PNNL's Ripple Effect Across Washington

Public investments in science and technology have a ripple effect across our economy at the state, regional, and national level. In fiscal year 2023, scientists and engineers conducted \$1.49 billion in research and development, addressing critical challenges and positively impacting Washington’s economic prosperity.

View PNNL’s archives and read prior economic impact reports [<https://web.archive.org/web/20240814151343/https://www.pnnl.gov/economic-impact-report-archive>](https://web.archive.org/web/20240814151343/https://www.pnnl.gov/economic-impact-report-archive) to learn more about PNNL’s economic ripple effect.
