## Insight Global's Experienced Numbers:

Insight Global placed more than 46,000 people in 2023 across a wide range of industries including information technology (IT), healthcare, energy, telecommunications, and more. With \$4 billion in annual revenue and 23 years of experience, Insight Global is a reliable business partner to both Public Sector and Fortune 1000 clients. We are the second largest IT staffing firm in the United States with 70+ offices across the U.S. and Canada. Insight Global provides services to our clients with over 3,000 account managers and recruiters.

With \$650 million in revenue in 2023, our most recent work in Government Services included 810+ federal programs, 410+ SLED and PMASH entities, and 12,500+ consultants supporting our government customers.

## Staffing Services

Some staffing agencies just identify talent—we go above and beyond and handle the search, candidate curation, onboarding, and payroll. Insight Global brings the human element back to the job placement process providing customized staffing solutions built for your unique business needs. Our core staffing services include:

**Short-Term & Long-Term Contract Staffing:** Sure, it's about finding someone who fits on paper. But staffing firms like ours know it's much more than that. Whether it's a temporary need or a multi-year assignment, we are committed to finding the right fit.

**Contract-to-Hire:** Test before you invest! After a trial period, we offer our clients the option to convert their contracted consultants to full-time employees.

**Executive Search & Direct Placement:** Direct Placement is a specialized division of account managers dedicated to recruiting full-time candidates. We take great pride in finding 'the one' for any given role, from the C-suite to an entry-level position.

## **Professional Services**

Evergreen, a division of Insight Global, delivers world-class professional services to clients around the globe to power innovation and transformation. Our professional services include:

**Tech Services:** Beyond strategizing and implementing tech evolutions, we transform business. We bring technical strategies and tech solutions to your business and provide the skilled talent to execute it all.

**Talent Services:** We do more than just find the right people. We build elite teams through expert guidance in staffing, culture, and performance. Together, we develop tailored talent strategies, processes, and reporting that empower teams to achieve results that matter most.

**Business Operations:** We help your organization improve quality, retention, and innovation—and we do it at scale. Whether we're transforming your customer experience capabilities, handling project management across the business, or retooling various business workflows, Evergreen collaborates with you to tailor our services to your needs. We provide these custom solutions as expert advisors or through fully managed services—or anywhere in between.

**Specialized Services:** At Evergreen, we understand that every project, every operation, and every space is unique. That's why we offer specialized services to elevate your every endeavor. Whether it's GIS mapping services, engineering documentation validation, site assessments, or simple data collection—we take care of it all.
