	estimated impact of such excessive claims being in addition to Rupees One Crore, reporting to CG was made. Impact for reversal, write-back of such excess paid/ provided, if any, is not yet fully ascertained.	2. Majority of the multiple entries that are seen in the ERP system are due to the payment of DA arrears, Higher Grade Benefits and also due to the wage revision done in the year 2014. 3. However, irrespective of considering quantum of misconduct, HR. Dept. has taken this matter very seriously and directed to field offices and CO to ensure 100% recovery. 4. As such, a total amount of Rs. 43,12,879 was recovered on account of multiple leave encashment and the said fraud was not tuned to Rs 100 Lakhs as what statutory auditor pointed. 5. Action Taken: a. An independent vigilance enquiry has been initiated vide letter no. 2137 dated 15.04.2020 and report thereof is awaited. b. In order to prevent such misuse of the system and full proofing of the system, ERP system has been re-designed and re-configured. Now, system will not allow multiple entry of leave encashment. c. Disciplinary action is already started against the identified maker and checker responsible for the multiple leave encashment vide letter No. 2217 dated 03.06.2020. Necessary recovery of excess leave encashment paid is also done. d. It is directed to maintain Leave Register for each block period and is post audited through the F&A personnel by the method of cross checking with the General Ledger Account of Leave Encashment in SAP system.

2.3	The Company's system/ processes to ascertain provision towards leave encashment, based on actuarial valuation needs to be strengthened, as the data of leaves and gratuity generated from the system and furnished to the actuary for valuation, was observed to be inaccurate. Accordingly, we are unable to comment upon the adequacy or otherwise of the actuarial valuation made in respect of leave encashment and gratuity valuations in the books of accounts, amount whereof has not been ascertained.	It was directed to all the offices to prepare data of fresh leave quota on the basis of on Service Book. Based on their data submitted to ERP Core Team, the ERP Core Team have uploaded the same in the system. Now, while submitting the data for actuarial data to Actuary, it is found that some of the data of leave quota was mis-match which is on later date rectified the error and sent finally to Actuary for valuation. Now, it is assured that next time more caution will be taken and 100% accuracy will be sent for valuation.
2.4	The Company has revised its Pay scale to employees w.e.f. April 01, 2018, in the financial year 2019-20 and same was approved by the Board of Directors of the Company post facto it was decided to pay in 3 instalments out of which two instalments was paid and remaining one instalment is pending to be paid as at March 31, 2021. Hence provision for the same was made amounting to Rs.6,847.51 Lakhs details whereof were not made available for our verification. In the absence of required data/ details thereof, the basis, quantum and completeness of such provision made could not be verified nor is commented upon.	The details of arrears to be provisioned was computed sent by HR Core Team. Based on this data, the provision of Rs. 12,899,69 Lakhs was made in the in the books of accounts in FY 2019-2020. The outstanding amount as on 31.03.2021 after payment of certain arears is Rs 6,847.51 lakhs which would be paid after necessary directives from Management.
2.5	Party- wise break up of trade receivables with ageing is not readily available from the system. The details of ageing of Trade receivables prepared manually contained several errors and inaccuracies. Hence, it could not be fully verified during the course of audit; accordingly, we are unable to comment upon adequacy of provision based on simplified version of Expected Credit Loss ("ECL") provisioning Method.	Since, the generation of invoices and auto posting thereof in SAP system is under development, the details regarding ageing of trade receivables were provided in excel utility. The Company appropriates the monies received from Distribution Utilities towards the clearance of old dues first, the outstanding dues pertaines against latest invoices. Accordingly ageing analysis were provided during the course of audit.
2.5.1	Further, details/ breakup/ confirmations of Trade receivables aggregating to Rs.3,01,131.79 Lakhs, sought for, were not made available for verification during the course of audit. Consequential impact of ascertainment of the realizability from these Trade Receivable and resultant provision, if any, for bad and doubtful debts on the Standalone Ind AS financial statements has not been ascertained. Moreover, based on selective checking of available data/ information from the system and from State Transmission Utility ("STU") invoicing cell, it was noticed that trade receivables from several parties totalling Rs 4,350.48 Lakhs are considered doubtful of recovery but not provided for.	Though details of trade receivable have been provided, the balance confirmation from all the debtors have not received. As per the Company's assessment the provision for bad and doubtful debt is sufficient.
2.6	In terms of the provisions of Ind AS 101, "First Time Adoption of Indian Accounting Standards", the Company had availed option of Cost model of accounting for its Property, Plants and Equipment's ('PPE'). Accordingly, the carrying values of PPE on the transition date were taken as deemed cost and	The Company has appropriately done adjustment of deemed cost for PPE as on 01.04.2015.The consideration of

	depreciation is calculated thereon manually on electronic spreadsheets considering the balance useful lives of items of PPE but without considering the residual value limits laid down by MERC regulations. As a result, several instances of charging excess depreciation on assets were noted. Further, in several cases the deprecation is manually calculated and provided at Head office for the assets located in Zone or Region for the reason of mismatches in dates of capitalization, critical spare items capitalization, etc. In absence of complete data/ details of such instances out of numerous line items of PPE, the combined impact of such erroneous depreciation is not ascertained.	net block as deemed cost is done as per guidance note on Ind AS Sch II by ICAI read with Ind AS 101 and appropriate disclosures have been made in the financial statements. Depreciation as per Ind AS on amount as per original cost method or as per carrying cost method comes to the same figure, as in SAP-ERP depreciation will be calculated on the original amount, also the residual value of 10% as per MERC regulations has been considered in the SAP-ERP for each assets. It is only for disclosure purpose in the financial statements. Company cannot change its present fixed assets register and fixed assets schedule in the system. In respect to depreciation for assets whose date of commissioning is prior to April 2020, the same needs to be manually calculated and entered in SAP/ERP System. This is due to late receipt of Work Completion Report (WCR) .However, procedures are being deviced for the generation of WCR through SAP/ERP itself, which would elimate the manual depreciation entry in future.
	Without prejudice to the generality of the above, based on the scrutiny of available details of Asset register (ar01) during the course of our audit, it was noted that several items of fixed assets whose useful life has fully exhausted totalling Rs.29,240.22 Lakhs (Gross Book Value), Rs.21,828.31 Lakhs (Accumulated Depreciation) and having net book value of Rs.7,411.91 Lakhs, are part of said register, resulting in overstatement of the value of PPE to that extent.	MSETCL uses the Assets , if in working condition, even if the useful life of the asset as per technical norms is exhausted. However, necessary policy would be devised to create an new asset class for such old but in use assets.
2.6.1	Moreover, deferred tax liability amounting to Rs.6,837.24 Lakhs under the head PPE recognized, could not be satisfactorily explained with working thereof in course of audit	The Company has provided for the impact due to treatment of Inventory (Standby Equipments) as Property, Plant and Equipments as per Ind AS 16 in the Financials. However, the same is done manually as configuration of this treatment in SAP/ERP is under process. This impact accrues DTA/DTL based on the data available. The said working is being re-verified through the services of Ind AS Consultant for proper confirmation.
2.6.2	The Company has not maintained adequate details pertaining to items/ components giving rise to deferred tax assets/ Liability (DTA/ DTL). In absence whereof the recognition and disclosure of the DTA/ DTL not being complete and correct, the impact thereof on Statement of Profit & Loss for the year is not ascertained.	

2.7	Based on the scrutiny of available details of free hold land, it was noticed that in the past, several items of leased land have been clubbed under this head; as a result, the amortization of such leasehold land is not carried out. In absence of complete data/ details of such instances, the impact thereof on Standalone Ind AS financial statements is not ascertained.	Considering the numerous number of agreements that too from MSEB period, the task of identifying leasehold land clubbed under freehold land is difficult, however, the process of identifying the same has been initiated in the Field Units
2.8	It is noticed during the course of audit that 66KV substations/ transmission lines having Gross Book Value amounting to Rs.17,846.08 Lakhs and accumulated depreciation Rs.12,260.47 Lakhs as at 31st March 2021 are not in use for the operations of the Company. Pending testing for impairment of the same, we are unable to comment upon the carrying value of such assets in the books of accounts.	The 66KV lines and S/S are in operation, however, for ease, the operation and maintenance of these assets have been entrusted on MSEDCL by handing over the said assets. However, the modality for determining consideration for such transfer is under consideration.
2.9	It is observed from the SAP generated report (4.4 - Capex report) by the Company, Negative capital expenditure is charged to (reduce from) some schemes amounting to Rs.4,299.99 Lakhs for which no plausible explanation could be provided. To that extent Asset Under Construction (AUC)/ Capital Work in Progress (CWIP) in the Balance Sheet is understated. Further, there is no movement in some AUC line items since last more than three years, indications of impairment if any have not been tested by the Company for making appropriate provisions, impact thereof on the Standalone Ind AS financial statements cannot be commented upon.	Field Units has adjusted the ORC deposit received against the CWIP incurred. However, the adjustment is done in current year for previous years too, hence the capex during the year shows negative amounts. Necessary instruction have been provided to field units to show adjustments done from the Opening Capex amounts, then during the year capex would show NIL or Positive Amounts
2.10	From April 1, 2019, the new Accounting Standard i.e. Ind AS 116 "Leases" became effective. The Company has adopted the new standard with modified approach and recognized asset in the form of 'Right to Use' (representing its right to use the leased asset over the lease term) and also liability towards present value of the balance of future lease payments for the leases. However, due to non-availability of lease documents and other records relating to several properties taken under lease, the Company is not able to identify and recognise the Right to use of said leases, hence no treatment was given in terms of provisions of Ind AS 116 for such leased assets. Impact thereof on the Standalone Ind AS financial statements has not been ascertained.	As discussed with the Ind AS Consultant, the leasehold land which is taken from GoM/CIDCO/MIDC are to be shown as Right Of Use Assets. However no lease liability is to be created as discussed in the ITFG, as there is no lease liability accruing on such assets.
2.11	The policy about inventory valuation of the Company (Note No 2.14) states that inventories are valued at lower of cost or net realizable value ('NRV') but in course of our audit it is noticed that the Company does not have any data or details about the NRV. As such, the inventories are valued at cost. The impact of such practice on Standalone Ind AS financial statements is not ascertained.	The Core business of MSETCL is construction and maintenance of substation and lines. The inventory procured is of specific nature and is not for sale in the market. Moreover, the uniqueness of the business process of MSETCL makes the derival of NRV difficult. However, MSETCL would initiate a drive to capture data which would help to derive the NRV during the valuation process.

2.11.1	Company does not have laid down policy and procedures pertaining to materials/equipment's given to vendors/third parties on loan basis, the details of such items were asked for from all the seven zones of the Company. The same were received from only two zones, where it is observed that materials/equipment's given on loan remained with the vendors/third parties for period longer than reasonable period. In absence of complete details and monitoring of such items we are unable to comment on impact thereof on the standalone Ind AS financial statements	MSETCL Project units provide the spare materials to the vendors for installation /commissioning of the Project on returnable basis by taking the approval of the Comptent Authority. The details are maintained manually through official registers. Necessary instructions have been provided to all Field Units to maintain all the relevant records in such cases and provide the same to Auditors for verification.
2.11.2	Further, as observed the transformers are sent for repair by zonal offices to vendors without appropriately monitoring the records relating to such despatch and its return thereof including matters pertaining to qualitative aspects of such repairs. In absence of necessary details from all the zones of such items we are unable to comment on impact thereof on the standalone Ind AS financial statements.	This is to inform that as per Schedule of Rates (SOR) for repairs and Overhauling of EHV Power Transformers, ICTs and Reactors of various capacities & voltage rating in MSETCL, it is directed to field offices that care should be taken while issuing work order to the repairing agencies as per the following guidelines: 1) Work order shall be issued by taking into account the existing work load of repairer and preferably the nearest agency. 2) Priority shall be given to those repairer who can deliver the repaired Transformers/ICTs within schedule time. 3) Allocation to repairer agency shall be consented from Corporate Office only.
2.12	No inventory or data/ details/ description could be furnished for verification for the "Assets not in use - held for sale" (GL code 222010) amounting to Rs.3,553.20 Lakhs; moreover, such assets are held at their carrying value instead of "lower of carrying value or net realizable value". The impact, if any, thereof on Standalone Ind AS financial statements has not been ascertained.	MSETCL has initiated steps to take a drive wherein the physical verification of assets is to be carried out to update the Fixed Asset Register. This activity would also cover the verification/reconciliation of Asset Not in use component. Necessary accounting entry would be passed after completion of the assignment. Necessary development for tagging of equipment master with Asset Master in SAP/ERP is also under process.
2.13	The government Grants received by the Company amounting to Rs.23,850 Lakhs in Financial Year 2006-07 towards capital assets for specific projects out of which Rs.15,460.67 Lakhs are deferred for recognition as revenue as at March 31, 2021. The details of these grants with specific assets there against and conditions to be satisfied for the same are not made available for our verification. Hence, correctness/completeness thereof pertaining to accounting in terms of provisions of Ind AS 20, "Accounting for Government Grants and Disclosure of Government Assistance "cannot be commented upon.	The Government Grant is received for the construction of Sub-Stations and Lines in the Rural Areas as per the GoM Policy. The Assets wise list was submitted to the GoM for grant requirement. The grant for these assets is given by GoM on lumpsum basis and not asset wise. MSETCL bifurcated the grant based on the cost of the assets.

2.14	The Company does not collate, maintain and present the details of dues to its vendors registered under Micro, Small and Medium Enterprises ('MSME') Development Act, 2006. Hence, correctness of provision for interest, if any, on outstanding dues to MSME could not be verified.	The fact has been disclosed in the Financial Statements at Note no 41
2.15	The prior period items of Income and expenses have been disclosed by the Company in Note No.49 but the same have not been restated/ recasted in the respective previous years as mandatorily required under Ind AS 8," Accounting Policies, Changes in Accounting Estimates and Errors".	The fact has been disclosed in the Financial Statements at Note no 49
2.16	Pursuant to Central Electricity Regulatory Commission ('CERC') order dated 19th December 2017 pertaining to FY 2014-15, the company has recognised an amount of Rs.599 Lakhs as income during the year as against receipt of Rs.10,789.41 lakhs, which until previous financial year was accrued fully as income. Impact of the said order for earlier period remains to be given in the accounts, as a result of which, Surplus in Statement of Profit and Loss would be lower, and Advance from Customer would be higher by amount which has not been ascertained.	As per CERC order in Petition No. 256/TT/2013 dated 18.05.2015 in which tariff for FY 2013-14 was Rs. 77.10 Crs (per year) which is revised by CERC order in Petition No. 173/TT/2016 dated 19.12.2017 for FY 2014-15 Rs. 5.99 Crs (per year). However even after revised order by CERC payment made by PGCIL was on the basis of earlier order till Sept 2019. After that there was no receipt by PGCIL.
2.17	The deposits from customers towards Outright Contracts ('ORC') amounted to Rs.1,13,639.57 Lakhs as at 31st March 2021. The company recognises its supervision charges upfront as income on receipt of deposits and not as and when supervision services are provided, which is contrary to the provisions of Ind AS 115 "Revenue from Contracts with Customers".	As per Para 35 of Ind AS 115 An entity transfers control of a goods or service over time and, therefore, satisfies a performance obligation and recognises revenue over time, if one of the following criteria is met: (a) the customer simultaneously receives and consumes the benefits provided by the entity's performance as the entity performs (b) the entity's performance creates or enhances an asset (for example, work in progress) that the customer controls as the asset is created or enhanced, or (c) the entity's performance does not create an asset with an alternative use to the entity and the entity has an enforceable right to payment for performance completed to date. MSETCL does not fulfil any of the above criteria and hence recognizes revenue on the basis of receipts in its books of Accounts. Moreover, the supervision charges collected are of non refundable nature, hence the same are treated as Revenue Nature upfront.
2.17.1	Further, attention is invited to Accounting Policy note no. 2.19 (C) of Standalone Ind AS Financial Statement on "Accounting of Contributions received from Consumers against Outright Right Works (ORC Schemes)". As informed, during the course of audit, there is specific policy on ORC assets/ Liabilities and income thereon, but the same was not observed to have been followed by the Company, impact of which could not be ascertained in absence of relevant data/ details.	MSETCL has specific policy on the treatment of amounts received against ORC schemes referred vide Note No 2.19 (C). However, several clarificatory issues are faced in Field Units , which needs that the policy be

				reframed with proper guidelines. The necessary upgradation of the policy would be done with the approval of the Competent Authority by Trans O&M Section.
2.18	The basis, quantum and completeness could not be ascertained, in course of our audit, in the absence of required data/ details relating to the following items of revenue recognised during the year under report:			
	GL	**Nature of Transaction(s)**	**Amount involved (Rs. In Lakhs)**	
	300040	Revenue towards. Short term open Access Charges MOU	518.29	It is to state that MSETCL provided all the required details to Statutory Auditor for verification, still company will provide additional details, if required , during the Statutory Audit of FY 2021-22 to the Auditor and take all possible efforts to remove these GLs from the list of qualification in Audit Report of FY 2021-22.
	300051	REC Application Fees (Only for SLDC)	27.49	
	300070	Rescheduling Charges	342.83	
	310010	Interest from Staff loans and advances	10.94	
	310020	Interest from investment in bank deposits	1921.54	
	325010	Rental from staff quarters	37.17	
	330010	Sale of scrap (no cost assigned for scrap)	942.61	
	335010	Gain on sale of fixed assets	662.62	
	380040	Other Miscellaneous Receipts (GST taxable)	1363.61	
	380041	Other Miscellaneous Receipts (Non GST)	291.22	
	380060	Liquidated Damages Recovered from Contractor	2872.7	
	380120	Government Grant Income	1169.76	
	380151	Prior Period - Other Income (With GST)	186.7	
	300021	Revenue from Power Grid Transmission Charge	2657.24	
	380141	Remittance of Distribution Licensees collected from partial OA Consumers	5165.24	
	380143	Open access/NOC Application processing fees	195.38	As per MAHARASHTRA ELECTRICITY REGULATORY COMMISSION (TRANSMISSION OPEN ACCESS) REGULATIONS, 2016 clause No. 5.2. The application for Connectivity shall be accompanied by a Demand Draft or proof of payment by electronic mode of a non-refundable fee of the following amount, for all except Renewable Energy based Generators is Rupees Two Lakh and for Renewable Energy based Generators is Rupees One Lakh. Which was duly paid by the consumers and accounted in during the year on account of Open access/NOC Application processing fee.
	300080	Revenue from Additional Transmission and Regulatory	-4,557.86	As per the directives received from MERC the amount

				received against ATC is already adjusted in regular MTC billing of TSU's who had paid the ATC. Those who had not paid ATC necessary reversal of income has been done in FY 2020-21.
	370010	Short Term Open Access Charges	1146.88	STOA Consumers deposits the charges in the bank account of SLDC and the same is repatriated to HO. The reconciliation takes place at a later date after receipt of details from STOA
	300010	Revenue from Trans. Charges STU Pool A/c	1,522.92	Tariff approved by MERC to CR vide MERC tariff order no. 91 of 2016 dated 22.07.2016. Subsequently additional LTOA was issued to CR for allocation of 120WM power from BRBCL vide STU letter No. 8089 dated 19.07.2017 for this monthly bill to CR was issued. MERC tariff order No. 265 of 2018 issued on dated 18.09.2018. In this order MERC approved tariff of CR considering additional LTOA issued to CR being part of CR. In view of the above combined billing to CR was started and stopped separate billing for additional 120 MW to CR.
2.19	Attention is invited to note no. 38 of Standalone Ind AS Financial Statement giving details about "Contingent Liabilities and Contingent assets", full details including the claims/demands pertain to taxes as required under the statute are not accurately maintained. Hence, it could not be fully verified during the course of audit; accordingly, we are unable to comment upon adequacy of provision based on details made available to us.			Necessary template has been developed in SAP/ERP System, wherein all the details are made available for verification.
2.20	The Company's investment of Rs.1,760.92 Lakhs in one of its Associate namely Maharashtra Transmission Communication Infrastructure Ltd (MTCIL) has not been appropriately tested for impairment considering the continuous losses of that associate.			MTCIL is in the business of communication infrastructure development wherein the initial administrative and employee expenses incurred are higher as compared to the revenue generated. However, considering the projected cash flow for future years which are bound to wipe out all the accumulated losses within 2-3 years, MSETCL has not tested the investment in MTCIL for impairment losses.
2.21	The Company needs to strengthen its compliances with provisions of Section 135 of the Act and rules made thereunder pertaining to Corporate Social Responsibility (CSR). As noticed during the year under audit the Company is required to spent Rs.1,335.00 Lakhs against which it has spent Rs.700.14 lakhs. The unspent sum was belatedly transferred to an earmarked account as required under CSR regulations.			The Company undertake various schemes approved by the CSR Committee and all efforts are taken to complete the scheme within schedule time. The unspent amount is

			appropriately transferred to the specified bank account opened by MSETCL as per the CSR Regulations.
2.22	The amounts (in excess of Rs. 1 Lakh, other than statutory dues accounts) remaining and recognized in the following GL heads/ codes are subject to confirmation and reconciliation. The necessary data/ details pertaining to following were not made available during the course of audit for verification:		
GL	Name of Account heads	2020-21 Rs. In Lakhs Asset/Exp (Liability/income)	
100050	Grants towards cost of Capital Assets	-15,460.67	The Government Grant is received for the construction of Sub-Stations and Lines in the Rural Areas as per the GoM Policy. The Assets wise list was submitted to the GoM for grant requirement. The grant for these assets is given by GoM on lumpsum basis and not assets wise. MSETCL bifurcated the grant based on the cost of the assets.
100054	Grants in Aid PGCL	-617.48	The GoI has parted funds to PGCIL for the establishment of Renewable Energy Management Center (REMC) under Green Energy Corridor at 11 locations. On installation, testing and commissioning for Maharashtra Region the same is handed over to MSLDC for operation and maintenance purpose.
101070	Res for LDCD Funds	-6,941.56	refer Note No 13 (C) in the Financial Statements.
122010	Deferred Tax Liability	-2,59,499.36	MSETCL provided all the required details to Statutory Auditor for verification, still company will provide additional details, if required , during the Statutory Audit of FY 2021-22 to the Auditor.
123030	Security Deposits	-6,527.55	to be reconciled with field units based on its current status
123040	Security deposits of jobs/works	-11,128.72	to be reconciled with field units based on its current status
123050	Earnest Money Deposits From Vendors	-1,130.24	to be reconciled with field units based on its current status
123060	Retention money of Vendor	-77,720.34	to be reconciled with field units based on its current status
123061	Risk & Cost Adjustment	-3,285.64	to be reconciled with field units based on its current status
123070	Misc. Deposits from Vender	-21.20	to be reconciled with field units based on its current status
123090	Advances from Customer	-97.92	to be reconciled with field units based on its current status
123100	Other Deposits from Consumers- O. R. C. Deposit	-1,13,639.57	Necessary adjustment of the deposit against the completed asset is under process at field units based on its current status

123110	Retention GL for liquidity charges from vendor	-12,945.78	to be reconciled with field units based on its current status

The effect of adjustments arising from reconciliation and settlement of old outstanding balances remaining in the above accounts and possible gain/ loss that may arise on account of non-recovery or partial recovery or write-back thereof is not ascertained. Further, in absence of necessary data/ details, the bifurcation of items of assets/ liabilities under 'Current' or 'Non-current' head could not be accurately verified.

We conducted our audit in accordance with the Standards on Auditing (SAs) specified under section 143(10) of the Act. Our responsibilities under those SAs are further described in the Auditor's Responsibilities for the Audit of the Standalone Ind AS Financial Statements section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India together with the ethical requirements that are relevant to our audit of the standalone financial statements under the provisions of the Act and the Rules thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion on the standalone Ind AS financial statements.

	Information Other than the Financial Statements and Auditor's Report Thereon	
3	The Company's Board of Directors is responsible for the preparation of the other information, comprising of the information included in the report of Board of Directors including Annexures thereto and such other disclosures related Information, excluding the Standalone Ind AS financial statements and auditors report thereon ('Other Information'). The other information is expected to be made available to us after the date of this auditors' report. Our opinion on the standalone Ind AS financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.	Factual
	In connection with our audit of the Standalone Ind AS Financial Statements, our responsibility is to read the other information when it becomes available and, in doing so, consider whether the other information is materially inconsistent with the Standalone Ind AS Financial Statements or our knowledge obtained during the course of our audit or otherwise appears to be materially misstated.	Factual
	When we read the other Information and if we conclude that there is a material misstatement therein, we are required to communicate the matter to those charges with governance as required under SA 720 'The Auditor's responsibilities Relating to other Information	Factual
	Responsibility of Management for Standalone Ind AS Financial Statements	
4	The Company's Board of Directors is responsible for the matters stated in section 134(5) of the Act with respect to the preparation of these standalone Ind AS financial statements that give a true and fair view of the financial position, financial performance, including other comprehensive income, changes in equity and cash flows of the Company in accordance with the accounting principles generally accepted in India, including the Accounting Standards specified under section 133 of the Act. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and	Factual

	application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the standalone Ind AS financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error. In preparing the standalone Ind AS financial statements , management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so. The Board of Directors are also responsible for overseeing the Company's financial reporting process.	
	Auditor's Responsibilities for the Audit of the Standalone Ind AS Financial Statements	
5	Our objectives are to obtain reasonable assurance about whether the standalone Ind AS financial statements, as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these standalone Ind AS financial statements. Our audit process in accordance with the SAs is narrated in **Annexure 1** to this report.	Appropriate Responses are given on relevant points
	Report on Other Legal and Regulatory Requirements	
6	As required by the 'Directions and sub directions' issued by office of the Principal Accountant General- III, Maharashtra in terms of Section 143(5) of the Act, we give in the **Annexure 2**- statement on the directions and sub-directions.	Factual
7	As required by the Companies (Auditor's Report) Order, 2016 ('the Order'), issued by the Central Government of India in terms of sub-section (11) of section 143 of the Act, we give in the **Annexure 3**, a statement on the matters specified in paragraphs 3 and 4 of the Order.	Factual
8	As required by Section 143(3) of the Act, we report that:	
a	We have sought and obtained, except as noted in para 2 above, all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit.	Factual
b	In our opinion, except as noted in para 2 above, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books.	Factual
c	The Balance Sheet, the Statement of Profit and Loss including Other Comprehensive Income, the Cash Flow Statement and the Statement of Changes in Equity dealt with by this Report are in agreement with the books of account.	Factual
d	Except as noted in para 2 above, in our opinion, the Standalone Ind AS financial statements comply with the applicable Indian Accounting Standards notified under Section 133 of the Act, read with Rule 3 of the Companies (Indian Accounting Standards) Rules, 2015.	Factual
e	In View of exemption given vide notification no.463(E) dated June 5, 2015, issued by the Ministry of Corporate Affairs, provisions of section 164(2) of the Act regarding disqualification of Directors, are not applicable to the Company.	Factual
f	With respect to the adequacy of the internal financial controls over financial reporting of the Company and the operating effectiveness of such controls, refer to our separate Report in **Annexure 4.**	Factual

g	In terms of provisions of Section 197(16) of the Act, we report as under:	
	The Company being a Government Company within the meaning of Section 2(45) of the Act the provisions of Section 197 of the Act, pertaining to managerial remuneration, are not applicable to it vide MCA Notification dated 5th June 2015.	Factual
h	With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, in our opinion and to the best of our information and according to the explanations given to us:	Factual
(i)	Except as noted in para 2.19 above, the Company has disclosed the impact of pending litigations on the financials position in its Standalone Ind AS financial statements. Refer Note 38 to the Standalone Ind AS financial statements.	Factual
(ii)	The Company did not have any long-term contracts including derivative contracts for which there were any material foreseeable losses.	Factual
(iii)	There were no sums which were required to be transferred to the Investor Education and Protection Fund by the Company.	Factual
	Other Matters	
	Due to restricted movements imposed by the Authorities to restrict the spread of COVID19, the audit finalization process, for the year under report, was carried out from remote locations i.e. other than the Office of the Company, to the extent data / details available / feasible based on financial information / records remitted by the management through digital medium. Being constrained, we resorted to alternate procedures to verify the requisite data/details in course of our audit	Factual

Annexure 1 to the Independent Auditors' Report to the Members of Maharashtra State Electricity Transmission Company Limited for the year ended March 31,2021

(referred to in paragraph 5 titled "Auditor's Responsibilities for the Audit of the Standalone Ind AS Financial Statements")

Auditors Opinion	Management Response
As part of our audit in accordance with SAs we exercise professional judgment and maintain professional scepticism throughout the audit. We also:	
• Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, to design and perform audit procedures responsive to those risks and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.	Factual
• Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(I) of the Act, we are also responsible for expressing our opinion on whether the Company has adequate internal financial controls system in place and the operating effectiveness of such controls.	Factual
• Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.	Factual
• Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.	Factual
• Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.	Factual
• Communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit. We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.	Factual

Annexure 2 to Independent Auditor's Report

(Referred to in paragraph 6 under the heading "Report on Other Legal and Regulatory Requirements" of our report of even date)

"Directions and sub-directions" issued by the office of the Principal Accountant General-III, Maharashtra vide their 'Letter' of even date in terms of section 143(5) of the Act for the year ended March 31,2021.

<table>
<tr><th>Sr. No.</th><th>Directions / Sub directions</th><th>Auditor's Comment</th><th>MSETCL's Replies</th></tr>
<tr><td colspan="4">Directions under sub-section (5) of section 143 of the Companies Act, 2013</td></tr>
<tr><td colspan="3">• Our report/findings on directions and sub-direction of CAG should be read in conjunction with our statutory audit report of even date on the Stand Alone Ind AS Financial Statements of the Company for the year ended 31st March 2021, more particularly paragraph 1 and 2 thereof</td><td></td></tr>
<tr><td>1</td><td>To report whether there are any cases of waiver/ write off of debts/loans/interest etc. if yes, the reasons thereof, and the amount involved.</td><td>• Based on verification of the books of accounts, during the year, the company has written off the following amounts as doubtful or bad:
<table><tr><th>Particulars</th><th>Amount (Rs. In Lakhs)</th></tr><tr><td>Sundry Debit Balances#</td><td>9.28</td></tr></table>#Old balances considered doubtful hence written off</td><td>Factual</td></tr>

Sub-directions under sub-section (5) of section 143 of the Companies Act, 2013

(I) **Whether there is appropriate classification of Inventory with value such as Scrap, Obsolete Material etc.**

Inventory has been classified under different GL Codes as under:

GL Codes	Description of Inventory	O/s Balance as at March 31, 2021 (Amt in Rs. Lakhs)
250010	Steel	931.26
250030	Transformers	6205.89
250040	Metering Equipment & substation Equipment	7959.58
250050	Cables & Conductors	7564.58
250080	Spares	1009.82
280090	Others	0
255010	Material Pending Investigation	0.47
255020	Loss due to Material pending investigation	200.11
255040	MASA Stock rectification	-114.34
256010	Obsolete Material Stock (including scrap)	522.07

As regards carrying value of the items of inventories, please refer statutory audit report of even date on the Standalone Ind AS Financial Statements of the Company, particularly para 2.11 and 2.22.

Factual

(II) **Negative balances under "Advances to Contract" may be analyzed and commented with reasons and impact on financial statements**

Negative balances under "Advance to Contractor" has been observed and list of such vendor code along with its balance as on March 31, 2021 is enclosed herewith in **Appendix- I.**

As regards its impact on financial statement we are unable to comment on the same. Please refer to our 'Basis of Modified opinion' under para 2.22 of the statutory audit report of even date on the Stand Alone Ind AS Financial Statements of the Company.

Appropriate Responses are given on relevant points

(III) **Whether Profit / Loss mentioned in Audit Report is as per Profit & Loss Accounts of the Company?**

Yes, except impact, if any, arising out of matters stated under para 2 of statutory audit report of even date on the Standalone Ind AS Financial Statements.

Factual

(IV) **Is the system of evacuation of power commensurate with power available for transmission with the generating company? If not, loss, if any, claimed by the generating company may be commented.**

We have not carried out technical verification of the information required under this clause. Based on the information, explanation and representation received from the management the transmission network of the company is given in the table below:

Voltage Level	EHV Substation	Transformation Capacity (MVA)	EHV Lines (CKT KM.)
765 KV	1	3,000.00	0
500KV HVDC	2	3,582.00	1,504.00
400KV	31	31,545.00	8,415.50
220KV	238	57,165.00	18,763.43
132KV	340	29,854.50	17,420.33
110KV	37	2,455.00	1,763.97
100KV	38	2,823.00	704.403
66KV	7	170.5	594.8
Total	**694**	**130595**	**49166.43**

Factual

<table>
<tr><td></td><td></td><td>As further informed by the management of the Company, present transmission system availability and losses as against MERC benchmark are narrated as under:
HVAC System (MERC Benchmark 98%)
<table>
<tr><td>Year</td><td>2019-20</td><td>2020-21</td></tr>
<tr><td>Availability</td><td>99.59%</td><td>99.67%</td></tr>
<tr><td colspan="3">HVDC System (MERC Benchmark 95%)</td></tr>
<tr><td>Year</td><td>2019-20</td><td>2020-21</td></tr>
<tr><td>Availability</td><td>97.64%</td><td>*93.64%</td></tr>
</table>
*Emergency outage of 983:49 Hrs. availed on HVDC Pole 2 to attend the major problem of Smoothing Reactor.</td><td></td></tr>
<tr><td>(V)</td><td>How much transmission loss in excess of prescribed norms has been incurred during the year and whether the same been properly accounted for in the books of accounts?</td><td>We have not carried out technical verification of the information required under this clause. Based on the information, explanation and representation received from the management the information in this regard is furnished as under.
The benchmark set by MERC for Transmission Losses is 4.85% and the Transmission Losses incurred by MSETCL during the F.Y. 2020-21 as computed by Maharashtra State Load Dispatch Center (MSLDC) are tabulated below:
<table>
<tr><th>Intra State Transmission System(In.STS) Grid Loss for F.Y. 2020-21</th><th>Energy Input Intra STS</th><th>Energy Output Intra STS</th><th>Transmission Loss</th></tr>
<tr><th>Month</th><th>(In Million Units)</th><th>(In Million Units)</th><th>(in % age)</th></tr>
<tr><td>Apr-20</td><td>11531.66</td><td>11190.71</td><td>2.96%</td></tr>
<tr><td>May-20</td><td>12958.36</td><td>12581.78</td><td>2.91%</td></tr>
<tr><td>Jun-20</td><td>10804.04</td><td>10500.83</td><td>2.81%</td></tr>
<tr><td>Jul-20</td><td>11099.86</td><td>10801.48</td><td>2.69%</td></tr>
<tr><td>Aug-20</td><td>10864.60</td><td>10550.21</td><td>2.89%</td></tr>
<tr><td>Sep-20</td><td>11153.09</td><td>11217.37</td><td>2.91%</td></tr>
<tr><td>Oct-20</td><td>12449.41</td><td>12080.61</td><td>2.96%</td></tr>
<tr><td>Nov-20</td><td>13019.80</td><td>12644.29</td><td>2.88%</td></tr>
<tr><td>Dec-20</td><td>14081.49</td><td>13698.16</td><td>2.72%</td></tr>
<tr><td>Jan-21</td><td>14301.54</td><td>13874.60</td><td>2.99%</td></tr>
<tr><td>Feb-21</td><td>13268.07</td><td>12858.80</td><td>3.08%</td></tr>
<tr><td>Mar-21</td><td>15846.66</td><td>15330.41</td><td>3.26%</td></tr>
<tr><td>Total</td><td>151778.58</td><td>147329.250</td><td>2.93%</td></tr>
</table>
From perusal of the table above, it is evident that Transmission Loss incurred by MSETCL was 2.93% which is below the MERC's benchmark. The said loss in accounting parlance is to be termed as “Normal Loss” not requiring any separate accounting in the books of accounts.</td><td>Factual</td></tr>
<tr><td>(VI)</td><td>Whether the assets have been constructed and completed on behalf of other agencies and handed over to them has been properly accounted for in the books of Accounts.</td><td>Based on the information, explanation and representations received from the management of the Company, the details in this regard are as under:
As informed to us in course of our audit, the Company has divided its field operations amongst seven different zones in the state of Maharashtra. The major activity of the company is 'transmission of power'. Company also undertakes construction of small sub-stations, towers, plants etc., for the supply of power to other agencies on 'order specific basis'. Such works are identified in the company as 'ORC works'. The Company charges 'Supervision Fees' over and above the expenditure incurred for executing such “ORC Work” which gets recognized as the Company's revenue.</td><td>Factual</td></tr>
</table>

The details of ORC works across its different zones, as provided by the management, are given in the table below: -

Sr. No.	Zones	ORC works as at 01.04.20 (Nos)	ORC works added during the year (Nos)	ORC works completed during the year (Nos)	Balance ORC works remaining as at 31.03.21 (Nos)
1	Amravati	8	3	5	6
2	Aurangabad	8	5	0	13
3	Karad	6	4	3	7
4	Nagpur	25	5	9	21
5	Nasik	14	0	1	13
6	Pune	124	8	14	118
7	Vashi*	71	8	7	72
Total		**256**	**33**	**39**	**250**

In course of execution of the ORC works, deposits are taken from parties for whom the Company performs/ executes such ORC works. Such ORC deposits are accounted for under GL Code 123100 which has an outstanding balance of Rs. 1,13,639.57 Lakhs (Previous Year Rs. 1,13,432.38 Lakhs as at 31.03.20). It was observed that old unreconciled balances are appearing in the said ledger for which details were not readily available with the respective profit centers within said seven zones of the Company.

However, it is to be noted that the ultimate ownership of such assets is with the Company only. The Assets are not handed over to the Other Agencies. The deposits collected from them is adjusted against the Assets constructed and a nominal value of Re. 1 is kept in the Asset Master for identification.

Company also executes projects for evacuation of power in case of generation of energy from non-conventional sources. As per accounting policy 2.19(B), 50% of the cost of such power evacuation project is borne by Company and balance 50% is to be reimbursed by Maharashtra Energy Development Agency (MEDA) to the respective private developer. In such cases also, there is no hand over of the assets to the other agencies.

Execution of MEDA project is done in two ways. (i) wherein the vendor gives the entire amount beforehand for execution of the project to the Company as ORC deposit and the Company after the execution of project reimburses 50% to the vendor and creates the asset of the same value and the remaining 50% is paid by MEDA to the vendor. (ii) wherein the vendor itself executes the project and the Company subsequently pays 50% of the cost of project to the vendor and MEDA reimburses the remaining 50% to vendor.

The amount payable by Company to the vendor/ private developer is accounted for under GL code 131010. It has been observed that both such GL codes (123100 & 131010) remain unreconciled as at the year end. Complete details of such projects falling under MEDA grant are not readily available with the Company. As a result, whether Asset Capitalization of such MEDA projects is accurate or not cannot be commented upon.

"Substantial amount of employee, admin and other costs are not being loaded to ORC works and for the appropriate calculations at the time of estimations."

Please refer statutory audit report of even date on the Stand Alone Ind AS Financial Statements of the Company, particularly para 2.17, 2.17.1 and 2.22 (GL Code-237030).

*Opening Balance is not as per the closing balance of the last year due to erroneously inclusion of contracts for supervision work as ORC Contracts

(VII)	**Examine whether the provisions of the Companies Act were followed w.r.t reporting and disclosures of CSR Activities.**	Please refer Para 2.21 and 2.22 of Audit Report	Factual
(VIII)	**Items contained in the inspection report of CAG in previous year and remaining open till the date of Balance Sheet under report**	Please refer **Appendix II-(a)** and **Appendix II-(b)** to this report for the list of such items	Appropriate Responses are given on relevant points
	Other Matters	1. Basis the inquiries made, inter alia, in terms of provisions of Section 143(1)(e) of the Act, expenses amounting to Rs.37.46 Lakhs, being the chartered flights charges during lockdown period were noticed to have been recognized as per the approval thereof by Chairman and Managing Director. The same are, as informed to us, are not in nature of personal expenses.".	Factual
		2. Scope of internal audit needs to be enhanced to make the same commensurate with the size of the Company and its nature of the business	Scope of Internal Auditor is being reframed to resolve any untouched matter.
		3. The data given by the Company for actuarial valuation is found to be erroneous and corrected in course of our audit to the extent errors noticed and acted upon. This process needs to be strengthened to make it accurate.	Necessary steps have been initiated to update the employee data on real time basis to avoid such errors.
		4. In course of our audit the data/details pertaining to Central Provident Fund (CPF) contributions and interest thereon are not made available for verification; as a result the shortfall ,if any, on account of contributions/interest could not be accurately ascertained. The Company needs to ensure year wise reconciling the numbers of contributions, shortfall of interest, funds transferred to CPF.	The Statutory Audit of MSEB CPF Trust in under process. The provisional certificate produce by them shows a shortfall of Rs 91 lakhs pertaining to MSETCL. However, MSETCL has already made sufficient provisions for such shortfall in the Financials. Final reconciliation would be done on the completion of Statutory Audit of CPF Trust.

Appendix II(a) :- Items contained in the inspection report of CAG in previous year (i.e. 2019-20) and remaining open

Sr No	CAG's COMMENTS	MSETCL's REPLY	Status as at end of FY 2020-21 and Auditor's Remarks
A. Comments on Profitability Ind AS Compliant Statement of Profit & Loss			
1. Revenue from Operations (Note 21) : Additional Transmission Charges and Regulatory Charges: Rs.46.35 crore			
	This represented additional transmission charges (ATC) on the transmission system users (TSUs) for the period from December 2019 to March 2020. Though MERC (MYT) Regulations, 2015 came to effect from December 2015, the Company started recognizing ATC in December 2019 without ensuring the realisability and discontinued from September 2020. The Company approached MERC in January 2020 for clarifications and guidelines for collecting ATC but was directed (October 2020) to refund the ATC already collected from TSUs. Recognition of ATC without ensuring the realisability resulted in overstatement of revenue, Profit and Trade Receivables by Rs.46.35 crore.	As per MYT Regulation 2015, Additional Transmission Charges shall be applicable to Distribution Licensees if the recorded maximum demand exceeds the Base TCR allotted to them. Also as per Open Access Regulation additional regulatory charges are to be charged for use of transmission system in excess of TCR. However, the same was not implemented earlier. Hence, in view of implementation Regulation, STU started billing ATC from Dec 2019 based on maximum demand data received from SLDC. In view of other issues involved in the process like declaration of Contracted Capacity, amendment of BPTA etc and as per decision of MERC, it is directed to apply ATC w.r.t. 15 minutes time block data from April 2020 onwards. Accordingly as per directives of MERC, information of recorded maximum demand for 15 minutes time block is sought from SLDC, after receipt of the same ATC applicable if any will be charged to concerned Distribution Licensees. As per the directives received from MERC the amount received against ATC is already adjusted in regular MTC billing of TSU's who had paid the ATC. Those who had not paid ATC necessary reversal of income of Rs.46.35 Crs has been done in FY 2020-21.	The concerned matter (of GL Code 300080) is covered in para titled 'Basis for Modified Opinion' para number 2.18 of our "Report on the Audit of the Standalone Ind AS Financial Statements"
Expenses Other Expenses (Note 26) : Security Expenses : Rs.83.50 crore			
2	This does not include Rs.6.39 crore being applicable GST on security expenses for the year. Non provision for GST resulted in understatement of expenses and overstatement of profits by Rs.6.39 crore and understatement of Other Current Financial Liabilities to the extent of Rs.14.08 crore (including Rs.7.69 crore GST liability for the previous years).	As per Circular No. 89/7/2006- ST Dated: 18th December, 2006, sovereign/public authorities (i.e. an agency constituted/set up by government) perform certain functions/ duties, which are statutory in nature. These functions are performed in terms of specific responsibility assigned to them under the law in force. The activities performed by the sovereign/public authorities under the provision of law are in the nature of statutory obligations which are to be	The matter was enquired in course of our audit for FY 2020-21 as well as 2019-20. The management response was similar to the response given here. We relied thereon.

		fulfilled in accordance with law. Such activity is purely in public interest and it is undertaken as mandatory and statutory function. These are not in the nature of service to any particular individual for any consideration. Therefore, such an activity performed by a sovereign/public authority under the provisions of law does not constitute provision of taxable service to a person and, therefore, no service tax is leviable on such activities.	
		Considering the above facts security expenses being charged by SGB to MSETCL is exclusive of GST	
B. Comments on Financial Position **Balance Sheet** **Equity and Liabilities** **Other Equity (Note 13)** **3. Reserves and Surplus - Retained Earnings :**			
3	Central Electricity Regulatory commission (CERC) restricted (December 2017) yearly inter-state transmission charges of nine transmission assets at Rs.5.99 crore. Though the company recognised the decreed transmission charges of Rs.5.99 crore each1 during 2018-19 and 2019-20, the excess transmission charges already recognised during 2014-15 to 2017-18 amounting to Rs.251.11 crore was not derecognized. This has resulted in overstatement of retained earnings to the extent of Rs.251.11 crore with corresponding understatement of advance from customers under current Liabilities to the same extent. Interest on Rs.439.07 crore (Rs.251.11 crore for 2014-17 and Rs.187.96 crore for 2018-20) was also not provided resulting in overstatement of retained earnings and understatement of advances from customers. Interest payable is not ascertainable for want of details from the Company.	As per CERC order in Petition No. 256/TT/2013 dated 18.05.2015 in which tariff for FY 2013-14 was Rs. 77.10 Crs (per year) which is revised by CERC order in Petition No. 173/TT/2016 dated 19.12.2017 for FY 2014-15 Rs. 5.99 Crs (per year). However even after revised order by CERC payment made by PGCIL was on the basis of earlier order till Sept 2019. After that there was no receipt by PGCIL. MSETCL is initiating the necessary reconciliation with PGCIL and necessary action will be done in FY 2020-21. MSETCL is filing a petition to CERC for the methodology to be adopted for the adjustment of excess Transmission Charges received.	The concerned matter (of GL Code 300021) is covered in para titled 'Basis for Modified Opinion' para number 2.16 of our "Report on the Audit of the Standalone Ind AS Financial Statements"

Other current Financial Liabilities (Note: 18.3) :			
4	This did not include Rs.11.24 crore being insurance premium charges recoverable from contractors and payable to Government of Maharashtra. Non-recovery of the same from the contractors has resulted in understatement of other current Financial Liabilities to the extent of Rs.11.24 crore with corresponding understatement of other current Assets to the same extent.	Necessary instructions are being issued to field Units to issue demand notes to the concerned Vendors for recovery of Insurance Charges. The same would also be adjusted against any amount of retentions withheld by MSETCL during the processing of RA Bills.	The concerned accounts (GL's-123060, 123110, 296050, and 296060) are covered in para titled 'Basis for Modified Opinion' para number 2.22 of our "Report on the Audit of the Standalone Ind AS Financial Statements"
C. Other Comments **Note 4.1 - Plant and Equipments :**			
5	The Company did not derecognise equipment costing Rs.8.32 crore from PPE which was removed and sold by repair agency and full cost of which was to be recovered from the agency. Further, the impairment loss was not accounted for nor were the facts disclosed in the Notes to Account. Impact on the profits for the year could not be ascertained for want of details.	With regard to the 17-transmission equipment as entrusted to M/s Aditya Vidyut Appliances Limited (AVAL), necessary derecognition of these assets will be done after reconciliation in current financial year in consultation with Technical Team.	Concern matter covered under CARO as the management has not undertaken physical verification of the Company's fixed assets during the year and refer in para titled 'Basis for Modified Opinion' of our "Report on the Audit of the Standalone Ind AS Financial Statements"
Significant Accounting Policies (1 to 3)			
6	The Company executes deposit works under outright consumer (ORC) scheme. The cost of the works is recovered and on completion the possession and ownership of these assets vest with the Company. During the years 2017-18 and 2019-20 alone, the Company created assets costing Rs.65.08 crore and each asset was recognised in the financial statements at Rupee one. Treatment of ORC assets at nominal value of Rupee one and not at its fair value was not appropriately disclosed in the Accounting Policy.	As per para 2.19 (C) of Annual Accounts for the F.Y. 2019-20 which clarifies the accounting of contributions received from Consumers against Outright Right Works (ORC Schemes) as a part of accounting policy as follows : 1) If advance is received for expenditures still to be incurred on creation of Fixed Assets , same is treated as Non-Current Liabilities till the completion of that Fixed Assets. 2) If contribution is received on account of Supervision Charges only, the same is recognised as Other Income in the year of receipt. 3) If contribution is received on account of already created assets, the same is reduced against that asset in the year of receipt. Further the above policy is in line with the Generally Accepted Accounting Principles (GAAP) , however, the company will specifically disclose the	The concerned matter (of GL Code 123100) is covered in para titled 'Basis for Modified Opinion' para number 2.19 of our "Report on the Audit of the Standalone Ind AS Financial Statements"

		amount of ORC assets as a footnote to Note "4.1 : Property, Plant & Equipment" from F.Y. 2020-21.	
7	As against the Corporate Social Responsibility (CSR) provision of Rs.95.20 crore during the years 2014-15 to 2016-17 and in 2019-20, the Company could spent only Rs.20.37 crore during the period from 2016-17 to 2019-20 on CSR projects and Rs.74.83 crore (78.60 per cent) remained unspent as of March 2020. However, the reasons for the non-utilisation was not specified by the Board in its report for the year 2018- 19 made under clause (o) of sub-section (3) of section 134 of the Companies Act, 2013.	So far total fund of Rs.95.20 crores is earmarked for CSR activities. Total 97 CSR proposals across all sectors are received , so far to the company and out of them 39 are got approved. These 39 projects are completed / under process. Total approved / expected cost of these 39 projects is Rs.51.23 crores. As such, this commitment is to be fulfilled in near future as and when the projects are completed and demand for release of fund is received. It is also to submit here that out of remaining 58 proposals, 9 are rejected and remaining 49 proposals are under scrutiny as per CSR policy of company and are likely to be finalized in near future.	The concerned matter (of GL Code 150110) is covered in para titled 'Basis for Modified Opinion' para number 2.22 of our "Report on the Audit of the Standalone Ind AS Financial Statements
		It is also to mention here that, the unspent CSR fund of company is being added in CSR fund provision for the next financial year. The total CSR fund is then taken into account while deciding sector-wise CSR fund allocation for the year.	
		In view of the above, it can be said that as on 31.10.2020 the amount of CSR fund utilized/approved is Rs.51.23 crores and the fund available is Rs.43.96 crores.	
Appendix II-(b):- Items contained in the inspection report of CAG Prior to FY 2019-20 and remaining open **A. Comment on Profitability** **Ind AS Compliant Statement of Profit & Loss**			
1	**Income - Other Income (Note 23):**		
1	This includes Rs.3.81 crore, being the supervision charges deposited by third parties in three circles for Outright Consumers works for which the works are not taken up/completed. This resulted in overstatement of Other Income and profit and understatement of Other Non-current Liabilities by Rs.3.81 crore.	As per Para 35 of Ind AS 115, an entity transfers control of a good or service over time and, therefore, satisfies a performance obligation and recognises revenue over time, if one of the following criteria is met:	The Concerned item is covered by qualification/disclaimer please refer to our 'Basis of Modified opinion' under para 2.17 of audit report for FY 2020-21
		(a) the customer simultaneously receives and consumes the benefits provided by the entity's performance as the entity performs	
		(b) the entity's performance creates or enhances an asset (for example, work in progress) that the customer controls as the asset is created or enhanced, or	
		(c) the entity's performance does not create an asset with an alternative use to the entity and the entity has an enforceable right to payment for performance completed to date.	
		MSETCL does not fulfil any of the above criteria and hence recognizes revenue on the basis of receipts in its books of Accounts.	

	This does not include Rs.30.46 crore being interest recoverable on mobilisation advances which should have been recognised. Non recognition is not in conformity with the accounting policy adopted by the Company. This resulted in understatement of other miscellaneous income and profit for the year by Rs.30.46 crore and understatement of Trade Receivables to that extent	As per Accounting policy of the company disclosed under Note no 2.15 to the notes to account for the financial year 2019-20, interest income is accounted on accrual basis considering the certainty of the revenue. Further, the purpose of retention amount and bank guarantees with the Company is to secure performance of the contract and not to recover interest which is yet to be accepted by the agencies. With regard to the mobilization advance given to contractors, the company will account the same in books of accounts upon its ultimate realization.	The concerned matter (of GL Code 123060 & 290020) is covered in para titled 'Basis for Modified Opinion' Please refer to 2.22 above
Expenses **Other Expenses (Note 26):** **Miscellaneous Losses and provisions:**			
	This does not include provision on disputed transmission charges of Rs.49.68 crore already recognised but pending before the Appellate Tribunal for Electricity. The transmission licensee (M/s Sai Wardha Power Generation Ltd.) is also under the Corporate Insolvency Resolution Process. Non-Provision on the disputed claim is not in conformity with Ind AS 18 - Revenue resulting in understatement of other expenses and over statement of trade receivables with consequent overstatement of profit for the year by Rs.49.68 crore.	There is a valid Bulk Power Transmission Agreement (BPTA) with M/s SWPL in pursuance of which invoices has been raised for transmission charges for the allocated capacity of 130/135 MW coupled with favourable decision of Hon'ble MERC in the instant matter. Though the matter is further pending with APTEL for its final decision, NCLT has initiated corporate insolvency proceeding against M/s SWPL under Insolvency and Bankruptcy Code 2016 (IBC), wherein IRP has been appointed and admitted a claim of Rs. 34.00 crore against the total claim lodged by the Company of Rs. 119.51 crore keeping the balance amount of claim as contingent claim. It is noteworthy that the IRP has not rejected any amount of claim made by the company.	The Concerned item is covered by para 'Basis for Modified opinion' in our Standalone Audit Report. Refer Para 2.22 of the said report.
		Recently, NCLT has issued an order dated 17/10/2019 in the matter of IBC proceedings against M/s SWPL approving the Resolution plan submitted by the Resolution applicant wherein the admitted and contingent claim of operational creditors has been proposed to be paid in the phased manner within a period of 24 months as per the Resolution plan incorporated in the said order.	
		In view of above, the provision for doubtful debts (Rs.8851.41 Lakhs) made in the books of accounts for the said receivable amount seems to be sufficient and hence no further provision has been made in the F.Y. 2019-20.	
		MSETCL received Rs. 15 lakhs vide NCLT order no. 275/7/HDB/2019 dated 17/10/2019 as against the company	

		claim of Rs. 119.51 crore. Further, MSETCL filed for appeal in NCLAT. NCLAT dismissed the appeal in Order No. 1401/2019 dated 03/02/2020. MSETCL filed for appeal in SC to challenge NCLAT order. Due to COVID period submission is awaited.	
	Rates and Taxes:		
	This does not include Rs.31.15 crore being property tax on leasehold land resulting in understatement of rates and taxes with consequent overstatement of profits for the year by Rs.31.15 crore and understatement of Other Current Liabilities to that extent.	Provision for property tax has been passed vide document number 100145636 dated 11/12/2019. No provision is made for interest due to late payment of property tax. MSETCL has approached Energy Department for waiver of property tax or levy the tax considering the purchase value of the property as against the capital value of the property used by the Navi Mumbai Municipal Corporation for computation of property tax.	The Company does not have accurate bifurcation of leasehold / freehold properties. Refer Para 2.7 and 2.22 of 'Basis for Modified Amounting' (GL Code 230050, 230060) of our standalone audit report. Considering observation of CAG, company is advised to make provision for interest on late payment of property tax.
B. Comments on Financial Position **Balance Sheet** **Assets** **Property, Plant and Equipment (Note 4.1) :**			
2	This does not include Rs.10.75 crore being the value of various assets commissioned in 2017-18 but not capitalised. This resulted in understatement of Non-current Assets with consequent overstatement of work in Progress by Rs.10.75 crore. The impact on the depreciation for the year due to understatement of Non Current Assets could not be quantified.	Out of Rs. 10.75 crores, Rs. 22.88 lakhs is pending to be capitalised due to non-approval of final QV proposal. **PC-5700 Rs. 70.84 lakhs:**The final QV Proposal for obtaining approval from Corporate Office Mumbai is submitted by SE[C] EHV CCCM Circle Nasik vide L No. SEC/EHV/CCCMC/NSK/ 0012 Dt. 03-01-2020 to SE EHV Project Circle Nasik. The approval & PO Edit work thereof is yet to be obtained. Thereafter the Final PO punching work & SEs can be taken by DO Jalgaon. The amount of Rs. 28,16,619.80 for 1st RA Bill is capitalized in 06 Nov-2019. The remaining amount can be capitalized after final PO punching in system & also there is saving to tune of 27.94 % in this work. Thus Final PO amount Rs. 51.05 - Less earlier Rs. 28.16 = Rs.22.88 Lakhs can be capitalized after necessary approval.	The Concerned item is covered by qualification/disclaimer please refer to our 'Basis of Modified opinion' under para 2.6 and 2.22 of audit report for FY 2020-21
	Trade Receivables (Note 10.2) :		
	This does not include the differential amount of Outright Contribution (ORC) receivable from Maharashtra Eastern Grid Power Transmission Company Limited (MEGPTCL), resulting in understatement of trade receivables and overstatement of ORC work-in-progress by Rs.18.68 crore.	As far as the matter of accounting based on demand notice is concern towards interest income of Rs. 12.63 crore, the company does not recognize any income on the basis of issuance of demand notice as is evidenced from the accounting policy adopted by the company as per Note No. 2.15 to the financial statement of FY 2019-20. The issue of demand notice doesn't entail into accrual of income.	The concerned matter (of GL Code 260040 & 260060) is covered under para 'Basis for Modified Opinion' in our Standalone Audit Report. Refer Para 2.22 of the said report.

		As also with regard to ORC deposit, the same is accounted on the basis of receipt of the same, as issuance of demand notice doesn't result in increase in receivable and depends whether the other party is agreeing to it.	
Capital Work-in –progress (Note 4.2) :			
3(a)	This includes Rs.2.70 crore being deposits taken from parties for construction of bays which had been allotted during the year. However, the amount was not adjusted from deposits. This resulted in overstatement of Other Non-current Financial Liabilities (Other deposits) and overstatement of other non-current assets by Rs.2.70 crore.	The reconciliation is in process and the deposit will be knock off against the assets in FY 2020-21.	The Concerned item is covered by qualification/disclaimer please refer to our 'Basis of Modified opinion' under para 2.22 of audit report for FY 2020-21
3(b)	This includes Rs 217.00 Lakhs incurred by the Company towards the security charges at work site which was recoverable from the Contractors. This has resulted in overstatement of Capital Work-in-progress and understatement of Other Receivables to the extent of Rs.217.00 Lakhs.	MSETCL had awarded the work of 220KV Nandgaon Peth S/Stn and 220KV Anjangaon S/Stn along with its associated lines in Amravati District and 220 KV Malegaon S/St and 132 KV JalgaonJamod S/Stn along with their associated lines in Buldhana District to M/s ECI -Shanghai JV. However, due to non-performance of M/s ECI-Shanghai JV, MSETCL had terminated their EPC contract vide letter MSETCL/ED(P)/EPC/6243 dated 08/05/12. In order to safeguard the materials and assets w.r.t. the above mentioned projects lying at the above mentioned sites and to avoid the possibility of theft, the competent authority decided to provide MSETCL's security at those sites. Thus, the expenditure so incurred on providing services of security guards during the period 2011-12 to March 2017 was accounted for under Capital Work in Progress. Which will be treated as receivable and reduced will be accounted for in the F.Y. 2017-18. MSETCL, in turn has awarded the contract on 'risk and cost basis' to other contractors for completion of above mentioned schemes of M/s ECI Shanghai. The company will certainly initiate recovery of such excess charges incurred from the erring contractor i.e. M/s ECI Shanghai. There are no future claims expected from M/s ECI, so option of encashment of BG is being explored. However, the matter is subjudised. The decision will be taken subject to final decision of the Court.	Status quo remains. The matter is informed to be still sub-judised

<table>
<tr><td>3(c)</td><td>This also includes Rs 159.42 lakh being ineligible price variation paid to the contractors on the tax element included in the price of the materials which resulted in overstatement of Capital Work-in-progress and understatement of Other Receivables by Rs 159.42 lakh.</td><td>Recovery of excess PV amounting to Rs. 1.70 crore was recovered from the following contractors:
<table><tr><td>Name of agency</td><td>Excess PV Recovery</td></tr><tr><td>M/s ECI</td><td>23,52,505</td></tr><tr><td>M/s KPTL</td><td>44,90,358</td></tr><tr><td>M/s KEC</td><td>7708861</td></tr><tr><td>M/s JSL</td><td>8,90,003</td></tr><tr><td>M/s GE (Alstom)</td><td>15,31,617</td></tr><tr><td>Total</td><td>1,69,73,344</td></tr></table>Para no.11:- Excess payment of price variation of Rs.31.20 Lakhs due to incorrect basis price.
Reply to para no.11 :- Recovery of Rs.31.20 Lakhs is still pending due to non availability of bills in r/o M/s ABB Ltd.</td><td>Rs. 31.20 Lakhs pending to be recovered</td></tr>
<tr><td colspan="4">Equity and Liabilities
Other Equity (Note no 13)
Reserves and Surplus:</td></tr>
<tr><td>4</td><td>This includes Rs 449.00 lakh being the cost of ORC works treated as Income during 2014-15. The Company assured to make necessary adjustment during 2016-17. The non-compliance of the assurance resulted in continuance of the overstatement of Reserves and Surplus and Fixed Assets to the extent of Rs 449.00 lakh with consequent effect on the depreciation and loss for the year.</td><td>Statutory Auditor's vide their Audit Report para IV 2(xiv) have qualified the said account related to ORC deposits as unreconciled.
The Company had already initiated the necessary reconciliation drive in the field offices since previous years and the reconciliation process is in progress. After reconciliation of the same. the ORC deposit will be adjusted against concerned assets</td><td>ORC deposit has not been reconciled in the FY 2020-21</td></tr>
<tr><td colspan="4">Other Equity (Note 13):
Special Reserve Fund: Rs. 139.39 crore</td></tr>
<tr><td></td><td>This includes Rs.76.58 crore appropriated from profits during 2013-14 and 2014-15 as per the provision of MERC Regulations, 2005. Though the constitution of Special Reserve Fund (SRF) was repealed by the MERC (MYT) Regulation, 2011 the Company continued the appropriation during 2013-14 and 2014-15 (even though the new regulations were applicable to the company during this period) resulting in unauthorised appropriation to SRFs and understatement of Retained Earning to the extent of Rs.76.58 crore.</td><td>As per MERC Regulation 2005, out of the total amount of Efficiency gain/losses, 1/3rd was to be shared with the TSU, 1/3rd was to be retained as special reserve to be offset against the future losses due to controllable factors (if any) and the remaining 1/3rd is to be shared with MSETCL. Accordingly, MSETCL has appropriated the 1/3rd amount of efficiency gain as Special Reserve in the respective years where the said regulation was applicable.</td><td>We concur with the response of the management.</td></tr>
</table>

	Accumulated SRF of Rs.139.39 crore has also been lying since April 2015.	Further, MSETCL had asked for deferment from MERC MYT Regulation 2011, which was applicable from FY 2011-12 to FY 2012-13. Thus, MERC Regulation 2005 was made applicable to FY 2011-12 and FY 2012-13 also.	
		Vide the Tariff Order in Case No 207 of 2014 dated 26.06.2015 MERC directed that the 1/3rd of the Efficiency gain for FY 2012-13 be appropriated to the Special Reserve during the true up of FY 2012-13. Accordingly, the shortfall on the special reserve accounts was provided during FY 2014-15. Thus, there was no violation of regulation and the amount provided for during FY 2013-14 and FY 2014-15 were the shortfall pertaining to FY 2011-12 and FY 2012-13 respectively.	
		Furthermore, as per Regulation 19.1.(b) the special reserve is to be offset against the future losses due to controllable factors (if any). The O&M Expenses claimed by MSETCL are below the normative and thus there has been no loss till the last true up order hence the special reserve could not be utilise by MSETCL in the past years. If any such Efficiency loss arises in future, then the special reserve will be utilised in future.	
5 Other Non-Current Financial Liabilities (Note: 14.2):			
5 (a)	This includes Rs 400.00 lakh being deposit for construction of bays under ORC works against which the existing bays were allotted to the parties. As such, the deposits of Rs 400 lakh should have been set off by transferring the same to Other Income. This has resulted in understatement of Other Income and Overstatement of Non-current liabilities and loss to the extent of Rs 400.00 lakh.	In order to execute ORC works, deposits are taken from the parties for whom company performs/executes such ORC works. Aurangabad EHV O&M Circle has executed 7 ORC works with Rs 221 Lakhs including supervision charges and Nagpur O&M Circle had completed 8 ORC works worth Rs.237.00 Lakhs. Work Completion Report (WCR) against all the ORC works executed were received in the month of November 2017. Necessary accounting entry will be passed in FY 2017-18 as per the assets identified in Fixed Asset Register in accordance with the guidelines issued in context to Ind AS Policy.MSETCL is in the process of carrying out physical verification of Fixed assets, on completion of the same, the identification of proper assets and its value for adjustment against the ORC deposit amount would be done.	Rs 400 lakh has not been accounted as "Other Income" in the FY 2020-21. The Concerned item is covered by qualification/disclaimer please refer to our 'Basis of Modified opinion' under para 2.17 and 2.22 of audit report for FY 2020-21
5 (b)	In response to the Audit Comments for the year 2015-16, the Company assured to adjust the deposits pertaining to the completed ORC works amounting to Rs 9,026.00 lakh during 2016-17 against Fixed Assets. The non-	Statutory Auditor's vide their Audit Report para IV 2(xiv) have qualified the said account related to ORC deposits as unreconciled.	ORC deposits have not been reconciled in the FY 2020-21. The Concerned item is covered by qualification/disclaimer please refer to our 'Basis of Modified opinion' under para 2.17 and 2.22 of audit report for FY 2020-21

	compliance of the assurance resulted in continuance of overstatement of Non-current Liabilities and Fixed Assets to the extent of Rs 9,026.00 lakh with consequent effect on the depreciation and the Loss for the year.	The Company had already initiated the necessary reconciliation drive in the field offices since previous years and the reconciliation process is in progress. After reconciliation of the same, the ORC deposit will be adjusted against concerned assets.	
	This includes deposit of Rs.45.09 crore in respect of ORC works completed and commissioned during 2018-19. Non-adjustment of the deposits resulted in overstatement of deposits by Rs.45.09 crore and consequent overstatement of ORC work-in-progress under Capital Work-in-progress to that extent.	Three ORC works with capex expenditure amounting to Rs. 40.97 crore have been capitalized by knocking off the deposit in FY 2018-19. Five ORC works having capex expenditure amounting to Rs. 4.12 Cr. will be capitalized in FY 2020-21 after finalizing QV / Final bills.	The concerned matter (of GL Code 123100) is covered under para 'Basis for Modified Opinion' in our Standalone Audit Report. Refer Para 2.22 of the said report.
Current Liabilities **Other Current Liabilities (Note No.19):**			
6	This does not include Rs.13.06 crore being non-assessment and non-recovery of the labour cess for the period July 2010 to March 2018 (Nashik Project Circle).	The labour cess is recovered and paid to the concerned authority in time. The balance amount would recovered from the upcoming bills of the Vendors and the payment would be made immediately.	The Concerned item is covered by qualification/disclaimer please refer to our 'Basis of Modified opinion' under para 2 of audit report for FY 2020-21. The balances and recoveries from the vendors could not be properly verified in course of our audit in absence of requisite data/details sought from the Company.
	This resulted in understatement of Other Receivables and Other Current Liabilities by Rs.13.06 crore.	Amount of Rs. 7.75 Crs has been recovered till date. The statement of the same is enclosed herewith. Further it is stated that Labour Cess of Rs.0.97 Crs could not be recovered on the Work Orders issued to M/s Areva T&D India Ltd as per Ltr No. MSETCL/CO/F&A/9156 dtd 03.12.2019 which is also enclosed herewith.	
	Goods and Service Tax (GST) is applicable to deposits received as consideration for the supply of goods or rendering services in terms of Section 2(31) of the CGST Act,2017. The Company has not collected and deposited GST on ORC deposits resulting in short assessment and collection of GST by Rs. 43.13 crore (*) with consequent understatement of other current liabilities and other current assets to that extent.	In case of ORC works, MSETCL collects deposits from Outright Consumers before executing the works and treats as ORC Deposits in the books of accounts of MSETCL. It is shown in the liability side of the balance sheet of the MSETCL. This amount is finally set off against the actual cost of the construction/works at the time of completion of all activities of the works. Till the constructions stage, the expenditure incurred on these works is shown as Capital WIP and finally on completion of the works this deposit amount is set-off against the total works cost. The Asset is capitalized in the books of MSETCL at Re. 1. The Operation & Maintenance (O&M) of asset is carried out by MSETCL. As Asset does not transferred to the ORC Consumers, there was an ambiguity whether it is supply service or otherwise.	The concerned matter (of GL Code 123100) is covered under para 'Basis for Modified Opinion' in our Standalone Audit Report. Refer Para 2.22 of the said report.

	* Rs.377.78 crore x 18/118 minus GST of Rs.14.50 crore on supervision charges already shown in the books of accounts.	MSETCL has submitted Application for Advance Ruling vide ARN AD270419019782S dated 25.04.2019 to Authority of Advance Ruling (AAR), GST Department regarding Applicability of GST on Deposit for Dedicated Distribution Facility (DDF)/ Dedicated Transmission System (DTS) /Out-right Contracts (ORC). The same is "Pending for Order" till date. However, as a conservative measure, MSETCL has issued Circular in May-19 for charging GST on the estimated cost of the ORC Works including supervision charges and same is paid to GST Authority.	
		The decision regarding collection of GST on ORC deposit for the period from July'17 to March'19 shall be acted upon Order/Ruling from AAR in this regard. Order / Ruling from AAR is still awaited, meanwhile MSETCL has initiated the correspondence with AAR vide letter no.- 446 dated: 17.01.2020 & no.2650 dated 31.07.2020	
Other Comments **Notes to Standalone Financial Statements**			
7	The company stated in Note no.2.19 that it recognized Expected Credit Loss (ECL) on Trade receivables and other financial assets (Ind AS 109). Further, it stated that the loss allowances on trade receivables are as per the ECL model. However, the company has not followed the ECL model. This fact was disclosed in Note no.33 only in respect of one of its receivables - MSEDCL but not disclosed in respect of the other receivables. The Note no.33 is inadequate to that extent.	The necessary disclosure has been done in note no-33 to financial statement of FY 2020-2021.	The balances and details of Trade receivables could not be properly verified in course of our audit in absence of requisite data/details sought from the Company. Please refer para 2 of audit report for FY 2020-21.

Annexure 3 to the Independent Auditors' Report to the Members of Maharashtra State Electricity Transmission Company Limited

[referred to in paragraph 7 titled 'Report on Other Legal and Regulatory Requirements']

	Auditor's Comment	MSETCL's Replies
i		
a)	The complete quantitative details and situation of fixed assets is not available with either in SAP or in erstwhile AR01 register.	MSETCL has implemented SAP/ERP and an exercise was carried out to update the Fixed Assets Registers by incorporating the quantative details.
b)	The management has not undertaken physical verification of the Company's fixed assets during the year. In the absence of such record and verification we are unable to state whether there are any material discrepancies and whether the same have been properly dealt with in the books of accounts.	Instructions have been issued to carry out the physical verification of Fixed Assets profit centerwise.
c)	The records relating to immovable properties as reflected in the Standalone Ind AS financial statements (i.e. Land Title, Lease Deed, 7/12 extract etc.) are not maintained properly or updated and the same are not reconciled with the Standalone Ind AS financial statements as at March 31, 2021. In absence of complete records, we are unable to state whether all such immovable properties are in the name of the Company.	Compilation of ready made documentation of Land/Leasehold lands is in progress, however, it would take time since the same has to be collected from respective land authorities from various Zones.
ii		
a)	The Company had planned an annual stock verification program for the F.Y. 2020-2021. The inspection/valuation of stocks lying with Company was not fully carried out by the Company during the year as per the said program due to outbreak of pandemic Covid19 and Inventory Physical verification report has not been shared with us hence consequential impact if any thereof cannot be commented upon.	Factual
b)	In our opinion, the procedure of physical verification of inventory followed by the management is adequate in relation to size of the Company and the nature of its business, except for our observation in (a) above	Factual
c)	On the basis of our examination of records of inventory, in our opinion, the company has maintained proper records of inventory. The discrepancies noticed on such physical verification of inventories such as Direct Debit to Work (DDW) and the slow / non-moving inventories with ageing could not be satisfactorily explained, we are unable to comment whether discrepancies have been properly dealt with.	Factual
iii	According to the information and explanation given to us by the Company, it has not granted any loans to companies, firms, LLPs or other parties listed in the register maintained under section 189 of the Companies Act, 2013. Hence reporting under the clause (III) - (a) to (c) of the Order is not applicable to the Company.	Factual
iv	In our opinion and according to the information and explanation given to us, the Company has complied with the provision of section 185 and section 186 of the Act.	Factual
v	In our opinion and according to the information and explanations given to us, the Company has not accepted any deposits from the public during the year in terms of the provisions of Sections 73 to 76 or any other relevant provisions of the Act and the rules framed there under. Accordingly, paragraph 3(v) of the Order is not applicable to the Company.	Factual
vi	We have broadly reviewed the books of account maintained by the Company as specified under Section 148(1) of the Act and we are of the	Factual

	opinion that prima facie, the prescribed accounts and records have been made and maintained. However, we have not made a detailed examination of the cost records with a view to determine whether they are accurate or complete.	
vii	In respect of statutory dues:	
a)	According to the information and explanations given to us and on the basis of our examination of records of the Company, in respect of amounts deducted / accrued in the books of account, the Company has generally been regular in depositing undisputed statutory dues including Provident Fund, Employees' State Insurance, Income Tax, Sales Tax, Goods & Service tax, Service Tax, Value Added Tax, Cess and any other statutory dues, as applicable to the Company, during the year with the appropriate authorities. As informed, the duty of Customs and duty of Excise is not applicable to the Company during the year under report. There are no undisputed statutory dues payable in respect to above statues, outstanding as at March 31, 2021 for a period of more than six months from the date they became payable, except following:	Factual

Name of the Statute	Nature of the Dues	Amount (Rs. In Lakhs)	Period to which the amount relates	Date of Payment
Finance Act, 1994 (Service Tax)	Interest on Service Tax for previous year on the supervision charges collected from ORC vendors	267.34	FY 2014-15	Not Paid

b)	According to information and explanations given to us and on the basis of our examination of the records of the Company, there is no disputed Income tax, Sales-tax, Service Tax, Goods & Service Tax and Value Added Tax as on 31st March, 2021 which have not been deposited except the following disputed dues which have not been deposited since the matters are pending with the relevant forum:	Factual

Name of Statue	Nature of the Dues	Period (A.Y) to which the amount relates	Forum where matter is pending	Amount (Rs. In Lacs)

Note:
Please refer statutory audit report of even date on the Stand Alone Ind AS Financial Statements of the Company, particularly para 2.19.

viii	Based on our audit procedures and as per the information and explanations given by the management, the Company has not defaulted in repayment of loans or borrowings to banks, financial institutions or government during the year. The Company has not issued any debentures.	Factual
ix	During the year the Company did not raise any money by way of initial public offer or further public offer (including debt instruments). According to the information and explanation given to us, the term loans have been prima facie applied by the Company during the year for the purpose for which it was obtained.	Factual
x	During the course of our examination of the books and records of the Company, carried out in accordance with the generally accepted auditing practices in India, and according to the information and explanations given to us, we have neither come across any instance of fraud by the Company or any fraud on the Company by its officers or employees, noticed or reported during the year, nor have we been informed of any such instance by the management.	Factual
	However, during the course of our examination of the books of account and records of the Company of the immediately preceding financial year we noticed the incidence of fraud on the Company by its officers or employees. While checking the leave encashments it was noticed that Several employees have claimed and received leave encashment far in excess of what is permitted under the Company's laid down policy. It is also observed that such leave encashment is claimed seven to nine times in a block of two years by some employees, which doesn't seem to be an error. The 'Service Book' which records the leave	Factual

	encashment of such employees was observed to be blank during our checking, yet the excessive claims of employees got approved and paid. Such tendency of excess claiming of leave encashment was considered questionable and estimated amount involved in the said fraud being above Rs.1 Crore the matter had been reported to Central Government in terms of provisions of section 143 (12) of the Act.	
xi	As informed to us, the provisions of Section 197 are not applicable to the company, being Government Company, as per the notification of MCA dated 5th June 2015.	Factual
xii	The Company is not a Nidhi Company. Therefore, the provisions of clause (xii) of paragraph 3 of the Order are not applicable to the Company.	Factual
xiii	In our opinion and according to the information and explanations given to us, the Company is in compliance with the applicable provisions of Section 177 and 188 of the Act for all transactions with the related parties and the details of related party transactions have been disclosed in the Standalone Ind AS financial statements as required by the applicable accounting standard.	Factual
xiv	According to the information and explanations given to us, the Company has not made any preferential allotment or private placement of shares or fully or partly convertible debentures during the year. Therefore, the provisions of clause (xiv) of paragraph 3 of the Order are not applicable to the Company.	Factual
xv	In our opinion and according to the information and explanations given to us, during the year, the Company has not entered into any non-cash transactions with directors or persons connected with them. Therefore, the provisions of clause (xv) of paragraph 3 of the Order are not applicable to the Company.	Factual
xvi	In our opinion, the Company is not required to be registered under Section 45-lA of the Reserve Bank of lndia Act, 1934.	Factual

Annexure 4 to the Independent Auditors' Report to the Members of Maharashtra State Electricity Transmission Company Limited
[Referred to in paragraph 8(f) titled "Report on other legal and regulatory requirements"]

REPORT ON THE INTERNAL FINANCIAL CONTROLS OVER FINANCIAL REPORTING UNDER CLAUSE (i) OF SUB-SECTION 3 OF SECTION 143 OF THE COMPANIES ACT, 2013 ('THE ACT')

Sr	Auditor's report	MSETCL Reply
	Opinion	
	We have audited the internal financial controls over financial reporting of Maharashtra State Electricity Transmission Limited ("the Company") as at March 31, 2021 in conjunction with our audit of the Standalone Ind AS financial statements of the Company for the year ended on that date.	Factual
	In our opinion, the Company's internal financial controls system over financial reporting and design thereof needs to be improved to eliminate control lapses and make it comprehensive. Based on selective verification of process controls matrixes made available to us which require to be updated for some identified processes and risks, in our opinion and considering the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note, the operating effectiveness of such process controls and appropriate documentation thereof needs to be strengthened to make the same commensurate with the size of the Company and nature of its business.	MSETCL has appointed an Expert Professional to guide the Company for the development of internal control processes, which would exhibit the adequecy commensurating with the size of the Company and the nature of its business.
	Management's Responsibility for Internal Financial Controls The Company's management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India ("ICAI"). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to the company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Act.	Factual
	Auditors' Responsibility Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the "Guidance Note") and the Standards on Auditing, issued by ICAI and deemed to be prescribed under section 143(10) of the Act, to the extent applicable to an audit of internal financial controls, both issued by the ICAI. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.	Factual
	Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected	

	depend on the auditor's judgment, including the assessment of the risks of material misstatement of the Standalone Ind AS financial statements, whether due to fraud or error.	
	We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over financial reporting.	Factual
	Meaning of Internal Financial Controls Over Financial Reporting A Company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A Company's internal financial control over financial reporting includes those policies and procedures that:	Factual
	a)pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the Company;	
	b)provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the Company are being made only in accordance with authorisations of management and directors of the Company; and	
	c)provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the Company's assets that could have a material effect on the standalone Ind AS financial statements.	
	Inherent Limitations of Internal Financial Controls Over Financial Reporting Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.	Factual

REPLIES TO THE STATUTORY AUDITOR QUALIFICATION ON AUDIT REPORT FOR THE CONSOLIDATED FINANCIALS YEAR 2020-21
REPORT ON THE AUDIT OF THE CONSOLIDATED Ind AS FINANCIAL STATEMENTS

OPINION		
Sr. No.	**STATUTORY AUDITOR'S REPORT**	**MSETCL Reply**
1.	We have audited the accompanying Consolidated Ind AS Financial Statements of Maharashtra State Electricity Transmission Company Limited ('the Company'), and its two Associates, which comprise the Consolidated Balance Sheet as at March 31, 2021, Consolidated Profit and Loss Account (including Other Comprehensive Income), the Consolidated Statement of Changes in Equity and the Consolidated Cash Flow Statement for the year then ended, and a summary of significant accounting policies and other explanatory information (hereinafter referred to as "the Consolidated Ind AS Financial Statements " or "CFS").	Factual
	In our opinion and to the best of our information and according to the explanations given, subject to the deficiencies noted in internal controls pertaining to preparation and presentation of consolidated Ind AS financial statements, coupled with non-compliances and audit observations noted in "Basis for modified opinion" paragraph below, the aggregate impact whereof is not quantified/ascertained, the stand alone Ind AS financial statements read with the notes thereto, in our opinion, give the information required by the Act in the manner so required and give a true fair view in conformity with the accounting principles generally accepted in India of the financial position of the Company as at 31st March 2021 and its profit (including other comprehensive income), changes in equity and cashflows for the year ended on that date.	Factual
	We have not been able to obtain sufficient and appropriate audit evidences to ascertain the combined impact of the items noted in Basis for modified opinion" paragraph, hence unable to comment thereon.	Factual
	Basis for Modified Opinion	
2.	The following items form the basis for our modified opinion:	
2.1	Attention is invited to note no. 44 of Consolidated Ind AS Financial Statement giving details about accumulated Delayed Payment Charges ('DPC') as at 31st March 2021 amounting to Rs. 85,499 Lakhs (with reference to 10 distribution licensees) relating to Financial Year 2015-16 under the head 'Other Income'. The Company had then taken reference of the order No. 31 of 2016 of Maharashtra Electricity Regulatory Commission ('MERC'), wherein MERC had reduced the Aggregate Revenue Requirement ("ARR") of the Company for F.Y. 2015-16 by the said amount, and classifying it as 'Non-Tariff Income'. Data/ details pertaining to the certainty over the realizability of such income (i.e. Trade Receivable) are not available with the Company. The accounting of such DPC as 'Other Income' in FY 2015-16 is in contravention to the applicable Accounting Standard as also Company's Accounting Policy, which in note No. 2.15 states that "Other Income is recognized on accrual basis except when ultimate realization of such income is uncertain". Had the Company not recognized such income of Rs. 85,499 Lakhs in the said earlier year, its balance of the retained earnings in the Statement of Profit & Loss and balance of Trade Receivable Account would have been lesser to that extent.	The fact has been disclosed in the Financial Statements vide Note No 44. STU raises the Monthly Tariff Charges Invoice to Distribution Licencees including the accumulated amount of DPC.
2.2	In terms of Provisions of section 143(12) of the Companies Act, 2013 ('the Act') reporting of fraudulent practice noted in course of our audit during FY 2019-20, was made to the Central Government (CG), Secretary, Ministry of Corporate Affairs on April 24, 2020 pertaining to	1. On the basis of extract submitted by auditor, 717 employees' have received excess leave encashment. However, on investigation, it is revealed that there

	excessive claims getting reimbursed towards leave encashment of several employees being in non-compliance with Company's laid down policy. The controls pertaining to processing and payment of such claims were not observed to be appropriate, including the records like 'Service Book' of employee remaining blank for years, the estimated impact of such excessive claims being in addition to Rupees One Crore, reporting to CG was made. Impact for reversal, writeback of such excess paid/ provided, if any, is not yet fully ascertained.	were only 74 instances of multiple leave encashment. 2. Majority of the multiple entries that are seen in the ERP system are due to the payment of DA arrears, Higher Grade Benefits and also due to the wage revision done in the year 2014. 3. However, irrespective of considering quantum of misconduct, HR. Dept. has taken this matter very seriously and directed to field offices and CO to ensure 100% recovery. 4. As such, a total amount of Rs. 43,12,879 was recovered on account of multiple leave encashment and the said fraud was not tuned to Rs 100 Lakhs as what statutory auditor pointed. 5. Action Taken: a. An independent vigilance enquiry has been initiated vide letter no. 2137 dated 15.04.2020 and report thereof is awaited. b. In order to prevent such misuse of the system and full proofing of the system, ERP system has been re-designed and re-configured. Now, system will not allow multiple entry of leave encashment. c. Disciplinary action is already started against the identified maker and checker responsible for the multiple leave encashment vide letter No. 2217 dated 03.06.2020. Necessary recovery of excess leave encashment paid is also done. d. It is directed to maintain Leave Register for each block period and is post audited through the F&A personnel by the method of cross checking with the General Ledger Account of Leave Encashment in SAP system.
2.3	The Company's system/ processes to ascertain provision towards leave encashment, based on actuarial valuation needs to be strengthened, as the data of leaves and gratuity generated from the system and furnished to the actuary for valuation, was observed to be inaccurate. Accordingly, we are unable to comment upon the adequacy or otherwise of the actuarial valuation made in respect of leave encashment and gratuity valuations in the books of accounts, amount whereof has not been ascertained.	It was directed to all the offices to prepare data of fresh leave quota on the basis of on Service Book. Based on their data submitted to ERP Core Team, the ERP Core Team have uploaded the same in the system. Now, while submitting the data for actuarial data to Actuary, it is found that some of the data of leave quota was mis-match which is on later date rectified the error and sent finally to Actuary for valuation. Now, it is assured that next time more caution will be taken and 100% accuracy will be sent for valuation.

2.4	The Company has revised its Pay scale to employees w.e.f. April 01, 2018, in the financial year 2019-20 and same was approved by the Board of Directors of the Company post facto it was decided to pay in 3 instalments out of which two instalments was paid and remaining one instalment is pending to be paid as at March 31, 2021. Hence provision for the same was made amounting to Rs.6,847.51 Lakhs details whereof were not made available for our verification. In the absence of required data/ details thereof, the basis, quantum and completeness of such provision made could not be verified nor is commented upon.	The details of arears to be provisioned was computed sent by HR Core Team. Based on this data, the provision of Rs. 12,899,69 Lakhs was made in the in the books of accounts in FY 2019-2020. The outstanding amount as on 31.03.2021 after payment of certain arears is Rs 6,847.51 lakhs which would be paid after necessary directives from Management.
2.5	Party- wise break up of trade receivables with ageing is not readily available from the system. The details of ageing of Trade receivables prepared manually contained several errors and inaccuracies. Hence, it could not be fully verified during the course of audit; accordingly, we are unable to comment upon adequacy of provision based on simplified version of Expected Credit Loss ("ECL") provisioning Method.	Since, the generation of invoices and auto posting thereof in SAP system is under development, the details regarding ageing of trade receivables were provided in excel utility. The Company appropriates the monies received from Distribution Utilities towards the clearance of old dues first, the outstanding dues pertaines against latest invoices. Accordingly ageing analysis were provided during the course of audit.
2.5.1	Further, details/ breakup/ confirmations of Trade receivables aggregating to Rs.3,01,131.79 Lakhs, sought for, were not made available for verification during the course of audit. Consequential impact of ascertainment of the realizability from these Trade Receivable and resultant provision, if any, for bad and doubtful debts on the Standalone Ind AS financial statements has not been ascertained. Moreover, based on selective checking of available data/ information from the system and from State Transmission Utility ("STU") invoicing cell, it was noticed that trade receivables from several parties totalling Rs 4,350.48 Lakhs are considered doubtful of recovery but not provided for.	Though details of trade receivable have been provided, the balance confirmation from all the debtors have not received. As per the Company's assessment the provision for bad and doubful debt is sufficient.
2.6	In terms of the provisions of Ind AS 101, "First Time Adoption of Indian Accounting Standards", the Company had availed option of Cost model of accounting for its Property, Plants and Equipment's ('PPE'). Accordingly, the carrying values of PPE on the transition date were taken as deemed cost and depreciation is calculated thereon manually on electronic spreadsheets considering the balance useful lives of items of PPE but without considering the residual value limits laid down by MERC regulations. As a result, several instances of charging excess depreciation on assets were noted. Further, in several cases the deprecation is manually calculated and provided at Head office for the assets located in Zone or Region for the reason of mismatches in dates of capitalization, critical spare items capitalization, etc. In absence of complete data/ details of such instances out of numerous line items of PPE, the combined impact of such erroneous depreciation is not ascertained.	The Company has appropriately done adjustment of deemed cost for PPE as on 01.04.2015.The consideration of net block as deemed cost is done as per guidance note on Ind AS Sch II by ICAI read with Ind AS 101 and appropriate disclosures have been made in the financial statements. Depreciation as per Ind AS on amount as per orginal cost method or as per carrying cost method comes to the same figure, as in SAP-ERP depreciation will be calculated on the original amount, also the residual value of 10% as per MERC regulations has been considered in the SAP-ERP for each assets. It is only for disclosure purpose in the financial statements. Company cannot change its present fixed assets register and fixed assets schedule in the system. In respect to depreciation for assets whose date of commissioning is prior to April 2019, the same needs to be manually calculated and entered in SAP/ERP System. This is due to late receipt of Work Completion Report (WCR) .However, procedures are being deviced for the generation of WCR through SAP/ERP itself, which would elimate the manual depreciation entry in future.

	Without prejudice to the generality of the above, based on the scrutiny of available details of Asset register (ar01) during the course of our audit, it was noted that several items of fixed assets whose useful life has fully exhausted totalling Rs.29,240.22 Lakhs (Gross Book Value), Rs.21,828.31 Lakhs (Accumulated Depreciation) and having net book value of Rs.7,411.91 Lakhs, are part of said register, resulting in overstatement of the value of PPE to that extent.	MSETCL uses the Assets , if in working condition, even if the useful life of the asset as per technical norms is exhausted. However, necessary policy would be devised to create an new asset class for such old but in use assets.
2.6.1	Moreover, deferred tax liability amounting to Rs.6,837.24 Lakhs under the head PPE recognized, could not be satisfactorily explained with working thereof in course of audit	The Company has provided for the impact due to treatment of Inventory (Standby Equipments) as Property, Plant and Equipments as per Ind AS 16 in the Financials. However, the same is done manually as configuration of this treatment in SAP/ERP is under process. This impact accrues DTA/DTL based on the data available. The said working is being reverified through the services of Ind AS Consultant for proper confirmation.
2.6.2	The Company has not maintained adequate details pertaining to items/ components giving rise to deferred tax assets/ Liability (DTA/ DTL). In absence whereof the recognition and disclosure of the DTA/ DTL not being complete and correct, the impact thereof on Statement of Profit & Loss for the year is not ascertained.	
2.7	Based on the scrutiny of available details of free hold land, it was noticed that in the past, several items of leased land have been clubbed under this head; as a result, the amortization of such leasehold land is not carried out. In absence of complete data/ details of such instances, the impact thereof on Standalone Ind AS financial statements is not ascertained.	Considering the numerous number of agreements that too from MSEB period, the task of identifying leasehold land clubbed under freehold land is difficult, however, the process of identifying the same has been initiated in the Field Units.
2.8	It is noticed during the course of audit that 66KV substations/ transmission lines having Gross Book Value amounting to Rs.17,846.08 Lakhs and accumulated depreciation Rs.12,260.47 Lakhs as at 31st March 2021 are not in use for the operations of the Company. Pending testing for impairment of the same, we are unable to comment upon the carrying value of such assets in the books of accounts.	The 66KV lines and S/S are in operation, however, for ease, the operation and maintenance of these assets have been entrusted on MSEDCL by handing over the said assets. However, the modality for determining consideration for such transfer is under consideration.
2.9	It is observed from the SAP generated report (4.4 - Capex report) by the Company, Negative capital expenditure is charged to (reduce from) some schemes amounting to Rs.4,299.99 Lakhs for which no plausible explanation could be provided. To that extent Asset Under Construction (AUC)/ Capital Work in Progress (CWIP) in the Balance Sheet is understated. Further, there is no movement in some AUC line items since last more than three years, indications of impairment if any have not been tested by the Company for making appropriate provisions, impact thereof on the Standalone Ind AS financial statements cannot be commented upon.	Field Units has adjusted the ORC deposit received against the CWIP incurred. However, the adjustment is done in current year for previous years too, hence the capex during the year shows negative amounts. If the adjustmentis done from the Opening Capex amounts, the during the year capex would show NIL or Positive Amounts
2.10	From April 1, 2019, the new Accounting Standard i.e. Ind AS 116 "Leases" became effective. The Company has adopted the new standard with modified approach and recognized asset in the form of 'Right to Use' (representing its right to use the leased asset over the lease term) and also liability towards present value of the balance of future lease payments for the leases. However, due to non-availability of lease documents and other records relating to several properties taken under lease, the Company is not able to identify and recognise the Right to use of said leases, hence no treatment was given in terms of provisions of Ind AS 116 for such leased assets. Impact thereof on the Standalone Ind AS financial statements has not been ascertained.	As discussed with the Ind AS Consultant, the leasehold land which is taken from GoM/CIDCO/MIDC are to be shown as Right Of Use Assets. However no lease liability is to be created as discussed in the ITFG, as there is no lease liability accruing on such assets.
2.11	The policy about inventory valuation of the Company (Note No 2.14) states that inventories are valued at lower of cost or net realizable value ('NRV') but in course of our audit it is noticed that the Company does not have any data or details about the NRV. As such, the inventories are valued at cost. The impact of such practice on Standalone Ind AS financial statements is not ascertained.	The Core business of MSETCL is construction and maintenance of substation and lines. The inventory procured is of specific nature and is not for sale in the market. Moreover, the uniqueness of the business process of MSETCL makes the derival of NRV difficult. However, MSETCL would

		initiate a drive to capture data which would help to derive the NRV during the valuation process.
2.11.1	Company does not have laid down policy and procedures pertaining to materials/equipment's given to vendors/third parties on loan basis, the details of such items were asked for from all the seven zones of the Company. The same were received from only two zones, where it is observed that materials/equipment's given on loan remained with the vendors/third parties for period longer than reasonable period. In absence of complete details and monitoring of such items we are unable to comment on impact thereof on the standalone Ind AS financial statements	MSETCL Project units provide the spare materials to the vendors for installation/commissioning of the Project on returnable basis by taking the approval of the Competent Authority. The details are maintained manually through official registers. Necessary instructions have been provide to all Field Units to maintain all the relevant records in such cases and provide the same to Auditors for verification.
2.11.2	Further, as observed the transformers are sent for repair by zonal offices to vendors without appropriately monitoring the records relating to such despatch and its return thereof including matters pertaining to qualitative aspects of such repairs. In absence of necessary details from all the zones of such items we are unable to comment on impact thereof on the standalone Ind AS financial statements.	O&M Offices sent transformers for repairs to approved vendors by taking the approval of the Competent Authority. The details are maintained manually through official registers. Necessary instructions have been provide to all Field Units to maintain all the relevant records in such cases and provide the same to Auditors for verification.
2.12	No inventory or data/ details/ description could be furnished for verification for the "Assets not in use - held for sale" (GL code 222010) amounting to Rs.3,553.20 Lakhs; moreover, such assets are held at their carrying value instead of "lower of carrying value or net realizable value". The impact, if any, thereof on Standalone Ind AS financial statements has not been ascertained.	MSETCL has initiated steps to take a drive wherein the physical verification of assets is to be carried out to update the Fixed Asset Register. This activity would also cover the verification/reconciliation of Asset Not in use component. Necessary accounting entry would be passed after completion of the assignment. Necessary development for tagging of equipment master with Asset Master in SAP/ERP is also under process.
2.13	The government Grants received by the Company amounting to Rs.23,850 Lakhs in Financial Year 2006-07 towards capital assets for specific projects out of which Rs.15,460.67 Lakhs are deferred for recognition as revenue as at March 31, 2021. The details of these grants with specific assets there against and conditions to be satisfied for the same are not made available for our verification. Hence, correctness/completeness thereof pertaining to accounting in terms of provisions of Ind AS 20, "Accounting for Government Grants and Disclosure of Government Assistance "cannot be commented upon.	The Government Grant is received for the construction of Sub-Stations and Lines in the Rural Areas as per the GoM Policy. The Assets wise list was submitted to the GoM for grant requirement. The grant for these assets is given by GoM on lumpsum basis and not asset wise. MSETCL bifurcated the grant based on the cost of the assets.
2.14	The Company does not collate, maintain and present the details of dues to its vendors registered under Micro, Small and Medium Enterprises ('MSME') Development Act, 2006. Hence, correctness of provision for interest, if any, on outstanding dues to MSME could not be verified.	The fact has been disclosed in the Financial Statements at Note no 41
2.15	The prior period items of Income and expenses have been disclosed by the Company in Note No.49 but the same have not been restated/ recasted in the respective previous years as mandatorily required under Ind AS 8," Accounting Policies, Changes in Accounting Estimates and Errors".	The fact has been disclosed in the Financial Statements at Note no 49
2.16	Pursuant to Central Electricity Regulatory Commission ('CERC') order dated 19th December 2017 pertaining to FY 2014-15, the company has recognised an amount of Rs.599 Lakhs as income during the year as against receipt of Rs.10,789.41 lakhs, which until previous financial year was accrued fully as income. Impact of the said order for earlier	As per CERC order in Petition No. 256/TT/2013 dated 18.05.2015 in which tariff for FY 2013-14 was Rs. 77.10 Crs (per year) which is revised by CERC order in Petition No.

<table>
<tr><td></td><td>period remains to be given in the accounts, as a result of which, Surplus in Statement of Profit and Loss would be lower, and Advance from Customer would be higher by amount which has not been ascertained.</td><td>173/TT/2016 dated 19.12.2017 for FY 2014-15 Rs. 5.99 Crs (per year). However even after revised order by CERC payment made by PGCIL was on the basis of earlier order till Sept 2019. After that there was no receipt by PGCIL.</td></tr>
<tr><td>2.17</td><td>The deposits from customers towards Outright Contracts ('ORC') amounted to Rs.1,13,639.57 Lakhs as at 31st March 2021. The company recognises its supervision charges upfront as income on receipt of deposits and not as and when supervision services are provided, which is contrary to the provisions of Ind AS 115 "Revenue from Contracts with Customers".</td><td>As per Para 35 of Ind AS 115 An entity transfers control of a goods or service over time and, therefore, satisfies a performance obligation and recognises revenue over time, if one of the following criteria is met:
(a) the customer simultaneously receives and consumes the benefits provided by the entity's performance as the entity performs
(b) the entity's performance creates or enhances an asset (for example, work in progress) that the customer controls as the asset is created or enhanced, or
(c) the entity's performance does not create an asset with an alternative use to the entity and the entity has an enforceable right to payment for performance completed to date.
MSETCL does not fulfil any of the above criteria and hence recognizes revenue on the basis of receipts in its books of Accounts. Moreover, the supervision charges collected are of non refundable nature, hence the same are treated as Revenue Nature upfront.</td></tr>
<tr><td>2.17.1</td><td>Further, attention is invited to Accounting Policy note no. 2.19 (C) of Standalone Ind AS Financial Statement on "Accounting of Contributions received from Consumers against Outright Right Works (ORC Schemes)". As informed, during the course of audit, there is specific policy on ORC assets/ Liabilities and income thereon, but the same was not observed to have been followed by the Company, impact of which could not be ascertained in absence of relevant data/ details.</td><td>MSETCL has specific policy on the treatment of amounts received against ORC schemes referred vide Note No 2.19 (C). However, several clarificatory issues are faced in Field Units , which needs that the policy be reframed with proper guidelines. The necessary upgradation of the policy would be done with the approval of the Competent Authority by Trans O&M Section.</td></tr>
<tr><td>2.18</td><td>The basis, quantum and completeness could not be ascertained, in course of our audit, in the absence of required data/ details relating to the following items of revenue recognized during the year under report:</td><td></td></tr>
<tr><td></td><td colspan="2"><table>

	380141	Remittance of Dist Licencees collected from partial OA Consumers	5165.24	
	380143	Open access/NOC Application processing fees	195.38	As per MAHARASHTRA ELECTRICITY REGULATORY COMMISSION (TRANSMISSION OPEN ACCESS) REGULATIONS, 2016 clause No. 5.2. The application for Connectivity shall be accompanied by a Demand Draft or proof of payment by electronic mode of a non-refundable fee of the following amount, for all except Renewable Energy based Generators is Rupees Two Lakh and for Renewable Energy based Generators is Rupees One Lakh. Which was duly paid by the consumers and accounted in during the year on account of Open access/NOC Application processing fee.
	300080	Revenue from Addl Transmission and Regulatory	-4,557.86	As per the directives received from MERC the amount received against ATC is already adjusted in regular MTC billing of TSU's who had paid the ATC. Those who had not paid ATC necessary reversal of income has been done in FY 2020-21.
	370010	Short Term Open Access Charges	1146.88	STOA Consumers deposits the charges in the bank account of SLDC and the same is repatriated to HO. The reconciliation takes place at a later date after receipt of details from STOA
	300010	Revenue from Trans. Charges STU Pool A/c	1,522.92	Tariff approved by MERC to CR vide MERC tariff order no. 91 of 2016 dated 22.07.2016. Subsequently additional LTOA was issued to CR for allocation of 120WM power from BRBCL vide STU letter No. 8089 dated 19.07.2017 for this monthly bill to CR was issued. MERC tariff order No. 265 of 2018 issued on dated 18.09.2018. In this order MERC approved tariff of CR considering additional LTOA issued to CR being part of CR. In view of the above combined billing to CR was started and stopped seperate billing for additional 120 MW to CR.
2.19	Attention is invited to note no. 38 of Consolidated Ind AS Financial Statement giving details about "Contingent Liabilities and Contingent assets", full details including the claims/demands pertain to taxes as required under the statute are not accurately maintained. Hence, it could not be fully verified during the course of audit; accordingly, we are unable to comment upon adequacy of provision based on details made available to us.			Necessary template has been developed in SAP/ERP System, wherein all the details would be made available for verification.

2.20	The Company's investment of Rs.1,760.92 Lakhs in one of its Associate namely Maharashtra Transmission Communication Infrastructure Ltd (MTCIL) has not been appropriately tested for impairment considering the continuous losses of that associate.			MTCIL is in the business of communication infrastructure development wherein the initial administrative and employee expenses incured are higher as compared to the revenue generated. However, considering the projected cash flow for future years which are bound to wipe out all the accumulated losses within 2-3 years, MSETCL has not tested the investment in MTCIL for impairment losses.
2.21	The Company needs to strengthen its compliances with provisions of Section 135 of the Act and rules made thereunder pertaining to Corporate Social Responsibility (CSR). As noticed during the year under audit the Company is required to spent Rs.1,335.00 Lakhs against which it has spent Rs.700.14 lakhs. The unspent sum was belatedly transferred to an earmarked account as required under CSR regulations.			The Company undertake various schemes approved by the CSR Committee and all efforts are taken to complete the scheme within schedule time. The unspent amount is appropriately transferred to the specified bank account opened by MSETCL as per the CSR Regulations.
2.22	The amounts (in excess of Rs. 1 Lakh, other than statutory dues accounts) remaining and recognized in the following GL heads/ codes are subject to confirmation and reconciliation. The necessary data/ details pertaining to following were not made available during the course of audit for verification:			
	GL	**Name of Account heads**	**2020-21 Rs. In Lakhs Asset/Exp (Liability/income)**	
	100050	Grants towards cost of Capital Assets	-15,460.67	The Government Grant is received for the construction of Sub-Stations and Lines in the Rural Areas as per the GoM Policy. The Assetswise list was submitted to the GoM for grant requirement. The grant for these assets is given by GoM on lumpsum basis and not assetwise. MSETCL bifurcated the grant based on the cost of the assets.
	100054	Grants in Aid PGCL	-617.48	The GoI has parted funds to PGCIL for the establishment of Renewable Energy Management Center (REMC) under Green Energy Corridor at 11 locations. 	The effect of adjustments arising from reconciliation and settlement of old outstanding balances remaining in the above accounts and possible gain/ loss that may arise on account of non-recovery or partial recovery or write-back thereof is not ascertained. Further, in absence of necessary data/ details, the bifurcation of items of assets/ liabilities under 'Current' or 'Non-current' head could not be accurately verified.			
	We conducted our audit in accordance with the Standards on Auditing (SAs) specified under section 143(10) of the Act. Our responsibilities under those SAs are further described in the Auditor's Responsibilities for the Audit of the consolidated Ind AS Financial Statements section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India together with the ethical requirements that are relevant to our audit of the consolidated financial statements under the provisions of the Act and the Rules thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion on the consolidated Ind AS financial statements.			Factual

	Information Other than the Consolidated Financial Statements and Auditor's Report Thereon	
3	The Company's Board of Directors is responsible for the preparation of the other information, comprising of the information included in the report of Board of Directors including Annexures thereto and such other disclosures related Information, excluding the consolidated Ind AS financial statements and auditors report thereon ('Other Information'). The other information is expected to be made available to us after the date of this auditors' report. Our opinion on the consolidated Ind AS financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.	Factual
	In connection with our audit of the consolidated Ind AS Financial Statements, our responsibility is to read the other information when it becomes available and, in doing so, consider whether the other information is materially inconsistent with the consolidated Ind AS Financial Statements or our knowledge obtained during the course of our audit or otherwise appears to be materially misstated.	Factual
	When we read the other Information and if we conclude that there is a material misstatement therein, we are required to communicate the matter to those charged with governance as required under SA 720 'The Auditor's responsibilities Relating to other Information	
	Responsibility of Management for consolidated Ind AS Financial Statements	
4.	The Company's Board of Directors is responsible for the matters stated in section 134(5) of the Act with respect to the preparation of these consolidated Ind AS financial statements that give a true and fair view of the financial position, financial performance, including other comprehensive income, changes in equity and cash flows of the Company in accordance with the accounting principles generally accepted in India, including the Accounting Standards specified under section 133 of the Act. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the consolidated Ind AS financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error. In preparing the consolidated Ind AS financial statements , management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so. The respective Board of Directors of company and its associates are also responsible for overseeing the Company's financial reporting process.	Factual
	Auditor's Responsibilities for the Audit of the consolidated Ind AS Financial Statements	
5.	Our objectives are to obtain reasonable assurance about whether the consolidated Ind AS financial statements, as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these consolidated Ind AS financial statements. Our audit	Factual

	process in accordance with the SAs is narrated in **Annexure 1** to this report.	
	OTHER MATTERS	
6	We did not audit the financial statements of Jaigad Power Transco Limited (JPTL) and Maharashtra Transmission Communication Infrastructure Limited (MTCIL), Associates located in India whose financial statements reflect total net profit after tax of Rs. 654.99 lakhs for the year ended on that date, as considered in the Consolidated Ind AS Financial Statements. These financial statements have been audited by other auditors whose reports have been furnished to us by the Management and our opinion on the Consolidated Ind AS Financial Statements, relating to the amounts and disclosures included in respect of these entities and our report in terms of provisions of Section 143 of the Act, in so far as it relates to the aforesaid entities, is based solely on the reports of such other auditors	Factual
6.1	Attention is invited to Note 2.2 "Basis of preparation and presentation" of Consolidated Ind AS Financial Statements where Company did not Consolidated its Wholly Owned Subsidiary Company named Kharghar Vikhroli Transmission Pvt Ltd (KVTPL) and our opinion is not modified in respect of this matter.	Factual
6.2	Due to restricted movements imposed by the Authorities to restrict the spread of COVID19, the audit finalization process, for the year under report, was carried out from remote locations i.e. other than the Office of the Company, to the extent data / details available / feasible based on financial information / records remitted by the management through digital medium. Being constrained, we resorted to alternate procedures to verify the requisite data/details in course of our audit.	Factual
	Report on Other Legal and Regulatory Requirements	
7	As required by section 143(3) of the Act, based on our audit and on the consideration of the report of the other auditors on separate Ind AS financial statements, and the other financial information of two Associates, incorporated in India, as noted in the 'Other Matters' paragraph, we report to the extent :	Factual
a	We have sought and obtained, except as noted in para 2 above, all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit of the aforesaid Consolidated Ind AS financial statements.	Factual
b	In our opinion, except as noted in para 2 above, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books.	Factual
c	The Consolidated Balance Sheet, the Consolidated Statement of Profit and Loss including Other Comprehensive Income, the Cash Flow Statement and the Statement of Changes in Equity dealt with by this Report are in agreement with the books of account.	Factual
d	Except as noted in para 2 above, in our opinion, the consolidated Ind AS financial statements comply with the applicable Indian Accounting Standards notified under Section 133 of the Act, read with Rule 3 of the Companies (Indian Accounting Standards) Rules, 2015.	Factual
e	In View of exemption given vide notification no.463(E) dated June 5, 2015, issued by the Ministry of Corporate Affairs, provisions of section 164(2) of the Act regarding disqualification of Directors, are not applicable to the Company; Further, on the basis of the reports of the auditors of two Associates incorporated in India, none of the directors of the Associates incorporated in India is disqualified as on 31 Mar 2021 from being appointed as a director in terms of section 164(2) of the Act.	Factual
f	With respect to the adequacy of the internal financial controls over financial reporting of the Company and the operating effectiveness of such controls, refer to our separate Report in **Annexure 2.**	Appropriate Responses are given on relevant points

g	In terms of provisions of Section 197(16) of the Act, we report as under: The Company being a Government Company within the meaning of Section 2(45) of the Act the provisions of Section 197 of the Act, pertaining to managerial remuneration, are not applicable to it vide MCA Notification dated 5th June 2015. However, based on the reports of the Statutory Auditors of 2 associates, the said section is not applicable to MTCIL and in case of JPTL the Company has not paid any remuneration to its directors, except for sitting fees.	Factual
h	With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, in our opinion and to the best of our information and according to the explanations given to us:	
(i)	Except as noted in para 2.19 above, the Company has disclosed the impact of pending litigations on the financials position in its consolidated Ind AS financial statements. Refer Note 38 to the consolidated Ind AS financial statements.	Factual
(ii)	The Company did not have any long-term contracts including derivative contracts for which there were any material foreseeable losses.	Factual
(iii)	There were no sums which were required to be transferred to the Investor Education and Protection Fund by the Company.	Factual

Annexure 1 to the Independent Auditors' Report

(referred to in para 5 titled "Auditor's Responsibilities for the Audit of the Consolidated Ind AS Financial Statements")

	Statutory Auditors Opinion	MSETCL's Reply
	As part of our audit in accordance with SAs we exercise professional judgment and maintain professional scepticism throughout the audit. We also:	
	• Identify and assess the risks of material misstatement of the consolidated financial statements, whether due to fraud or error, to design and perform audit procedures responsive to those risks and obtain audit evidence for material items that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.	Factual
	• Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(I) of the Act, we are also responsible for expressing our opinion on whether the Consolidated Ind AS financial Statements has adequate internal financial controls system in place and the operating effectiveness of such controls.	Factual
	• Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.	Factual
	• Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company and its associates ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the CFS or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company and its associates to cease to continue as a going concern.	Factual
	• Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.	Factual
	• Obtain sufficient appropriate audit evidence regarding the financial information of the entities or business activities within the Company and its associates to express an opinion on the consolidated financial statements. We are responsible for the direction, supervision and performance of the audit of the financial statements of such entities included in the consolidated Ind AS financial statements of which we are the independent auditors. For the other entities included in the consolidated Ind AS financial statements, which have been audited by other auditors, such other auditors remain responsible for the direction, supervision and performance of the audits carried out by them. We remain solely responsible for our audit opinion.	Factual
	• Review of the audited financial statements of the Associates, not audited by us, and communicating with the respective statutory auditors of such subsidiaries as per the framework of provisions of SA 600, "Using the Work of Another Auditor".	Factual
	• Communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit. We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.	Factual

Annexure 2 to the Independent Auditors' Report to the Members of Maharashtra State Electricity Transmission Company Limited

[Referred to in paragraph 7(f) titled "Report on other legal and regulatory requirements"]

Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Act

	Statutory Auditors Opinion	MSETCL's Reply
	In conjunction with our audit of the Consolidated Ind AS financial statements of the Company as of and for the year ended March 31, 2021, we have audited the internal financial controls over financial reporting of Maharashtra State Electricity Transmission Company Limited ("hereinafter referred to as "the Company") and its Associates, incorporated in India, as of that date	Factual
	In our opinion, the Company's internal financial controls system over financial reporting and design thereof needs to be improved to eliminate control lapses and make it comprehensive. Based on selective verification of process controls matrixes made available to us which require to be updated for some identified processes and risks, in our opinion and considering the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note, the operating effectiveness of such process controls and appropriate documentation thereof needs to be strengthened to make the same commensurate with the size of the Company and nature of its business.	MSETCL has appointed an Expert Professional to guide the Company for the development of internal control processes, which would exhibit the adequecy commensurating with the size of the Company and the nature of its business.
	Based on considerations of reporting of the other auditors of Associates as mentioned in the other matter paragraph, which are companies incorporated in India, have in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at 31 March 2021, based on the internal control over financial reporting criteria established by the Associates considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the ICAI.	Factual
	Management's Responsibility for Internal Financial Controls	
	The Company's management and its Associates, incorporated in India, is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India ("ICAI"). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to the company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Act.	Factual
	Auditors' Responsibility	
	Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the "Guidance Note") and the Standards on Auditing, issued by ICAI and deemed to be prescribed under section 143(10) of the Act, to the extent applicable to an audit of internal financial controls, both issued by the ICAI. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.	Factual
	Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a	Factual

	material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the Consolidated Ind AS financial statements, whether due to fraud or error.	
	We believe that the audit evidence we have obtained and the audit evidence obtained by the other auditors in terms of their reports referred to in the Other Matters paragraph above, is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over financial reporting.	Factual
	Meaning of Internal Financial Controls Over Financial Reporting	
	A Company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles.	Factual
	A Company's internal financial control over financial reporting includes those policies and procedures that:	Factual
	a) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the Company;	Factual
	b) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the Company are being made only in accordance with authorizations of management and directors of the Company; and	Factual
	c) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the Company's assets that could have a material effect on the Consolidated Ind AS financial statements.	Factual
	Inherent Limitations of Internal Financial Controls Over Financial Reporting	
	Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.	Factual
	Other Matters	
	Our aforesaid reports under section 143(3)(I) of the Act on the adequacy and operating effectiveness of the internal financial controls over financial reporting in so far as it relates to two Associate companies which are companies incorporated in India, is based on the corresponding reports of the auditors of such companies incorporated in India.	Factual

Annexure-IV

COMMENTS OF THE COMPTROLLER AND AUDITOR GENERAL OF INDIA UNDER SECTION 143(6)(b) READ WITH SECTION 129(4) OF THE COMPANIES ACT, 2013 ON THE CONSOLIDATED FINANCIAL STATEMENTS OF MAHARASHTRA STATE ELECTRICITY TRANSMISSION COMPANY LIMITED, MUMBAI FOR THE YEAR ENDED 31 MARCH 2021.

The preparation of consolidated financial statement of Maharashtra State Electricity Transmission Company Limited, Mumbai for the year ended 31st March 2021 in accordance with the financial reporting framework prescribed under the Companies Act, 2013 is the responsibility of the management of the company. The statutory auditors appointed by the Comptroller and Auditor General of India under Section 139(5) read with section 129(4) of the Act are responsible for expressing opinion on the financial statement under section 143 read with section 129 (4) of the Act based on independent audit in accordance with the standards on auditing prescribed under section 143(10) of the Act. This is stated to have been done by them vide their Audit Report dated 15 October 2021.

I, on behalf of the Comptroller and Auditor General of India, have conducted a supplementary audit of the consolidated financial statements of Maharashtra State Electricity Transmission Company Limited, Mumbai for the year ended 3l March 2021 under section 143(6) (a) read with the section 129 (4) of the Act. We conducted a supplementary audit of the financial statements of Maharashtra State Electricity Transmission Company Limited, Mumbai, but did not conduct supplementary audit of the financial statements of Jaigad Power Transmission Limited and Maharashtra Transmission Communication Infrastructure Limited for the year ended on that date.

This supplementary audit has been carried out independently without access to the working papers of the statutory auditors and is limited primarily to inquiries of the statutory auditors and company personnel and a selective examination of some of the accounting records.

On the basis of my supplementary audit nothing significant has come to my knowledge which would give rise to any comment upon or supplement to statutory auditor's report under section 143(6)(b) of the Act.

For and on behalf of the
Comptroller and Auditor General of India

Sd/-
(R. Thiruppathi Venkatasamy)

Accountant General (Audit)-II, Maharashtra

Place: Nagpur
Date: 07/01/2022

COMMENTS OF THE COMPTROLLER AND AUDITOR GENERAL OF INDIA UNDER SECTION 143(6)(b) OF THE COMPANIES ACT, 2013 ON THE STANDALONE FINANCIAL STATEMENT OF MAHARASHTRA STATE ELECTRICITY TRANSMISSION COMPANY LIMITED FOR THE YEAR ENDED 31 MARCH 2021.

The preparation of financial statements of Maharashtra State Electricity Transmission Company Limited for the year ended 31 March 2021 in accordance with the financial reporting framework prescribed under the Companies Act,2013 is the responsibility of the management of the company. The statutory auditors appointed by the Comptroller and Auditor General of India under section 139 (5) of the Act are responsible for expressing opinion on the financial statements under section 143 of the Act based on independent audit in accordance with the standards on auditing prescribed under section 143(10) of the Act. This is stated to have been done by them vide their Audit Report dated 15 October 2021.

I, on behalf of the Comptroller and Auditor General of India, have conducted a supplementary audit of the financial statements of Maharashtra State Electricity Transmission Company Limited for the year ended 31 March 2021 under section 143(6)(a) of the Act. This supplementary audit has been carried out independently without access to the working papers of the statutory auditors and is limited primarily to inquiries of the statutory auditors and company personnel and a selective examination of some of the accounting records.

Based on my supplementary audit, I would like to highlight the following significant matters under section 143(6)(b) of the Act, which have come to my attention and which in my view are necessary for enabling a better understanding of the financial statements and the related audit report.

A. Comments on Financial Position

Balance Sheet

1. Property, Plant and Equipment (Note - 4.1) : ₹.16224.71 crore

1.1 The Company had handed over most of the 66 kV sub-stations and lines to M/s MSEDCL between 1989 and 2021, however, these assets were not removed from the fixed assets as mandatorily required under Ind AS 16. This has resulted in -

1. Overstatement of gross block of fixed assets, accumulated depreciation and carrying cost to the extent of ₹ 140.24 crore, ₹102.78 crore and ₹37.46 crore respectively.
2. Understatement of trade receivables from MSEDCL to the extent of ₹24.73 crore.
3. Provision for expected loss of ₹12.73 crore[1] towards impairment loss not charged to profit and loss account; consequently, profit for the year was overstated to the same extent.
4. Carrying cost of the 174.24 kms of dismantled lines amounting to ₹ 0.80 crore was not recognized as loss resulting in overstatement of profit for the year to the extent of ₹ 0.80 crore.

(1: ₹ 37.46 crore minus ₹ 24.73 crore)

1.2 This included unused assets with a gross block of ₹ 144.67 crore, accumulated depreciation of ₹109.14 crore and carrying cost of ₹ 35.53 crore. The Company has not ascertained the indication of impairment of these assets. Loss on this account and consequent overstatement of profit could not be ascertained for want of details.

Capital Work in Progress (Note 4.2) : ₹ 3,342.81 crore

2. The Company decided to dismantle 79 tower foundations and 69 towers constructed at a cost of ₹25.17 crore in the Giant Metrewave Radio Telescope (GMRT) area of the National Centre for Radio Astrophysics (NCRA). As no future economic benefits can be derived from the same, cost of the towers should have been withdrawn from the WIP in terms Ind AS 16 and the Accounting Policy of the Company, which was not done. This has resulted in-

a. Overstatement of Capital Work-in-progress to the extent of ₹25.17 crores;
b. Understatement of expenses to the extent of ₹3.23 crore being the irrecoverable cost of the civil foundation of towers and consequent overstatement of profits for the year to the extent of ₹3.23 crore.
c. Out of ₹21.94 crore, cost of useable towers should have been taken into stock and the balance charged to profit and loss account. Financial impact on this account is not ascertainable for want of details.

B. Comments on the Cash Flow Statement

3.1 The Company accounts the expenditure on outright contribution (ORC) works under Investment Activities and the ORC deposits received on such capital works under Financial Activities. As the Company gets future economic benefits from the ORC assets, ORC deposits of ₹ 2.07 crore collected for creation of such assets should have been shown under Investment Activities. This resulted in understatement of Investment Activities and overstatement of Financial Activities to the extent of ₹ 2.07 crore.

3.2 As per Ind AS – 7, investing and financing transactions that do not require the use of cash or cash equivalents shall be excluded from a statement of cash flows and disclosed elsewhere in the financial statements. Contrary to this, REMC grants of ₹6.17 crore received in the form of assets was taken as cash inflow under investment activities.

4. The aggregate cash flows arising from obtaining or losing control of subsidiaries or other businesses shall be presented separately and classified as investing activities. An entity shall disclose, in aggregate, in respect of both

obtaining and losing control of subsidiaries or other businesses during the period each of the following:

(a) the total consideration paid or received;
(b) the portion of the consideration consisting of cash and cash equivalents;
(c) the amount of cash and cash equivalents in the subsidiaries or other businesses over which control is obtained or lost; and
(d) the amount of the assets and liabilities other than cash or cash equivalents in the subsidiaries or other businesses over which control is obtained or lost, summarized by each major category.

Although M/s Kharghar Vikhroli Transmission Private Limited, a subsidiary of the Company, was handed over to M/s Adani Transmission Limited (ATL) in June 2020, disclosure requirement as per Ind AS 7 was not complied with.

C. Comments on Disclosure

Contingent Liabilities and Contingent Assets (Note No. 38)

Claims against which the Company not acknowledged as debt

5. Claims preferred on the Company amounting to ₹ 608.73 crore are pending disposal under various forums of the Income Tax Department against which the Company disclosed contingent liability of ₹ 7.31 crore only under Note 38.1(iv). As such, the disclosure made is deficient to the extent of ₹ 601.42 crore.

6. As per the details from SAP made available to Audit, revenue related contingent liabilities comes to ₹ 3,073 crore as of March 2021. However, as per Note 38.1(vi) (b), the amount of contingent liability was stated to be not ascertainable. The disclosure was deficient to the extent of ₹ 3,073 crore.

7. In response to the CAG Comments on the Standalone Financial Statements for the year 2019-20, the Company assured to pass necessary corrective entries during 2020-21.

However, the following assurances were not complied with.

7.1 Decommissioning of transformers costing ₹ 8.32 crore due to theft of copper in it by the repairing agency.

7.2 Disclosure of accountal of ORC assets created at free of cost at a nominal value of Rupee 1/- each in the foot note to Note 4.1.

D. Comments on Auditors' Report

8.1 Under para 2.18 and 2.22 of the Modified Opinion of the Auditors on the standalone financial statements, the Auditors have qualified on the non-furnishing of details/data (19 general ledgers) and non-conformation and reconciliation of the data (116 general ledgers) by the Company. The modified opinion of the Auditors has been given in general and non-specific terms by including a list of most of the important general ledger balances which have major financial impact on the financial statements.

The modified opinion does not include specific observations on the financial activities of the Company and its impact on the financial statements. Thus, the members of the company and other stakeholders are not appraised of the modified opinion on many financial aspects of the standalone financial statements.

8.2 The Company stated in Note 49 to the Financial Statements for the year 2020-21 that expenses appearing as of previous years amounting to ₹ 1529.26 lakhs (R&M ₹ 0.05 lakhs, Employee related ₹ 19.04 lakhs, Admin related ₹ 12.09 lakhs and Depreciation ₹1498.08 lakhs) have not been recasted as the same pertains to current period. As the above disclosures is related to expenditure only and there was no mention on prior period income in Note: 49, qualification made by the Auditors on the prior period income under para 2.15 of their Audit Report on the Standalone Financial Statements for the year 2020-21 is not correct.

8.3 It was reported that 14 disputed dues totaling ₹610.80 crore were not deposited with Income Tax Department as the cases were pending before relevant forum of the Income Tax Department. However, the above included Company's refund claim of ₹40.37 crore from the IT Department. Disclosure made in the Auditors' Report as per Para 3(vii)(b) of the Companies (Auditors Report) order, 2016 is not factual to this extent.

COMMENTS OF COMPTROLLER AND AUDITOR GENERAL OF INDIA UNDER SECTION 143(6)(b) OF THE COMPANIES ACT, 2013 ON THE STANDALONE FINANCIAL STATEMENTS OF MAHARASHTRA STATE ELECTRICITY TRANSMISSION COMPANY LIMITD FOR THE YEAR ENDED 31 MARCH 2021 AND MSETCL'S RESPONSE THEREUPON

Sr. No.	CAG's COMMENTS	MSETCL's Reply
	The preparation of financial statements of Maharashtra State Electricity Transmission Company Limited for the year ended 3l March 2021 in accordance with the financial reporting framework prescribed under the Companies Act,2013 is the responsibility of the management of the company. The statutory auditors appointed by the Comptroller and Auditor General of India under section 139 (5) of the Act are responsible for expressing opinion on the financial statements under section 143 of the Act based on independent audit in accordance with the standards on auditing prescribed under section 143(10) of the Act. This is stated to have been done by them vide their Audit Report dated 15 October 2021.	Factual
	I, on behalf of the Comptroller and Auditor General of India, have conducted a supplementary audit of the financial statements of Maharashtra State Electricity Transmission Company Limited for the year ended 31 March 2021 under section 143(6)(a) of the Act. This supplementary audit has been carried out independently without access to the working papers of the statutory auditors and is limited primarily to inquiries of the statutory auditors and company personnel and a selective examination of some of the accounting records. Based on my supplementary audit, I would like to highlight the following significant matters under section 143(6)(b) of the Act, which have come to my attention and which in my view are necessary for enabling a better understanding of the financial statements and the related audit report.	Factual
A	**Comments on Financial Position** **Balance Sheet** **1. Property, Plant and Equipment (Note 4.1) : ₹.16224.71crore**	
1.1	The Company had handed over most of the 66 kV sub-stations and lines to M/s MSEDCL between 1989 and 2021, however, these assets were not removed from the fixed assets as mandatorily required under Ind AS 16. This has resulted in - 1. Overstatement of gross block of fixed assets, accumulated depreciation and carrying cost to the extent of ₹140.24 crore, ₹102.78 crore and ₹37.46 crore respectively. 2. Understatement of trade receivables from MSEDCL to the extent of ₹24.73 crore. 3.Provision for expected loss of ₹12.73 crore[1] towards impairment loss not charged to profit and loss account; consequently, profit for the year was overstated to the same extent. 4. Carrying cost of the 174.24 kms of dismantled lines amounting to ₹0.80 crore was not recognized as loss resulting in overstatement of profit for the year to the extent of ₹ 0.80 crore. *(1: ₹ 37.46 crore minus ₹ 24.73 crore)*	The Company was having transmission network level ranging from 66 KV to 765 KV. In order to standardize the transmission level throughout Maharashtra, it was decided to abolish/eliminate 66 KV from the transmission network of the Company. Most of the abolished and decommissioned sub-stations and lines at 66 KV level were handed over to M/s MSEDCL and remaining sub-stations and lines would be handed over to MSEDCL or will be utilized by MSETCL for up-gradation work, if any, in near future after ensuring arrangement for feeding the existing consumers. With regard to the above facts the modalities of de-recognition, disposal and for determining consideration for such transfer of Assets of 66 KV level will be decided in consultation with technical team and necessary accounting entries will be passed accordingly in compliance with Ind AS-16.
1.2	This included unused assets with a gross block of ₹ 144.67 crore, accumulated depreciation of ₹109.14 crore and carrying cost of ₹ 35.53 crore. The Company has not ascertained the indication of impairment of these assets. Loss on this account and consequent overstatement of profit could not be ascertained for want of details.	As per the details available in field units, the GL 222010 "Asset not in use" includes material/assets which are removed from Asset Register as the same are not in active use. This group consist of items which are sent for repair which may again be put to use after repairs and items of scrapable in nature which are to be disposed off

		after proper approval of the Competent Authority. These assets being not in active use are not offered for impairment test as items of scrapable nature would be disposed off with or without gain in the realizable value. The proper treatment can only be ascertained after the scraping procedure is completed.
2	**Capital Work in Progress (Note 4.2): ₹ 3,342.81 crore**	
	The Company decided to dismantle 79 tower foundations and 69 towers constructed at a cost of ₹25.17 crore in the Giant Metrewave Radio Telescope (GMRT) area of the National Centre for Radio Astrophysics (NCRA). As no future economic benefits can be derived from the same, cost of the towers should have been withdrawn from the WIP in terms Ind AS 16 and the Accounting Policy of the Company, which was not done. This has resulted in- a. Overstatement of Capital Work-in-progress to the extent of ₹25.17 crores; b. Understatement of expenses to the extent of ₹3.23 crore being the irrecoverable cost of the civil foundation of towers and consequent overstatement of profits for the year to the extent of ₹3.23 crore. c. Out of ₹21.94 crore, cost of useable towers should have been taken into stock and the balance charged to profit and loss account. Financial impact on this account is not ascertainable for want of details.	With regard to 400KV Babhaleshwar – Kudus line, Since the work of 79 foundations and 60 erections was executed by the agency, the above expenditure is booked and considered in the actual cost of Project. Since this had become an unidentified additional expense, considering this expenditure, the budget enhancement proposal was proposed and has got approved from Competent Authority. Further, considering the additional work of these abandoned towers, and their dismantling work, the quantity variation proposal was proposed and has got approved from Competent Authority. As per the expert committee recommendation, the additional material required for diversion of line as per technical specifications given by expert committee, the extra item proposal was proposed and has got approved from Competent Authority. Thus, the Competent Authority has revised and revalidated the MBR 56/20 Dt.24.08.2010 considering all the additional expenses required for this line diversion and have approved the new MBR No. 146/21 Dtd.16.03.2021. A proposal for write off will be put up for approval from Competent authority for moving the above mentioned WIP expenditure of Rs.3.23 Cr to P&L account. If approved by Competent authority, the booking of loss will be done as mentioned. The 60 Nos of towers which will be dismantled are to be reutilized to other locations (Washi Zone and Nashik Zone).The cost of these towers are Rs.21.94 Cr. The work of dismantling is under progress and the process of requisite entries is being done in SAP accordingly
B	**Comments on Cash Flow Statement**	
3.1	The Company accounts the expenditure on outright contribution (ORC) works under Investment Activities and the ORC deposits received on such capital works under Financial Activities. As the Company gets future economic benefits from the ORC assets, ORC deposits of ₹ 2.07 crore collected for creation of such assets should have been shown under Investment Activities. This resulted in understatement of Investment Activities and overstatement of Financial Activities to the extent of ₹ 2.07 crore.	Company prepares the Cash Flow statement as per the consistent practice followed. However, the expert view will be taken in FY 2021-22 for necessary changes in the Cash Flow Statement as suggested by CAG.

3.2	As per Ind AS – 7, investing and financing transactions that do not require the use of cash or cash equivalents shall be excluded from a statement of cash flows and disclosed elsewhere in the financial statements. Contrary to this, REMC grants of ₹6.17 crore received in the form of assets was taken as cash inflow under investment activities.	Company prepares the Cash Flow statement as per the consistent practice followed. However, the expert view will be taken in FY 2021-22 for necessary changes in the Cash Flow Statement as suggested by CAG.
4	The aggregate cash flows arising from obtaining or losing control of subsidiaries or other businesses shall be presented separately and classified as investing activities. An entity shall disclose, in aggregate, in respect of both obtaining and losing control of subsidiaries or other businesses during the period each of the following: (a) the total consideration paid or received; (b) the portion of the consideration consisting of cash and cash equivalents; (c) the amount of cash and cash equivalents in the subsidiaries or other businesses over which control is obtained or lost; and (d) the amount of the assets and liabilities other than cash or cash equivalents in the subsidiaries or other businesses over which control is obtained or lost, summarised by each major category. Although M/s Kharghar Vikhroli Transmission Private Limited, a subsidiary of the Company, was handed over to M/s Adani Transmission Limited (ATL) in June 2020, disclosure requirement as per Ind AS 7 was not complied with.	The company has made disclosure about its subsidiary Kharghar Vikhroli Transmission Pvt Ltd (KVTPL) vide note number-34B in financial statement of 2020-21 which has been reproduced as below: "Kharghar Vikhroli Transmission Private Limited (KVTPL) is an wholly Owned Subsidiary Company of Maharashtra State Electricity Transmission Company Ltd (MSETCL). MSETCL has invested Rs 5.00 Lakhs as Equity Contribution in it. Kharghar Vikhroli Transmission Private Limited is an unlisted private company. It was incorporated on 13 May, 2019 and is located in , Maharashtra. It is classified as a State Government Company. As per Para 4 of Ind AS 110 and Para 17 of Ind AS 28, while doing Consolidated Accounts for FY 2019-20, MSETCL did not consider KVTPL as it is formed as a Special Purpose Vehicle (SPV) for the purpose of 400 KV Vikhroli Sub-station project under the Tariff Based Competitive Bidding (TBCB) Route which is approved by Government of Maharashtra vide its GR dated 04 January, 2019 for construction of new Transmission projects in Maharashtra. After completion of bidding process, the SPV is to be acquired by the Successful Bidder. Accordingly , MSETCL has handover the said Company to Adani Transmission Ltd on 25th June 2020. The project Kharghar Vikhroli Transmission comprises of approximately 34 km of 400 kV and 220 kV transmission lines along with 400kV GIS Substation at Vikhroli in Mumbai."
C	**Comments on Disclosure**	
	Contingent Liabilities and Contingent Assets (Note No. 38) **Claims against which the Company not acknowledged as debt**	
5	Claims preferred on the Company amounting to ₹ 608.73 crore are pending disposal under various forums of the Income Tax Department against which the Company disclosed contingent liability of ₹ 7.31 crore only under Note 38.1(iv). As such, the disclosure made is deficient to the extent of ₹ 601.42 crore.	In respect of amount of Rs. 608.73 crore towards demand and other claims preferred on the Company which are under various forums of the Income Tax Department pending disposal, the Company do not expect any future contingent liability as in most of the cases, the Company expect judgment in it's favor resulting in refund from Income Tax Department.

6	As per the details from SAP made available to Audit, revenue related contingent liabilities comes to ₹ 3,073 crore as of March 2021. However, as per Note 38.1(vi) (b), the amount of contingent liability was stated to be not ascertainable. The disclosure was deficient to the extent of ₹ 3,073 crore.	As per Note 38.1(vi)(b) to the Financial Statements for the year 2020-21, some of the beneficiaries have filed appeals against the orders of MERC. The statement for the F.Y. 2020-21 submitted to Audit includes the details pertaining to recovery of short revenue for which MSETCL has filed an appeal with APTEL for amounting to Rs.3073 crores and it is not of liability nature.
7	In response to the CAG Comments on the Standalone Financial Statements for the year 2019-20, the Company assured to pass necessary corrective entries during 2020-21. However, the following assurances were not complied with.	
7.1	Decommissioning of transformers costing ₹ 8.32 crore due to theft of copper in it by the repairing agency.	The Company is in a process of identifying and de-recognition of Assets given to M/s Aditya Vidyut Appliances for repair purpose in the current financial year.
7.2	Disclosure of accountal of ORC assets created at free of cost at a nominal value of Rupee 1/- each in the foot note to Note 4.1.	Considering the huge quantum of assets, it is difficult to bifercate the ORC assets from main assets in the books of Accounts. It is to state here that the company will disclose the facts as "The Property Plant and Equipment of the company includes the ORC assets which are shown at a nominal value of Rs.1" in the current financial year.
D	**Comments on Auditors' Report**	
8.1	Under para 2.18 and 2.22 of the Modified Opinion of the Auditors on the standalone financial statements, the Auditors have qualified on the non-furnishing of details/data (19 general ledgers) and non-conformation and reconciliation of the data (116 general ledgers) by the Company. The modified opinion of the Auditors has been given in general and non-specific terms by including a list of most of the important general ledger balances which have major financial impact on the financial statements. The modified opinion does not include specific observations on the financial activities of the Company and its impact on the financial statements. Thus, the members of the company and other stakeholders are not appraised of the modified opinion on many financial aspects of the standalone financial statements.	All the data as called by the Auditor was provided , however necessary reconciliation/information and other details would be provided to Statutory Auditors in FY 2021-22 and and take all possible efforts to remove these GLs from the list of qualification in Audit Report of FY 2021-22.
8.2	The Company stated in Note 49 to the Financial Statements for the year 2020-21 that expenses appearing as of previous years amounting to ₹ 1529.26 lakhs (R&M ₹ 0.05 lakhs, Employee related ₹ 19.04 lakhs, Admin related ₹ 12.09 lakhs and Depreciation ₹1498.08 lakhs) have not been recasted as the same pertains to current period. As the above disclosures is related to expenditure only and there was no mention on prior period income in Note: 49, qualification made by the Auditors on the prior period income under para 2.15 of their Audit Report on the Standalone Financial Statements for the year 2020-21 is not correct.	MSETCL would make necessary disclosure about the prior period Income / Expenses in the financial statement of 2021-22 for C.Y. and P.Y.
8.3	It was reported that 14 disputed dues totaling ₹ 610.80 crore were not deposited with Income Tax Department as the cases were pending before relevant forum of the Income Tax Department. However, the above included Company's refund claim of ₹ 40.37 crore from the IT Department. Disclosure made in the Auditor's Report as per Para 3 (vii) (b) of the Companies (Auditor's Report) Order, 2016 is not factual to this extent.	The disclosure made in the Independent Audit Report dated 15-10-2021 is a summary of all disputed cases of income tax assessments pending before various income tax forums as on 31st March 2021. Though the amount of Rs.40.37 crore is a refund determined in the initial assessment order in respect of FY 2016-17 against which an appeal is pending, the said amount is not deducted from total amount of disputed dues of income tax demands payable, as the purpose of this disclosure is only to inform the amounts

		involved in each disputed case of income tax assessment whether it is a demand payable or refund receivable.

Annexure-V

Form No. MR-3
SECRETARIAL AUDIT REPORT
FOR THE FINANCIAL YEAR ENDED 31ST MARCH, 2021
[Pursuant to section 204(1) of the Companies Act, 2013 and rule No. 9 of the Companies (Appointment and Remuneration of Managerial Personnel) Rules, 2014]

I, Ajit Y. Sathe, Proprietor of A. Y. Sathe & Co., Practicing Company Secretary, Mumbai, have conducted the secretarial audit of the compliance of applicable statutory provisions and the adherence to good corporate practices by **MAHARASHTRA STATE ELECTRICITY TRANSMISSION COMPANY LIMITED (CIN - U40109MH2005SGC153646)** (hereinafter called "the Company"). Secretarial Audit was conducted in a manner that provided me a reasonable basis for evaluating the corporate conducts / statutory compliances and expressing my opinion thereon.

Based on my verification of the company's books, papers, minute books, forms and returns filed and other records maintained by the company and also the information provided by the Company, its officers, agents and authorized representatives during the conduct of secretarial audit, the explanations and clarifications given to us, the representations made by the Management and considering the relaxations granted by the Ministry of Corporate Affairs and Securities due to the spread of the COVID-19 pandemic, I hereby report that in my opinion, the Company has, during the audit period covering the financial year ended on 31st March, 2021 ('Audit Period') complied with the statutory provisions listed hereunder and also that the Company has proper Board-processes and compliance-mechanism in place to the extent, in the manner and subject to the reporting made hereinafter:

The verification/ examination of documents, books, papers, minute books, forms, returns is on the basis of documents/ information/ declarations given in e-mail as physical verification was not possible due to situation arising out of COVID 19 pandemic.

As sent in email, I have examined the books, papers, minute books, forms and returns filed and other records maintained by the Company for the financial year ended on 31st March, 2021 according to the provisions of:

(i) The Companies Act, 2013 (the Act) and the Companies Act, 1956 (to the extent applicable) and the rules made thereunder;

(ii) The Securities Contracts (Regulation) Act, 1956 ('SCRA') and the rules made thereunder; (not applicable as the Company is Public Unlisted Company);

(iii) The Depositories Act, 1996 and the Regulations and by - laws framed thereunder; (not applicable as Company's shares are in physical form);

(iv) Foreign Exchange Management Act, 1999 and the rules and regulations made thereunder to the extent of Foreign Direct Investment, Overseas Direct Investment and External Commercial Borrowings; (not applicable to the Company during the audit period);

(v) The following Regulations and Guidelines prescribed under the Securities and Exchange Board of India Act, 1992 ('SEBI Act') were not applicable during the audit period as the Company is Unlisted Public Company: -

(a) The Securities and Exchange Board of India (Substantial Acquisition of Shares and Takeovers) Regulations, 2011;

(b) The Securities and Exchange Board of India (Prohibition of Insider Trading) Regulations, 2015;

(c) The Securities and Exchange Board of India (Issue of Capital and Disclosure Requirements) Regulations, 2009;

(d) The Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015;

(e) The Securities and Exchange Board of India [Employee Stock Option Scheme and Employee Stock Purchase Scheme) Guidelines, 1999] which is now The Securities and Exchange Board of India (Share Based Employee Benefits) Regulations, 2014 & The Securities and Exchange Board of India Securities and Exchange Board of India (Share Based Employee Benefits) (Amendment) Regulations, 2015;

(f) The Securities and Exchange Board of India (Issue and Listing of Debt Securities) Regulations, 2008;

(g) The Securities and Exchange Board of India (Registrars to an Issue and Share Transfer Agents) Regulations, 1993 regarding the Companies Act and dealing with client;

(h) The Securities and Exchange Board of India (Delisting of Equity Shares) Regulations, 2009; and

(i) The Securities and Exchange Board of India (Buyback of Securities) Regulations, 1998

(vi) In respect of other laws specifically applicable to the Company, the below-mentioned other law is specifically applicable to the Company:

Electricity Act, 2003

I have also examined compliance with the applicable clauses of the following:

Secretarial Standards issued by The Institute of Company Secretaries of India **(applicable with effect from 1st July, 2015 and 1st October, 2017).**

(ii) The Listing Agreements entered into by the Company with BSE Limited and National Stock Exchange of India Limited (not **applicable to the Company during Audit Period, being Public Unlisted Company).**

During the period under review the Company has complied with the provisions of the Act, Rules, Regulations, Guidelines, Standards, etc. mentioned above.

Under Companies Act, 2013:

I have relied on information / records produced by the Company during the course of my audit and the reporting is limited to that extent subject to the following remark:

During the period 01.08.2020 to 22.01.2021 The Company did not have any Woman Director on the Board.

I further report that –

The Board of Directors of the Company is duly constituted with proper balance of Executive Directors, Non-Executive Directors subject to above-mentioned observations. The changes in the composition of the Board of Directors that took place during the period under review were carried out in compliance with the provisions of the Act.

Adequate notice is given to all Directors to schedule the Board Meetings, agenda and detailed notes on agenda were sent at least seven days in advance, and a system exists for seeking and obtaining further information and clarifications on the agenda items before the meeting and for meaningful participation at the meeting.

Majority decision is carried through while the dissenting members' views, if any, are captured and recorded as part of the minutes.

I further report that there are adequate systems and processes in the Company commensurate with the size and operations of the Company to monitor and ensure compliance with applicable laws, rules, regulations and guidelines.

I further report that, during the audit period there were no instances of:

i) Public / Preferential issue of shares / debentures / sweat equity, etc.
ii) Redemption / buy-back of securities;
iii) Major decisions taken by the members in pursuance to Section 180 of the Companies Act, 2013
iv) Merger / amalgamation / reconstruction, etc.
v) Foreign technical collaborations.

Annexure VII

Annual Report on Corporate Social Responsibility

The Company has constituted a Corporate Social Responsibility (CSR) Committee in accordance with the provisions of the Companies Act, 2013 and the Rules made thereunder. The Company has framed Corporate Social Responsibility (CSR) policy duly approved by the Board of Directors.

The CSR Policy of the Company was approved by the Board of Directors in its 104th meeting held on 03.12.2015. The Policy is available on company's website https://mahatransco.in/information/details/corporate_social_responsibility

The aims & objectives of this Policy are as under -

1.1 Improving socio-economic status of Persons who are residing in adjoining areas of Stations and Sub-stations of MSETCL.

1.2 Providing opportunities for sustainable improvement in the fields of income generation, skill development, health, education and such other fields.

1.3 To adopt a holistic approach to community development of Project Affected Areas and ensuring that the people of such areas improve or at least regain their previous standards of living.

1.4 Carrying out community development activities in a transparent and participative manner.

1.5 Ensuring participation and consultation with the local public representatives and setting up of institutional mechanisms for carrying out CSR activities in Project Affected Areas and Power station area.

1.6 Integrated growth of all stakeholders (Corporate & Society - communities, employees, consumers, environment, and all other members of the public sphere);

1.7 To minimize the difference of opinion between society and company through concentrating public issues under CSR;

1.8 To create a sensitivity between corporate & society toward social development and consider CSR as responsibility not charity to develop trust and cooperation within the wider stakeholder community;

1.9 High standard of authenticity, responsibility and accountability toward all stakeholders including employee, community, consumers, government etc.;

1.10 Promote Socio-economic development through community development initiatives;

1.11 To bring an attitudinal change in MSETCL employee and society about the idea/ perception of CSR;

1.12 The policy will create a frame work, procedure for assessment, implementation and monitoring of any activity under CSR.

1.13 The policy will cover up the work of similar nature and purpose in relation of sister concern companies like Genco and Discom as they are supporting the business activities of MSETCL.

Funding of CSR activities:

The Corporation will be required to spend annually at least two percent of the average net profit made during the three immediately preceding financial years on CSR Policy.

The composition of the CSR Committee.

- Chairman & Managing Director
- Director (Finance)
- Director (Project)
- Independent Director-Finance Expert

Details of CSR Fund for the F.Y. 2020-21:

It is to state that the implementation and monitoring of CSR Policy, is in compliance with CSR objectives and Policy of the Company.

INDEPENDENT AUDITORS' REPORT

To

The Members of
Maharashtra State Electricity Transmission Company Limited

Report on the Audit of the Standalone Ind AS Financial Statements

Opinion

1. We have audited the accompanying Standalone Ind AS financial statements of **Maharashtra State Electricity Transmission Company Limited** ('the Company'), which comprise the Balance Sheet as at 31st March 2021, the Statement of Profit and Loss (including Other Comprehensive Income), the Statement of Changes in Equity and the Statement of Cash Flows for the year then ended, and notes to the financial statements, including a summary of significant accounting policies and other explanatory information.

   In our opinion and to the best of our information and according to the explanations given, subject to the deficiencies noted in internal controls pertaining to preparation and presentation of standalone Ind AS financial statements, coupled with non-compliances and audit observations noted in "Basis for modified opinion" paragraph below, the aggregate impact whereof is not quantified/ascertained, the stand alone Ind AS financial statements read with the notes thereto, in our opinion, give the information required by the Act in the manner so required and give a true fair view in conformity with the accounting principles generally accepted in India of the financial position of the Company as at 31st March 2021 and its profit (including other comprehensive income), changes in equity and cashflows for the year ended on that date.

   We have not been able to obtain sufficient and appropriate audit evidences to ascertain the combined impact of the items noted in "Basis for modified opinion" paragraph, hence unable to comment thereon.

Basis for Modified Opinion

2. The following items form the basis for our modified opinion:

   2.1 Attention is invited to note no. 44 of Standalone Ind AS Financial Statement giving details about accumulated Delayed Payment Charges ('DPC') as at 31st March 2021 amounting to Rs. 85,499 Lakhs (with reference to 10 distribution licensees) relating to Financial Year 2015-16 under the head **'Other Income'**. The Company had then taken reference of the order No. 31 of 2016 of Maharashtra Electricity Regulatory Commission ('MERC'), wherein MERC had reduced the Aggregate Revenue Requirement ("ARR") of the Company for F.Y. 2015-16 by the said amount, and classifying it as 'Non-Tariff Income'. Data/ details pertaining to the certainty over the realizability of such income (i.e. Trade Receivable) are not available with the Company. The accounting of such DPC as 'Other Income' in FY 2015-16 is in contravention to the applicable Accounting Standard as also Company's Accounting Policy, which in note No. 2.15 states that *"Other Income is recognized on accrual basis except when ultimate realization of such income is uncertain"*. Had the Company not recognized such income of Rs. 85,499 Lakhs in the said earlier year, its balance of the retained earnings in the Statement of Profit & Loss and balance of Trade Receivable Account would have been lesser to that extent.

   2.2 In terms of Provisions of section 143(12) of the Companies Act, 2013 ('the Act') reporting of fraudulent practice noted in course of our audit during FY 2019-20, was made to the Central Government (CG), Secretary, Ministry of Corporate Affairs on April 24, 2020 pertaining to excessive claims getting reimbursed towards leave encashment of several employees being in non-compliance with Company's laid down policy. The controls pertaining to processing and payment of such claims were not observed to be appropriate, including the records like 'Service Book' of employee remaining blank for years, the estimated impact of such excessive claims being in addition to Rupees One Crore, reporting to CG was made. Impact for reversal, writeback of such excess paid/ provided, if any, is not yet fully ascertained.

   2.3 The Company's system/ processes to ascertain provision towards leave encashment, based on actuarial valuation needs to be strengthened, as the data of leaves and gratuity generated from the system and furnished to the actuary for valuation, was observed to be inaccurate. Accordingly, we are unable to comment upon the adequacy or otherwise of the actuarial valuation made in respect of leave encashment and gratuity valuations in the books of accounts, amount whereof has not been ascertained.

   2.4 The Company has revised its Pay scale to employees w.e.f. April 01, 2018, in the financial year 2019-20 and same was approved by the Board of Directors of the Company post facto it was decided to pay in 3 instalments out of which two instalments was paid and remaining one instalment is pending to be paid as at March 31, 2021. Hence provision for the same was made amounting to Rs.6,847.51 Lakhs details whereof were not made available for our verification. In the absence of required data/ details thereof, the basis, quantum and completeness of such provision made could not be verified nor is commented upon.

2.5 Party- wise break up of trade receivables with ageing is not readily available from the system. The details of ageing of Trade receivables prepared manually contained several errors and inaccuracies. Hence, it could not be fully verified during the course of audit; accordingly, we are unable to comment upon adequacy of provision based on simplified version of Expected Credit Loss ("ECL") provisioning Method.

2.5.1 Further, details/ breakup/ confirmations of Trade receivables aggregating to Rs.3,01,131.79 Lakhs, sought for, were not made available for verification during the course of audit. Consequential impact of ascertainment of the realizability from these Trade Receivable and resultant provision, if any, for bad and doubtful debts on the Standalone Ind AS financial statements has not been ascertained. Moreover, based on selective checking of available data/ information from the system and from State Transmission Utility ("STU") invoicing cell, it was noticed that trade receivables from several parties totalling Rs 4,350.48 Lakhs are considered doubtful of recovery but not provided for.

2.6 In terms of the provisions of Ind AS 101, "First Time Adoption of Indian Accounting Standards", the Company had availed option of Cost model of accounting for its Property, Plants and Equipment's ('PPE'). Accordingly, the carrying values of PPE on the transition date were taken as deemed cost and depreciation is calculated thereon manually on electronic spreadsheets considering the balance useful lives of items of PPE but without considering the residual value limits laid down by MERC regulations. As a result, several instances of charging excess depreciation on assets were noted. Further, in several cases the deprecation is manually calculated and provided at Head office for the assets located in Zone or Region for the reason of mismatches in dates of capitalization, critical spare items capitalization, etc. In absence of complete data/ details of such instances out of numerous line items of PPE, the combined impact of such erroneous depreciation is not ascertained.

Without prejudice to the generality of the above, based on the scrutiny of available details of Asset register (ar01) during the course of our audit, it was noted that several items of fixed assets whose useful life has fully exhausted totalling Rs.29,240.22 Lakhs (Gross Book Value), Rs.21,828.31 Lakhs (Accumulated Depreciation) and having net book value of Rs.7,411.91 Lakhs, are part of said register, resulting in overstatement of the value of PPE to that extent.

2.6.1 Moreover, deferred tax liability amounting to Rs.6,837.24 Lakhs under the head PPE recognized, could not be satisfactorily explained with working thereof in course of audit

2.6.2 The Company has not maintained adequate details pertaining to items/ components giving rise to deferred tax assets/ Liability (DTA/ DTL). In absence whereof the recognition and disclosure of the DTA/ DTL not being complete and correct, the impact thereof on Statement of Profit & Loss for the year is not ascertained.

2.7 Based on the scrutiny of available details of free hold land, it was noticed that in the past, several items of leased land have been clubbed under this head; as a result, the amortization of such leasehold land is not carried out. In absence of complete data/ details of such instances, the impact thereof on Standalone Ind AS financial statements is not ascertained.

2.8 It is noticed during the course of audit that 66KV substations/ transmission lines having Gross Book Value amounting to Rs.17,846.08 Lakhs and accumulated depreciation Rs.12,260.47 Lakhs as at 31st March 2021 are not in use for the operations of the Company. Pending testing for impairment of the same, we are unable to comment upon the carrying value of such assets in the books of accounts.

2.9 It is observed from the SAP generated report (4.4 - Capex report) by the Company, Negative capital expenditure is charged to (reduce from) some schemes amounting to Rs.4,299.99 Lakhs for which no plausible explanation could be provided. To that extent Asset Under Construction (AUC)/ Capital Work in Progress (CWIP) in the Balance Sheet is understated. Further, there is no movement in some AUC line items since last more than three years, indications of impairment if any have not been tested by the Company for making appropriate provisions, impact thereof on the Standalone Ind AS financial statements cannot be commented upon.

2.10 From April 1, 2019, the new Accounting Standard i.e. Ind AS 116 "Leases" became effective. The Company has adopted the new standard with modified approach and recognized asset in the form of 'Right to Use' (representing its right to use the leased asset over the lease term) and also liability towards present value of the balance of future lease payments for the leases. However, due to non-availability of lease documents and other records relating to several properties taken under lease, the Company is not able to identify and recognise the Right to use of said leases, hence no treatment was given in terms of provisions of Ind AS 116 for such leased assets. Impact thereof on the Standalone Ind AS financial statements has not been ascertained.

2.11 The policy about inventory valuation of the Company (Note No 2.14) states that inventories are valued at lower of cost or net realizable value ('NRV') but in course of our audit it is noticed that the Company does not

have any data or details about the NRV. As such, the inventories are valued at cost. The impact of such practice on Standalone Ind AS financial statements is not ascertained.

2.11.1 Company does not have laid down policy and procedures pertaining to materials/equipment's given to vendors/third parties on loan basis, the details of such items were asked for from all the seven zones of the Company. The same were received from only two zones, where it is observed that materials/equipment's given on loan remained with the vendors/third parties for period longer than reasonable period. In absence of complete details and monitoring of such items we are unable to comment on impact thereof on the standalone Ind AS financial statements

2.11.2 Further, as observed the transformers are sent for repair by zonal offices to vendors without appropriately monitoring the records relating to such despatch and its return thereof including matters pertaining to qualitative aspects of such repairs. In absence of necessary details from all the zones of such items we are unable to comment on impact thereof on the standalone Ind AS financial statements.

2.12 No inventory or data/ details/ description could be furnished for verification for the “Assets not in use – held for sale” (GL code 222010) amounting to Rs.3,553.20 Lakhs; moreover, such assets are held at their carrying value instead of “lower of carrying value or net realizable value”. The impact, if any, thereof on Standalone Ind AS financial statements has not been ascertained.

2.13 The government Grants received by the Company amounting to Rs.23,850 Lakhs in Financial Year 2006-07 towards capital assets for specific projects out of which Rs.15,460.67 Lakhs are deferred for recognition as revenue as at March 31, 2021. The details of these grants with specific assets there against and conditions to be satisfied for the same are not made available for our verification. Hence, correctness/completeness thereof pertaining to accounting in terms of provisions of Ind AS 20, “Accounting for Government Grants and Disclosure of Government Assistance “cannot be commented upon.

2.14 The Company does not collate, maintain and present the details of dues to its vendors registered under Micro, Small and Medium Enterprises ('MSME') Development Act, 2006. Hence, correctness of provision for interest, if any, on outstanding dues to MSME could not be verified.

2.15 The prior period items of Income and expenses have been disclosed by the Company in Note No.49 but the same have not been restated/ recasted in the respective previous years as mandatorily required under Ind AS 8,” Accounting Policies, Changes in Accounting Estimates and Errors”.

2.16 Pursuant to Central Electricity Regulatory Commission ('CERC') order dated 19th December 2017 pertaining to FY 2014-15, the company has recognised an amount of Rs.599 Lakhs as income during the year as against receipt of Rs.10,789.41 lakhs, which until previous financial year was accrued fully as income. Impact of the said order for earlier period remains to be given in the accounts, as a result of which, Surplus in Statement of Profit and Loss would be lower, and Advance from Customer would be higher by amount which has not been ascertained.

2.17 The deposits from customers towards Outright Contracts ('ORC') amounted to Rs.1,13,639.57 Lakhs as at 31st March 2021. The company recognises its supervision charges upfront as income on receipt of deposits and not as and when supervision services are provided, which is contrary to the provisions of Ind AS 115 “Revenue from Contracts with Customers”.

2.17.1 Further, attention is invited to Accounting Policy note no. 2.19 (C) of Standalone Ind AS Financial Statement on “Accounting of Contributions received from Consumers against Outright Right Works (ORC Schemes)”. As informed, during the course of audit, there is specific policy on ORC assets/ Liabilities and income thereon, but the same was not observed to have been followed by the Company, impact of which could not be ascertained in absence of relevant data/ details.

2.18 The basis, quantum and completeness could not be ascertained, in course of our audit, in the absence of required data/ details relating to the following items of revenue recognised during the year under report:

GL	Nature of Transaction(s)	Amount Involved (Rs. In Lakhs)
300040	Rev.Twds. Short term open Access Chg MOU	518.29
300051	REC Application Fees (Only for SLDC)	27.49
300070	Rescheduling Charges	342.83
310010	Interest from Staff loans and advances	10.94
310020	Interest from investment in bank deposits	1921.54
325010	Rental from staff quarters	37.17
330010	Sale of scrap (no cost assigned for scrap)	942.61

GL	Nature of Transaction(s)	Amount Involved (Rs. In Lakhs)
335010	Gain on sale of fixed assets	662.62
380040	Other Miscellaneous Receipts (GST taxable)	1363.61
380041	Other Miscellaneous Receipts (Non GST)	291.22
380060	Liquidated Damages Recovered from Contractor	2872.7
380120	Government Grant Income	1169.76
380151	Prior Period - Other Income (With GST)	186.7
380141	Remittance of Dist Licencees collected from partial OA Consumers	5165.24
380143	Open access/NOC Application processing fees	195.38
300080	Revenue from Addl Transmission and Regulatory	-4,557.86
370010	Short Term Open Access Charges	1146.88
300021	Revenue from Power Grid Transmission Charge	2657.24
300010	Revenue from Trans. Charges STU Pool A/c	1,522.92

2.19 Attention is invited to note no. 38 of Standalone Ind AS Financial Statement giving details about "Contingent Liabilities and Contingent assets", full details including the claims/demands pertain to taxes as required under the statute are not accurately maintained. Hence, it could not be fully verified during the course of audit; accordingly, we are unable to comment upon adequacy of provision based on details made available to us.

2.20 The Company's investment of Rs.1,760.92 Lakhs in one of its Associate namely Maharashtra Transmission Communication Infrastructure Ltd (MTCIL) has not been appropriately tested for impairment considering the continuous losses of that associate.

2.21 The Company needs to strengthen its compliances with provisions of Section 135 of the Act and rules made thereunder pertaining to Corporate Social Responsibility (CSR). As noticed during the year under audit the Company is required to spent Rs.1,335.00 Lakhs against which it has spent Rs.700.14 lakhs. The unspent sum was belatedly transferred to an earmarked account as required under CSR regulations.

2.22 The amounts (in excess of Rs. 1 Lakh, other than statutory dues accounts) remaining and recognized in the following GL heads/ codes are subject to confirmation and reconciliation. The necessary data/ details pertaining to following were not made available during the course of audit for verification:

GL	Name of Account heads	2020-21 Rs. In Lakhs Asset/Exp (Liability/income)

Further, in absence of necessary data/ details, the bifurcation of items of assets/ liabilities under 'Current' or 'Non-current' head could not be accurately verified.

We conducted our audit in accordance with the Standards on Auditing (SAs) specified under section 143(10) of the Act. Our responsibilities under those SAs are further described in the Auditor's Responsibilities for the Audit of the Standalone Ind AS Financial Statements section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India together with the ethical requirements that are relevant to our audit of the standalone financial statements under the provisions of the Act and the Rules thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion on the standalone Ind AS financial statements.

Information Other than the Financial Statements and Auditor's Report Thereon

3 The Company's Board of Directors is responsible for the preparation of the other information, comprising of the information included in the report of Board of Directors including Annexures thereto and such other disclosures related Information, excluding the Standalone Ind AS financial statements and auditors report thereon ('Other Information'). The other information is expected to be made available to us after the date of this auditors' report. Our opinion on the standalone Ind AS financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the Standalone Ind AS Financial Statements, our responsibility is to read the other information when it becomes available and, in doing so, consider whether the other information is materially inconsistent with the Standalone Ind AS Financial Statements or our knowledge obtained during the course of our audit or otherwise appears to be materially misstated.

When we read the other Information and if we conclude that there is a material misstatement therein, we are required to communicate the matter to those charges with governance as required under SA 720 'The Auditor's responsibilities Relating to other Information

Responsibility of Management for Standalone Ind AS Financial Statements

4 The Company's Board of Directors is responsible for the matters stated in section 134(5) of the Act with respect to the preparation of these standalone Ind AS financial statements that give a true and fair view of the financial position, financial performance, including other comprehensive income, changes in equity and cash flows of the Company in accordance with the accounting principles generally accepted in India, including the Accounting Standards specified under section 133 of the Act. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the standalone Ind AS financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error. In preparing the standalone Ind AS financial statements , management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so. The Board of Directors are also responsible for overseeing the Company's financial reporting process.

Auditor's Responsibilities for the Audit of the Standalone Ind AS Financial Statements

5 Our objectives are to obtain reasonable assurance about whether the standalone Ind AS financial statements, as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these standalone Ind AS financial statements. Our audit process in accordance with the SAs is narrated in **Annexure 1** to this report.

Report on Other Legal and Regulatory Requirements

6 As required by the 'Directions and sub directions' issued by office of the Principal Accountant General- III, Maharashtra in terms of Section 143(5) of the Act, we give in the **Annexure 2** - statement on the directions and sub-directions.

7 As required by the Companies (Auditor's Report) Order, 2016 ('the Order'), issued by the Central Government of

India in terms of sub-section (11) of section 143 of the Act, we give in the **Annexure 3**, a statement on the matters specified in paragraphs 3 and 4 of the Order.

8 As required by Section 143(3) of the Act, we report that:

a. We have sought and obtained, except as noted in para 2 above, all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit.

b. In our opinion, except as noted in para 2 above, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books.

c. The Balance Sheet, the Statement of Profit and Loss including Other Comprehensive Income, the Cash Flow Statement and the Statement of Changes in Equity dealt with by this Report are in agreement with the books of account.

d. Except as noted in para 2 above, in our opinion, the Standalone Ind AS financial statements comply with the applicable Indian Accounting Standards notified under Section 133 of the Act, read with Rule 3 of the Companies (Indian Accounting Standards) Rules, 2015.

e. In View of exemption given vide notification no.463(E) dated June 5, 2015, issued by the Ministry of Corporate Affairs, provisions of section 164(2) of the Act regarding disqualification of Directors, are not applicable to the Company.

f. With respect to the adequacy of the internal financial controls over financial reporting of the Company and the operating effectiveness of such controls, refer to our separate Report in **Annexure 4**.

g. In terms of provisions of Section 197(16) of the Act, we report as under:

The Company being a Government Company within the meaning of Section 2(45) of the Act the provisions of Section 197 of the Act, pertaining to managerial remuneration, are not applicable to it vide MCA Notification dated 5th June 2015.

h. With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, in our opinion and to the best of our information and according to the explanations given to us:

(i) Except as noted in para 2.19 above, the Company has disclosed the impact of pending litigations on the financials position in its Standalone Ind AS financial statements. Refer Note 38 to the Standalone Ind AS financial statements.

(ii) The Company did not have any long-term contracts including derivative contracts for which there were any material foreseeable losses.

(iii) There were no sums which were required to be transferred to the Investor Education and Protection Fund by the Company.

Other Matters

Due to restricted movements imposed by the Authorities to restrict the spread of COVID19, the audit finalization process, for the year under report, was carried out from remote locations i.e. other than the Office of the Company, to the extent data / details available / feasible based on financial information / records remitted by the management through digital medium. Being constrained, we resorted to alternate procedures to verify the requisite data/details in course of our audit

Annexure 1 to the Independent Auditors' Report to the Members of Maharashtra State Electricity Transmission Company Limited for the year ended March 31,2021.

(referred to in paragraph 5 titled "Auditor's Responsibilities for the Audit of the Standalone Ind AS Financial Statements")

As part of our audit in accordance with SAs we exercise professional judgment and maintain professional scepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, to design and perform audit procedures responsive to those risks and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the Company has adequate internal financial controls system in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.
- Communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit. We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

Annexure 2 to Independent Auditors' Report
(Referred to in paragraph 6 under the heading "Report on Other Legal and Regulatory Requirements" of our report of even date)
"Directions and sub –directions "issued by the office of the Principal Accountant General-III, Maharashtra vide their 'Letter' of even date in terms of section 143(5) of the Act for the year ended March 31,2021.

Sr. No.	Directions / Sub directions	Auditor's Comment
Directions under sub-section (5) of section 143 of the Companies Act, 2013 Our report/findings on directions and sub-direction of CAG should be read in conjunction with our statutory audit report of even date on the Stand Alone Ind AS Financial Statements of the Company for the year ended 31st March 2021, more particularly paragraph 1 and 2 thereof

(Refer para 2.11.1 of Audit Report) Further, no assets have been received as gift from Government or other agencies by the Company during the year under audit.
3	**A report on age-wise analysis of pending legal/arbitration cases, including the reasons of pendency and existence/ effectiveness of a monitoring mechanism for expenditure on all legal cases (foreign and local) may be given.**	Details of the pending litigation/arbitration cases have been disclosed in Notes to Accounts under the head "Contingent Liability" in Note No. 38 of Standalone Ind AS Financial Statements for the year ended March 31, 2021. The age-wise analysis of these litigation/arbitration cases were not made available to us for verification (Refer Para 2.19 above). Legal expenses as and when incurred are accounted for on mercantile basis and are separately shown as "Legal and Professional Fees" under the head 'Other Expenses' in Note No. 26 of Statement of Profit & Loss. The total legal expenses incurred during the year amounted to 377.06 Lakhs (F.Y. 2019-20 Rs. 533.62 Lakhs). The legal expenses were observed to have been authorized and accrued as and when incurred in routine manner as in the case of other administrative expenses Please refer statutory audit report of even date on the Stand Alone Ind AS Financial Statements of the Company, particularly para 2.22.
4	**If the Company has been selected for disinvestment, a complete status report in terms of valuation of Assets (including intangible assets and land) and Liabilities (including Committed & General Reserve) may be examined, including the mode and present stage of disinvestment process.**	The company has not been selected for 'Disinvestment' purpose. Hence, the information sought under this clause is Not Applicable.

Sub-directions under sub-section (5) of section 143 of the Companies Act, 2013

(I) Whether there is appropriate classification of Inventory with value such as Scrap, Obsolete Material etc.

Inventory has been classified under different GL Codes as under :

GL Codes	Description of Inventory	O/s Balance as at March 31, 2021 (Amt in Rs. Lakhs)
250010	Steel	931.26
250030	Transformers	6205.89
250040	Metering Equipment & substation Equipment	7959.58
250050	Cables & Conductors	7564.58
250080	Spares	1009.82
280090	Others	0
255010	Material Pending Investigation	0.47
255020	Loss due to Material pending investigation	200.11
255040	MASA Stock rectification	-114.34
256010	Obsolete Material Stock (including scrap)	522.07

As regards carrying value of the items of inventories, please refer statutory audit report of even date on the Standalone Ind AS Financial Statements of the Company, particularly para 2.11 and 2.22.

(II) Negative balances under "Advances to Contract" may be analyzed and commented with reasons and impact on financial statements

Negative balances under "Advance to Contractor" has been observed and list of such vendor code along with its balance as on March 31, 2021 is enclosed herewith in **Appendix- I.**

As regards its impact on financial statement we are unable to comment on the same. Please refer to our 'Basis of Modified opinion' under para 2.22 of the statutory audit report of even date on the Stand Alone Ind AS Financial Statements of the Company.

(III) Whether Profit / Loss mentioned in Audit Report is as per Profit & Loss Accounts of the Company?

Yes, except impact, if any, arising out of matters stated under para 2 of statutory audit report of even date on the Standalone Ind AS Financial Statements.

(IV) Is the system of evacuation of power commensurate with power available for transmission with the generating company? If not, loss, if any, claimed by the generating company may be commented.

We have not carried out technical verification of the information required under this clause. Based on the information, explanation and representation received from the management the transmission network of the company is given in the table below:

Voltage Level	EHV Substation	Transformation Capacity (MVA)	EHV Lines (CKT KM.)
765 KV	1	3,000.00	0
500KV HVDC	2	3,582.00	1,504.00
400KV	31	31,545.00	8,415.50
220KV	238	57,165.00	18,763.43
132KV	340	29,854.50	17,420.33
110KV	37	2,455.00	1,763.97
100KV	38	2,823.00	704.403
66KV	7	170.5	594.8
Total	**694**	**130595**	**49166.43**

As further informed by the management of the Company, present transmission system availability and losses as against MERC benchmark are narrated as under:

HVAC System (MERC Benchmark 98%)		
Year	2019-20	2020-21
Availability	99.59%	99.67%

HVDC System (MERC Benchmark 95%)		
Year	2019-20	2020-21
Availability	97.64%	*93.64%

*Emergency outage of 983:49 Hrs. availed on HVDC Pole 2 to attend the major problem of Smoothing Reactor.

(V) **How much transmission loss in excess of prescribed norms has been incurred during the year and whether the same been properly accounted for in the books of accounts?**

We have not carried out technical verification of the information required under this clause. Based on the information, explanation and representation received from the management the information in this regard is furnished as under.
The benchmark set by MERC for Transmission Losses is 4.85% and the Transmission Losses incurred by MSETCL during the F.Y. 2020-21 as computed by Maharashtra State Load Dispatch Center (MSLDC) are tabulated below:

Intra State Transmission System (In. STS) Grid Loss for F.Y. 2020-21	Energy Input Intra STS	Energy Output Intra STS	Transmission Loss
Month	(In Million Units)	(In Million Units)	(In % age)
Apr-20	11531.66	11190.71	2.96%
May-20	12958.36	12,581.78	2.91%
Jun-20	10804.04	10500.83	2.81%
Jul-20	11099.86	10801.48	2.69%
Aug-20	10864.6	10550.21	2.89%
Sep-20	11553.09	11217.37	2.91%
Oct-20	12449.41	12080.61	2.96%
Nov-20	13019.8	12644.29	2.88%
Dec-20	14081.49	13698.16	2.72%
Jan-21	14301.54	13874.6	2.99%
Feb-21	13268.07	12858.8	3.08%
Mar-21	15846.66	15330.41	3.26%
Total	**151778.58**	**147329.250**	**2.93%**

From perusal of the table above, it is evident that Transmission Loss incurred by MSETCL was 2.93% which is below the MERC's benchmark. The said loss in accounting parlance is to be termed as “Normal Loss” not requiring any separate accounting in the books of accounts.

(VI) **Whether the assets have been constructed and completed on behalf of other agencies and handed over to them has been properly accounted for in the books of Accounts.**

Based on the information, explanation and representations received from the management of the Company, the details in this regard are as under:

As informed to us in course of our audit, the Company has divided its field operations amongst seven different zones in the state of Maharashtra. The major activity of the company is 'transmission of power'. Company also undertakes construction of small sub-stations, towers, plants etc., for the supply of power to other agencies on 'order specific basis'. Such works are identified in the company as 'ORC works'. The Company charges 'Supervision Fees' over and above the expenditure incurred for executing such “ORC Work” which gets recognized as the Company's revenue.

The details of ORC works across its different zones, as provided by the management, are given in the table below: -

Sr. No.	Zones	ORC works as at 01.04.20 (Nos)	ORC works added during the year (Nos)	ORC works completed during the year (Nos)	Balance ORC works remaining as at 31.03.21 (Nos)
1	Amravati	**8**	3	5	**6**
2	Aurangabad	**8**	5	0	**13**
3	Karad*	**6**	4	3	**7**
4	Nagpur	**25**	5	9	**21**
5	Nasik	**14**	0	1	**13**
6	Pune	**124**	8	14	**118**
7	Vashi*	**71**	8	7	**72**
	Total	**256**	**33**	**39**	**250**

		In course of execution of the ORC works, deposits are taken from parties for whom the Company performs/ executes such ORC works. Such ORC deposits are accounted for under GL Code 123100 which has an outstanding balance of Rs. 1,13,639.57 Lakhs (Previous Year Rs. 1,13,432.38 Lakhs as at 31.03.20). It was observed that old unreconciled balances are appearing in the said ledger for which details were not readily available with the respective profit centers within said seven zones of the Company. However, it is to be noted that the ultimate ownership of such assets is with the Company only. The Assets are not handed over to the Other Agencies. The deposits collected from them is adjusted against the Assets constructed and a nominal value of Re. 1 is kept in the Asset Master for identification. Company also executes projects for evacuation of power in case of generation of energy from non-conventional sources. As per accounting policy 2.19(B), 50% of the cost of such power evacuation project is borne by Company and balance 50% is to be reimbursed by Maharashtra Energy Development Agency (MEDA) to the respective private developer. In such cases also, there is no hand over of the assets to the other agencies. Execution of MEDA project is done in two ways. (i) wherein the vendor gives the entire amount beforehand for execution of the project to the Company as ORC deposit and the Company after the execution of project reimburses 50% to the vendor and creates the asset of the same value and the remaining 50% is paid by MEDA to the vendor. (ii) wherein the vendor itself executes the project and the Company subsequently pays 50% of the cost of project to the vendor and MEDA reimburses the remaining 50% to vendor. The amount payable by Company to the vendor/ private developer is accounted for under GL code 131010. It has been observed that both such GL codes (123100 & 131010) remain unreconciled as at the year end. Complete details of such projects falling under MEDA grant are not readily available with the Company. As a result, whether Asset Capitalization of such MEDA projects is accurate or not cannot be commented upon. "Substantial amount of employee, admin and other costs are not being loaded to ORC works and for the appropriate calculations at the time of estimations." Please refer statutory audit report of even date on the Stand Alone Ind AS Financial Statements of the Company, particularly para 2.17, 2.17.1 and 2.22 (GL Code-237030). *Opening Balance is not as per the closing balance of the last year due to erroneously inclusion of contracts for supervision work as ORC Contracts
(VII)	**Examine whether the provisions of the Companies Act were followed w.r.t reporting and disclosures of CSR Activities.**	Please refer Para 2.21 and 2.22 of Audit Report
(VIII)	**Items contained in the inspection report of CAG in previous year and remaining open till the date of Balance Sheet under report**	Please refer **Appendix II - (a)** and **Appendix II - (b)** to this report for the list of such items
	Other Matters	1. Basis the inquiries made, inter alia, in terms of provisions of Section 143(1)(e) of the Act, expenses amounting to Rs.37.46 Lakhs, being the chartered flights charges during lockdown period were noticed to have been recognized as per the approval thereof by Chairman and Managing Director. The same are, as informed to us, are not in nature of personal expenses.".

		2. Scope of internal audit needs to be enhanced to make the same commensurate with the size of the Company and its nature of the business 3. The data given by the Company for actuarial valuation is found to be erroneous and corrected in course of our audit to the extent errors noticed and acted upon. This process needs to be strengthened to make it accurate. 4. In course of our audit the data/details pertaining to Central Provident Fund (CPF) contributions and interest thereon are not made available for verification; as a result the shortfall, if any, on account of contributions/interest could not be accurately ascertained. The Company needs to ensure year wise reconciling the numbers of contributions, shortfall of interest, funds transferred to CPF.

Appendix II (a):- Items contained in the inspection report of CAG in previous year (i.e. 2019-20) and remaining open

Sr. No.	CAG's COMMENTS	MSETCL's REPLY	Status at the end of FY 2020-21 and Auditors' Remarks
	Comments on Profitability		
	Ind AS Compliant Statement of Profit and Loss		
1	**Revenue from Operations (Note 21): Additional Transmission Charges and Regulatory Charges : Rs.46.35 crore**		
1	This represented additional transmission charges (ATC) on the transmission system users (TSUs) for the period from December 2019 to March 2020. Though MERC (MYT) Regulations, 2015 came to effect from December 2015, the Company started recognizing ATC in December 2019 without ensuring the realisability and discontinued from September 2020. The Company approached MERC in January 2020 for clarifications and guidelines for collecting ATC but was directed (October 2020) to refund the ATC already collected from TSUs. Recognition of ATC without ensuring the realisability resulted in overstatement of revenue, Profit and Trade Receivables by Rs.46.35 crore.	As per MYT Regulation 2015, Additional Transmission Charges shall be applicable to Distribution Licensees if the recorded maximum demand exceeds the Base TCR allotted to them. Also as per Open Access Regulation additional regulatory charges are to be charged for use of transmission system in excess of TCR. However, the same was not implemented earlier. Hence, in view of implementation Regulation, STU started billing ATC from Dec 2019 based on maximum demand data received from SLDC. In view of other issues involved in the process like declaration of Contracted Capacity, amendment of BPTA etc and as per decision of MERC, it is directed to apply ATC w.r.t. 15 minutes time block data from April 2020 onwards. Accordingly as per directives of MERC, information of recorded maximum demand for 15 minutes time block is sought from SLDC, after receipt of the same ATC applicable if any will be charged to concerned Distribution Licensees. As per the directives received from MERC the amount received against ATC is already adjusted in regular MTC billing of TSU's who had paid the ATC. Those who had not paid ATC necessary reversal of income has been done in FY 2020-21.	The concerned matter (of GL Code 300080) is covered in para titled 'Basis for Modified Opinion' para number 2.18 of our "Report on the Audit of the Standalone Ind AS Financial Statements"
2	**Expenses** **Other Expenses (Note 26) : Security Expenses : Rs.83.50 crore**		
	This does not include Rs.6.39 crore being applicable GST on security expenses for the year. Non provision for GST resulted in understatement of expenses and overstatement of profits by Rs.6.39 crore and understatement of Other Current	As per Circular No. 89/7/2006- ST Dated: 18th December, 2006, sovereign/public authorities (i.e. an agency constituted/set up by government) perform certain functions/ duties, which are statutory in nature. These functions	The matter was enquired in course of our audit for FY 2020-21 as well as 2019-20. The management response was similar to the response given here. We relied thereon.

	Financial Liabilities to the extent of Rs.14.08 crore (including Rs.7.69 crore GST liability for the previous years).	are performed in terms of specific responsibility assigned to them under the law in force. The activities performed by the sovereign/public authorities under the provision of law are in the nature of statutory obligations which are to be fulfilled in accordance with law. Such activity is purely in public interest and it is undertaken as mandatory and statutory function. These are not in the nature of service to any particular individual for any consideration. Therefore, such an activity performed by a sovereign/public authority under the provisions of law does not constitute provision of taxable service to a person and, therefore, no service tax is leviable on such activities. Considering the above facts security expenses being charged by SGB to MSETCL is exclusive of GST	
	B. Comments on Financial Position		
	Balance Sheet		
	Liabilities		
	Equity and Liabilities		
	Other Equity (Note 13)		
3	**Reserves and Surplus - Retained Earnings**		
3	Central Electricity Regulatory commission (CERC) restricted (December 2017) yearly inter-state transmission charges of nine transmission assets at Rs.5.99 crore. Though the company recognised the decreed transmission charges of Rs.5.99 crore each[1] during 2018-19 and 2019-20, the excess transmission charges already recognised during 2014-15 to 2017-18 amounting to Rs.251.11 crore was not derecognized. This has resulted in overstatement of retained earnings to the extent of Rs.251.11 crore with corresponding understatement of advance from customers under current Liabilities to the same extent. Interest on Rs.439.07 crore (Rs.251.11 crore for 2014-17 and Rs.187.96 crore for 2018-20) was also not provided resulting in overstatement of retained earnings and understatement of advances from customers. Interest payable is not ascertainable for want of details from the Company.	As per CERC order in Petition No. 256/TT/2013 dated 18.05.2015 in which tariff for FY 2013-14 was Rs. 77.10 Crs (per year) which is revised by CERC order in Petition No. 173/TT/2016 dated 19.12.2017 for FY 2014-15 Rs. 5.99 Crs (per year). However even after revised order by CERC payment made by PGCIL was on the basis of earlier order till Sept 2019. After that there was no receipt by PGCIL. MSETCL is initiating the necessary reconciliation with PGCIL and necessary action will be done in FY2020-21. MSETCL is filing a petition to CERC for the methodology to be adopted for the adjustment of excess Transmission Charges received.	The concerned matter (of GL Code 300021) is covered in para titled 'Basis for Modified Opinion' para number 2.16 of our "Report on the Audit of the Standalone Ind AS Financial Statements"

4	**Other current Financial Liabilities (Note: 18.3):**		
4	This did not include Rs.11.24 crore being insurance premium charges recoverable from contractors and payable to Government of Maharashtra. Non-recovery of the same from the contractors has resulted in understatement of other current Financial Liabilities to the extent of Rs.11.24 crore with corresponding understatement of other current Assets to the same extent.	Necessary instructions are being issued to field Units to issue demand notes to the concerned Vendors for recovery of Insurance Charges.The same would also be adjusted against any amount of retentions withheld by MSETCL duirng the processing of RA Bills.	The concerned accounts (GL's123060,123110,296050 ,and 296060) are covered in para titled 'Basis for Modified Opinion' para number 2.22 of our "Report on the Audit of the Standalone Ind AS Financial Statements"
5	**C. Other Comments** **Note 4.1 - Plant and Equipments :**		
5	The Company did not derecognise equipment costing Rs.8.32 crore from PPE which was removed and sold by repair agency and full cost of which was to be recovered from the agency. Further, the impairment loss was not accounted for nor were the facts disclosed in the Notes to Account. Impact on the profits for the year could not be ascertained for want of details.	With regard to the 17-transmission equipment as entrusted to M/s Aditya Vidyut Appliances Limited (AVAL), necessary derecognition of these assets will be done after reconciliation in current financial year in consultation with Technical Team.	Concern matter covered under CARO as the management has not undertaken physical verification of the Company's fixed assets during the year and refer in para titled 'Basis for Modified Opinion' of our "Report on the Audit of the Standalone Ind AS Financial Statements"
6	**Significant Accounting Policies**		
	The Company executes deposit works under outright consumer (ORC) scheme. The cost of the works is recovered and on completion the possession and ownership of these assets vest with the Company. During the years 2017-18 and 2019-20 alone, the Company created assets costing Rs.65.08 crore and each asset was recognised in the financial statements at Rupee one. Treatment of ORC assets at nominal value of Rupee one and not at its fair value was not appropriately disclosed in the Accounting Policy.	As per para 2.19 (C) of Annual Accounts for the F.Y. 2019-20 which clarifies the accounting of contributions received from Consumers against Outright Right Works (ORC Schemes) as a part of accounting policy as follows : 1) If advance is received for expenditures still to be incurred on creation of Fixed Assets , same is treated as Non-Current Liabilities till the completion of that Fixed Assets. 2) If contribution is received on account of Supervision Charges only, the same is recognised as Other Income in the year of receipt. 3) If contribution is received on account of already created assets, the same is reduced against that asset in the year of receipt. Further the above policy is in line with the Generally Accepted Accounting Principles (GAAP) , however, the company will specifically disclose the amount of ORC assets as a footnote to Note “4.1 : Property, Plant & Equipment” from F.Y. 2020-21.	The concerned matter (of GL Code 123100) is covered in para titled 'Basis for Modified Opinion' para number 2.19 of our "Report on the Audit of the Standalone Ind AS Financial Statements"

7	As against the Corporate Social Responsibility (CSR) provision of Rs. 95.20 crore during the years 2014-15 to 2016-17 and in 2019-20, the Company could spent only Rs.20.37 crore during the period from 2016-17 to 2019-20 on CSR projects and Rs.74.83 crore (78.60 per cent) remained unspent as of March 2020. However, the reasons for the non-utilisation was not specified by the Board in its report for the year 2018-19 made under clause (o) of sub-section (3) of section 134 of the Companies Act, 2013.	So far total fund of Rs.95.20 crores is earmarked for CSR activities. Total 97 CSR proposals across all sectors are received , so far to the company and out of them 39 are got approved. These 39 projects are completed / under process. Total approved / expected cost of these 39 projects is Rs.51.23 crores. As such, this commitment is to be fulfilled in near future as and when the projects are completed and demand for release of fund is received. It is also to submit here that out of remaining 58 proposals, 9 are rejected and remaining 49 proposals are under scrutiny as per CSR policy of company and are likely to be finalized in near future. It is also to mention here that, the unspent CSR fund of company is being added in CSR fund provision for the next financial year. The total CSR fund is then taken into account while deciding sector-wise CSR fund allocation for the year. In view of the above, it can be said that as on 31.10.2020 the amount of CSR fund utilized/approved is Rs.51.23 crores and the fund available is Rs.43.96 crores.	The concerned matter (of GL Code 150110) is covered in para titled 'Basis for Modified Opinion' para number 2.21 of our "Report on the Audit of the Standalone Ind AS Financial Statements

Appendix II-(b):- Items contained in the inspection report of CAG Prior to FY 2019-20 and remaining open

Sr. No.	CAG's COMMENTS	MSETCL's REPLY	Status at the end of FY 2020-21 and Auditors' Remarks
	A. Comment on Profitability		
	Ind AS Compliant Statement of Profit & Loss		
1	**Income - Other Income (Note 23):**		
1	This includes Rs.3.81 crore, being the supervision charges deposited by third parties in three circles for Outright Consumers works for which the works are not taken up/completed. This resulted in overstatement of Other Income and profit and understatement of Other Non-current Liabilities by Rs.3.81 crore	As per Para 35 of Ind AS 115, an entity transfers control of a good or service over time and, therefore, satisfies a performance obligation and recognises revenue over time, if one of the following criteria is met: (a) the customer simultaneously receives and consumes the benefits provided by the entity's performance as the entity performs (b) the entity's performance creates or enhances an asset (for example, work in progress) that the customer controls as the asset is created or enhanced, or (c) the entity's performance does not create an asset with an alternative use to the entity and the entity has an enforceable right to payment for performance completed to date. MSETCL does not fulfil any of the above criteria and hence recognizes revenue on the basis of receipts in its books of Accounts.	The concerned item is covered by qualification / disclaimer please refer to our 'Basis of Modified Opinion' under para 2.17 of audit report for F. Y. 2020 - 21
	This does not include Rs.30.46 crore being interest recoverable on mobilisation advances which should have been recognised. Non recognition is not in conformity with the accounting policy adopted by the Company. This resulted in understatement of other miscellaneous income and profit for the year by Rs.30.46 crore and understatement of Trade Receivables to that extent	As per Accounting policy of the company disclosed under Note no 2.15 to the notes to account for the financial year 2019-20, interest income is accounted on accrual basis considering the certainty of the revenue. Further, the purpose of retention amount and bank guarantees with the Company is to secure performance of the contract and not to recover interest which is yet to be accepted by the agencies. With regard to the mobilization advance given to contractors, the company will account the same in books of accounts upon its ultimate realization.	The concerned matter (of GL Code 123060 & 290020) is covered under para 'Basis for Modified Opinion' please refer to 2.22 above
	Expenses - Other Expenses (Note 26) : Miscellaneous Losses and provisions :		
	This does not include provision on disputed transmission charges of Rs.49.68 crore already recognised but pending before the Appellate Tribunal for Electricity. The	There is a valid Bulk Power Transmission Agreement (BPTA) with M/s SWPL in pursuance of which invoices has been raised for transmission charges for the	

	transmission licensee (M/s Sai Wardha Power Generation Ltd.) is also under the Corporate Insolvency Resolution Process. Non-Provision on the disputed claim is not in conformity with Ind AS 18 - Revenue resulting in understatement of other expenses and over statement of trade receivables with consequent overstatement of profit for the year by Rs.49.68 crore.	allocated capacity of 130/135 MW coupled with favourable decision of Hon'ble MERC in the instant matter. Though the matter is further pending with APTEL for its final decision, NCLT has initiated corporate insolvency proceeding against M/s SWPL under Insolvency and Bankruptcy Code 2016 (IBC), wherein IRP has been appointed and admitted a claim of Rs. 34.00 crore against the total claim lodged by the Company of Rs. 119.51 crore keeping the balance amount of claim as contingent claim. It is noteworthy that the IRP has not rejected any amount of claim made by the company. Recently, NCLT has issued an order dated 17/10/2019 in the matter of IBC proceedings against M/s SWPL approving the Resolution plan submitted by the Resolution applicant wherein the admitted and contingent claim of operational creditors has been proposed to be paid in the phased manner within a period of 24 months as per the Resolution plan incorporated in the said order. In view of above, the provision for doubtful debts (Rs.8851.41 Lakhs) made in the books of accounts for the said receivable amount seems to be sufficient and hence no further provision has been made in the F.Y. 2019-20. MSETCL received Rs. 15 lakhs vide NCLT order no. 275/7/HDB/2019 dated 17/10/2019 as against the company claim of Rs. 119.51 crore. Further, MSETCL filed for appeal in NCLAT. NCLAT dismissed the appeal in Order No. 1401/2019 dated 03/02/2020. MSETCL filed for appeal in SC to challenge NCLAT order. Due to COVID period submission is awaited.	The Concerned item is covered by para 'Basis for Modified opinion' in our Standalone Audit Report. Refer Para 2.22 of the said report.
	Rates and Taxes:		
	This does not include Rs.31.15 crore being property tax on leasehold land resulting in understatement of rates and taxes with consequent overstatement of profits for the year by Rs.31.15 crore and understatement of Other Current Liabilities to that extent.	Provision for property tax has been passed vide document number 100145636 dated 11/12/2019. No provision is made for interest due to late payment of property tax. MSETCL has approached Energy Department for waiver of property tax or levy the tax considering the purchase value of the property as against the capital value of the property used by the Navi Mumbai Municipal Corporation for computation of property tax.	The Company does not have accurate bifurcation of leasehold / freehold properties. Refer Para 2.7 and 2.22 of 'Basis for Modified Amounting' (GL Code 230050, 230060) of our standalone audit report. Considering observation of CAG, company is advised to make provision for interest on late payment of property tax.

B. Comments on Financial Position			
	Balance Sheet		
	Assets		
2	**Property, Plant and Equipment (Note 4.1):**		
2	This does not include Rs.10.75 crore being the value of various assets commissioned in 2017-18 but not capitalised. This resulted in understatement of Non-current Assets with consequent overstatement of work in Progress by Rs.10.75 crore. The impact on the depreciation for the year due to understatement of Non Current Assets could not be quantified.	Out of Rs. 10.75 crores, Rs. 22.88 lakhs is pending to be capitalised due to non-approval of final QV proposal. **PC-5700 Rs. 70.84 lakhs:** The final QV Proposal for obtaining approval from Corporate Office Mumbai is submitted by SE[C] EHV CCCM Circle Nasik vide L No. SEC/EHV/CCCMC/NSK/ 0012 Dt. 03-01-2020 to SE EHV Project Circle Nasik. The approval & PO Edit work thereof is yet to be obtained. Thereafter the Final PO punching work & SEs can be taken by DO Jalgaon. The amount of Rs. 28,16,619.80 for 1st RA Bill is capitalized in 06 Nov-2019. The remaining amount can be capitalized after final PO punching in system & also there is saving to tune of 27.94 % in this work. Thus Final PO amount Rs. 51.05 - Less earlier Rs. 28.16 = Rs.22.88 Lakhs can be capitalized after necessary approval.	The Concerned item is covered by qualification/disclaimer please refer to our 'Basis of Modified opinion' under para 2.6 and 2.22 of audit report for FY 2020-21
	Trade Receivables (Note 10.2):		
	This does not include the differential amount of Outright Contribution (ORC) receivable from Maharashtra Eastern Grid Power Transmission Company Limited (MEGPTCL), resulting in understatement of trade receivables and overstatement of ORC work-in-progress by Rs.18.68 crore.	As far as the matter of accounting based on demand notice is concern towards interest income of Rs. 12.63 crore, the company does not recognize any income on the basis of issuance of demand notice as is evidenced from the accounting policy adopted by the company as per Note No. 2.15 to the financial statement of FY 2019-20. The issue of demand notice doesn't entail into accrual of income. As also with regard to ORC deposit, the same is accounted on the basis of receipt of the same, as issuance of demand notice doesn't result in increase in receivable and depends whether the other party is agreeing to it.	The concerned matter (of GL Code 260040 & 260060) is covered under para 'Basis for Modified Opinion' in our Standalone Audit Report. Refer Para 2.22 of the said report.
3	**Capital Work-in –progress (Note 4.2):**		
3(a)	This includes Rs.2.70 crore being deposits taken from parties for construction of bays which had been allotted during the year. However, the amount was not adjusted from deposits. This resulted in	The reconciliation is in process and the deposit will be knock off against the assets in FY 2020-21.	The Concerned item is covered by qualification/disclaimer please refer to our 'Basis of Modified opinion' under para 2.22 of audit report for FY 2020-21

<table>
<tr><td></td><td>overstatement of Other Non-current Financial Liabilities (Other deposits) and overstatement of other non-current assets by Rs.2.70 crore.</td><td></td><td></td></tr>
<tr><td>3(b)</td><td>This includes Rs 217.00 Lakhs incurred by the Company towards the security charges at work site which was recoverable from the Contractors. This has resulted in overstatement of Capital Work-in-progress and understatement of Other Receivables to the extent of Rs.217.00 Lakhs.</td><td>MSETCL had awarded the work of 220KV Nandgaon Peth S/Stn and 220KV Anjangaon S/Stn along with its associated lines in Amravati District and 220 KV Malegaon S/St and 132 KV JalgaonJamod S/Stn along with their associated lines in Buldhana District to M/s ECI -Shanghai JV. However, due to non-performance of M/s ECI-Shanghai JV, MSETCL had terminated their EPC contract vide letter MSETCL/ED(P)/EPC/6243 dated 08/05/12.
In order to safeguard the materials and assets w.r.t. the above mentioned projects lying at the above mentioned sites and to avoid the possibility of theft, the competent authority decided to provide MSETCL's security at those sites. Thus, the expenditure so incurred on providing services of security guards during the period 2011-12 to March 2017 was accounted for under Capital Work in Progress. Which will be treated as receivable and reduced will be accounted for in the F.Y. 2017-18. MSETCL, in turn has awarded the contract on 'risk and cost basis' to other contractors for completion of above mentioned schemes of M/s ECI Shanghai. The company will certainly initiate recovery of such excess charges incurred from the erring contractor i.e. M/s ECI Shanghai. There are no future claims expected from M/s ECI, so option of encashment of BG is being explored. However, the matter is subjudised. The decision will be taken subject to final decision of the Court.</td><td>Status quo remains. The matter is informed to be still sub-judised</td></tr>
<tr><td>3(c)</td><td>This also includes Rs 159.42 lakh being ineligible price variation paid to the contractors on the tax element included in the price of the materials which resulted in overstatement of Capital Work-in-progress and understatement of Other Receivables by Rs 159.42 lakh.</td><td>Recovery of excess PV amounting to Rs. 1.70 crore was recovered from the following contractors:
<table><tr><th>Name of agency PV Recovery</th><th>Excess</th></tr><tr><td>M/s ECI</td><td>23,52,505</td></tr><tr><td>M/s KPTL</td><td>44,90,358</td></tr><tr><td>M/s KEC</td><td>7708861</td></tr><tr><td>M/s JSL</td><td>8,90,003</td></tr><tr><td>M/s GE (Alstom)</td><td>15,31,617</td></tr><tr><td>Total</td><td>1,69,73,344</td></tr></table></td><td>Rs. 31.20 Lakhs pending to be recovered</td></tr>
</table>

		Para no.11:- Excess payment of price variation of Rs.31.20 Lakhs due to incorrect basis price. Reply to para no.11 :- Recovery of Rs.31.20 Lakhs is still pending due to non availability of bills in r/o M/s ABB Ltd.	
	Equity and Liabilities Other Equity (Note 13) Reserves and Surplus		
4	This includes Rs 449.00 lakh being the cost of ORC works treated as Income during 2014-15. The Company assured to make necessary adjustment during 2016-17. The non-compliance of the assurance resulted in continuance of the overstatement of Reserves and Surplus and Fixed Assets to the extent of Rs 449.00 lakh with consequent effect on the depreciation and loss for the year.	Statutory Auditor's vide their Audit Report para IV 2(xiv) have qualified the said account related to ORC deposits as unreconciled.The Company had already initiated the necessary reconciliation drive in the field offices since previous years and the reconciliation process is in progress. After reconciliation of the same, the ORC deposit will be adjusted against concerned assets.	ORC deposit has not been reconciled in the FY 2020-21
	Other Equity (Note 13) Special Reserve Fund: Rs. 139.39 crore		
	This includes Rs.76.58 crore appropriated from profits during 2013-14 and 2014-15 as per the provision of MERC Regulations, 2005. Though the constitution of Special Reserve Fund (SRF) was repealed by the MERC (MYT) Regulation, 2011 the Company continued the appropriation during 2013-14 and 2014-15 (even though the new regulations were applicable to the company during this period) resulting in unauthorised appropriation to SRFs and understatement of Retained Earning to the extent of Rs.76.58 crore. Accumulated SRF of Rs.139.39 crore has also been lying since April 2015.	As per MERC Regulation 2005, out of the total amount of Efficiency gain/losses, 1/3rd was to be shared with the TSU, 1/3rd was to be retained as special reserve to be offset against the future losses due to controllable factors (if any) and the remaining 1/3rd is to be shared with MSETCL. Accordingly, MSETCL has appropriated the 1/3rd amount of efficiency gain as Special Reserve in the respective years where the said regulation was applicable. Further, MSETCL had asked for deferment from MERC MYT Regulation 2011, which was applicable from FY 2011-12 to FY 2012-13. Thus, MERC Regulation 2005 was made applicable to FY 2011-12 and FY 2012-13 also. Vide the Tariff Order in Case No 207 of 2014 dated 26.06.2015 MERC directed that the 1/3rd of the Efficiency gain for FY 2012-13 be appropriated to the Special Reserve during the true up of FY 2012-13. Accordingly, the shortfall on the special reserve accounts was provided during FY 2014-15. Thus, there was no violation of regulation and the amount provided for during FY 2013-14 and FY 2014-15 were the shortfall pertaining to FY 2011-12 and FY 2012-13 respectively. Further more, as per Regulation 19.1.(b) the special reserve is to be offset against the future losses due to controllable factors (if any). The O&M Expenses claimed by MSETCL	We concur with the response of the management.

		are below the normative and thus there has been no loss till the last true up order hence the special reserve could not be utilise by MSETCL in the past years. If any such Efficiency loss arises in future, then the special reserve will be utilised in future.	
5	**Other Non-Current Financial Liabilities (Note: 14.2) :-**		
5(a)	This includes Rs 400.00 lakh being deposit for construction of bays under ORC works against which the existing bays were allotted to the parties. As such, the deposits of Rs 400 lakh should have been set off by transferring the same to Other Income. This has resulted in understatement of Other Income and Overstatement of Non-current liabilities and loss to the extent of Rs 400.00 lakh.	In order to execute ORC works, deposits are taken from the parties for whom company performs/executes such ORC works. Aurangabad EHV O&M Circle has executed 7 ORC works with Rs 221 Lakhs including supervision charges and Nagpur O&M Circle had completed 8 ORC works worth Rs.237.00 Lakhs. Work Completion Report (WCR) against all the ORC works executed were received in the month of November 2017. Necessary accounting entry will be passed in FY 2017-18 as per the assets identified in Fixed Asset Register in accordance with the guidelines issued in context to Ind AS Policy. MSETCL is in the process of carrying out physical verification of Fixed assets, on completion of the same, the identification of proper assets and its value for adjustment against the ORC deposit amount would be done.	Rs 400 lakh has not been accounted as "Other Income" in the FY 2020-21. The Concerned item is covered by qualification/disclaimer please refer to our 'Basis of Modified opinion' under para 2.17 and 2.22 of audit report for FY 2020-21
5(b)	In response to the Audit Comments for the year 2015-16, the Company assured to adjust the deposits pertaining to the completed ORC works amounting to Rs 9,026.00 lakh during 2016-17 against Fixed Assets. The non-compliance of the assurance resulted in continuance of overstatement of Non-current Liabilities and Fixed Assets to the extent of Rs 9,026.00 lakh with consequent effect on the depreciation and the Loss for the year.	Statutory Auditor's vide their Audit Report para IV 2(xiv) have qualified the said account related to ORC deposits as unreconciled. The Company had already initiated the necessary reconciliation drive in the field offices since previous years and the reconciliation process is in progress. After reconciliation of the same, the ORC deposit will be adjusted against concerned assets.	ORC deposits have not been reconciled in the FY 2020-21. The Concerned item is covered by qualification /disclaimer please refer to our 'Basis of Modified opinion' under para 2.17 and 2.22 of audit report for FY 2020-21
	This includes deposit of Rs.45.09 crore in respect of ORC works completed and commissioned during 2018-19. Non-adjustment of the deposits resulted in overstatement of deposits by Rs.45.09 crore and consequent overstatement of ORC work-in-progress under Capital Work-in-progress to that extent.	Three ORC works with capex expenditure amounting to Rs. 40.97 crore have been capitalized by knocking off the deposit in FY 2018-19. Five ORC works having capex expenditure amounting to Rs. 4.12 Cr. will be capitalized in FY 2020-21 after finalizing QV / Final bills.	The concerned matter (of GL Code 123100) is covered under para 'Basis for Modified Opinion' in our Standalone Audit Report. Refer Para 2.22 of the said report.

	Current Liabilities Other Current Liabilities (Note No.19)		
6	This does not include Rs.13.06 crore being non-assessment and non-recovery of the labour cess for the period July 2010 to March 2018 (Nashik Project Circle). This resulted in understatement of Other Receivables and Other Current Liabilities by Rs.13.06 crore.	The labour cess is recovered and paid to the concerned authority in time. The balance amount would recovered from the upcoming bills of the Vendors and the payment would be made immediately. Amount of Rs. 7.75 Crs has been recovered till date. The statement of the same is enclosed herewith. Further it is stated that Labour Cess of Rs.0.97 Crs could not be recovered on the Work Orders issued to M/s Areva T&D India Ltd as per Ltr No. MSETCL/CO/F&A/9156 dtd 03.12.2019 which is also enclosed herewith.	The Concerned item is covered by qualification/disclaimer please refer to our 'Basis of Modified opinion' under para 2 of audit report for FY 2020-21. The balances and recoveries from the vendors could not be properly verified in course of our audit in absence of requisite data/details sought from the Company.
	Goods and Service Tax (GST) is applicable to deposits received as consideration for the supply of goods or rendering services in terms of Section 2(31) of the CGST Act,2017. The Company has not collected and deposited GST on ORC deposits resulting in short assessment and collection of GST by Rs. 43.13 crore (*) with consequent understatement of other current liabilities and other current assets to that extent. * Rs.377.78 crore x 18/118 minus GST of Rs.14.50 crore on supervision charges already shown in the books of accounts.	In case of ORC works, MSETCL collects deposits from Outright Consumers before executing the works and treats as ORC Deposits in the books of accounts of MSETCL. It is shown in the liability side of the balance sheet of the MSETCL. This amount is finally set off against the actual cost of the construction/works at the time of completion of all activities of the works. Till the constructions stage, the expenditure incurred on these works is shown as Capital WIP and finally on completion of the works this deposit amount is set-off against the total works cost. The Asset is capitalized in the books of MSETCL at Re. 1. The Operation & Maintenance (O&M) of asset is carried out by MSETCL. As Asset does not transferred to the ORC Consumers, there was an ambiguity whether it is supply service or otherwise. MSETCL has submitted Application for Advance Ruling vide ARN AD270419019782S dated 25.04.2019 to Authority of Advance Ruling (AAR), GST Department regarding Applicability of GST on Deposit for Dedicated Distribution Facility (DDF)/ Dedicated Transmission System (DTS) /Out-right Contracts (ORC). The same is “Pending for Order” till date. However, as a conservative measure, MSETCL has issued Circular in May-19 for charging GST on the estimated cost of the ORC Works including supervision charges and same is paid to GST Authority.	The concerned matter (of GL Code 123100) is covered under para 'Basis for Modified Opinion' in our Standalone Audit Report. Refer Para 2.22 of the said report.

		The decision regarding collection of GST on ORC deposit for the period from July'17 to March'19 shall be acted upon Order/Ruling from AAR in this regard. Order / Ruling from AAR is still awaited, meanwhile MSETCL has initiated the correspondence with AAR vide letter no.- 446 dated: 17.01.2020 & no.2650 dated 31/07/2020	
	Other Comments **Notes to Standalone Financial Statements**		
7	The company stated in Note no.2.19 that it recognized Expected Credit Loss (ECL) on Trade receivables and other financial assets (Ind AS 109). Further, it stated that the loss allowances on trade receivables are as per the ECL model. However, the company has not followed the ECL model. This fact was disclosed in Note no.33 only in respect of one of its receivables - MSEDCL but not disclosed in respect of the other receivables. The Note no.33 is inadequate to that extent.	The necessary disclosure has been done in note no-33 to financial statement of FY 2020-2021.	The balances and details of Trade receivables could not be properly verified in course of our audit in absence of requisite data/details sought from the Company. Please refer para 2 of audit report for FY 2020-21.

Annexure 3 to the Independent Auditors' Report to the Members of Maharashtra State Electricity Transmission Company Limited

[referred to in paragraph 7 titled 'Report on Other Legal and Regulatory Requirements']

i.

a) The complete quantitative details and situation of fixed assets is not available with either in SAP or in erstwhile AR01 register.

b) The management has not undertaken physical verification of the Company's fixed assets during the year. In the absence of such record and verification we are unable to state whether there are any material discrepancies and whether the same have been properly dealt with in the books of accounts.

c) The records relating to immovable properties as reflected in the Standalone Ind AS financial statements (i.e. Land Title, Lease Deed, 7/12 extract etc.) are not maintained properly or updated and the same are not reconciled with the Standalone Ind AS financial statements as at March 31, 2021. In absence of complete records, we are unable to state whether all such immovable properties are in the name of the Company.

ii.

a) The Company had planned an annual stock verification program for the F.Y. 2020-2021. The inspection/valuation of stocks lying with Company was not fully carried out by the Company during the year as per the said program due to outbreak of pandemic Covid19 and Inventory Physical verification report has not been shared with us hence consequential impact if any thereof cannot be commented upon.

b) In our opinion, the procedure of physical verification of inventory followed by the management is adequate in relation to size of the Company and the nature of its business, except for our observation in (a) above

c) On the basis of our examination of records of inventory, in our opinion, the company has maintained proper records of inventory. The discrepancies noticed on such physical verification of inventories such as Direct Debit to Work (DDW) and the slow / non-moving inventories with ageing could not be satisfactorily explained, we are unable to comment whether discrepancies have been properly dealt with

iii. According to the information and explanation given to us by the Company, it has not granted any loans to companies, firms, LLPs or other parties listed in the register maintained under section 189 of the Companies Act, 2013. Hence reporting under the clause (III) - (a) to (c) of the Order is not applicable to the Company.

iv. In our opinion and according to the information and explanation given to us, the Company has complied with the provision of section 185 and section 186 of the Act.

v. In our opinion and according to the information and explanations given to us, the Company has not accepted any deposits from the public during the year in terms of the provisions of Sections 73 to 76 or any other relevant provisions of the Act and the rules framed there under. Accordingly, paragraph 3(v) of the Order is not applicable to the Company.

vi. We have broadly reviewed the books of account maintained by the Company as specified under Section 148(1) of the Act and we are of the opinion that prima facie, the prescribed accounts and records have been made and maintained. However, we have not made a detailed examination of the cost records with a view to determine whether they are accurate or complete.

vii. In respect of statutory dues:

a) According to the information and explanations given to us and on the basis of our examination of records of the Company, in respect of amounts deducted / accrued in the books of account, the Company has generally been regular in depositing undisputed statutory dues including Provident Fund, Employees' State Insurance, Income Tax, Sales Tax, Goods & Service tax, Service Tax, Value Added Tax, Cess and any other statutory dues, as applicable to the Company, during the year with the appropriate authorities. As informed, the duty of Customs and duty of Excise is not applicable to the Company during the year under report. There are no undisputed statutory dues payable in respect to above statues, outstanding as at March 31, 2021 for a period of more than six months from the date they became payable, except following:

Name of the Statute	Nature of the Dues	Amount (Rs. In Lakhs)	Period to which the amount relates	Date of Payment
Finance Act,1994 (Service Tax)	Interest on Service Tax for previous year on the supervision charges collected from ORC vendors	267.34	FY 2014-15	Not Paid

b) According to information and explanations given to us and on the basis of our examination of the records of the Company, there is no disputed Income tax, Sales-tax, Service Tax, Goods & Service Tax and Value Added Tax as on 31st March, 2021 which have not been deposited except the following disputed dues which have not been deposited since the matters are pending with the relevant forum:

Name of Statue	Nature of the Dues	Period (A.Y) to which the amount relates	Forum where matter is pending	Amount (Rs. In Lakhs)
Income Tax Act, 1961	Income Tax	2008-09	The Income-tax Appellate Tribunal (Tax Department's appeal)	328.41
Income Tax Act, 1961	Income Tax	2009-10	The Commissioner of Income-tax (Appeals) - 22, Mumbai	19000.84
Income Tax Act, 1961	Income Tax	2010-11	Commissioner of Income-tax(Appeals) - 22 – Mumbai	310.35
Income Tax Act, 1961	Income Tax	2010-11	The Income-tax Appellate Tribunal [Company's appeal and Tax Department's appeal]	5372.58
Income Tax Act, 1961	Income Tax	2011-12	The Commissioner of Income-tax (Appeals) - 22, Mumbai	1853.10
Income Tax Act, 1961	Income Tax	2011-12	The Commissioner of Income-tax (Appeals) - 22, Mumbai	70.06
Income Tax Act, 1961	Income Tax	2011-12	The Commissioner of Income-tax (Appeals) - 22, Mumbai	4.64
Income Tax Act, 1961	Income Tax	2012-13	The Commissioner of Income-tax (Appeals) - 22, Mumbai	9.71
Income Tax Act, 1961	Income Tax	2013-14	The Commissioner of Income-tax (Appeals) - 22, Mumbai	4212.98
Income Tax Act, 1961	Income Tax	2012-13	The Income-tax Appellate Tribunal ((Tax Department's appeal)	311.05
Income Tax Act, 1961	Income Tax	2013-14	The Commissioner of Income-tax (Appeals) - 22, Mumbai	936.87
Income Tax Act, 1961	Income Tax	2014-15	The Commissioner of Income-tax (Appeals) - 22, Mumbai	17524.47
Income Tax Act, 1961	Income Tax	2016-17	The Commissioner of Income-tax (Appeals) - 22, Mumbai	7107.68
Income Tax Act, 1961	Income Tax	2017-18	The Commissioner of Income-tax (Appeals) - 22, Mumbai	4037.20

Note: Please refer statutory audit report of even date on the Stand Alone Ind AS Financial Statements of the Company, particularly para 2.19.

viii Based on our audit procedures and as per the information and explanations given by the management, the Company has not defaulted in repayment of loans or borrowings to banks, financial institutions or government during the year. The Company has not issued any debentures.

ix During the year the Company did not raise any money by way of initial public offer or further public offer (including debt instruments). According to the information and explanation given to us, the term loans have been prima facie applied by the Company during the year for the purpose for which it was obtained.

x During the course of our examination of the books and records of the Company, carried out in accordance with the generally accepted auditing practices in India, and according to the information and explanations given to us, we have neither come across any instance of fraud by the Company or any fraud on the Company by its officers or employees, noticed or reported during the year, nor have we been informed of any such instance by the management.
However, during the course of our examination of the books of account and records of the Company of the immediately preceding financial year we noticed the incidence of fraud on the Company by its officers or employees. While checking the leave encashments it was noticed that Several employees have claimed and received leave encashment far in excess of what is permitted under the Company's laid down policy. It is also observed that such leave encashment is claimed seven to nine times in a block of two years by some employees, which doesn't seem to be an error. The 'Service Book' which records the leave encashment of such employees was observed to be blank during our checking, yet the excessive claims of employees got approved and paid. Such tendency of excess claiming of leave encashment was considered questionable and estimated amount involved in the said fraud being above Rs.1 Crore the matter had been reported to Central Government in terms of provisions of section 143 (12) of the Act.

xi As informed to us, the provisions of Section 197 are not applicable to the company, being Government Company, as per the notification of MCA dated 5th June 2015.

xii The Company is not a Nidhi Company. Therefore, the provisions of clause (xii) of paragraph 3 of the Order are not applicable to the Company.

xiii In our opinion and according to the information and explanations given to us, the Company is in compliance with the applicable provisions of Section 177 and 188 of the Act for all transactions with the related parties and the details of related party transactions have been disclosed in the Standalone Ind AS financial statements as required by the applicable accounting standard.

xiv According to the information and explanations given to us, the Company has not made any preferential allotment or private placement of shares or fully or partly convertible debentures during the year. Therefore, the provisions of clause (xiv) of paragraph 3 of the Order are not applicable to the Company.

xv ln our opinion and according to the information and explanations given to us, during the year, the Company has not entered into any non-cash transactions with directors or persons connected with them. Therefore, the provisions of clause (xv) of paragraph 3 of the Order are not applicable to the Company.

xvi In our opinion, the Company is not required to be registered under Section 45-lA of the Reserve Bank of lndia Act, 1934

Annexure 4 to the Independent Auditors' Report to the Members of Maharashtra State Electricity Transmission Company Limited

[Referred to in paragraph 8(f) titled "Report on other legal and regulatory requirements"]

Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Act

Opinion

We have audited the internal financial controls over financial reporting of **Maharashtra State Electricity Transmission Limited** ("the Company") as at March 31, 2021 in conjunction with our audit of the Standalone Ind AS financial statements of the Company for the year ended on that date.
In our opinion, the Company's internal financial controls system over financial reporting and design thereof needs to be improved to eliminate control lapses and make it comprehensive. Based on selective verification of process controls matrixes made available to us which require to be updated for some identified processes and risks, in our opinion and considering the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note, the operating effectiveness of such process controls and appropriate documentation thereof needs to be strengthened to make the same commensurate with the size of the Company and nature of its business.

Management's Responsibility for Internal Financial Controls

The Company's management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India ("ICAI"). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to the company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Act.

Auditors' Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the "Guidance Note") and the Standards on Auditing, issued by ICAI and deemed to be prescribed under section 143(10) of the Act, to the extent applicable to an audit of internal financial controls, both issued by the ICAI. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the Standalone Ind AS financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over financial reporting.

Meaning of Internal Financial Controls Over Financial Reporting

A Company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A Company's internal financial control over financial reporting includes those policies and procedures that:

a) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the Company;

b) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the Company are being made only in accordance with authorisations of management and directors of the Company; and

c) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the Company's assets that could have a material effect on the standalone Ind AS financial statements.

Inherent Limitations of Internal Financial Controls Over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Notes to Standalone Financial Statements for the year ended 31st March ,2021

1 Corporate and General Information

Maharashtra State Electricity Transmission Company Limited (MSETCL) was incorporated under the Companies Act, 1956 on 31st May, 2005. The Certificate of Commencement of Business was received on 15th September, 2005 from the Registrar of Companies. The Company was incorporated as per provisions of the notification of Maharashtra State Electricity Reforms Transfer Scheme, 2005 (hereinafter referred to as the Transfer Scheme) which was issued on 4th June, 2005. As per the aforesaid notification, assets and liabilities forming part of the Transmission Undertaking of erstwhile Maharashtra State Electricity Board as set out in `Schedule A' of the said Notification were transferred and vested to the company with effect from 6th June, 2005. The Transfer Scheme was approved by Government of Maharashtra (GoM) on 31.03.2016. The transfer of Assets and Liabilities under the above Transfer Scheme was made by the GoM. As decided the consideration for the transfer of undertaking being excess of assets over liabilities is discharged by issue of Equity Shares of Rs. 898,497.47 lakh to MSEB Holding Company Limited(the Holding Company).

Maharashtra State Electricity Transmission Company Limited ('MSETCL' or 'the Company') is a leading state transmission utility in the country. MSETCL owns and operates most of Maharashtra's Electric Power Transmission System. The Company is a wholly owned corporate entity under the Maharashtra Government incorporated and domiciled in India on May 31, 2005 after restructuring the erstwhile Maharashtra State Electricity Board to transmit electricity from its point of generation to its point of distribution.

The Company is notified as the State Transmission Utility (STU) under The Electricity Act, 2003. It is principally engaged in planning, implementation, operation and maintenance of Intra-State Transmission System (ISTS),

2 Statement of significant Accounting Policies

2.1 Statement of Compliance

The financial statements are prepared in accordance with Indian Accounting Standards (Ind AS) notified under Section 133 of the Companies Act, 2013 (the Act), Companies (Indian Accounting Standards) Rules, 2015 and the relevant provisions of the Companies Act, 2013, and the provisions of the Electricity Act, 2003 to the extent applicable and as amended thereafter.

The financial statements upto year ended 31 March, 2016 were prepared in accordance with Generally Accepted Accounting Principles in India, the relevant provisions of the Companies Act, 2013, including Accounting Standards notified there under and the provisions of the Electricity Act, 2003 to the extent applicable.

2.2 Basis of preperation and presentation.

The financial statements have been prepared on accrual basis and under the historical cost convention except following which have been measured at fair value;

- Certain financial assets and liabilities that are measured at fair value;

- Assets held for sale - measured at lower of carrying amount or fair value less cost to sell;

- Defined benefit plans - plan assets measured at fair value;

2.3 Current non-current classification

The Company presents assets and liabilities in the balance sheet based on current / non-current classification. An asset is treated as current when it is:

- expected to be realised or intended to be sold or consumed in normal operating cycle,

- held primarily for the purpose of trading,

- expected to be realised within twelve months after the reporting period, or

- cash or cash equivalent unless restricted from being exchanged or used to settle A liability for at least twelve months after the reporting period.

All other assets are classified as non-current.

A liability is current when:

- it is expected to be settled in normal operating cycle,

- it is held primarily for the purpose of trading,

- it is due to be settled within twelve months after the reporting period, or

- there is no unconditional right to defer the settlement of the liability for at least twelve months after the reporting period.

The Company classifies all other liabilities as non-current.

Deferred tax assets and liabilities are classified as non-current assets and liabilities.

The operating cycle is the time between the acquisition of assets for processing and their realisation in cash and cash equivalents.

The Company has identified twelve months as its operating cycle.

2.4 Rounding of amounts

All amounts disclosed in the financial statements and notes have been rounded off to the nearest lakh as per the requirement of Schedule III, unless otherwise stated.

2.5 Use of estimates and judgments

The preparation of the Company's financial statements requires management to make judgements, estimates and assumptions that affect the reported amounts of revenue, expenses, assets, liabilities and the accompanying disclosures along with contingent liabilities. Uncertainty about these assumptions and estimates could result in outcomes that require material adjustments to the carrying amount of assets or liabilities affected in future periods. The Company continually evaluates these estimates and assumptions based on the most recently available information.

In particular, information about significant areas of estimates and judgments in applying accounting policies that have the most significant effect on the amounts recognized in the financial statements are as below:

-Estimates of useful lives, residual value and impairment of Property, Plant and Equipments and Intangible Assets;

- Valuation of Inventories;

- Measurement of Defined Benefit Obligations and actuarial assumptions;

- Provisions;

- Evaluation of recoverability of deferred tax assets; and

- Contingencies.

Revisions to accounting estimates are recognized prospectively in the Statement of Profit and Loss in the period in which the estimates are revised and in any future periods affected.

2.6 Property, Plant and Equipment (Ind AS 16)

Property, Plant and Equipment is initially measured at cost of acquisition/construction including any costs directly attributable to bringing the asset to the location and condition necessary for it to be capable of operating in the manner intended by management. After initial recognition, Property, Plant and Equipment is carried at cost less accumulated depreciation / amortization and accumulated impairment losses, if any.

Subsequent expenditure is capitalized only if it is probable that the future economic benefits associated with the expenditure will flow to the Company.

Property, Plant and Equipment acquired as replacement of the existing assets are capitalized and its corresponding replaced assets removed/ retired from active use are derecognized. If the cost of the replaced part or earlier inspection is not available, the estimated cost of similar new parts/inspection is used as an indication of what the cost of the existing part/ inspection component was when the item was acquired or inspection was carried out.

In the case of commissioned assets, contracts for construction of Sub-station and Transmission Lines where final settlement of bills with contractors is yet to be effected, capitalization is done on provisional basis subject to necessary adjustments in the year of final settlement.

The cost of land includes payments/liabilities towards compensation and other expenses wherever possession of land is taken.

Expenditure on leveling, clearing and grading of land is capitalized as cost of Land Development.

Spare parts whose cost is Rs.10,00,000/- and above, standby equipment and servicing equipment which meets the recognition criteria of Property, Plant and Equipment are capitalized. In other cases, the spare part is inventorised on procurement and charged to Statement of Profit and Loss on consumption.

An item of Property, Plant and Equipment is derecognized when no future economic benefits are expected from their use or upon disposal.

The gain or loss arising on the disposal or retirement of an item of property, plant and equipment is determined as the difference between the net disposal proceeds and the carrying amount of the asset and is recognised in the Statement of Profit and Loss on the date of disposal or retirement.

2.7 Capital Work-In-Progress (CWIP) (Ind AS 16)

Cost of material, erection charges and other expenses incurred for the construction of Property, Plant and Equipment are shown as CWIP based on progress of erection work till the date of capitalization.

Expenditure of Project Offices, attributable to construction of property, plant and equipment are identified and allocated on a systematic basis to the cost of the related assets.

Unsettled liability for price variation/exchange rate variation in case of contracts is accounted for on estimated basis as per terms of the contracts.

Costs incurred on identification, survey and feasibility studies of a project under sanctioned scheme are shown as a distinct item under capital work in progress till the period of its rejection or three years, whichever is earlier. In case of rejection, the expenses are charged to Statement of Profit and Loss in the year of rejection.

2.8 Intangible Assets (Ind AS 38)

Intangible assets are measured on initial recognition at cost. After initial recognition, intangible assets are carried at cost less any accumulated amortization and accumulated impairment losses.

Subsequent expenditure on already capitalized Intangible assets is capitalized when it increases the future economic benefits embodied in an existing asset and is amortized prospectively.

The cost of software (which is not an integral part of the related hardware) acquired for internal use and resulting in significant future economic benefits is recognized as an intangible asset when the same is ready for its use.

An item of Intangible asset is derecognized upon disposal or when no future economic benefits are expected from its use or disposal. Gains or losses arising from derecognition of an intangible asset are measured as the difference between the net disposal proceeds and the carrying amount of the asset and are recognised in the Statement of Profit and Loss when the asset is derecognized.

2.9 Depreciation/Amortization (Ind AS 16)

Depreciation/amortization on the assets related to transmission business is provided on straight line method following the rates and methodology notified by the Maharashtra Electricity Regulatory Commission (MERC) for the purpose of recovery of tariff.

Cost of software capitalized as intangible asset is amortized over the period of legal right to use or 4 years, whichever is less with nil residual value.

Mobile Phones are charged off within 3 years from the date of Purchase.

Depreciation/ Amortization on additions to/deductions from property, plant and equipment during the year is charged on pro-rata basis from/up to the date on which the asset is available for use/disposed.

Where the cost of depreciable property, plant and equipment has undergone a change due to increase/decrease on account of price adjustment, change in duties or similar factors, the unamortized balance of such asset is depreciated retrospectively at the rates and methodology as specified by the MERC Tariff Regulations.

Depreciation on spares parts, standby equipment and servicing equipment which are capitalized, is provided on straight line method from the date they are available for use over the remaining useful life of the related assets of transmission business, following the rates and methodology notified by the MERC.

The residual values, useful lives and methods of depreciation for assets other than assets related to transmission business are reviewed at each financial year end and adjusted prospectively, wherever required.

Property, Plants & Equipments costing Rs. 5,000/- or less, are fully depreciated in the year of acquisition.

Leasehold land (Except Considered as ROU under Ind AS-116 as referred in para 2.12) is fully amortized over lease period in accordance with the rates and methodology specified in MERC Tariff Regulation.

Depreciation rates used for various classes of assets are as under:

Particulars	Rate
Tangible Assets	
Hydraulic Works	5.28%
Buildings & Other Civil Works	3.34%
Plant & Machinery	5.28%
Transmission lines, Cable Network etc.	5.28%
Furniture, Fixtures and Office Equipments	5.28 % to 15%
Vehicles	6.33%

2.10 Borrowing costs (Ind AS 23)

Borrowing costs consist of interest and other costs incurred in connection with the borrowing of funds. Borrowing costs also include exchange differences to the extent regarded as an adjustment to the borrowing costs.

Interest during construction (IDC) and expenditure (net) allocated to construction as per policy refered at 2.4 above are kept as a separate item under CWIP and apportioned to the assets being capitalized in proportion to the closing balance of CWIP. Actual IDC is calculated for schemes where it is possible. In case of remaining scheme, debt equity ratio of 70:30 is considered for calculating of IDC for opening capex as well as capex incurred during the year. FIFO method is followed while considering the capitalization i e first capitalization of asset will be taken place from opening balance of capex. The weighted average rate of interest of each financial institution and banks is applied for calculating IDC.

Borrowing costs that are attributable to the acquisition or construction of qualifying assets (i.e. an asset that necessary takes a substantial period of time to get ready for its intended use) are capitalized as a part of cost of such assets. All other borrowing costs are charged to the Statement of Profit and Loss.

Capitallization of Borrowing cost ceases when substantially all the activities necessary to prepare the qualifying assets for their intended use are completed

Investment income earned on temporary investment of funds of specific borrowings pending their expenditure on qualifying assets is deducted from the borrowing costs eligible for capitalization.

2.11 Non-current assets held for sale (Ind AS 105)

Non-current assets are classified as held for sale if their carrying amounts will be recovered through a sale transaction rather than through continuing use. This condition is regarded as met only when the sale is highly probable and the asset is available for immediate sale in its present condition subject only to terms that are usual and customary for sale of such assets.

Non-current assets are classified as held for sale are measured at the lower of carrying amount and fair value less costs to sell.

Property, Plant and Equipment and intangible assets classified as held for sale are not depreciated or amortized.

2.12 Leases (Ind AS 116)

A contract is, or contain, a lease if the contract conveys the right to control the use of an identified asset for a period of time in exchange of consideration.

Company as a leasee

The Company accounts for each lease component within the contract as a lease separately from non-lease components of the contract and allocate the consideration in the contract to each lease component on the basis of the relative stand-alone price of the lease component and the aggregate stand-alone of the non-lease components.

The Company recognises right of use asset representing its right to use the underlying asset for the lease term at the lease commencement date. The cost of the right-0f-use asset measured at inception shall comprise of the amount of the initial measurement of the lease liability adjusted for any lease payments made at or before the commencement date less any incentives received, plus any initial direct costs incurred and an estimate of costs to be incurred by the lessee in dismantling and removing the underlying asset or restoring the underlying asset or

site on which it is located. The right-of-use assets is subsequently measured at cost less any accumulated depreciation, accumulated impairment losses, if any and adjusted for any measurement of the lease liability. The right-of-use assets is depreciated using the straight line method from the commencement date over the shorter of lease term or useful life of right-of –use asset. The estimated useful life if right-of-use assets are determined on the same basis as those of property, plant and equipment. Right-of-Use Asset are tested for impairment whenever there is any indication that their carrying amounts may not be recoverable, impairment loss, if any, is recognised in the statement of profit and loss.

The Company measures the lease liability at the present value of the lease payments that are not paid at the commencement date of the lease. The lease payments are discounted using the interest rate implicit in the lease, if that rate can be readily determined. If that rate cannot be readily determined, the Company uses borrowing rate of 10.04% as considered by MERC during the approval of Interest Expenses on Normative Loans in its ARR Orders. For leases with reasonably similar characteristic's , the Company, on a lease by lease basis, may adopt either the incremental borrowing rate specific to the lease or the incremental borrowing rate for the portfolio as a whole. The lease liability is subsequently remeasured by increasing the carrying amount to reflect interest on the lease liability, reducing the carrying amount to reflect interest on the lease liability, reducing the carrying amount to reflect the lease payments made and remeasuring the carrying amount to reflect any reassessment or lease modification or to reflect revised in-substance fixed lease payments. The Company recognises the amount of re-measurement of lease liability due to modification as an adjustment to the right-of-use asset and statement of profit and loss depending upon the nature of modification. Where the carrying amount of right-of-use asset is reduced to zero and there is further reduction in the measurement of the lease liability, the Company recognises any remaining amount of the re-measurement in statement of profit and loss.

The Company has elected not to apply the requirement of Ind AS 116 Leases to short-term leases of all assets that have a lease term of 12 months or less and leases for which the underlying asset is of low value. The lease payment associated with these leases are recognised as an expense on a straight line basis over the lease term.

On transition, the Company recognised a lease liability measured at the present value of the remaining lease payments. The right-of-use asset is recognised at its carrying amount as if the standard had been applied since the commencement of the lease, but discounted using the lessess's incremental borrowing rate as at April 1, 2019. The Company has leases that were classified as finance leases applying Ind AS 17. For such leases, the carrying amount of the right-of-use asset and the lease liability at the date of initial application of Ind AS 116 is the carrying amount of the lease asset and lease liability on the transition date as measured applying Ind AS 17.

Company as a lessor

At the inception of the lease the Company classifies each of its leases as either an operating lease or a finance lease. The company recognises lease payments received under operating leases as income on straight line basis over the lease term. In case of finance lease, finance income is recognised over the lease term based on a pattern reflecting a constant periodic rate of return on the lessor's net investment in the lease. When the Company is an intermediate lessor it accounts for its interests in the head lease.

If an arrangement contains lease and non lease components, the Company applies Ind AS 115 Revenue from Contracts with Customers to allocate the consideration in the contract.

The Company has adopted Ind AS 116, effective annual reporting period beginning April 1, 2019 and applied the standard to its leases, modified retrospective approach. Accordingly, the Company has not restated comparative information. The lease contracts entered by the Company majorly pertains for Land and buildings taken on lease to conduct its business in the ordinary course. The Company does not have any lease restrictions and commitment towards variable rent as per the contract.

The Company is not required to make any adjustments on transition to Ind AS 116 for leases in which it acts as a lesser. The Company accounted for its leases in accordance with Ind AS 116 from the date of initial application.

2.13 Impairment of Non-financial assets, other than inventories (Ind AS 36)

Cash generating units as defined in Ind AS 36 'Impairment of Assets' are identified at the Balance Sheet date. At the date of Balance Sheet, if there is any indication of impairment and the carrying amount of the cash generating unit exceeds its recoverable amount (i.e. the higher of the fair value less costs of disposal and value in use), an impairment loss is recognized. The carrying amount is reduced to the recoverable amount and the reduction is recognized as an impairment loss in the Statement of Profit and Loss. The impairment loss recognized in the prior accounting period is reversed to the extent of increase in the estimate of recoverable amount. Post impairment, depreciation is provided on the revised carrying value of the impaired asset over its remaining useful life.

2.14 Inventories (Ind AS 2)

Inventories are valued at Lower of cost and net realizable value. The cost of inventories is determined on weighted average basis.

Cost of inventories comprises of cost of purchase and other costs incurred in bringing the inventories to its present location and condition. Inventories are issued on First In First Out (FIFO) basis.

Spares which do not meet the recognition criteria as Property, Plant and Equipment are recorded as inventories.

Obsolete, slow moving and unserviceable stocks are identified at the time of physical verification of stocks and where necessary, provision is made for such stocks.

2.15 Revenue Recognition (Ind AS 115)

Revenue is measured at the fair value of the consideration received or receivable. Amounts disclosed as revenue are net of returns, trade allowances, rebates.

Transmission Income

Revenue from Transmission of Electricity received from Distribution Licensees is accounted for based on Monthly Intra State Transmission Tariff Order issued by the Maharashtra Electricity Regulatory Commission (MERC).

Revenue from Operations such as Open Access charges, SLDC Charges, Rescheduling Charges are recognized as per MERC Orders.

Dividend Income

Dividend income is recognized when the right to receive payment is established.

Interest Income

Interest income is accounted on accrual basis.

Sale of Scrap

Income from sale of scrap is accounted for on realization basis.

Supervision charges

The supervision charges received from Outright Consumers Contribution is recognised in the year of the collection.

Other Income

Other Income is recognized on accrual basis except when ultimate realization of such income is uncertain.

2.16 Employee Benefits (Ind AS 19)

Short Term Employee Benefits:

Short term employee benefits are recognized at the undiscounted amount in the Statement of Profit and Loss in the year in which the related services are rendered.

Other long-term employee benefit obligations

The liabilities for earned leave and sick leave that are not expected to be settled wholly within 12 months are measured as the present value of expected future payments to be made in respect of services provided by employees up to the end of the reporting period using the projected unit credit method based on Actuarial Valuation.

The benefits are discounted using the yields of Corporate Bonds at the end of the reporting period that have terms approximating to the terms of the related obligation.

Re-measurements as a result of experience adjustments and changes in actuarial assumptions are recognised in the Statement of Profit and Loss.

Post- employment benefits:

The Company operates the following post-employment schemes:

(I) Defined Benefit Plans such as gratuity; and

(ii) Defined contribution plans such as provident fund.

Defined Benefit Plan

Liability towards defined employee benefits like gratuity is determined on actuarial valuation by independent actuaries at the year-end by using Projected Unit Credit method.

The present value of the defined benefit obligation is determined by discounting the estimated future cash outflows by reference to market yields at the end of the reporting period on government bonds that have terms approximating to the terms of the related obligation.

Re-measurement gains and losses arising from experience adjustments and changes in actuarial assumptions are recognised in the period in which they occur, directly in other comprehensive income. They are included in retained earnings in the statement of changes in equity and in the balance sheet.

Defined Contribution Plan

Defined Contribution Plans such as Provident Fund etc. are charged to the Statement of Profit and Loss as incurred. Further for certain employees, the monthly contribution for Provident Fund is made to a separate trust which also manages funds of other group companies.The minimum rate of interest payable by the Trust is in accordance with rate notified by the Government. The Company has an obligation to make good the shortfall, if any.

2.17 Foreign Currency Transactions (Ind AS 21)

(I) Functional and presentation currency

The financial statements are presented in Indian rupee (INR), which is Company's functional and presentation currency.

(ii) Transactions and balances

Transactions in foreign currencies are recognized at the prevailing exchange rates on the transaction dates. Realized gains and losses on settlement of foreign currency transactions are recognized in the Statement of Profit and Loss.

Monetary foreign currency assets and liabilities at the year-end are translated at the year-end exchange rates and the resultant exchange differences are recognized in the Statement of Profit and Loss.

2.18 Investment in Associates and Joint Ventures (Ind AS 27)

The investment in associates is carried at cost as per Ind AS 27. The cost comprises price paid to acquire investment and directly attributable cost.

2.19 A) Government Grants (Ind AS 20)

Grants from the government are recognized at their fair value where there is reasonable assurance that the grant will be received and the Company will comply with all attached conditions.

When the grant relates to an expense item, it is recognized in Statement of Profit and Loss on a systematic basis over the periods that the related costs, for which it is intended to compensate, are expensed.

Government grants relating to the purchase of property, plant and equipment are included in non-current liabilities as deferred income and are credited to Profit and Loss on a straight - line basis over the expected life of related assets and presented within other income.

B) Accounting of Maharashtra Energy Development Agency (MEDA) Projects

As per the Government of Maharashtra's policy for promotion of generation of energy from non conventional sources, 50% of cost of such power evacuation project developed by Private Developers shall be borne by the Company and remaining 50% will be reimbursed by MEDA to the developers.

C) Accounting of Contributions received from Consumers against Outright Right Works (ORC Schemes)

Outright Consumer Contributions received is being treated as follows

1) If advance is received for expenditures still to be incurred on creation of Fixed Assets , same is treated as Non Current Liabilities till the completion of that Fixed Assets.

2) If contribution is received on account of Supervision Charges only, the same is recognised as Other Income in the year of receipt.

3) If contribution is received on account of already created assets, the same is reduced against that asset in the year of receipt.

2.20 Provisions and Contingent Liabilities (Ind AS 37)

a) Provisions

Provisions are recognized when the Company has a present obligation (legal or constructive) as a result of a past event, it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and a reliable estimate can be made of the amount of the obligation. If the effect of the time value of money is material, provisions are discounted. Unwinding of the discount is recognized in the Statement of Profit and Loss as a finance cost. Provisions are reviewed at each Balance Sheet date and are adjusted to reflect the current best estimate.

b) Contingencies

Contingent liabilities are disclosed when there is a possible obligation arising from past events, the existence of which will be confirmed only by the occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the Company or a present obligation that arises from past events where it is either not probable that an outflow of resources will be required to settle or a reliable estimate of the amount cannot be made. Information on contingent liability is disclosed in the Notes to the Financial Statements. Contingent assets are not recognized. These are reviewed at each Balance Sheet date and are adjusted to refelect the current management estimates.

2.21 Fair Value Measurement (Ind AS 113)

The Company measures certain financial instruments at fair value at each reporting date.

Certain accounting policies and disclosures require the measurement of fair values, for both financial and non financial assets and liabilities.

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date in the principal or, in its absence, the most advantageous market to which the Company has access at that date. The fair value of a liability also reflects its non-performance risk.

The best estimate of the fair value of a financial instrument on initial recognition is normally the transaction price – i.e. the fair value of the consideration given or received. If the Company determines that the fair value on initial recognition differs from the transaction price and the fair value is evidenced neither by a quoted price in an active market for an identical asset or liability nor based on a valuation technique that uses only data from observable markets, then the financial instrument is initially measured at fair value,adjusted to defer the difference between the fair value on initial recognition and the transaction price.

Subsequently that difference is recognized in Statement of Profit and Loss on an appropriate basis over the life of the instrument but no later than when the valuation is wholly supported by observable market data or the transaction is closed out.

While measuring the fair value of an asset or liability, the Company uses observable market data as far as possible. Fair values are categorized into different levels in a fair value hierarchy based on the inputs used in the valuation technique as follows:

Level 1: quoted prices (unadjusted) in active markets for identical assets or liabilities.

Level 2: inputs other than quoted prices included in Level 1 that are observable for the assets or Liability, either directly (i.e. as prices) or indirectly (i.e. derived from prices).

Level 3: inputs for the assets or liability that are not based on observable market data (unobservable inputs).

When quoted price in active market for an instrument is available, the Company measures the fair value of the instrument using that price. A market is regarded as active if transactions for the asset or liability take place with sufficient frequency and volume to provide pricing information on an ongoing basis. If there is no quoted price in an active market, then the Company uses a valuation technique that maximises the use of relevant observable inputs and minimises the use of unobservable inputs. The chosen valuation technique incorporates all of the factors that market participants would take into account in pricing a transaction.

The Company regularly reviews significant unobservable inputs and valuation adjustments. If the third party information, such as broker quotes or pricing services, is used to measure fair values, then the Company assesses the evidence obtained from the third parties to support the conclusion that these valuations meet the requirements of Ind AS, including the level in the fair value hierarchy in which the valuations should be classified.

2.22 Financial Assets (Ind AS 32)

Initial recognition and measurement

Trade Receivables and debt securities issued are initially recognised when they are originated. All other financial assets are initially recognised when the Company becomes a party to the contractual provisions of the instrument. All financial assets other than those measured subsequently at fair value through profit and loss, are recognised initially at fair value plus transaction costs that are attributable to the acquisition of the financial asset.

Subsequent measurement

Subsequent measurement is determined with reference to the classification of the respective financial assets. Based on the business model for managing the financial assets and the contractual cashflow characteristics of the financial asset, the Company classifies financial assets as subsequently measured at amortized cost, fair value through other comprehensive income or fair value through profit and loss.

Debt instruments at amortized cost

A 'debt instrument' is measured at the amortized cost if both the following conditions are met:

The asset is held within a business model whose objective is:

- To hold assets for collecting contractual cash flows, and

- Contractual terms of the asset give rise on specified dates to cash flows that are solely payments of principal and interest (SPPI) on the principal amount outstanding.

After initial measurement, such financial assets are subsequently measured at amortized cost using the effective interest rate (EIR) method. Amortized cost is calculated by taking into account any discount or premium and fees or costs that are an integral part of the EIR. The EIR amortization is included in finance income in the Statement of Profit and Loss. The losses arising from impairment are recognized in the Statement of Profit and Loss.

Debt instruments at Fair Value through Other Comprehensive Income (FVOCI)

A 'debt instrument' is measured at the fair value through Other Comprehensive Income if both the following conditions are met:

The asset is held within a business model whose objective is achieved by both:

- collecting contractual cash flows and selling financial assets and

- contractual terms of the asset give rise on specified dates to cash flows that are SPPI on the principal amount outstanding.

After initial measurement, these assets are subsequently measured at fair value. Interest income under effective interest method, foreign exchange gains and losses and impairment losses are recognized in the Statement of Profit and Loss. Other net gains and losses are recognized in other comprehensive Income.

Debt instruments at Fair Value through Profit or Loss (FVTPL)

Fair Value through Profit or Loss is a residual category for debt instruments. Any debt instrument, which does not meet the criteria for categorization at amortized cost or as FVOCI, is classified as FVTPL.

After initial measurement, any fair value changes including any interest income, foreign exchange gain and losses, impairment losses and other net gains and losses are recognized in the Statement of Profit and Loss.

Equity investments

All equity investments within the scope of Ind AS 109 are measured at fair value. Such equity instruments which are held for trading are classified as FVTPL. For all other such equity instruments, the Company decides to classify the same either as FVOCI or FVTPL. The Company makes such election on an instrument-by-instrument basis. The classification is made on initial recognition and is irrevocable. For equity instruments classified as FVOCI, all fair value changes on the instrument, excluding dividends, are recognized in Other Comprehensive

Income. Dividends on such equity instruments are recognized in the Statement of Profit or Loss. Equity instruments included within the FVTPL category are measured at fair value with all changes recognized in the Statement of Profit and Loss.

De-recognition

A financial asset (or, where applicable, a part of a financial asset or part of a group of similar financial assets) is primarily derecognized (i.e. removed from the Company's Balance Sheet) when-

The rights to receive cash flows from the asset have expired, or

The Company has transferred its rights to receive cash flows from the asset or has assumed an obligation to pay the received cash flows in full without material delay to a third party under a 'pass through' arrangement; and either:

The Company has transferred substantially all the risks and rewards of the asset, or

The Company has neither transferred nor retained substantially all the risks and rewards of the asset, but has transferred control of the asset.

On de-recognition, any gains or losses on all debt instruments (other than debt instruments measured at FVOCI) and equity instruments (measured at FVTPL) are recognised in the Statement of Profit and Loss. Gains and losses in respect of debt instruments measured at FVOCI and that are accumulated in OCI are reclassified to profit or loss on de-recognition. Gains or losses on equity instruments measured at FVOCI that are recognised and accumulated in OCI are not reclassified to profit or loss on de-recognition.

Impairment of financial assets

In accordance with Ind AS 109, the Company applies Expected Credit Loss ("ECL") model for measurement and recognition of impairment loss on the financial assets measured at amortized cost and debt instruments measured at FVOCI.

Loss allowances on trade receivables are measured following the 'simplified approach' at an amount equal to the lifetime ECL at each reporting date. In respect of other financial assets such as debt securities and bank balances, the loss allowance is measured at 12 month ECL only if there is no significant deterioration in the credit risk since initial recognition of the asset or assets is determined to have a low credit risk at the reporting date.

The Company had recognized Expected Credit Loss (ECL) on Trade receivables and other financial assets. The ECL primarily comprises of two main factors, viz. Time loss (money value) and Credit loss. Time loss is computed considering an appropriate discount rate. The management believes that the rate used in determining the actuarial valuation of employment benefits is reflective of the loss it suffers due to delays in collection. This rate is reviewed once a year. The Credit loss is calculated on the basis of the credit spread of Corporate Bonds having tenure of 10 years as at the date of the balance sheet.

Trade receivables were categorized into three groups for computing ECL viz.

1) Distribution Licensees (Group Companies and Others),

2) Open Access Consumers (Long term and Short term) and

3) Regular (Other) Consumers. Time loss for all categories was considered as same, whereas Credit loss was provided on the basis of credit spread for Corporate Bonds (published by FIMMDA). The management has estimated an appropriate credit rating for each of the above three groups.

The ECL on other receivables from Group companies is provided to the extent of Time loss only.

2.23 Financial Liabilities (Ind AS 32)

Initial recognition and measurement

Financial liabilities are initially recognized when the Company becomes a party to the contractual provisions of the instrument.

Financial liability is initially measured at fair value plus, for an item not at fair value through profit and loss, transaction costs that are directly attributable to its acquisition or issue.

Subsequent measurement

Subsequent measurement is determined with reference to the classification of the respective financial liabilities.

Financial Liabilities at Fair Value through Profit or Loss (FVTPL)

A financial liability is classified as at Fair Value through Profit or Loss (FVTPL) if it is classified as held for- trading or is designated as such on initial recognition. Financial liabilities at FVTPL are measured at fair value and changes therein, including any interest expense, are recognized in Statement of Profit and Loss.

Financial Liabilities at amortized cost

After initial recognition, financial liabilities other than those which are classified as FVTPL are subsequently measured at amortized cost using the effective interest rate method.

Amortized cost is calculated by taking into account any discount or premium and fees or costs that are an integral part of the EIR. The amortization done using the EIR method is included as finance costs in the Statement of Profit and Loss.

De-recognition

A financial liability is derecognized when the obligation under the liability is discharged or cancelled or expires. When an existing financial liability is replaced by another from the same lender on substantially different terms, or the terms of an existing liability are substantially modified, such an exchange or modification is treated as the de-recognition of the original liability and the recognition of a new liability. The difference in the respective carrying amounts is recognised in the Statement of Profit and Loss.

Offsetting of financial instruments

Financial assets and financial liabilities are offset and the net amount is reported in the Balance Sheet, if there is a currently enforceable legal right to offset the recognised amounts and there is an intention to settle on a net basis, or to realize the assets and settle the liabilities simultaneously.

2.24 Taxes on Income (Ind AS 12)

The income tax expense or credit for the period is the tax payable on the current period's taxable income based on the applicable income tax rate adjusted by changes in deferred tax assets and liabilities attributable to temporary differences and to unused tax losses.

The current income tax charge is calculated on the basis of the tax laws enacted or substantively enacted at the end of the reporting period in the countries where the company and its subsidiaries and associates operate and generate taxable income. Management periodically evaluates positions taken in tax returns with respect to situations in which applicable tax regulation is subject to interpretation.

It establishes provisions where appropriate on the basis of amounts expected to be paid to the tax authorities.

Deferred income tax is provided in full, using the liability method on temporary differences arising between the tax bases of assets and liabilities and their carrying amount in the financial statement. Deferred income tax is determined using tax rates (and laws) that have been enacted or substantially enacted by the end of the reporting period and are excepted to apply when the related deferred income tax assets is realized or the deferred income tax liability is settled.

Deferred tax assets are recognised for all deductible temporary differences and unused tax losses only if it is probable that future taxable amounts will be available to utilize those temporary differences and losses.

Deferred tax assets and liabilities are offset when there is a legally enforceable right to offset current tax assets and liabilities and when the deferred tax balances relate to the same taxation authority. Current tax assets and tax liabilities are off set where the company has a legally enforceable right to offset and intends either to settle on a net basis, or to realize the asset and settle the liability simultaneously.

Current and deferred tax is recognised in the Statement of Profit and Loss, except to the extent that it relates to items recognised in other comprehensive income or directly in equity. In this case, the tax is also recognised in other comprehensive income or directly in equity, respectively

Minimum Alternate Tax credit is recognised as deferred tax asset only when and to the extent there is convincing evidence that the Company will pay normal income tax during the specified period. Such asset is reviewed at each Balance Sheet date and the carrying amount of the MAT credit asset is written down to the extent there is no longer a convincing evidence to the effect that the company will pay normal income tax during the specified period.

2.25 Prior Period Items (Ind AS 8)

Material prior period errors are corrected retrospectively by restating the comparative amounts for prior period presented in which the error occurred or if the error occurred before the earliest period presented, by restating the opening statement of financial position.

2.26 Earnings per Share (Ind AS 33)

Basic earnings per share are computed using the net profit or loss for the year attributable to the shareholders and weighted average number of shares outstanding during the year.

Diluted earnings per share is computed using the net profit or loss for the year attributable to the shareholders and weighted average number of equity and potential equity shares outstanding during the year, except where the result would be anti-dilutive.

2.27 Cash and Cash Equivalent (Ind AS 7)

Cash and cash equivalents in the Balance Sheet include cash at bank, cash, cheque, draft on hand and demand deposits with an original maturity of less than three months, which are subject to an insignificant risk of changes in value.

For the purpose of Statement of Cash Flows, Cash and cash equivalents include cash at bank, cash, cheque and draft on hand. The Company considers all highly liquid investments with a remaining maturity at the date of purchase of three months or less and that are readily convertible to known amounts of cash to be cash equivalents.

2.28 Cash Flow Statement (Ind AS 7)

Cash flows are reported using the indirect method, whereby net profit before tax is adjusted for the effects of transactions of a non-cash nature, any deferrals or accruals of past or future operating cash receipts or payments and item of income or expenses associated with investing or financing cash flows.

The cash flows from operating, investing and financing activities are segregated.

3 Changes in Accounting Policies and Disclosures

3.1 New and Amended Standards

Ministry of Corporate Affairs (MCA) notifies new standard or amendments to the existing standards. There is no such notification which has been applicable from April 1, 2021.

Total	**34,243.87**	**36,189.58**

Note No 27 : Leases

I) Leases as Lessee

The Company has entered into leasing arrangements for premises. Majority of the leases are cancellable by the company. ROU has been included after the line 'Property, Plant and Equipment' And Lease Liability has been included under 'Other Financial Liabilities' in the Balance Sheet.

The Company has adopted Ind AS 116 “Leases” with effect from April 1, 2019, with a modified retrospective approach. The Company has elected to account for short-term leases using the practical expedients i.e. instead of recognising right-of-use asset and lease liability, the payments in relation to these short term leases are recognised as an expense in profit or loss. Company uses borrowing rate of 10.04% as considered by MERC during the approval of Interest Expenses on Normative Loans in its ARR Orders.

I. Lease disclosures under Ind-AS 116 for the current year ended 31 March 2021

(I) Amount Recognised in the Balance sheet

(Rs. in Lakhs)

Sr. No.	Particulars	For year ended 31.03.2021	For year ended 31.03.2020
a)	**Right-of-use assets (net)**	17,863.41	17,184.58
b)	**Lease liabilities**		
	Current	1,760.08	1,584.67
	Non-current	1,956.33	3,657.38
	Total Lease liabilities	**3,716.41**	**5,242.05**
c)	**Additions to the Right-of-use assets**	69.86	6,690.62

(ii) Amount recognised in the Statement of profit and Loss **(Rs. in Lakhs)**

Sr. No.	Particulars	For year ended 31.03.2021	For year ended 31.03.2020
a)	Depreciation charge for right-of-use assets	1,689.66	1,689.22
b)	Interest expenses (included in finance cost)	458.80	604.72

(iii) Future Commitments **(Rs. in Lakhs)**

Particulars	For year ended 31.03.2021	For year ended 31.03.2020
Future undiscounted lease payment to which leases is not yet commenced	4118.39	6091.49

(iv) Maturity analysis of undiscounted lease liability **(Rs. in Lakhs)**

Period	For year ended 31.03.2021	For year ended 31.03.2020
Not Later than one year	2064.42	2038.81
Later than one year	2053.97	4052.68
Total	**4118.39**	**6091.49**

The Company's significant leasing/ licensing arrangements are mainly in respect of office premises. Leases generally have a lease term ranging for 60 months. Most of the leases are renewable by mutual consent on mutually agreeable terms.

Finance costs includes interest expense amounting to Rs. 458.80 Lakhs for the year ended 31st March 2021 on lease liablity accounted in accordance with Ind AS 116 "Leases".

II) **Leases as lessor**

The Company has given land to Maharashtra Eastern Grid Power Transmission Company Limited for 20 years for construction of 765/400 sub-station. All the land cost have been received from MEGPTL. Hence assets is adjusted and kept at Re 1.

Note 28 Employee Benefits

a) **Defined Contribution Plans**

The Company's contribution to the Provident Fund is remitted to separate trusts established for this purpose based on a fixed percentage of the eligible employee's salary and charged to Statement of Profit and Loss. Shortfall, if any, in the fund assets, based on the Government specified minimum rate of return, will be made good by the Company and charged to Statement of Profit and Loss. According to the Management, the Actuary has opined that actuarial valuation can not be applied to reliably measure provident fund liabilities in absence of guidance from the Actuary Society of India. The investment value is short **by Rs. 4,893 Lakhs** (P.Y. Rs. 3,653.33 Lakhs excess) than subscription value, hence provision is made accordingly. The Company recognised **Rs. 7,999.54 lakhs** (previous year Rs. 7,370.31 lakhs) for Provident Fund contribution in the Statement of Profit and Loss.The contributions payable to these plans by the Company are at rates specified in the rules of the schemes.

i) Provident Fund

The amount recognized in balance sheet in respect of Company's share of assets and liabilities of the fund managed by the CPF Trust are as under:

(Rs. in Lakhs)

Particulars	As at 31.03.2021	As at 31.03.2020
Liability for subscriptions and interest payable to employees at the end of the year	177,285.00	148,275.97
Fair value of plan assets at the end of the year	172,392.00	151,929.30
Net Liability	**4,893.00**	**(3,653.33)**

ii) Description of plan assets **(Rs. in Lakhs)**

ii) Reconciliation of opening and closing balances of fair value of plan assets

(Rs. in Lakhs)

Particulars	As at 31.03.2021	As at 31.03.2020
Fair value of plan assets at the beginning of the year	-	-
Expected return on plan assets	-	-
Actuarial (gain)/loss	-	-
Employer contribution	-	-
Benefits paid	-	-
Fair value of plan assets as at the end of the year	-	-

iii) Reconciliation of fair value of assets and obligations:

(Rs. in Lakhs)

Particulars	As at 31.03.2021	As at 31.03.2020
Fair value of plan assets as at the end of the year	-	-
Present value of obligations as at the end of the year	(44,599.03)	(45,043.17)
Unfunded (Liability)/asset recognized in the Balance Sheet	(44,599.03)	(45,043.17)

iv) Amount recognized in the Statement of Profit and Loss :

(Rs. in Lakhs)

Particulars	As at 31.03.2021	As at 31.03.2020
Current service cost	2,771.27	1,921.80
Interest cost	3,103.47	2,789.55
Past Service Cost	-	-
Expected return on plan assets	-	-
Net Actuarial (gain)/loss	-	-
Total expenses recognized in the Statement of Profit and Loss account	5,874.74	4,711.35
Actual return on plan assets	-	-

V) Amount recognised in Other Comprehensive Income :

(Rs. in Lakhs)

Particulars	As at 31.03.2021	As at 31.03.2020
Actuarial (Gains)/ Losses		
- Changes in Demographic assumptions	-	-
- Changes in Financial arrangements	73.12	2,927.79
- Changes in the effect of limiting a net defined benefit asset ceiling, excluding amounts included in interest	-	-
- Experience adjustments	(383.92)	9,815.41
- Return on Plan assets excluding amounts net interest cost	-	-

vi) Major Actuarial Assumptions

Particulars	As at 31.03.2021	As at 31.03.2020
Discount rate	6.87%	6.89%
Estimated return on plan assets	NA	NA
Salary increment	5%	5%
Employee turnover	2%	2%
Mortality rate during employment	Indian Assured Lives Mortality (2006-08) Ultimate	Indian Assured Lives Mortality (2006-08) Ultimate
Mortality rate after employment	NA	NA

vii) The expected future cash flows as on :

(Rs. in Lakhs)

Particulars	As at 31.03.2021	As at 31.03.2020
Projected benefits payable in future years from the date of reporting		
1st following year	5,385.35	6,657.36
2nd following year	3,039.58	3,640.41
3rd following year	4,072.89	4,017.20
4th following year	3,582.98	3,904.92
5th following year	3,163.05	3,394.46
Sum of year 6 to 10	15,906.49	15,145.40
Sum of Year 11 and above	56,583.79	53,597.72

viii) Sensitivity analysis

Reasonably possible changes at the reporting date to one of the relevant actuarial assumptions, holding other assumptions constant, would have affected the defined benefit obligation by the amounts shown below.

Particulars	As at 31.03.2021	As at 31.03.2020
(+) 1% change in rate of discounting	(3,400.33)	(3,229.48)
(-) 1% change in rate of discounting	3,958.99	3,762.82
(+) 1% change in rate of salary increase	3,993.92	3,796.41
(-) 1% change in rate of salary increase	(3,487.15)	(3,312.42)
(+) 1% change in rate of employee turnover	593.33	571.73
(-) 1% change in rate of employee turnover	(667.90)	(645.04)

Although the analysis does not take account of the full distribution of cash flows expected under the plan, it does provide an approximation of the sensitivity of the assumptions shown.

Based on the actuarial valuation obtained in this respect, the following table sets out the status of the gratuity plan and the amount recognised in the Company's financial statements as at balance sheet date:

c) Long Term Benefits: Leave Encashment

i) The Projected Benefit Obligation towards this Accumulating paid absences (Earn Leave Valuation) is tabulated below:

(Rs. in Lakhs)

Particulars	As at 31.03.2021	As at 31.03.2020

The above amounts are considered at cost

MSETCL has identified financial risk and categorized them in three parts Viz. (i) Credit Risk, (ii) Liquidity Risk & (iii) Market Risk. Details regarding sources of risk in each such category are as below.

Credit Risk:

Credit risk is the risk of financial loss to the Company if a customer or counterparty to a financial instrument fails to meet its contractual obligations and arises principally from customers and investment securities. MSETCL establishes the policy for allowance for expected credit loss and impairment that represents its estimate of losses in respect of trade, other receivables and investments. The maximum exposure to credit risk in case of all the financial instruments covered below is restricted to their respective carrying amounts.

Trade receivables:

As per the accounting policy, MSETCL has determined the allowance of expected credit loss on trade receivables arising out of its business of primary electricity transmission utility in the state of Maharashtra and taking into consideration its base of customers comprising of distribution Licensees, Wheeling of power and receivables from other services including STU and allied servies which contains major amounts to be recovered from fellow subsidiairies or entities which are also public sector entities

Major Trade receivables of MSETCL are of a short duration and do not carry any contractual rate of interest unless there is a default in payment. Even in such circumstances when a Transmission System User (TSU) consumer pays the arrears, the interest is the last element to be recovered. Accordingly, effective interest rate of trade receivables is considered to be negligible and discounting of expected cash shortfalls to reflect the time value of money are considered to measure the expected credit losses

The Company works out the expected credit losses of trade receivables (which are presently considered good) using the Government Bond yield as discounting factor for the respective years to assess the time value risk associated with such trade receivables from services as described above. **MSETCL has after considering the behaviour pattern of the customers has not made the provision for expected credit loss, other than for the identified doubtful receivables.**

The following table provides information about the exposure to credit risk and loss allowance (including expected credit loss provision) for trade receivables:

(Rs. in Lakhs)

Particulars	31.03.2021		31.03.2020

Liquidity risk

Liquidity risk is the risk that the Company will not be able to meet its financial obligations as they become due. Company has a strong focus on effective management of its liquidity to ensure that all business and financial commitments are met on time. The Company has adequate borrowing limits in place duly approved by its shareholders and board. Company sources of liquidity includes operating cash flows, cash and cash equivalents, fund and non-fund based lines from banks. Cash and fund flow management is monitored daily in order to have smooth and continuous business operations.

(i) Financing arrangements

The Company has an adequate fund and non-fund based limits from various banks. The Company has sufficient borrowing limits in place duly, approved by its shareholders and board. Domestic credit rating from reputed credit rating agencies enables access of funds from domestic market. It's diversified source of funds and strong operating cash flow enables it to maintain requisite capital structure discipline. MSETCL diversifies its capital structure with a mix of financing products across varying maturities and currencies. The financing products include, clean & secured domestic Term loans. These loans are taken from REC, PFC and banks.

(ii) Maturities of financial liabilities

The amounts disclosed in the table are the contractual undiscounted cash flows.

(Rs. in Lakhs)

	Contractual cash flows					
	31.03.2021			31.03.2020		
	Up to 1 year	1-3 years	More than 3 years	Up to 1 year	1-3 years	More than 3 years
Non-derivative financial liabilities						
Borrowings	85,955	230,901	221,794	103,830	250,774	219,016
Total	**85,955**	**230,901**	**221,794**	**103,830**	**250,774**	**219,016**

Market Risk - Market Risk is further categorised in (i) Currecy risk , (ii) Interest rate risk & (iii) Commodity risk:

Currency risk:

Interest rate risk exposure:

Company's interest rate risk arises from borrowings. The interest rate profile of the Company's interest-bearing financial instruments as reported to the management of the Company is as follows.

(Rs. in Lakhs)

	Carrying Amount	
	31.03.2021	31.03.2020
Fixed-rate instruments		
Financial assets	135,087.76	128,582.36
Financial liabilities	14,467.10	19,759.35
Variable-rate instruments		
Financial assets	-	-
Financial liabilities	524,320.21	580,369.09

Cash flow sensitivity analysis for variable-rate instruments

A reasonably possible change of 25 basis points in interest rates at the reporting date would have increased / (decreased) profit or loss by the amounts shown below. The indicative 25 basis point (0.25%) movement is directional and does not reflect management forecast on interest rate movement.

This analysis assumes that all other variables, in particular foreign currency exchange rates, remain constant.

(Rs. in Lakhs)

Note No 38 : Contingent Liabilities and Contingent assets

1. Claims against the Company not acknowledged as debts in respect of:

(i) Capital Works

Some of the contractors for supply and installation of equipments and execution of works at our projects have lodged claims on the company seeking enhancement of the contract price, revision of work schedule with price escalation, compensation for the extended period of work, idle charges, Interest for delayed payments made,under MSME Act, etc. These claims are being contested by the Company as being not admissible in terms of the provisions of the respective contracts.

The company is pursuing various options under the dispute resolution mechanism available in the contract for settlement of these claims. In such cases, contingent liability of Rs 19676.95 Lakhs has been estimated.

(ii) Land/ Crop compensation & Enhancement in Compensation cases

In respect of land acquired for the projects, the land losers have claimed higher compensation before various authorities/courts which are yet to be settled. In such cases, contingent liability of Rs 15742.77 lakhs has been estimated.

(iii) Other claims

In respect of claims made by various State/Central Government Departments/Authorities towards building permission fees, penalty on diversion of agriculture land to non-agriculture use, Nala tax, water royalty etc. and by others, contingent liability of Rs 1074.77 Lakhs has been estimated.

(iv) Disputed Income Tax/Sales Tax/Excise/Municipal Tax Matters

Disputed Income Tax/Sales Tax/Excise/Municipal Tax Matters amounting to Rs 731.07 Lakhs are being contested before various Appellate Authorities. Many of these matters are disposed of in favour of the company but are disputed before higher authorities by the concerned departments.

(v) Financials Guaranttees

MSETCL has provided financial guarantees in the form of Bank Guarantee's amounting to Rs 1,166.79 lakhs to various Authorities for construction of Transmission Sub-stations and Transmission Lines.

(vi) Others

a) Other contingent liabilities pertaining to Employee claims amounts to Rs 183.73 Lakhs .

b) Some of the beneficiaries have filed appeals against the tariff orders of the MERC. The amount of contingent liability in this regard is not ascertainable.

Note 39: Capital commitments

Capital Expenditure contracted for at the end of reporting period but not recognised as liabilities is as follows:

(Rs. in Lakhs)

Particulars	31.03.2021	31.03.2020
Property, Plant and Equipment	311,153.00	242,607.48
Less: Capital Advances	-	-
Net Capital Commitments	311,153.00	242,607.48

Note 40:

Balances of Trade Receivables, Financial assets - Loans and advances are subject to confirmation and reconciliation. The Company is taking necessary steps for reconciliation and confirmation of the same.

Note 41:

The Company generally makes payment to its creditors within a period of 45 days as stipulated in the Micro, Small and Medium Enterprise Act 2006. The Company has not provided any interest payable to Micro and Small Enterprise as required by the aforesaid Act as claims are pending due to non submission of details/documents from Vendors.

Note 42:

The group Company's Receivables & Payables are subject to confirmation and reconciliation. These items interalia includes an adjustments. It's long pending inter-unit advise payable balances of Rs 22,697.26 lakhs (Receivables Rs

19,679.53 lakhs upto FY 2017-18 and Rs. 324.29 Lakhs upto FY 2019-20. Payables Rs 40,863.03 lakhs upto FY 2017-18 and Rs.1,838.05 Lakhs upto FY 2019-20 i.e Net payable Rs 22,697.26 lakhs) pertaining to MSEDCL through the Receivable against Transmission Charges from MSEDCL by Rs.21183.50 in FY 2017-18 and Rs.1,513.76 Lakhs in FY 2019-20.

Note 43:

In accordance with Ind AS 36 - Impairment of assets, impairement analyis of assets of Transmission activity of the Company by evaluation of its Cash Generating Units, was carried out by outside agency in the year 2006-07 and since recoverable was more than the carrying amount thereof, no impairment loss was recognised. In the current year, there is no indication of impairment which requires re-estimating the recoverable amount of the assets.

Note 44:

MSETCL is consistently following its accounting policy regarding recognition of other income on 'accrual basis except when ultimate realization of such income is uncertain' as mentioned in Note no. 2.15 which is in commensurate with applicable accounting standard. As such Delayed Payment Charges (DPC) being part of other income is recognized only to the extent of realized amount. Thus by adopting this policy the accounts of each financial years have been finalized on the basis of which Truing-up (Provisional / Final) is done by MERC as mentioned in clause 11.3 of MYT Regulations 2011 (applicable upto FY 2015-16).

MERC has done truing-up for every financial year based on the accounts and not adjusted the amount of Delayed Payment Charges upto truing up of FY 2014-15 as the same was not accounted for in the accounts. However, MERC while carrying out provisional true-up for FY 2015-16 has reduced ARR by Rs.85,499.00 lakhs towards Delayed Payment Charges related to the earlier financial years including FY 2015-16 which have been not accounted for in accounts as per accounting policy. Apart from this adjustment, MSETCL is entitled for its legitimate ARR of Rs.394,437.00 lakhs as is evident from MERC order dtd. 7th July 2016 in case no. 31 of 2016. To match with this entitled ARR accrued in FY 2016-17, MSETCL has accounted for Rs.85,499.00 lakhs as other income being shortfall in ARR which has resulted on account of adjustment towards DPC in FY 2016-17. Further, MSETCL has filed an appeal before APTEL against the order of MERC in case No 31 of 2016 vide Appeal No 67 of 2017.

Considering the above adjustment, an amount of DPC accumulated as on 31st March 2021 Rs. 194919.00 lakhs have not been booked as per consistent accounting policy followed.

Note 45:

Company is required to make provision of Rs 1,355.44 lakhs u/s 135 (Corporate Social Responsibility) of Company's Act 2013 in Current year as Average Net Profit calculated as per section 198 .

(Rs. in Lakhs)

Particulars	31.03.2021	31.03.2020
Amount required to be spent as per Section 135 of the Companies Act, 2013	10874.51	9,519.51
Amount spent till year end		
Education, Sports and Health	149.11	441.06
Social Sector, Contribution to relief fund & Agriculture	904.42	445.18
Infrastructure & Electrification	1682.97	1,150.13
Outstanding CSR Liability to be spent	8,138.01	7,483.15

Note 46:

In order to facilitate integration & evacuation of large scale renewable energy generation (Solar / Wind) envisaged to come up in renewable energy rich state MNRE & Govt of India has undertaken the Green Energy Corridor for seamless evacuation of Green Energy in 12 th Five Year plan .Under the approved DPR 27 No of transmission elements (220 kV/132 kV transmission Lines with End Bays) are sanctioned under various zones. The original cost of scheme was Rs. 367 Cr.

The said scheme is proposed to be financed as -

MSETCL Equity - 20 % (same is being funded through Government of Maharashtra (GoM) as grant)

National Clean Energy Fund (Grant) - 40 %

KFW (German Development Bank) Loan- 40 % (12 Million EUROS)

Company has entered into an agreement for loan of EUR 12,000,000 from KFW ("Credit Institute for Reconstruction") German Bank In the year 2017 (from date 1-Dec-2017 to date 30-Dec-2022 disbursals).The said loan will be utilized for Green Energy Corridor (GEC) Intra State Transmission System in Maharashtra. As per the terms of loan agreement MSETCL has to make claim payment then the same shall be claimed from Kfw. The disbursement of loan is depend upon the progress of work of project Upto 31-Mar-2021 Company has received loan amount of EUR 5195578 (Rs. 44,74,24,974)

As per clause 3, of Loan Agreement Borrower has to pay non refundable Commitment Fee of 0.20% per annum on undisbursed Loan amount. MSETCL has lodged its first claim for disbursement of loan with Office of CAAA which in turn

lodge the same with KfW , Germany. The first disbursement was made by KfW on 8-May-2019 before which nothing has requested as no billing was made by vendors related to work allocated for kfw loan . Kfw has charged the Commitment fee Rs. 14,57,961 which is charged to P&L.

As per agreed procedure, the claimed approved by KfW was disbursed to Central Government which is in turn transfer to State Government. Subsequently, State Government (GOM) on receipt of fund , transfer the claim amount to Company if budget Provision exist. If budget provision does not exist then State Government can transfer it by including amount in supplementary budget. Vide GOM Gr dated 20th Oct 20 and 23rd March 21, GOM has sanctioned an amount of Rs. 23.5130 Crs and 15.3850 Crs respectively during F Y 2020-21 .

As per term of agreement, all liabilities related to loan will be finally fall upon company, hence Company has paid interest amount to kfw and same has been capitalized to GEC and as on 31-Mar-2021 as project is in progress. Company showing balance claim amount of Rs. 3.72 Crs in books this as loan from KfW and receivables from State Government (GoM).

Also forex loss on translations at the year end is also charged to P&L amounting to Rs.1.08 Cr as the exchange risk lies with Company.

As the cost of GEC project got reduced from Rs. 367 Crs to Rs. 168.72 Crs (awarded cost) , the amount of equity also got reduced. Accordingly Company had refunded grant amount of Rs. 35 Crs during FY 2019-2020 received against equity from GoM for said project.

Note 47:

Designated Current Account operated and maintained in terms of MERC Regulation pertaining to Thrid Party Liabilities

MSPC UI (Unscheduled Interchange) Settlement Op. Account (FBSM Pool Account), MSPC (Maharashtra State Power Committee) Reimbursement Op. A/C, MSLDC RE-DSM Op. Account (RE-SDM Pool Account) and MSLDC DSM Pool Op. Account (DSM Pool Account).

The Maharashtra Electricity Regulatory Commission (MERC) had issued a Suo Moto Order in case number of 42 of 2006 on 17th May, 2007 whereby it introduced the Weighted Average System Marginal Pricing (WASMP) based Balancing and Settlement Mechanism. The Maharashtra State Load Despatch Centre (MSLDC) had prepared the Balancing and Settlement Code (BSC) 4th July, 2009 which was approved by the MERC vide its letter dated 26 August, 2009. The BSC was operationalised in the state from 1st August, 2011.

The MERC vide Various Regulations has directed the MSLDC to operate and maintain MSPC UI Settlement Op. Account (FBSM Pool Account),MSPC Reimbursement Op. A/C, MSLDC RE-DSM Op. Account (RE-SDM Pool Account) and MSLDC DSM Pool Op. Account (DSM Pool Account). MSLDC have been assigned the function to maintain there various Regulatory Fund Accounts under the respective Regulations issued by MERC. MSLDC is to manage these Funds as Custodian of these funds as Nodal Agency till some other entity is identified by MERC.

As per MERC order in case no. 42 of 2006 dt. 17.05.2007 clause no. 5.1(g) MSLDC on behalf of State Pool Participants shall collect on weekly basis and make payment towards Settlement of UI (Unscheduled Interchange) charges. Accordingly, MSPC UI Settlement Operative Bank Account is opened in Bank of Maharashtra, Airoli Branch on dt. 11.11.2008,bearing Account No. 20130402907. As per clause No. 5.1(g) MSPC shall open and maintain a bank account to receive/release payments in respect of settlement among State Pool Participants. Also MSLDC had opened one Current Bank Account (New) with Bank of Maharashtra, Airoli Branch on dt. 11.11.2008, bearing Account No. 60029434202 to meet expenditure of MSPC which will be shared by the State Pool Participants i.e. all Distribution Companies in the Intra State.

The MERC has formulated F&S Regulations, namely, Maharashtra Electricity Regulatory Commission (Forecasting, Scheduling and Deviation Settlement for Solar and Wind Generation) Regulations, 2018. These Regulations are intended to facilitate Grid integration of Wind and Solar energy generated in Maharashtra while maintaining Grid stability and security as envisaged under the State Grid Code and the Act, through forecasting, scheduling and a mechanism for the settlement of deviations by such generators. MERC has notified RE-DSM Regulations on 20.07.2018 and which was to be implemented from 01.07.2019. For that purpose one Current Bank Account (New) was required for Deviation Charges. As per the roles and responsibilities of MSLDC under MERC approved procedure for RE-DSM, vide section 5.5, MSLDC is "To maintain State Deviation Settlement Account for wind and solar generations". In this Account Deviation charges amount will be credited as well as amount will be disbursed from this Bank Account. This bank account needs to be opened in the name of MSLDC and PAN and GST no. of MSETCL shall be used. Accordingly, MSLDC has opened 2nd Third Party Bank Account with Bank of Maharashtra, Airoli Branch on dt. 30.05.2019, bearing Account No. 60331835878.

The MERC had issued a Suo- Motu order in Case No. 42 of 2006 on 17 May, 2007, whereby it introduced the WASMP based Balancing and Settlement Mechanism in Maharashtra. The MERC decided to review the existing Balancing and Settlement Mechanism and to introduce the Deviation Settlement Mechanism in Maharashtra. Subsequently, MERC has notified DSM Regulations on 01.03.2019 and which was to be implemented from 01.04.2020. For that purpose one separate Current Bank Account (New) was required for Deviation charges. As per clause 15 (B) of DSM Regulations, "All payment on account of Charges for Deviation including Additional Charges for Deviation levied under these Regulations and interest, if any, received for late payment shall be credited to the funds called "State Deviation Pool Account" which shall be maintained

and operated by the MSLDC in accordance with the provision of these Regulations. In this account, Deviation charges amount will be credited as well as amount will be disbursed from this bank account. This bank account needs to be opened in the name of MSLDC and PAN and GST no. of MSETCL shall be used. Accordingly, MSLDC has opened 3rd Third Party Bank Account with Bank of Maharashtra, Airoli Branch on dt. 31.12.2019, bearing Account No. 60349865315.

An amount of surplus funds in the State Deviation Pool Account at the end of the financial year shall be utilized for the purpose of improvements in power system operations, for undertaking such measures and studies for improvement in reliability, security and safety of grid operations, undertaking capacity building and training programs related to system operations and market operations and for such other purposes as may be specified by MERC or for other schemes as may be devised in consultation with National Load Despatch Centre, or Regional Load Despatch Centre, with prior approval of the MERC..

Provided that, the short fall in funds in the State Deviation Pool Account; if any, at the end of the weekly settlement period shall be recovered by levy of additional charges from the State Entities in proportion to Net Deviation Charges Payable by concerned State Entity for the applicable weekly settlement period through supplementary bills.

Provided further that MSLDC shall prepare scheme (S) and shall submit annual plan for utilization of surplus funds and implement the scheme (S) only upon approval of the MERC.

As per Clause 1(2), These DSM Regulations except commercial arrangements, Deviation Charges, Additional Charges for Deviation and penal action shall come into force on the date of notification in these Regulations in the Official Gazette. Provided that the commercial arrangements specified under Clause (9) and (10) of these DSM Regulations, and the related provisions regarding Deviation Charges, Additional Charge for Deviation and penal actions if any shall come into force from date to be notified separately through Order, which shall not be later than 1st April 2020. Provided further that until notification of such date as referred here in above under first proviso, the Final Balancing and Settlement Mechanism (FBSM) as approved by Commission under Order in Case 42 of 2006 along with relevant amendments from time to time shall be in operation for the purpose of energy accounting and deviation settlement.

These funds are equally matched with fund balance in the Third Party Bank Accounts in the current account. As on 31.03.2021 the total balance in these designated Third Party Bank Accounts was amount to Rs. 20116 Lakhs (Previous Year Rs. 9482 Lakhs) as against the Third Party liability in these funds amounting to Rs. 20116 Lakhs (Previous Year Rs. 9482 Lakhs).

Note 48:

Due to outbreak of COVID-19 globally and in India, the Company has made initial assessment of likely adverse impact on economic environment in general and financial risks on account of COVID-19. The Company is in the business of transmission of electricity which is an essential service as emphasized by the Ministry of Power, Government of India. The availability of transmission of electricity as per the demand of the Distribution Licensees is important. Hence, the Company has ensured not only the availability for transmission of electricity but has also continued the same during the period of lockdown, considering essential service as declared by the Government of India.

On long term basis also, the Company does not anticipate any major challenge in meeting its financial obligations. Basis above, the management has estimated its future cash flows for the Company which indicates no major change in the financial performance as estimated prior to COVID-19 impact and hence, the Company believes that there is no impact on its ability to continue as a going concern and meeting its liabilities as and when they fall due.

Note 49:

Expenses appearing as of previous years amounting to Rs 1529.26 lakhs (R&M Rs 0.05 lakhs, Employee related Rs 19.04 lakhs, Admin related Rs 12.09 lakhs and Depreciation Rs 1498.08 lakhs) have not been recasted as the same are pertains to current period.

Note 50:

Previous year's figures have been regrouped wherever necessary for appropriate presentation of Financial Statements to comply with the provisions of Schedule III as per the Companies Act, 2013.

INDEPENDENT AUDITOR'S REPORT

To

The Members of
Maharashtra State Electricity Transmission Company Limited

REPORT ON THE AUDIT OF THE CONSOLIDATED Ind AS FINANCIAL STATEMENTS

OPINION

1. We have audited the accompanying Consolidated Ind AS Financial Statements of **Maharashtra State Electricity Transmission Company Limited** ('the Company'), and its two Associates, which comprise the Consolidated Balance Sheet as at March 31, 2021, Consolidated Profit and Loss Account (including Other Comprehensive Income), the Consolidated Statement of Changes in Equity and the Consolidated Cash Flow Statement for the year then ended, and a summary of significant accounting policies and other explanatory information (hereinafter referred to as "the Consolidated Ind AS Financial Statements " or "CFS").

   In our opinion and to the best of our information and according to the explanations given, subject to the deficiencies noted in internal controls pertaining to preparation and presentation of Consolidated Ind AS financial statements, coupled with non-compliances and audit observations noted in "Basis for modified opinion" paragraph below, the aggregate impact whereof is not quantified/ascertained, the Consolidated Ind AS financial statements read with the notes thereto, in our opinion, give the information required by the Act in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India of the financial position of the Company as at March 31, 2021 and its profit (including other comprehensive income), changes in equity and cashflows for the year ended on that date.

   We have not been able to obtain sufficient and appropriate audit evidences to ascertain the combined impact of the items noted in "Basis for modified opinion" paragraph, hence unable to comment thereon.

Basis for Modified Opinion

2. The following items form the basis for our modified opinion:

   2.1 Attention is invited to note no. 44 of Consolidated Ind AS Financial Statement giving details about accumulated Delayed Payment Charges ('DPC') as at 31st March 2021 amounting to Rs. 85,499 Lakhs (with reference to 10 distribution licensees) relating to Financial Year 2015-16 under the head **'Other Income'**. The Company had then taken reference of the order No. 31 of 2016 of Maharashtra Electricity Regulatory Commission ('MERC'), wherein MERC had reduced the Aggregate Revenue Requirement("ARR") of the Company for F.Y. 2015-16 by the said amount, and classifying it as 'Non-Tariff Income'. Data/ details pertaining to the certainty over the realizability of such income (i.e. Trade Receivable) are not available with the Company. The accounting of such DPC as 'Other Income' in FY 2015-16 is in contravention to the applicable Accounting Standard as also Company's Accounting Policy, which in note No. 2.15 states that "Other Income is recognized on accrual basis except when ultimate realization of such income is uncertain". Had the Company not recognized such income of Rs. 85,499 Lakhs in the said earlier year, its balance of the retained earnings in the Statement of Profit & Loss and balance of Trade Receivable Account would have been lesser to that extent.

   2.2 In terms of Provisions of section 143(12) of the Companies Act, 2013 ('the Act') reporting of fraudulent practice noted in course of our audit during FY 2019-20, was made to the Central Government (CG), Secretary, Ministry of Corporate Affairson April 24, 2020 pertaining to excessive claims getting reimbursed towards leave encashment of several employees being in non-compliance with Company's laid down policy. The controls pertaining to processing and payment of such claims were not observed to be appropriate, including the records like 'Service Book' of employee remaining blank for years, the estimated impact of such excessive claims being in addition to Rupees One Crore, reporting to CG was made. Impact for reversal, writeback of such excess paid/ provided, if any, is not yet fully ascertained.

   2.3 The Company's system/processes to ascertain provision towards leave encashment, based on actuarial valuation needs to be strengthened, as the data of leaves and gratuity generated from the system and furnished to the actuary for valuation, was observed to be inaccurate. Accordingly, we are unable to comment upon the adequacy or otherwise of the actuarial valuation made in respect of leave encashment and gratuity valuations in the books of accounts, amount whereof has not been ascertained.

   2.4 The Company has revised its Pay scale to employees w.e.f. April 01, 2018, in the financial year 2019-20 and same was approved by the Board of Directors of the Company post facto it was decided to pay in 3 instalments out of which two instalments was paid and remaining one instalment is pending to be paid as at March 31,

2021. Hence provision for the same was made amounting to Rs.6,847.51 Lakhs details whereof were not made available for our verification. In the absence of required data/ details thereof, the basis, quantum and completeness of such provision made could not be verified nor is commented upon.

2.5 Party- wise break up of trade receivables with ageing is not readily available from the system. The details of ageing of Trade receivables prepared manually contained several errors and inaccuracies. Hence, it could not be fully verified during the course of audit; accordingly, we are unable to comment upon adequacy of provision based on simplified version of Expected Credit Loss ("ECL") provisioning Method.

2.5.1 Further, details/ breakup/ confirmations of Trade receivables aggregating to Rs.3,01,131.79 Lakhs, sought for, were not made available for verification during the course of audit. Consequential impact of ascertainment of the realizability from these Trade Receivable and resultant provision, if any, for bad and doubtful debts on the Consolidated Ind AS financial statements has not been ascertained. Moreover, based on selective checking of available data/ information from the system and from State Transmission Utility ("STU") invoicing cell, it was noticed that trade receivables from several parties totalling Rs 4,350.48 Lakhs are considered doubtful of recovery but not provided for.

2.6 In terms of the provisions of Ind AS 101, "First Time Adoption of Indian Accounting Standards", the Company had availed option of Cost model of accounting for its Property, Plants and Equipment's ('PPE'). Accordingly, the carrying values of PPE on the transition date were taken as deemed cost and depreciation is calculated thereon manually on electronic spreadsheets considering the balance useful lives of items of PPE but without considering the residual value limits laid down by MERC regulations.As a result, several instances of charging excess depreciation on assets were noted. Further, in several cases the deprecation is manually calculated and provided at Head office for the assets located in Zone or Region for the reason of mismatches in dates of capitalization, critical spare items capitalization, etc. In absence of complete data/details of such instances out of numerous line items of PPE, the combined impact of such erroneous depreciation is not ascertained.

Without prejudice to the generality of the above, based on the scrutiny of available details of Asset register (ar01) during the course of our audit, it was noted that several items of fixed assets whose useful life has fully exhausted totalling Rs.29,240.22 Lakhs (Gross Book Value), Rs.21,828.31 Lakhs (Accumulated Depreciation) and having net book value of Rs.7,411.91 Lakhs, are part of said register, resulting in overstatement of the value of PPE to that extent.

2.6.1 Moreover, deferred tax liability amounting to Rs.6,837.24 Lakhs under the head PPE recognized, could not be satisfactorily explained with working thereof in course of audit

2.6.2 The Company has not maintained adequate details pertaining to items/ components giving rise to deferred tax assets/ Liability (DTA/DTL). In absence whereof the recognition and disclosure of the DTA/DTL not being complete and correct, the impact thereof on Statement of Profit &Loss for the year is not ascertained.

2.7 Based on the scrutiny of available details of free hold land, it was noticed that in the past, several items of leased land have been clubbed under this head; as a result, the amortization of such leasehold land is not carried out. In absence of complete data/details of such instances, the impact thereof on Consolidated Ind AS financial statements is not ascertained.

2.8 It is noticed during the course of audit that 66KV substations/transmission lines having Gross Book Value amounting to Rs.17,846.08 Lakhs and accumulated depreciation Rs.12,260.47 Lakhs as at 31st March 2021 are not in use for the operations of the Company. Pending testing for impairment of the same, we are unable to comment upon the carrying value of such assets in the books of accounts.

2.9 It is observed from the SAP generated report (4.4 - Capex report) by the Company, Negative capital expenditure is charged to (reduce from) some schemes amounting to Rs.4,299.99 Lakhs for which no plausible explanation could be provided. To that extent Asset Under Construction (AUC)/ Capital Work in Progress (CWIP) in the Balance Sheet is understated. Further,there is no movement in some AUC line items since last more than three years, indications of impairment if any have not been tested by the Company for making appropriate provisions, impact thereof on the Consolidated Ind AS financial statements cannot be commented upon.

2.10 From April 1, 2019, the new Accounting Standard i.e. Ind AS 116 "Leases" became effective. The Company has adopted the new standard with modified approach and recognized asset in the form of 'Right to Use' (representing its right to use the leased asset over the lease term) and also liability towards present value of the balance of future lease payments for the leases. However, due to non-availability of lease documents and other records relating to several properties taken under lease, the Company is not able to identify and recognise the Right to use of said leases, hence no treatment was given in terms of provisions of Ind AS 116 for such leased assets. Impact thereof on the Consolidated Ind AS financial statements has not been ascertained.

2.11 The policy about inventory valuation of the Company (Note No 2.14) states that inventories are valued at lower of cost or net realizable value ('NRV') but in course of our audit it is noticed that the Company does not have any data or details about the NRV. As such, the inventories are valued at cost. The impact of such practice on Consolidated Ind AS financial statements is not ascertained.

2.11.1 Company does not have laid down policy and procedures pertaining to materials/equipment's given to vendors/third parties on loan basis, the details of such items were asked for from all the seven zones of the Company. The same were received from only two zones, where it is observed that materials/equipment's given on loan remained with the vendors/third parties for period longer than reasonable period. In absence of complete details and monitoring of such items we are unable to comment on impact thereof on the Consolidated Ind AS financial statements

2.11.2 Further, as observed the transformers are sent for repair by zonal offices to vendors without appropriately monitoring the records relating to such despatch and its return thereof including matters pertaining to qualitative aspects of such repairs. In absence of necessary details from all the zones of such items we are unable to comment on impact thereof on the Consolidated Ind AS financial statements.

2.12 No inventory or data/details/description could be furnished for verification for the “Assets not in use – held for sale” (GL code 222010) amounting to Rs.3,553.20 Lakhs; moreover, such assets are held at their carrying value instead of “lower of carrying value or net realizable value”. The impact, if any, thereof on Consolidated Ind AS financial statements has not been ascertained.

2.13 The government Grants received by the Company amounting to Rs.23,850 Lakhs in Financial Year 2006-07 towards capital assets for specific projects out of which Rs.15,460.67 Lakhs are deferred for recognition as revenue as at March 31, 2021. The details of these grants with specific assets there against and conditions to be satisfied for the same are not made available for our verification. Hence, correctness/completeness thereof pertaining to accounting in terms of provisions of Ind AS 20, “Accounting for Government Grants and Disclosure of Government Assistance “cannot be commented upon.

2.14 The Company does not collate, maintain and present the details of dues to its vendors registered under Micro, Small and Medium Enterprises ('MSME') Development Act, 2006. Hence, correctness of provision for interest, if any, on outstanding dues to MSME could not be verified.

2.15 The prior period items of Income and expenses have been disclosed by the Company in Note No.49 but the same have not been restated/recasted in the respective previous years as mandatorily required under Ind AS 8,”Accounting Policies, Changes in Accounting Estimates and Errors”.

2.16 Pursuant to Central Electricity Regulatory Commission ('CERC') order dated 19th December 2017 pertaining to FY 2014-15, the company has recognised an amount of Rs.599 Lakhs as income during the year as against receipt of Rs.10,789.41 lakhs, which until previous financial year was accrued fully as income. Impact of the said order for earlier period remains to be given in the accounts, as a result of which, Surplus in Statement of Profit and Loss would be lower, and Advance from Customer would be higher by amount which has not been ascertained.

2.17 The deposits from customers towards Outright Contracts ('ORC') amounted to Rs.1,13,639.57 Lakhs as at 31st March 2021. The company recognises its supervision charges upfront as income on receipt of deposits and not as and when supervision services are provided, which is contrary to the provisions of Ind AS 115 “Revenue from Contracts with Customers”.

2.17.1 Further, attention is invited to Accounting Policy note no. 2.19 (C) of Consolidated Ind AS Financial Statement on “Accounting of Contributions received from Consumers against Outright Right Works (ORC Schemes)”. As informed, during the course of audit, there is specific policy on ORC assets/ Liabilities and income thereon, but the same was not observed to have been followed by the Company, impact of which could not be ascertained in absence of relevant data/ details.

2.18 The basis, quantum and completeness could not be ascertained, in course of our audit, in the absence of required data/details relating to the following items of revenue recognised during the year under report:

GL	Nature of Transaction(s)	Amount Involved (Rs. In Lakhs)
300040	Rev.Twds. Short term open Access Chg MOU	518.29
300051	REC Application Fees (Only for SLDC)	27.49
300070	Rescheduling Charges	342.83
310010	Interest from Staff loans and advances	10.94
310020	Interest from investment in bank deposits	1921.54
325010	Rental from staff quarters	37.17

GL	Nature of Transaction(s)	Amount Involved (Rs. In Lakhs)
330010	Sale of scrap (no cost assigned for scrap)	942.61
335010	Gain on sale of fixed assets	662.62
380040	Other Miscellaneous Receipts (GST taxable)	1363.61
380041	Other Miscellaneous Receipts (Non GST)	291.22
380060	Liquidated Damages Recovered from Contractor	2872.7
380120	Government Grant Income	1169.76
380151	Prior Period - Other Income (With GST)	186.7
380141	Remittance of Dist Licences collected from partial OA Consumers	5165.24
380143	Open access/NOC Application processing fees	195.38
300080	Revenue from Addl Transmission and Regulatory	-4,557.86
370010	Short Term Open Access Charges	1146.88
300021	Revenue from Power Grid Transmission Charge	2657.24
300010	Revenue from Trans. Charges STU Pool A/c	1,522.92

2.19 Attention is invited to note no. 38 of Consolidated Ind AS Financial Statement giving details about "Contingent Liabilities and Contingent assets", full details including the claims/demands pertain to taxes as required under the statute are not accurately maintained. Hence, it could not be fully verified during the course of audit; accordingly, we are unable to comment upon adequacy of provision based on details made available to us.

2.20 The Company's investment of Rs.1,760.92 Lakhs in one of its Associate namely Maharashtra Transmission Communication Infrastructure Ltd (MTCIL) has not been appropriately tested for impairment considering the continuous losses of that associate.

2.21 The Company needs to strengthen its compliances with provisions of Section 135 of the Act and rules made thereunder pertaining to Corporate Social Responsibility (CSR). As noticed during the year under audit the Company is required to spent Rs.1335.00 Lakhs against which it has spent Rs.700.14 lakhs. The unspent sum was belatedly transferred to an earmarked account as required under CSR regulations.

2.22 The amounts (in excess of Rs. 1 Lakh, other than statutory dues accounts) remaining and recognized in the following GL heads/codes are subject to confirmation and reconciliation. The necessary data/details pertaining to following were not made available during the course of audit for verification:

We conducted our audit in accordance with the Standards on Auditing (SAs) specified under section 143(10) of the Act. Our responsibilities under those SAs are further described in the Auditor's Responsibilities for the Audit of the Consolidated Ind AS Financial Statements section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India together with the ethical requirements that are relevant to our audit of the Consolidated financial statements under the provisions of the Act and the Rules thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion on the Consolidated Ind AS financial statements.

INFORMATION OTHER THAN THE CONSOLIDATED Ind AS FINANCIAL STATEMENTS AND AUDITOR'S REPORT THEREON

3. The Company's Management and Board of Directors is responsible for the preparation of the other information, comprising of the information included in the report of Board of Directors including Annexures thereto and such other disclosures related Information, excluding the Consolidated Ind AS financial statements and auditors report thereon ('Other Information'). The other information is expected to be made available to us after the date of this auditors' report. Our opinion on the Consolidated Ind AS financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the Consolidated Ind AS financial statements, our responsibility is to read the other information when it becomes available and, in doing so, consider whether the other information is materially inconsistent with the Consolidated Ind AS financial statements or our knowledge obtained during the course of our audit or otherwise appears to be materially misstated. When we read the other Information and if we conclude that there is a material misstatement therein, we are required to communicate the matter to those charged with governance as required under SA 720 'The Auditor's responsibilities Relating to other Information'

RESPONSIBILITY OF MANAGEMENT FOR THE CONSOLIDATED Ind AS FINANCIAL STATEMENTS

4. The Company's Management and Board of Directors is responsible for the matters stated in section 134(5) of the Act with respect to the preparation of these CFS that give a true and fair view of the financial position, financial performance, including other comprehensive income, changes in equity and cash flows of the Company in accordance with the accounting principles generally accepted in India, including the Accounting Standards specified under section 133 of the Act. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the Consolidated Ind AS financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error. In preparing the Consolidated Ind AS financial statements , respective management of the company and associates are responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

The respective Board of Directors of company and its associates are also responsible for overseeing the company's financial reporting process.

AUDITOR'S RESPONSIBILITY FOR THE AUDIT OF THE CONSOLIDATED Ind AS FINANCIAL STATEMENTS

5. Our objectives are to obtain reasonable assurance about whether the CFS, as a whole, are free from material misstatement, whether due to fraud or error and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these CFS. Our audit process in accordance with the SAs is narrated in detail in **Annexure 1**to this report.

OTHER MATTERS

6. We did not audit the financial statements of Jaigad Power Transco Limited (JPTL) and Maharashtra Transmission Communication Infrastructure Limited (MTCIL),Associates located in India whose financial statements reflect total net profit after tax of Rs. 654.99 lakhs for the year ended on that date, as considered in the Consolidated Ind AS Financial Statements. These financial statements have been audited by other auditors whose reports have been furnished to us by the Management and our opinion on the Consolidated Ind AS Financial Statements, relating to the amounts and disclosures included in respect of these entities and our report in terms of provisions of Section 143 of the Act, in so far as it relates to the aforesaid entities, is based solely on the reports of such other auditors

6.1 Attention is invited to Note 2.2 “Basis of preparation and presentation” of Consolidated Ind AS Financial Statements where Company did not Consolidated its Wholly Owned Subsidiary Company named Kharghar Vikhroli Transmission Pvt Ltd (KVTPL) and our opinion is not modified in respect of this matter.

6.2 Due to restricted movements imposed by the Authorities to restrict the spread of COVID19, the audit finalization process, for the year under report, was carried out from remote locations i.e. other than the Office of the Company, to the extent data / details available / feasible based on financial information / records remitted by the management through digital medium. Being constrained, we resorted to alternate procedures to verify the requisite data/details in course of our audit.

REPORT ON OTHER LEGAL AND REGULATORY REQUIREMENTS

7. As required by section 143(3) of the Act, based on our audit and on the consideration of the report of the other auditors on separate Ind AS financial statements, and the other financial information of two Associates, incorporated in India, as noted in the 'Other Matters' paragraph, we report to the extent :

a. We have sought and obtained, except as noted in para 2 above, all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit of the aforesaid Consolidated Ind AS financial statements.

b. In our opinion, except as noted in para 2 above, proper books of account as required by law relating to preparation of the aforesaid Consolidated Ind AS financial statements have been kept so far as it appears from our examination of those books.

c. The Consolidated Balance Sheet, the Consolidated Statement of Profit and Loss including Other Comprehensive Income, the Consolidated Statement of Changes in Equity and the Consolidated Cash Flow Statement dealt with by this Report are in agreement with the books of account.

d. Except as noted in para 2 above, in our opinion, the Consolidated Ind AS financial statements comply with the applicable Indian Accounting Standards notified under Section 133 of the Act, read with Rule 3 of the Companies (Indian Accounting Standards) Rules, 2015.

e. In View of exemption given vide notification no.463(E) dated June 5, 2015, issued by the Ministry of Corporate Affairs, provisions of section 164(2) of the Act regarding disqualification of Directors, are not applicable to the Company; Further, on the basis of the reports of the auditors of two Associates incorporated in India, none of the directors of the Associates incorporated in India is disqualified as on 31 Mar 2021 from being appointed as a director in terms of section 164(2) of the Act.

f. With respect to the adequacy of the internal financial controls over financial reporting with reference to Consolidated Ind AS Financial Statements of the Company and its Associate Companies Incorporated in India and the operating effectiveness of such controls, refer to our separate Report in **Annexure 2.**

g. In terms of provisions of Section 197(16) of the Act, we report as under:
The Company being a Government Company within the meaning of Section 2(45) of the Act the provisions of Section 197 of the Act, pertaining to managerial remuneration, are not applicable to it vide MCA Notification dated 5th June 2015. However, based on the reports of the Statutory Auditors of 2 associate companies, the said section is not applicable to MTCIL and in case of JPTL the Company has not paid any remuneration to its directors, except for sitting fees.

h. With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, in our opinion and to the best of our information and according to the explanations given to us:

(i) Except as noted in para 2.19 above, the Company has disclosed the impact of pending litigations on the financials position in its Consolidated Ind AS financial statements. Refer Note 38 to the Consolidated Ind AS financial statements.

(ii) The Company did not have any long-term contracts including derivative contracts for which there were any material foreseeable losses.

(iii) There were no sums which were required to be transferred to the Investor Education and Protection Fund by the Company

Annexure 1 to the Independent Auditors' Report

(referred to in para 5 titled "Auditor's Responsibilities for the Audit of the Consolidated Ind AS Financial Statements")

As part of our audit in accordance with SAs we exercise professional judgment and maintain professional scepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the consolidated financial statements, whether due to fraud or error, to design and perform audit procedures responsive to those risks and obtain audit evidence for material items that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the Consolidated Ind AS financial Statements has adequate internal financial controls system in place and the operating effectiveness of such controls.

- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.

- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company and its associates ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the CFS or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company and its associates to cease to continue as a going concern.

- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

- Obtain sufficient appropriate audit evidence regarding the financial information of the entities or business activities within the Company and its associates to express an opinion on the consolidated financial statements. We are responsible for the direction, supervision and performance of the audit of the financial statements of such entities included in the consolidated Ind AS financial statements of which we are the independent auditors. For the other entities included in the consolidated Ind AS financial statements, which have been audited by other auditors, such other auditors remain responsible for the direction, supervision and performance of the audits carried out by them. We remain solely responsible for our audit opinion.

- Review of the audited financial statements of the Associates, not audited by us, and communicating with the respective statutory auditors of such subsidiaries as per the framework of provisions of SA 600, "Using the Work of Another Auditor".

- Communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit. We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

Annexure 2 to the Independent Auditors' Report to the Members of Maharashtra State Electricity Transmission Company Limited

[Referred to in paragraph 7(f) titled "Report on other legal and regulatory requirements"]

Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Act

Opinion

In conjunction with our audit of the Consolidated Ind AS financial statements of the Company as of and for the year ended March 31, 2021, we have audited the internal financial controls over financial reporting of **Maharashtra State Electricity Transmission Company Limited** ("hereinafter referred to as "the Company") and its Associates, incorporated in India, as of that date

In our opinion, the Company's internal financial controls system over financial reporting and design thereof needs to be improved to eliminate control lapses and make it comprehensive. Based on selective verification of process controls matrixes made available to us which require to be updated for some identified processes and risks, in our opinion and considering the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note, the operating effectiveness of such process controls and appropriate documentation thereof needs to be strengthened to make the same commensurate with the size of the Company and nature of its business.

Based on considerations of reporting of the other auditors of Associates as mentioned in the other matter paragraph, which are companies incorporated in India, have in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at 31 March 2021, based on the internal control over financial reporting criteria established by the Associates considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the ICAI.

Management's Responsibility for Internal Financial Controls

The Company's management and its Associates, incorporated in India, is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India ("ICAI"). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to the company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Act.

Auditors' Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the "Guidance Note") and the Standards on Auditing, issued by ICAI and deemed to be prescribed under section 143(10) of the Act, to the extent applicable to an audit of internal financial controls, both issued by the ICAI. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the Consolidated Ind AS financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained and the audit evidence obtained by the other auditors in terms of their reports referred to in the Other Matters paragraph above, is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over financial reporting.

Meaning of Internal Financial Controls Over Financial Reporting

A Company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A Company's internal financial control over financial reporting includes those policies and procedures that:

a) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the Company;

b) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the Company are being made only in accordance with authorizations of management and directors of the Company; and

c) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the Company's assets that could have a material effect on the Consolidated Ind AS financial statements.

Inherent Limitations of Internal Financial Controls Over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Other Matters

Our aforesaid reports under section 143(3)(i) of the Act on the adequacy and operating effectiveness of the internal financial controls over financial reporting in so far as it relates to two Associate companies which are companies incorporated in India, is based on the corresponding reports of the auditors of such companies incorporated in India.

Notes to Consolidated Financial Statements for the year ended 31st March,2021

1 Corporate and General Information

The Consolidated Financial statements comprise Financial statements of the Maharashra State Electricity Transmission Company Limited (MSETCL/the Company) and its Associates (i.e Jaigad Power Transmission Ltd (JPTL) and Maharashtra Transmission Communication Infrastructure Limited (MTCIL)) for the year ended 31st March, 2021.

MSETCL was incorporated under the Companies Act, 1956 on 31st May, 2005. The Certificate of Commencement of Business was received on 15th September, 2005 from the Registrar of Companies. The Company was incorporated as per provisions of the notification of Maharashtra State Electricity Reforms Transfer Scheme, 2005 (hereinafter referred to as the Transfer Scheme) which was issued on 4th June, 2005. As per the aforesaid notification, assets and liabilities forming part of the Transmission Undertaking of erstwhile Maharashtra State Electricity Board as set out in Schedule A' of the said Notification were transferred and vested to the company with effect from 6th June, 2005. The Transfer Scheme was approved by Government of Maharashtra (GoM) on 31.03.2016. The transfer of Assets and Liabilities under the above Transfer Scheme was made by the GoM. As decided the consideration for the transfer of undertaking being excess of assets over liabilities is discharged by issue of Equity Shares of Rs. 898497.47 Lakhs to MSEB Holding Company Limited(the Holding Company).

MSETCL is a leading state transmission utility in the country. MSETCL owns and operates most of Maharashtra's Electric Power Transmission System. The Company is a wholly owned corporate entity under the Maharashtra Government incorporated and domiciled in India on May 31, 2005 after restructuring the erstwhile Maharashtra State Electricity Board to transmit electricity from its point of generation to its point of distribution.

The Company is notified as the State Transmission Utility (STU) under The Electricity Act, 2003. It is principally engaged in planning, implementation, operation and maintenance of Inter-State Transmission System (ISTS). While the Associates Jaigad Power Transmission Ltd (JPTL) is engaged in the business of Transmission of Electricity and Maharashtra Transmission Communication Infrastructure Limited (MTCIL) is engaged in the business of making available optical fibre capacity on lease.

2 Statement of significant Accounting Policies

2.1 Statement of Compliance

The Consolidated financial statements are prepared in accordance with Indian Accounting Standards (Ind AS) notified under Section 133 of the Companies Act, 2013 (the Act), Companies (Indian Accounting Standards) Rules, 2015 and the relevant provisions of the Companies Act, 2013, and the provisions of the Electricity Act, 2003 to the extent applicable and as amended thereafter.

2.2 Basis of preparation and presentation.

The Company has prepared Consolidated Financial Statements considering its holding in Associates namely:

Name of the Entity	Relationship	% of Holding
1) Jaigad Power Transco Limited	Associate	26
2) Maharashtra Transmission Communication Infrastructure Limited	Associate	49

The Consolidated Financial Statements incorporate the standalone financial statements of the Company and its investments in associates are accounted using equity method.

The financial statements of associates are drawn up to the same reporting date as of the Group for purpose of Consolidation. An associate is an entity over which the Company has significant influence. Significant influence is the power to participate in the financial and operating policy decisions of the investee but is not control or joint control over these policies.

The Associates have been consolidated in these financial statements using the equity method of accounting, except when the investment, or a portion thereof, is classified as held for sale, in which case it is measured at lower of their carrying amount and fair value less cost to sell. Under the equity method, an investment in an associate is initially recognised in the consolidated balance sheet at cost and adjusted thereafter to recognise the Group's share of the profit or loss and other comprehensive income of the associate. Distributions received from an associate reduce the carrying amount of the investment.

After application of the equity method of accounting, the Group determines whether there is any evidence of impairment as a result of one or more event that occurred after the initial recognition of the net investment in an associate and that event (or events) has an impact on the estimated future cash flows from the net investment that can be reliably estimated. If there exists such an evidence of impairment, then the Group recognises impairment loss equal to the excess of its carrying amount over the recoverable amount of the respective asset. Recoverable amount is the fair value less cost to sell of the respective asset.

MSETCL has also been appointed as Bid Process Coordinator (BPC) for transmission schemes by Ministry of Power, GoI. Accordingly the Company has incorporated wholly owned subsidiaries as Special Purpose Vehicle in respect of Independent Transmission Projects. The Group also has a fully owned subsidiary company, namely Kharghar Vikhroli Transmission Private Limited (KVTPL), as on 31 March 2020 registered for Independent Transmission Projects formed as special purpose vehicle (SPV).

As per the objective of Ind AS 110 which establishes principles for the presentation and preparation of consolidated financial statements when an entity controls one or more other entities. To meet the above objective, Ind AS 110 requires an entity (the parent) that controls one or more other entities (subsidiaries) to present consolidated financial statements:

(a) defines the principle of control, and establishes control as the basis for consolidation;

(b) sets out how to apply the principle of control to identify whether an investor controls an investee and therefore must consolidate the investee;

(c) sets out the accounting requirements for the preparation of consolidated financial statements; and Educational Material on Ind AS 110.

(d) defines an investment entity and sets out an exception to consolidating particular subsidiaries of an investment entity.

As per the interpretation to guidelines as per Ind AS 110 , an investor, regardless of the nature of its involvement with an entity (the investee), shall determine whether it is a parent by assessing whether it controls the investee. An investor controls an investee when the investor is exposed, or has rights, to variable returns from its involvement with the investee; and has the ability to affect those returns through its power over the investee.

Hence, as per Para 4 of Ind AS 110 and Para 17 of Ind AS 28, MSETCL is not required to prepare/present Consolidated Financial Statements and Cash flow statement for its Subsidiary incorporated as SPV Company.

The financial statements have been prepared on accrual basis and under the historical cost convention except following which have been measured at fair value;
- Certain financial assets and liabilities that are measured at fair value;
- Assets held for sale - measured at lower of carrying amount or fair value less cost to sell;
- Defined benefit plans - plan assets measured at fair value;

2.3 Current non-current classification

The Company presents assets and liabilities in the balance sheet based on current / non-current classification. An asset is treated as current when it is:

- expected to be realised or intended to be sold or consumed in normal operating cycle,

- held primarily for the purpose of trading,

- expected to be realised within twelve months after the reporting period, or

- cash or cash equivalent unless restricted from being exchanged or used to settle A liability for at least twelve months after the reporting period.

All other assets are classified as non-current.

A liability is current when:

- it is expected to be settled in normal operating cycle,

- it is held primarily for the purpose of trading,

- it is due to be settled within twelve months after the reporting period, or

- there is no unconditional right to defer the settlement of the liability for at least twelve months after the reporting period.

The Company classifies all other liabilities as non-current.

Deferred tax assets and liabilities are classified as non-current assets and liabilities.

The operating cycle is the time between the acquisition of assets for processing and their realisation in cash and cash equivalents.

The Company has identified twelve months as its operating cycle.

2.4 Rounding of amounts

All amounts disclosed in the financial statements and notes have been rounded off to the nearest lakh as per the requirement of Schedule III, unless otherwise stated.

2.5 Use of estimates and judgments

The preparation of the Company's financial statements requires management to make judgements, estimates and assumptions that affect the reported amounts of revenue, expenses, assets, liabilities and the accompanying disclosures along with contingent liabilities. Uncertainty about these assumptions and estimates could result in outcomes that require material adjustments to the carrying amount of assets or liabilities affected in future

periods. The Company continually evaluates these estimates and assumptions based on the most recently available information.

In particular, information about significant areas of estimates and judgments in applying accounting policies that have the most significant effect on the amounts recognized in the financial statements are as below:

-Estimates of useful lives, residual value and impairment of Property, Plant and Equipments and Intangible Assets;

-Valuation of Inventories;

-Measurement of Defined Benefit Obligations and actuarial assumptions;

-Provisions;

-Evaluation of recoverability of deferred tax assets; and

-Contingencies.

Revisions to accounting estimates are recognized prospectively in the Statement of Profit and Loss in the period in which the estimates are revised and in any future periods affected.

2.6 Property, Plant and Equipment (Ind AS 16)

Subsequent expenditure is capitalized only if it is probable that the future economic benefits associated with the expenditure will flow to the Company.

Property, Plant and Equipment acquired as replacement of the existing assets are capitalized and its corresponding replaced assets removed/ retired from active use are derecognized.If the cost of the replaced part or earlier inspection is not available, the estimated cost of similar new parts/inspection is used as an indication of what the cost of the existing part/ inspection component was when the item was acquired or inspection was carried out.

In the case of commissioned assets, contracts for construction of Sub-station and Transmission Lines where final settlement of bills with contractors is yet to be effected,capitalization is done on provisional basis subject to necessary adjustments in the year of final settlement.

The cost of land includes payments/liabilities towards compensationand other expenses wherever possession of land is taken.

Expenditure on leveling, clearing and grading of land is capitalized as cost of Land Development.

Spare parts whose cost is Rs.10,00,000/- and above, standby equipment and servicing equipment which meets the recognition criteria of Property, Plant and Equipment are capitalized. In other cases, the spare part is inventorised on procurement and charged to Statement of Profit and Loss on consumption.

An item of Property, Plant and Equipment is derecognized when no future economic benefits are expected from their use or upon disposal.

The gain or loss arising on the disposal or retirement of an item of property, plant and equipment is determined as the difference between the net disposal proceeds and the carrying amount of the asset and is recognised in the Statement of Profit and Loss on the date of disposal or retirement.

2.7 Capital Work-In-Progress (CWIP) (Ind AS 16)

Cost of material, erection charges and other expenses incurred for the construction of Property, Plant and Equipment are shown as CWIP based on progress of erection work till the date of capitalization.

Expenditure of Project Offices, attributable to construction of property, plant and equipment are identified and allocated on a systematic basis to the cost of the related assets.

Unsettled liability for price variation/exchange rate variation in case of contracts is accounted for on estimated basis as per terms of the contracts.

Costs incurred on identification, survey and feasibility studies of a project under sanctioned scheme are shown as a distinct item under capital work in progress till the period of its rejection or three years, whichever is earlier. In case of rejection, the expenses are charged to Statement of Profit and Loss in the year of rejection.

2.8 Intangible Assets (Ind AS 38)

Intangible assets are measured on initial recognition at cost. After initial recognition, intangible assets are carried at cost less any accumulated amortization and accumulated impairment losses.

Subsequent expenditure on already capitalized Intangible assets is capitalized when it increases the future economic benefits embodied in an existing asset and is amortized prospectively.

The cost of software (which is not an integral part of the related hardware) acquired for internal use and resulting in significant future economic benefits is recognized as an intangible asset when the same is ready for its use.

An item of Intangible asset is derecognized upon disposal or when no future economic benefits are expected from its use or disposal. Gains or losses arising from derecognition of an intangible asset are measured as the difference

between the net disposal proceeds and the carrying amount of the asset and are recognised in the Statement of Profit and Loss when the asset is derecognized.

2.9 Depreciation/Amortization (Ind AS 16)

Depreciation/amortization on the assets related to transmission business is provided on straight line method following the rates and methodology notified by the Maharashtra Electricity Regulatory Commission (MERC) for the purpose of recovery of tariff.

Cost of software capitalized as intangible asset is amortized over the period of legal right to use or 4 years, whichever is less with nil residual value.

Mobile Phones are charged off within 3 years from the date of Purchase.

Depreciation/ Amortization on additions to/deductions from property, plant and equipment during the year is charged on pro-rata basis from/up to the date on which the asset is available for use/disposed.

Where the cost of depreciable property, plant and equipment has undergone a change due to increase/decrease on account of price adjustment, change in duties or similar factors, the unamortized balance of such asset is depreciated retrospectively at the rates and methodology as specified by the MERC Tariff Regulations.

Depreciation on spares parts, standby equipment and servicing equipment which are capitalized, is provided on straight line method from the date they are available for use over the remaining useful life of the related assets of transmission business, following the rates and methodology notified by the MERC.

The residual values, useful lives and methods of depreciation for assets other than assets related to transmission business are reviewed at each financial year end and adjusted prospectively, wherever required.

Property, Plants & Equipments costing Rs. 5,000/- or less, are fully depreciated in the year of acquisition.

Leasehold land (Except Considered as ROU under Ind AS-116 as referred in para 2.12) is fully amortized over lease period in accordance with the rates and methodology specified in MERC Tariff Regulation.

Depreciation rate used for various classes of assets are as under:

Particulars	Rate
Tangible Assets	
Hydraulic Works	5.28%
Buildings & Other Civil Works	3.34%
Plant & Machinery	5.28%
Transmission lines, Cable Network etc.	5.28%
Furniture, Fixtures and Office Equipments	5.28 % to 15%
Vehicles	6.33%

2.10 Borrowing costs (Ind AS 23)

Borrowing costs consist of interest and other costs incurred in connection with the borrowing of funds. Borrowing costs also include exchange differences to the extent regarded as an adjustment to the borrowing costs.

Interest during construction (IDC) and expenditure (net) allocated to construction as per policy refered at 2.4 above are kept as a separate item under CWIP and apportioned to the assets being capitalized in proportion to the closing balance of CWIP. Actual IDC is calculated for schemes where it is possible. In case of remaining scheme, debt equity ratio of 70:30 is considered for calculating of IDC for opening capex as well as capex incurred during the year. FIFO method is followed while considering the capitalization i e first capitalization of asset will be taken place from opening balance of capex. The weighted average rate of interest of each financial institution and banks is applied for calculating IDC.

Borrowing costs that are attributable to the acquisition or construction of qualifying assets (i.e. an asset that necessary takes a substantial period of time to get ready for its intended use) are capitalized as a part of cost of such assets. All other borrowing costs are charged to the Statement of Profit and Loss.

Capitallization of Borrowing cost ceases when substantially all the activities necessary to prepare the qualifying assets for their intended use are completed

Investment income earned on temporary investment of funds of specific borrowings pending their expenditure on qualifying assets is deducted from the borrowing costs eligible for capitalization.

The associates companies provide depreciation and amortisation on assets based on straight line method (SLM) as per provisions of Part B of schedule II of the Companies Act, 2013.

2.11 Non-current assets held for sale (Ind AS 105)

Non-current assets are classified as held for sale if their carrying amounts will be recovered through a sale transaction rather than through continuing use. This condition is regarded as met only when the sale is highly probable and the asset is available for immediate sale in its present condition subject only to terms that are usual and customary for sale of such assets.

Non-current assets are classified as held for sale are measured at the lower of carrying amount and fair value less costs to sell.

Property, Plant and Equipment and intangible assets classified as held for sale are not depreciated or amortized.

2.12 Leases (Ind AS 116)

A contract is, or contain, a lease if the contract conveys the right to control the use of an identified asset for a period of time in exchange of consideration.

Company as a leasee

The Company accounts for each lease component within the contract as a lease separately from non-lease components of the contract and allocate the consideration in the contract to each lease component on the basis of the relative stand-alone price of the lease component and the aggregate stand-alone of the non-lease components.

The Company recognises right of use asset representing its right to use the underlying asset for the lease term at the lease commencement date. The cost of the right-0f-use asset measured at inception shall comprise of the amount of the initial measurement of the lease liability adjusted for any lease payments made at or before the commencement date less any incentives received, plus any initial direct costs incurred and an estimate of costs to be incurred by the lessee in dismantling and removing the underlying asset or restoring the underlying asset or site on which it is located. The right-of-use assets is subsequently measured at cost less any accumulated depreciation, accumulated impairment losses, if any and adjusted for any measurement of the lease liability. The right-of-use assets is depreciated using the straight line method from the commencement date over the shorter of lease term or useful life of right-of –use asset. The estimated useful life if right-of-use assets are determined on the same basis as those of property, plant and equipment. Right-of-Use Asset are tested for impairment whenever there is any indication that their carrying amounts may not be recoverable, impairment loss, if any, is recognised in the statement of profit and loss.

The Company measures the lease liability at the present value of the lease payments that are not paid at the commencement date of the lease. The lease payments are discounted using the interest rate implicit in the lease, if that rate can be readily determined. If that rate cannot be readily determined, the Company uses incremental borrowing rate. For leases with reasonably similar characteristic's , the Company, on a lease by lease basis, may adopt either the incremental borrowing rate specific to the lease or the incremental borrowing rate for the portfolio as a whole. The lease liability is subsequently remeasured by increasing the carrying amount to reflect interest on the lease liability, reducing the carrying amount to reflect interest on the lease liability, reducing the carrying amount to reflect the lease payments made and remeasuring the carrying amount to reflect any reassessment or lease modification or to reflect revised in-substance fixed lease payments. The Company recognises the amount of re-measurement of lease liability due to modification as an adjustment to the right-of-use asset and statement of profit and loss depending upon the nature of modification. Where the carrying amount of right-of-use asset is reduced to zero and there is further reduction in the measurement of the lease liability, the Company recognises any remaining amount of the re-measurement in statement of profit and loss.

The Company has elected not to apply the requirement of Ind AS 116 Leases to short-term leases of all assets that have a lease term of 12 months or less and leases for which the underlying asset is of low value. The lease payment associated with these leases are recognised as an expense on a straight line basis over the lease term.

On transition, the Company recognised a lease liability measured at the present value of the remaining lease payments. The right-of-use asset is recognised at its carrying amount as if the standard had been applied since the commencement of the lease, but discounted using the lessess's incremental borrowing rate as at April 1, 2019. The Company has leases that were classified as finance leases applying Ind AS 17. For such leases, the carrying amount of the right-of-use asset and the lease liability at the date of initial application of Ind AS 116 is the carrying amount of the lease asset and lease liability on the transition date as measured applying Ind AS 17.

Company as a lessor

At the inception of the lease the Company classifies each of its leases as either an operating lease or a finance lease. The company recognises lease payments received under operating leases as income on straight line basis over the lease term. In case of finance lease, finance income is recognised over the lease term based on a

pattern reflecting a constant periodic rate of return on the lessor's net investment in the lease. When the Company is an intermediate lessor it accounts for its interests in the head lease.

If an arrangement contains lease and non lease components, the Company applies Ind AS 115 Revenue from Contracts with Customers to allocate the consideration in the contract.

The Company has adopted Ind AS 116, effective annual reporting period beginning April 1, 2019 and applied the standard to its leases, modified retrospective approach. Accordingly, the Company has not restated comparative information. The lease contracts entered by the Company majorly pertains for Land and buildings taken on lease to conduct its business in the ordinary course. The Company does not have any lease restrictions and commitment towards variable rent as per the contract.

The Company is not required to make any adjustments on transition to Ind AS 116 for leases in which it acts as a lesser. The Company accounted for its leases in accordance with Ind AS 116 from the date of initial application.

2.13 Impairment of Non-financial assets, other than inventories (Ind AS 36)

Cash generating units as defined in Ind AS 36 'Impairment of Assets' are identified at the Balance Sheet date. At the date of Balance Sheet, if there is any indication of impairment and the carrying amount of the cash generating unit exceeds its recoverable amount (i.e. the higher of the fair value less costs of disposal and value in use), an impairment loss is recognized. The carrying amount is reduced to the recoverable amount and the reduction is recognized as an impairment loss in the Statement of Profit and Loss. The impairment loss recognized in the prior accounting period is reversed to the extent of increase in the estimate of recoverable amount. Post impairment, depreciation is provided on the revised carrying value of the impaired asset over its remaining useful life.

2.14 Inventories (Ind AS 2)

Inventories are valued at Lower of cost and net realizable value. The cost of inventories is determined on weighted average basis.

Cost of inventories comprises of cost of purchase and other costs incurred in bringing the inventories to its present location and condition. Inventories are issued on First In First Out (FIFO) basis.

Spares which do not meet the recognition criteria as Property, Plant and Equipment are recorded as inventories.

Obsolete, slow moving and unserviceable stocks are identified at the time of physical verification of stocks and where necessary, provision is made for such stocks.

2.15 Revenue Recognition (Ind AS 115)

Revenue is measured at the fair value of the consideration received or receivable. Amounts disclosed as revenue are net of returns, trade allowances, rebates.

Transmission Income

Revenue from Transmission of Electricity received from Distribution Licensees is accounted for based on Monthly Intra State Transmission Tariff Order issued by the Maharashtra Electricity Regulatory Commission (MERC).

Revenue from Operations such as Open Access charges, SLDC Charges, Rescheduling Charges are recognized as per MERC Orders.

Dividend Income

Dividend income is recognized when the right to receive payment is established.

Interest Income

Interest income is accounted on accrual basis.

Sale of Scrap

Income from sale of scrap is accounted for on realization basis.

Supervision charges

The supervision charges received from Outright Consumers Contribution is recognised in the year of the collection.

Other Income

Other Income is recognized on accrual basis except when ultimate realization of such income is uncertain.

2.16 Employee Benefits (Ind AS 19)

Short Term Employee Benefits:

Short term employee benefits are recognized at the undiscounted amount in the Statement of Profit and Loss in the year in which the related services are rendered.

Other long-term employee benefit obligations

The liabilities for earned leave and sick leave that are not expected to be settled wholly within 12 months are measured as the present value of expected future payments to be made in respect of services provided by employees up to the end of the reporting period using the projected unit credit method based on Actuarial Valuation.

The benefits are discounted using the yields of Corporate Bonds at the end of the reporting period that have terms approximating to the terms of the related obligation.

Re-measurements as a result of experience adjustments and changes in actuarial assumptions are recognised in the Statement of Profit and Loss.

Post- employment benefits:

The Company operates the following post-employment schemes:

(i) Defined Benefit Plans such as gratuity; and

(ii) Defined contribution plans such as provident fund.

Defined Benefit Plan

Liability towards defined employee benefits like gratuity is determined on actuarial valuation by independent actuaries at the year-end by using Projected Unit Credit method.

The present value of the defined benefit obligation is determined by discounting the estimated future cash outflows by reference to market yields at the end of the reporting period on government bonds that have terms approximating to the terms of the related obligation.

Re-measurement gains and losses arising from experience adjustments and changes in actuarial assumptions are recognised in the period in which they occur, directly in other comprehensive income. They are included in retained earnings in the statement of changes in equity and in the balance sheet.

Defined Contribution Plan

Defined Contribution Plans such as Provident Fund etc. are charged to the Statement of Profit and Loss as incurred. Further for certain employees, the monthly contribution for Provident Fund is made to a separate trust which also manages funds of other group companies.The minimum rate of interest payable by the Trust is in accordance with rate notified by the Government. The Company has an obligation to make good the shortfall, if any.

2.17 Foreign Currency Transactions (Ind AS 21)

(I) Functional and presentation currency

The financial statements are presented in Indian rupee (INR), which is Company's functional and presentation currency.

(ii) Transactions and balances

Transactions in foreign currencies are recognized at the prevailing exchange rates on the transaction dates. Realized gains and losses on settlement of foreign currency transactions are recognized in the Statement of Profit and Loss.

Monetary foreign currency assets and liabilities at the year-end are translated at the year-end exchange rates and the resultant exchange differences are recognized in the Statement of Profit and Loss.

2.18 Principle of consolidation

Investment in Associates and Joint Ventures (Ind AS 27)

Equity Method

Under the equity method, on initial recognition the investment in an associate or a joint venture is recognised at cost, and the carrying amount is increased or decreased to recognise the company's share of the profit or loss of the investee after the date of acquisition. The company's share of the investee's profit or loss is recognised in the company's statement of profit or loss. Distributions received from an investee reduce the carrying amount of the investment. Adjustments to the carrying amount may also be necessary for changes in the company's proportionate interest in the investee arising from changes in the investee's other

comprehensive income. The company's share of those changes is recognised in the company's other comprehensive income.

The investment in associates is carried at cost as per Ind AS 27. The cost comprises price paid to acquire investment and directly attributable cost.

2.19 A) Government Grants (Ind AS 20)

Grants from the government are recognized at their fair value where there is reasonable assurance that the grant will be received and the Company will comply with all attached conditions.

When the grant relates to an expense item, it is recognized in Statement of Profit and Loss on a systematic basis over the periods that the related costs, for which it is intended to compensate, are expensed.

Government grants relating to the purchase of property, plant and equipment are included in non-current liabilities as deferred income and are credited to Profit and Loss on a straight - line basis over the expected life of related assets and presented within other income

B) Accounting of Maharashtra Energy Development Agency (MEDA) Projects

As per the Government of Maharashtra's policy for promotion of generation of energy from non conventional sources, 50% of cost of such power evacuation project developed by Private Developers shall be borne by the Company and remaining 50% will be reimbursed by MEDA to the developers.

C) Accounting of Contributions received from Consumers against Outright Right Works (ORC Schemes)

Outright Consumer Contributions received is being treated as follows

1) If advance is received for expenditures still to be incurred on creation of Fixed Assets , same is treated as Non Current Liabilities till the completion of that Fixed Assets.

2) If contribution is received on account of Supervision Charges only, the same is recognised as Other Income in the year of receipt.

3) If contribution is received on account of already created assets, the same is reduced against that asset in the year of receipt.

2.20 Provisions and Contingent Liabilities (Ind AS 37)

a) Provisions

Provisions are recognized when the Company has a present obligation (legal or constructive) as a result of a past event, it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and a reliable estimate can be made of the amount of the obligation. If the effect of the time value of money is material, provisions are discounted. Unwinding of the discount is recognized in the Statement of Profit and Loss as a finance cost. Provisions are reviewed at each Balance Sheet date and are adjusted to reflect the current best estimate.

b) Contingencies

Contingent liabilities are disclosed when there is a possible obligation arising from past events, the existence of which will be confirmed only by the occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the Company or a present obligation that arises from past events where it is either not probable that an outflow of resources will be required to settle or a reliable estimate of the amount cannot be made. Information on contingent liability is disclosed in the Notes to the Financial Statements. Contingent assets are not recognized. These are reviewed at each Balance Sheet date and are adjusted to refelect the current management estimates.

2.21 Fair Value Measurement (Ind AS 113)

The Company measures certain financial instruments at fair value at each reporting date.

Certain accounting policies and disclosures require the measurement of fair values, for both financial and non financial assets and liabilities.

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date in the principal or, in its absence, the most advantageous market to which the Company has access at that date. The fair value of a liability also reflects its non-performance risk.

The best estimate of the fair value of a financial instrument on initial recognition is normally the transaction price – i.e. the fair value of the consideration given or received. If the Company determines that the fair value on initial recognition differs from the transaction price and the fair value is evidenced neither by a quoted price in an active market for an identical asset or liability nor based on a valuation technique that uses only data from observable markets, then the financial instrument is initially measured at fair value,adjusted to defer the difference between the fair value on initial recognition and the transaction price.

Subsequently that difference is recognized in Statement of Profit and Loss on an appropriate basis over the life of the instrument but no later than when the valuation is wholly supported by observable market data or the transaction is closed out.

While measuring the fair value of an asset or liability, the Company uses observable market data as far as possible. Fair values are categorized into different levels in a fair value hierarchy based on the inputs used in the valuation technique as follows:

Level 1: quoted prices (unadjusted) in active markets for identical assets or liabilities.

Level 2: inputs other than quoted prices included in Level 1 that are observable for the assets or Liability, either directly (i.e. as prices) or indirectly (i.e. derived from prices).

Level 3: inputs for the assets or liability that are not based on observable market data (unobservable inputs).

When quoted price in active market for an instrument is available, the Company measures the fair value of the instrument using that price. A market is regarded as active if transactions for the asset or liability take place with sufficient frequency and volume to provide pricing information on an ongoing basis. If there is no quoted price in an active market, then the Company uses a valuation technique that maximises the use of relevant observable inputs and minimises the use of unobservable inputs. The chosen valuation technique incorporates all of the factors that market participants would take into account in pricing a transaction.

The Company regularly reviews significant unobservable inputs and valuation adjustments. If the third party information, such as broker quotes or pricing services, is used to measure fair values, then the Company assesses the evidence obtained from the third parties to support the conclusion that these valuations meet the requirements of Ind AS, including the level in the fair value hierarchy in which the valuations should be classified.

2.22 Financial Assets (Ind AS 32)

Initial recognition and measurement

Trade Receivables and debt securities issued are initially recognised when they are originated. All other financial assets are initially recognised when the Company becomes a party to the contractual provisions of the instrument. All financial assets other than those measured subsequently at fair value through profit and loss, are recognised initially at fair value plus transaction costs that are attributable to the acquisition of the financial asset.

Subsequent measurement

Subsequent measurement is determined with reference to the classification of the respective financial assets. Based on the business model for managing the financial assets and the contractual cash flow characteristics of the financial asset, the Company classifies financial assets as subsequently measured at amortized cost, fair value through other comprehensive income or fair value through profit and loss.

Debt instruments at amortized cost

A 'debt instrument' is measured at the amortized cost if both the following conditions are met:

The asset is held within a business model whose objective is:

- To hold assets for collecting contractual cash flows, and

- Contractual terms of the asset give rise on specified dates to cash flows that are solely payments of principal and interest (SPPI) on the principal amount outstanding.

After initial measurement, such financial assets are subsequently measured at amortized cost using the effective interest rate (EIR) method. Amortized cost is calculated by taking into account any discount or premium and fees or costs that are an integral part of the EIR. The EIR amortization is included in finance income in the Statement of Profit and Loss. The losses arising from impairment are recognized in the Statement of Profit and Loss.

Debt instruments at Fair Value through Other Comprehensive Income (FVOCI)

A 'debt instrument' is measured at the fair value through Other Comprehensive Income if both the following conditions are met:

The asset is held within a business model whose objective is achieved by both:

- collecting contractual cash flows and selling financial assets and

- contractual terms of the asset give rise on specified dates to cash flows that are SPPI on the principal amount outstanding.

After initial measurement, these assets are subsequently measured at fair value. Interest income under effective interest method, foreign exchange gains and losses and impairment losses are recognized in the

Statement of Profit and Loss. Other net gains and losses are recognized in other comprehensive Income.

Debt instruments at Fair Value through Profit or Loss (FVTPL)

Fair Value through Profit or Loss is a residual category for debt instruments. Any debt instrument, which does not meet the criteria for categorization at amortized cost or as FVOCI, is classified as FVTPL.

After initial measurement, any fair value changes including any interest income, foreign exchange gain and losses, impairment losses and other net gains and losses are recognized in the Statement of Profit and Loss.

Equity investments

All equity investments within the scope of Ind AS 109 are measured at fair value. Such equity instruments which are held for trading are classified as FVTPL. For all other such equity instruments, the Company decides to classify the same either as FVOCI or FVTPL. The Company makes such election on an instrument-by-instrument basis. The classification is made on initial recognition and is irrevocable. For equity instruments classified as FVOCI, all fair value changes on the instrument, excluding dividends, are recognized in Other Comprehensive Income. Dividends on such equity instruments are recognized in the Statement of Profit or Loss. Equity instruments included within the FVTPL category are measured at fair value with all changes recognized in the Statement of Profit and Loss.

De-recognition

A financial asset (or, where applicable, a part of a financial asset or part of a group of similar financial assets) is primarily derecognized (i.e. removed from the Company's Balance Sheet) when-

The rights to receive cash flows from the asset have expired, or

The Company has transferred its rights to receive cash flows from the asset or has assumed an obligation to pay the received cash flows in full without material delay to a third party under a 'pass through' arrangement; and either:

The Company has transferred substantially all the risks and rewards of the asset, or

The Company has neither transferred nor retained substantially all the risks and rewards of the asset, but has transferred control of the asset.

On de-recognition, any gains or losses on all debt instruments (other than debt instruments measured at FVOCI) and equity instruments (measured at FVTPL) are recognised in the Statement of Profit and Loss. Gains and losses in respect of debt instruments measured at FVOCI and that are accumulated in OCI are reclassified to profit or loss on de-recognition. Gains or losses on equity instruments measured at FVOCI that are recognised and accumulated in OCI are not reclassified to profit or loss on de-recognition.

Impairment of financial assets

In accordance with Ind AS 109, the Company applies Expected Credit Loss ("ECL") model for measurement and recognition of impairment loss on the financial assets measured at amortized cost and debt instruments measured at FVOCI.

Loss allowances on trade receivables are measured following the 'simplified approach' at an amount equal to the lifetime ECL at each reporting date. In respect of other financial assets such as debt securities and bank balances, the loss allowance is measured at 12 month ECL only if there is no significant deterioration in the credit risk since initial recognition of the asset or assets is determined to have a low credit risk at the reporting date.

The Company had recognized Expected Credit Loss (ECL) on Trade receivables and other financial assets. The ECL primarily comprises of two main factors, viz. Time loss (money value) and Credit loss. Time loss is computed considering an appropriate discount rate. The management believes that the rate used in determining the actuarial valuation of employment benefits is reflective of the loss it suffers due to delays in collection. This rate is reviewed once a year. The Credit loss is calculated on the basis of the credit spread of Corporate Bonds having tenure of 10 years as at the date of the balance sheet.

Trade receivables were categorized into three groups for computing ECL viz.

1) Distribution Licensees (Group Companies and Others),

2) Open Access Consumers (Long term and Short term) and

3) Regular (Other) Consumers. Time loss for all categories was considered as same, whereas Credit loss was provided on the basis of credit spread for Corporate Bonds (published by FIMMDA). The management has estimated an appropriate credit rating for each of the above three groups.

The ECL on other receivables from Group companies is provided to the extent of Time loss only.

2.23 Financial Liabilities (Ind AS 32)

Initial recognition and measurement

Financial liabilities are initially recognized when the Company becomes a party to the contractual provisions of the instrument.

Financial liability is initially measured at fair value plus, for an item not at fair value through profit and loss, transaction costs that are directly attributable to its acquisition or issue.

Subsequent measurement

Subsequent measurement is determined with reference to the classification of the respective financial liabilities.

Financial Liabilities at Fair Value through Profit or Loss (FVTPL)

A financial liability is classified as at Fair Value through Profit or Loss (FVTPL) if it is classified as held for-trading or is designated as such on initial recognition. Financial liabilities at FVTPL are measured at fair value and changes therein, including any interest expense, are recognized in Statement of Profit and Loss.

Financial Liabilities at amortized cost

After initial recognition, financial liabilities other than those which are classified as FVTPL are subsequently measured at amortized cost using the effective interest rate method.

Amortized cost is calculated by taking into account any discount or premium and fees or costs that are an integral part of the EIR. The amortization done using the EIR method is included as finance costs in the Statement of Profit and Loss.

De-recognition

A financial liability is derecognized when the obligation under the liability is discharged or cancelled or expires. When an existing financial liability is replaced by another from the same lender on substantially different terms, or the terms of an existing liability are substantially modified, such an exchange or modification is treated as the de-recognition of the original liability and the recognition of a new liability. The difference in the respective carrying amounts is recognised in the Statement of Profit and Loss.

Offsetting of financial instruments

Financial assets and financial liabilities are offset and the net amount is reported in the Balance Sheet, if there is a currently enforceable legal right to offset the recognised amounts and there is an intention to settle on a net basis, or to realize the assets and settle the liabilities simultaneously.

2.24 Taxes on Income (Ind AS 12)

The income tax expense or credit for the period is the tax payable on the current period's taxable income based on the applicable income tax rate adjusted by changes in deferred tax assets and liabilities attributable to temporary differences and to unused tax losses.

The current income tax charge is calculated on the basis of the tax laws enacted or substantively enacted at the end of the reporting period in the countries where the company and its subsidiaries and associates operate and generate taxable income. Management periodically evaluates positions taken in tax returns with respect to situations in which applicable tax regulation is subject to interpretation.

It establishes provisions where appropriate on the basis of amounts expected to be paid to the tax authorities.

Deferred income tax is provided in full, using the liability method on temporary differences arising between the tax bases of assets and liabilities and their carrying amount in the financial statement. Deferred income tax is determined using tax rates (and laws) that have been enacted or substantially enacted by the end of the reporting period and are excepted to apply when the related deferred income tax assets is realized or the deferred income tax liability is settled.

Deferred tax assets are recognised for all deductible temporary differences and unused tax losses only if it is probable that future taxable amounts will be available to utilize those temporary differences and losses.

Deferred tax assets and liabilities are offset when there is a legally enforceable right to offset current tax assets and liabilities and when the deferred tax balances relate to the same taxation authority. Current tax assets and tax liabilities are off set where the company has a legally enforceable right to offset and intends either to settle on a net basis, or to realize the asset and settle the liability simultaneously.

Current and deferred tax is recognised in the Statement of Profit and Loss, except to the extent that it relates to items recognised in other comprehensive income or directly in equity. In this case, the tax is also recognised in other comprehensive income or directly in equity, respectively

Minimum Alternate Tax credit is recognised as deferred tax asset only when and to the extent there is convincing evidence that the Company will pay normal income tax during the specified period. Such asset is

reviewed at each Balance Sheet date and the carrying amount of the MAT credit asset is written down to the extent there is no longer a convincing evidence to the effect that the company will pay normal income tax during the specified period.

2.25 Prior Period Items (Ind AS 8)

Material prior period errors are corrected retrospectively by restating the comparative amounts for prior period presented in which the error occurred or if the error occurred before the earliest period presented, by restating the opening statement of financial position.

2.26 Earnings per Share (Ind AS 33)

Basic earnings per share are computed using the net profit or loss for the year attributable to the shareholders and weighted average number of shares outstanding during the year.

Diluted earnings per share is computed using the net profit or loss for the year attributable to the shareholders and weighted average number of equity and potential equity shares outstanding during the year, except where the result would be anti-dilutive.

2.27 Cash and Cash Equivalent (Ind AS 7)

Cash and cash equivalents in the Balance Sheet include cash at bank, cash, cheque, draft on hand and demand deposits with an original maturity of less than three months, which are subject to an insignificant risk of changes in value.

For the purpose of Statement of Cash Flows, Cash and cash equivalents include cash at bank, cash, cheque and draft on hand. The Company considers all highly liquid investments with a remaining maturity at the date of purchase of three months or less and that are readily convertible to known amounts of cash to be cash equivalents.

2.28 Cash Flow Statement (Ind AS 7)

Cash flows are reported using the indirect method, whereby net profit before tax is adjusted for the effects of transactions of a non-cash nature, any deferrals or accruals of past or future operating cash receipts or payments and item of income or expenses associated with investing or financing cash flows.

The cash flows from operating, investing and financing activities are segregated.

3 Changes in Accounting Policies and Disclosures

3.1 New and Amended Standards

Ministry of Corporate Affairs (MCA) notifies new standard or amendments to the existing standards. There is no such notification which has been applicable from April 1, 2021.

Note No 27 : Leases

I) Leases as Lessee

"The Company has entered into leasing arrangements for premises. Majority of the leases are cancellable by the company. ROU has been included after the line 'Property, Plant and Equipment' And Lease Liability has been included under 'Other Financial Liabilities' in the Balance Sheet. "

The Company has adopted Ind AS 116 "Leases" with effect from April 1, 2019, with a modified retrospective approach. The Company has elected to account for short-term leases using the practical expedients i.e. instead of recognising right-of-use asset and lease liability, the payments in relation to these shot term leases are recognised as an expense in profit or loss. Company uses borrowing rate of 10.04% as considered by MERC during the approval of Interest Expenses on Normative Loans in its ARR Orders.

I. Lease disclosures under Ind-AS 116 for the current year ended 31 March 2021

(iv) Maturity analysis of undiscounted lease liability

(Rs. in Lakhs)

Period	For year ended 31.03.2021	For year ended 31.03.2020
Not Later than one year	2064.42	2038.81
Later than one year	2053.97	4052.68
Total	**4118.39**	**6091.49**

The Company's significant leasing/ licensing arrangements are mainly in respect of office premises. Leases generally have a lease term ranging for 60 months. Most of the leases are renewable by mutual consent on mutually agreeable terms.

Finance costs includes interest expense amounting to Rs 458.80 Lakhs for the year ended 31st March 2021 on lease liablity accounted in accordance with Ind AS 116 "Leases".

II) Leases as lessor

The Company has given land to Maharashtra Eastern Grid Power Transmission Company Limited for 20 years for construction of 765/400 sub-station. All the land cost have been received from MEGPTL. Hence assets is adjusted and kept at Re 1.

Note 28 Employee Benefits

a) Defined Contribution Plans

The Company's contribution to the Provident Fund is remitted to separate trusts established for this purpose based on a fixed percentage of the eligible employee's salary and charged to Statement of Profit and Loss. Shortfall, if any, in the fund assets, based on the Government specified minimum rate of return, will be made good by the Company and charged to Statement of Profit and Loss. According to the Management, the Actuary has opined that actuarial valuation can not be applied to reliably measure provident fund liabilities in absence of guidance from the Actuary Society of India. The investment value is short **by Rs. 4,893 Lakhs** (P.Y. Rs. 3,653.33 Lakhs excess) than subscription value, hence provision is made accordingly. The Company recognised **Rs. 7,999.54 lakhs** (previous year Rs. 7,370.31 lakhs) for Provident Fund contribution in the Statement of Profit and Loss.The contributions payable to these plans by the Company are at rates specified in the rules of the schemes.

2nd following year	3,039.58	3,640.41
3rd following year	4,072.89	4,017.20
4th following year	3,582.98	3,904.92
5th following year	3,163.05	3,394.46
Sum of year 6 to 10	15,906.49	15,145.40
Sum of Year 11 and above	56,583.79	53,597.72

viii) Sensitivity analysis

Reasonably possible changes at the reporting date to one of the relevant actuarial assumptions, holding other assumptions constant, would have affected the defined benefit obligation by the amounts shown below.

Particulars	As at 31.03.2021	As at 31.03.2020
(+) 1% change in rate of discounting	(3,400.33)	(3,229.48)
(-) 1% change in rate of discounting	3,958.99	3,762.82
(+) 1% change in rate of salary increase	3,993.92	3,796.41
(-) 1% change in rate of salary increase	(3,487.15)	(3,312.42)
(+) 1% change in rate of employee turnover	593.33	571.73
(-) 1% change in rate of employee turnover	(667.90)	(645.04)

Although the analysis does not take account of the full distribution of cash flows expected under the plan, it does provide an approximation of the sensitivity of the assumptions shown.

Based on the actuarial valuation obtained in this respect, the following table sets out the status of the gratuity plan and the amounts recognised in the Company's financial statements as at balance sheet date:

c) Long Term Benefits: Leave Encashment

I) The Projected Benefit Obligation towards this Accumulating paid absences (Earn Leave Valuation) is tabulated below:

(Rs. in Lakhs)

Particulars	As at 31.03.2021	As at 31.03.2020
Projected Benefit Obligation	37,307.98	34,284.94
Funding Status	Unfunded	Unfunded
Fund Balance	N.A	N.A

ii) Major Actuarial Assumptions (Earn Leave Valuation)

Particulars	As at 31.03.2021	As at 31.03.2020
Discount rate	6.87%	6.89%
Salary Escalation rate	5%	5%
Attrition rate	2%	2%
Mortality rate during employment	Indian Assured Lives Mortality (2006-08) Ultimate	Indian Assured Lives Mortality (2006-08) Ultimate
Retirement Age	58 & 60 years	58 & 60 years
While in service encashment rate	10% for the next year	10% for the next year

iii) The Projected Benefit Obligation towards this Accumulating paid absences (Half paid leave) is tabulated below:

(Rs. in Lakhs)

Particulars	As at 31.03.2021	As at 31.03.2020
Projected Benefit Obligation	15,452.39	14,412.15
Funding Status	Unfunded	Unfunded
Fund Balance	N.A	N.A

iv) Major Actuarial Assumptions (Half paid leave)

Particulars	As at 31.03.2021	As at 31.03.2020
Discount rate	6.87%	6.89%
Salary Escalation rate	5%	5%
Attrition rate	2%	2%
Mortality rate during employment	Indian Assured Lives Mortality (2006-08) Ultimate	Indian Assured Lives Mortality (2006-08) Ultimate
Retirement Age	58 & 60 years	58 & 60 years

Total	-	-	**833,695.53**	-	-	-	**874,772.02**	-

The above amounts are considered at cost

"MSETCL has identified financial risk and categorized them in three parts Viz. (i) Credit Risk, (ii) Liquidity Risk & (iii) Market Risk. Details regarding sources of risk in each such categoryare as below."

Credit Risk:

Credit risk is the risk of financial loss to the Company if a customer or counterparty to a financial instrument fails to meet its contractual obligations and arises principally from customers and investment securities. MSETCL establishes the policy for allowance for expected credit loss and impairment that represents its estimate of losses in respect of trade, other receivables and investments. The maximum exposure to credit risk in case of all the financial instruments covered below is restricted to their respective carrying amounts.

Trade receivables:

As per the accounting policy, MSETCL has determined the allowance of expected credit loss on trade receivables arising out of its business of primary electricity transmission utility in the state of Maharashtra and taking into consideration its base of customers comprising of distribution Licensees, Wheeling of power and receivables from other services including STU and allied servies which contains major amounts to be recovered from fellow subsidiairies or entities which are also public sector entities

Major Trade receivables of MSETCL are of a short duration and do not carry any contractual rate of interest unless there is a default in payment. Even in such circumstances when a Transmission System User (TSU) consumer pays the arrears, the interest is the last element to be recovered. Accordingly, effective interest rate of trade receivables is considered to be negligible and discounting of expected cash shortfalls to reflect the time value of money are considered to measure the expected credit losses

The Company works out the expected credit losses of trade receivables (which are presently considered good) using the Government Bond yield as discounting factor for the respective years to assess the time value risk associated with such trade receivables from services as described above. **MSETCL has after considering the behaviour pattern of the customers has not made the provision for expected credit loss, other than for the identified doubtful receivables.**

Liquidity risk

Liquidity risk is the risk that the Company will not be able to meet its financial obligations as they become due. Company has a strong focus on effective management of its liquidity to ensure that all business and financial commitments are met on time. The Company has adequate borrowing limits in place duly approved by its shareholders and board. Company sources of liquidity includes operating cash flows, cash and cash equivalents, fund and non-fund based lines from banks. Cash and fund flow management is monitored daily in order to have smooth and continuous business operations.

(i) Financing arrangements

The Company has an adequate fund and non-fund based limits from various banks. The Company has sufficient borrowing limits in place duly, approved by its shareholders and board. Domestic credit rating from reputed credit rating agencies enables access of funds from domestic market. It's diversified source of funds and strong operating cash flow enables it to maintain requisite capital structure discipline. MSETCL diversifies its capital structure with a mix of financing products across varying maturities and currencies. The financing products include, clean & secured domestic Term loans. These loans are taken from REC, PFC and banks.

(ii) Maturities of financial liabilities

The amounts disclosed in the table are the contractual undiscounted cash flows.

(Rs. in Lakhs)

	Contractual cash flows					
	31.03.2021			31.03.2020		
	Up to 1 year	1-3 years	More than 3 years	Up to 1 year	1-3 years	More than 3 years
Non-derivative financial liabilities

Kharghar Vikhroli Transmission Pvt Ltd (KVTPL) *	Transmission of electricity	Mumbai	NA	100.00%

* ceased to be subsidiary w.e.f. 25th June 2020

Note

Kharghar Vikhroli Transmission Private Limited (KVTPL) is an wholly Owned Subsidiary Company of Maharashtra State Electricity Transmission Company Ltd (MSETCL). MSETCL has invested Rs 5.00 Lakhs as Equity Contribution in it. Kharghar Vikhroli Transmission Private Limited is an unlisted private company. It was incorporated on 13 May, 2019 and is located in , Maharashtra. It is classified as a State Government Company.

As per Para 4 of Ind AS 110 and Para 17 of Ind AS 28, while doing Consolidated Accounts for FY 2019-20, MSETCL did not consider KVTPL as it is formed as a Special Purpose Vehicle (SPV) for the purpose of 400 KV Vikhroli Sub-station project under the Tariff Based Competitive Bidding (TBCB) Route which is approved by Government of Maharashtra vide its GR dated 04 January, 2019 for construction of new Transmission projects in Maharashtra.

After completion of bidding process, the SPV is to be acquired by the Successful Bidder. Accordingly , MSETCL has handover the said Company to Adani Transmission Ltd on 25th June 2020. The project Kharghar Vikhroli Transmission comprises of approximately 34 km of 400 kV and 220 kV transmission lines along with 400kV GIS Substation at Vikhroli in Mumbai.

Note No 38 : Contingent Liabilities and Contingent assets

1. Claims against the Company not acknowledged as debts in respect of:

(i) Capital Works

Some of the contractors for supply and installation of equipments and execution of works at our projects have lodged claims on the company seeking enhancement of the contract price, revision of work schedule with price escalation, compensation for the extended period of work, idle charges, Interest for delayed payments made,under MSME Act, etc. These claims are being contested by the Company as being not admissible in terms of the provisions of the respective contracts.

The company is pursuing various options under the dispute resolution mechanism available in the contract for settlement of these claims. In such cases, contingent liability of Rs 19676.95 Lakhs has been estimated.

(ii) Land/ Crop compensation & Enhancement in Compensation cases

In respect of land acquired for the projects, the land losers have claimed higher compensation before various authorities/courts which are yet to be settled. In such cases, contingent liability of Rs 15742.77 lakhs has been estimated.

(iii) Other claims

In respect of claims made by various State/Central Government Departments/Authorities towards building permission fees, penalty on diversion of agriculture land to non-agriculture use, Nala tax, water royalty etc. and by others, contingent liability of Rs 1074.77 Lakhs has been estimated.

(iv) Disputed Income Tax/Sales Tax/Excise/Municipal Tax Matters

Disputed Income Tax/Sales Tax/Excise/Municipal Tax Matters amounting to Rs 731.07 Lakhs are being contested before various Appellate Authorities. Many of these matters are disposed of in favour of the company but are disputed before higher authorities by the concerned departments.

(v) Financials Guaranttees

MSETCL has provided financial guarantees in the form of Bank Guarantee's amounting to Rs 1,166.79 lakhs to various Authorities for construction of Transmission Sub-stations and Transmission Lines.

(vi) Others

a) Other contingent liabilities pertaining to Employee claims amounts to Rs 183.73 Lakhs .

b) Some of the beneficiaries have filed appeals against the tariff orders of the MERC. The amount of contingent liability in this regard is not ascertainable.

Note 39: Capital commitments

Capital Expenditure contracted for at the end of reporting period but not recognised as liabilities is as follows:

(Rs. in Lakhs)

Particulars	31.03.2021	31.03.2020
Property, Plant and Equipment	311,153.00	242,607.48
Less: Capital Advances	-	-
Net Capital Commitments	**311,153.00**	**242,607.48**

Note 40:

Balances of Trade Receivables, Financial assets - Loans and advances are subject to confirmation and reconciliation. The Company is taking necessary steps for reconciliation and confirmation of the same.

Note 41:

The Company generally makes payment to its creditors within a period of 45 days as stipulated in the Micro, Small and Medium Enterprise Act 2006. The Company is in the process of identifying Micro, Small and Medium Enterprises as defined in above mentioned Act. Hence, relevant disclosure is not made. The Company has not provided any interest payable to Micro and Small Enterprise as required by the aforesaid Act in absence of the information. However, such interest payable is not expected to be of material nature.

Note 42:

The group Company's Receivables & Payables are subject to confirmation and reconciliation. These items interalia includes an adjustments. It's long pending inter-unit advise payable balances of Rs 22,697.26 lakhs (Receivables Rs 19,679.53 lakhs upto FY 2017-18 and Rs. 324.29 Lakhs upto FY 2019-20. Payables Rs 40,863.03 lakhs upto FY 2017-18 and Rs.1,838.05 Lakhs upto FY 2019-20 i.e Net payable Rs 22,697.26 lakhs) pertaining to MSEDCL through the Receivable against Transmission Charges from MSEDCL by Rs.21,183.50 in FY 2017-18 and Rs.1,513.76 Lakhs in FY 2019-20.

Note 43:

In accordance with Ind AS 36 - Impairment of assets, impairement analyis of assets of Transmission activity of the Company by evaluation of its Cash Generating Units, was carried out by outside agency in the year 2006-07 and since recoverable was more than the carrying amount thereof, no impairment loss was recognised. In the current year, there is no indication of impairment which requires re-estimating the recoverable amount of the assets.

Note 44:

MSETCL is consistently following its accounting policy regarding recognition of other income on 'accrual basis except when ultimate realization of such income is uncertain' as mentioned in Note no. 2.15 which is in commensurate with applicable accounting standard. As such Delayed Payment Charges (DPC) being part of other income is recognized only to the extent of realized amount. Thus by adopting this policy the accounts of each financial years have been finalized on the basis of which Truing-up (Provisional / Final) is done by MERC as mentioned in clause 11.3 of MYT Regulations 2011 (applicable upto FY 2015-16).

MERC has done truing-up for every financial year based on the accounts and not adjusted the amount of Delayed Payment Charges upto truing up of FY 2014-15 as the same was not accounted for in the accounts. However, MERC while carrying out provisional true-up for FY 2015-16 has reduced ARR by Rs.85,499.00 lakhs towards Delayed Payment Charges related to the earlier financial years including FY 2015-16 which have been not accounted for in accounts as per accounting policy. Apart from this adjustment, MSETCL is entitled for its legitimate ARR of Rs.394,437.00 lakhs as is evident from MERC order dtd. 7th July 2016 in case no. 31 of 2016. To match with this entitled ARR accrued in FY 2016-17, MSETCL has accounted for Rs.85,499.00 lakhs as other income being shortfall in ARR which has resulted on account of adjustment towards DPC in FY 2016-17. Further, MSETCL has filed an appeal before APTEL against the order of MERC in case No 31 of 2016 vide Appeal No 67 of 2017.

Considering the above adjustment, an amount of DPC accumulated as on 31st March 2021 Rs. 1,94,919.00 lakhs have not been booked as per consistent accounting policy followed.

Note 45:

Company is required to make provision of Rs 1,355.44 lakhs u/s 135 (Corporate Social Responsibility) of Company's Act 2013 in Current year as Average Net Profit calculated as per section 198 .

(Rs. in Lakhs)

Particulars	31.03.2021	31.03.2020
Amount required to be spent as per Section 135 of the Companies Act, 2013	10874.51	9,519.51
Amount spent till year end		
Education, Sports and Health	149.11	441.06
Social Sector, Contribution to relief fund & Agriculture	904.42	445.18
Infrastructure & Electrification	1682.97	1,150.13
Outstanding CSR Liability to be spent	8,138.01	7,483.15

Note 46:

In order to facilitate integration & evacuation of large scale renewable energy generation (Solar / Wind) envisaged to come up in renewable energy rich state MNRE & Govt of India has undertaken the Green Energy Corridor for seamless evacuation of Green Energy in 12 th Five Year plan .Under the approved DPR 27 No of transmission elements (220 kV/132 kV transmission Lines with End Bays) are sanctioned under various zones. The original cost of scheme was Rs. 367 Cr.

The said scheme is proposed to be financed as -

MSETCL Equity - 20 % (same is being funded through Government of Maharashtra (GoM) as grant)

National Clean Energy Fund (Grant) - 40 %

KFW (German Development Bank) Loan- 40 % (12 Million EUROS)

Company has entered into an agreement for loan of EUR 12,000,000 from KFW ("Credit Institute for Reconstruction") German Bank In the year 2017 (from date 1-Dec-2017 to date 30-Dec-2022 disbursals).The said loan will be utilized for

Green Energy Corridor (GEC) Intra State Transmission System in Maharashtra. As per the terms of loan agreement MSETCL has to make claim payment then the same shall be claimed from Kfw. The disbursement of loan is depend upon the progress of work of project Upto 31-Mar-2021 Company has received loan amount of EUR 5195578 (Rs. 44,74,24,974)

As per clause 3, of Loan Agreement Borrower has to pay non refundable Commitment Fee of 0.20% per annum on undisbursed Loan amount. MSETCL has lodged its first claim for disbursement of loan with Office of CAAA which in turn lodge the same with KfW , Germany. The first disbursement was made by KfW on 8-May-2019 before which nothing has requested as no billing was made by vendors related to work allocated for kfw loan . Kfw has charged the Commitment fee Rs. 14,57,961 which is charged to P&L.

As per agreed procedure, the claimed approved by KfW was disbursed to Central Government which is in turn transfer to State Government. Subsequently, State Government (GOM) on receipt of fund , transfer the claim amount to Company if budget Provision exist. If budget provision does not exist then State Government can transfer it by including amount in supplementary budget. Vide GOM Gr dated 20th Oct 20 and 23rd March 21, GOM has sanctioned an amount of Rs. 23.5130 Crs and 15.3850 Crs respectively during F Y 2020-21 .

As per term of agreement, all liabilities related to loan will be finally fall upon company, hence Company has paid interest amount to kfw and same has been capitalized to GEC and as on 31-Mar-2021 as project is in progress. Company showing balance claim amount of Rs. 3.72 Crs in books t as loan from KfW and receivables from State Government (GoM).

Also forex loss on translations at the year end is also charged to P&L amounting to Rs.1.08 Cr as the exchange risk lies with Company.

As the cost of GEC project got reduced from Rs. 367 Crs to Rs. 168.72 Crs (awarded cost) , the amount of equity also got reduced. Accordingly Company had refunded grant amount of Rs. 35 Crs during FY 2019-2020 received against equity from GoM for said project.

Note 47:

Designated Current Account operated and maintained in terms of MERC Regulation pertaining to Third Party Liabilities

MSPC UI (Unscheduled Interchange) Settlement Op. Account (FBSM Pool Account), MSPC (Maharashtra State Power Committee) Reimbursement Op. A/C, MSLDC RE-DSM Op. Account (RE-SDM Pool Account) and MSLDC DSM Pool Op. Account (DSM Pool Account).

The Maharashtra Electricity Regulatory Commission (MERC) had issued a Suo Moto Order in case number of 42 of 2006 on 17th May, 2007 whereby it introduced the Weighted Average System Marginal Pricing (WASMP) based Balancing and Settlement Mechanism. The Maharashtra State Load Despatch Centre (MSLDC) had prepared the Balancing and Settlement Code (BSC) 4th July, 2009 which was approved by the MERC vide its letter dated 26 August, 2009. The BSC was operationalised in the state from 1st August, 2011.

The MERC vide Various Regulations has directed the MSLDC to operate and maintain MSPC UI Settlement Op. Account (FBSM Pool Account),MSPC Reimbursement Op. A/C, MSLDC RE-DSM Op. Account (RE-SDM Pool Account) and MSLDC DSM Pool Op. Account (DSM Pool Account). MSLDC have been assigned the function to maintain there various Regulatory Fund Accounts under the respective Regulations issued by MERC. MSLDC is to manage these Funds as Custodian of these funds as Nodal Agency till some other entity is identified by MERC.

As per MERC order in case no. 42 of 2006 dt. 17.05.2007 clause no. 5.1(g) MSLDC on behalf of State Pool Participants shall collect on weekly basis and make payment towards Settlement of UI (Unscheduled Interchange) charges. Accordingly, MSPC UI Settlement Operative Bank Account is opened in Bank of Maharashtra, Airoli Branch on dt. 11.11.2008,bearing Account No. 20130402907. As per clause No. 5.1(g) MSPC shall open and maintain a bank account to receive/release payments in respect of settlement among State Pool Participants. Also MSLDC had opened one Current Bank Account (New) with Bank of Maharashtra, Airoli Branch on dt. 11.11.2008, bearing Account No. 60029434202 to meet expenditure of MSPC which will be shared by the State Pool Participants i.e. all Distribution Companies in the Intra State.

The MERC has formulated F&S Regulations, namely, Maharashtra Electricity Regulatory Commission (Forecasting, Scheduling and Deviation Settlement for Solar and Wind Generation) Regulations, 2018. These Regulations are intended to facilitate Grid integration of Wind and Solar energy generated in Maharashtra while maintaining Grid stability and security as envisaged under the State Grid Code and the Act, through forecasting, scheduling and a mechanism for the settlement of deviations by such generators. MERC has notified RE-DSM Regulations on 20.07.2018 and which was to be implemented from 01.07.2019. For that purpose one Current Bank Account (New) was required for Deviation Charges. As per the roles and responsibilities of MSLDC under MERC approved procedure for RE-DSM, vide section 5.5, MSLDC is “To maintain State Deviation Settlement Account for wind and solar generations”. In this Account Deviation charges amount will be credited as well as amount will be disbursed from this Bank Account. This bank account needs to be opened in the name of MSLDC and PAN and GST no. of MSETCL shall be used. Accordingly, MSLDC has opened 2nd Third Party Bank Account with Bank of Maharashtra, Airoli Branch on dt. 30.05.2019, bearing Account No. 60331835878.

The MERC had issued a Suo- Motu order in Case No. 42 of 2006 on 17 May, 2007, whereby it introduced the WASMP based Balancing and Settlement Mechanism in Maharashtra. The MERC decided to review the existing Balancing and Settlement Mechanism and to introduce the Deviation Settlement Mechanism in Maharashtra. Subsequently, MERC has notified DSM Regulations on 01.03.2019 and which was to be implemented from 01.04.2020. For that purpose one separate Current Bank Account (New) was required for Deviation charges. As per clause 15 (B) of DSM Regulations, "All payment on account of Charges for Deviation including Additional Charges for Deviation levied under these Regulations and interest, if any, received for late payment shall be credited to the funds called "State Deviation Pool Account" which shall be maintained and operated by the MSLDC in accordance with the provision of these Regulations. In this account, Deviation charges amount will be credited as well as amount will be disbursed from this bank account. This bank account needs to be opened in the name of MSLDC and PAN and GST no. of MSETCL shall be used. Accordingly, MSLDC has opened 3rd Third Party Bank Account with Bank of Maharashtra, Airoli Branch on dt. 31.12.2019, bearing Account No. 60349865315.

An amount of surplus funds in the State Deviation Pool Account at the end of the financial year shall be utilized for the purpose of improvements in power system operations, for undertaking such measures and studies for improvement in reliability, security and safety of grid operations, undertaking capacity building and training programs related to system operations and market operations and for such other purposes as may be specified by MERC or for other schemes as may be devised in consultation with National Load Despatch Centre, or Regional Load Despatch Centre, with prior approval of the MERC..

Provided that, the short fall in funds in the State Deviation Pool Account; if any, at the end of the weekly settlement period shall be recovered by levy of additional charges from the State Entities in proportion to Net Deviation Charges Payable by concerned State Entity for the applicable weekly settlement period through supplementary bills.

Provided further that MSLDC shall prepare scheme (S) and shall submit annual plan for utilization of surplus funds and implement the scheme (S) only upon approval of the MERC.

As per Clause 1(2), These DSM Regulations except commercial arrangements, Deviation Charges, Additional Charges for Deviation and penal action shall come into force on the date of notification in these Regulations in the Official Gazette. Provided that the commercial arrangements specified under Clause (9) and (10) of these DSM Regulations, and the related provisions regarding Deviation Charges, Additional Charge for Deviation and penal actions if any shall come into force from date to be notified separately through Order, which shall not be later than 1st April 2020. Provided further that until notification of such date as referred here in above under first proviso, the Final Balancing and Settlement Mechanism (FBSM) as approved by Commission under Order in Case 42 of 2006 along with relevant amendments from time to time shall be in operation for the purpose of energy accounting and deviation settlement.

These funds are equally matched with fund balance in the Third Party Bank Accounts in the current account. As on 31.03.2021 the total balance in these designated Third Party Bank Accounts was amount to Rs. 20116 Lakhs (Previous Year Rs. 9482 Lakhs) as against the Third Party liability in these funds amounting to Rs. 20116 Lakhs (Previous Year Rs. 9482 Lakhs).

Note 48:

"Due to outbreak of COVID-19 globally and in India, the Company has made initial assessment of likely adverse impact on economic environment in general and financial risks on account of COVID-19. The Company is in the business of transmission of electricity which is an essential service as emphasized by the Ministry of Power, Government of India. The availability of transmission of electricity as per the demand of the Distribution Licensees is important. Hence, the Company has ensured not only the availability for transmission of electricity but has also continued the same during the period of lockdown, considering essential service as declared by the Government of India.

On long term basis also, the Company does not anticipate any major challenge in meeting its financial obligations. Basis above, the management has estimated its future cash flows for the Company which indicates no major change in the financial performance as estimated prior to COVID-19 impact and hence, the Company believes that there is no impact on its ability to continue as a going concern and meeting its liabilities as and when they fall due."

Note 49:
