

Spotlighting the Nation's Top 500 CPA Firms

The Annual List: Comprehensive Rankings

Every year, INSIDE Public Accounting ranks the top 500 CPA firms in the nation based on net revenue, from the multi-billion-dollar Big 4 to No. 500.

The rankings are the most anticipated announcement of the year for IPA clients and subscribers of our data-driven practice management blogs. Leaders are eager to learn whether their firms have inched higher up the list, as the rankings change dramatically from year to year with the rapid pace of both organic growth and M&A-fueled expansion.

Beyond the Numbers: Detailed Analysis

IPA's analysis of the IPA 100, 200, 300, 400 and 500 firm groupings help identify and contextualize the challenges and opportunities of the previous year and describe how firms have pivoted to adjust.

The image displays four reports from the 2025 INSIDE Public Accounting series. Each report cover features the 'INSIDE public accounting' logo at the top, the year '2025' in large gold numerals, and the report title. The reports are: 'Information Technology Report' (orange background), 'Firm Administration Report' (yellow background), 'Practice Management Report' (dark blue background), and 'Human Resources Report' (purple background). The reports are arranged in a 2x2 grid on a dark blue background with a subtle pattern. Below the reports, a light blue banner contains the text 'Your complete benchmarking toolkit for firm success.' in a bold, dark blue font.

Benchmarking Trends:

Peering into **Progress**

IPA also delves into the many ways firms can benchmark their progress against their peers: the fastest-growing firms in the IPA 100 (organic growth and all growth), regional comparisons, five-year trends, profitability and compensation for partners and staff.
